RISKS IN RELATION TO THE FIRST OFFER

This being the first public issue of our Company, there has been no formal market for the Equity Shares of our Company. The face value of the Equity Shares is ₹1. The Floor Price, Cap Price and Offer Price determined by our Company in consultation with the Book Running Lead Managers, in accordance with the SEBI ICDR Regulations, on the basis of the assessment of market demand for the Equity Shares by way of the Book Building Process, as provided under the section entitled “Basis for Offer Price” on page 116 should not be considered to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISK

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares in the Offer have not been recommended or approved by the Securities and Exchange Board of India (“SEBI”), nor does SEBI guarantee the accuracy or adequacy of the contents of this Red Herring Prospectus. Specific attention of the investors is invited to the section entitled “Risk Factors” on page 30.

COMPANY’S AND SELLING SHAREHOLDER’S ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Red Herring Prospectus contains all information with regard to our Company and the Offer, which is material in the context of the Offer, that the information contained in this Red Herring Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Red Herring Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect. Further, IFC, in its capacity as the Selling Shareholder accepts responsibility for and confirms only statements specifically made by IFC, in its capacity as the Selling Shareholder in this Red Herring Prospectus solely in relation to itself and the Offered Shares and assumes responsibility that such statements are true and correct in all material respects and not misleading in any material respect. However, IFC, in its capacity as the Selling Shareholder, assumes no responsibility for any other statements, including, *inter alia*, any of the statements made by or relating to our Company or in relation to our business in this Red Herring Prospectus.

LISTING

The Equity Shares offered through the Red Herring Prospectus are proposed to be listed on the Stock Exchanges. Our Company has received ‘in-principle’ approvals from BSE and NSE for the listing of the Equity Shares pursuant to letters dated September 12, 2022, and September 9, 2022, respectively. For the purposes of the Offer, the Designated Stock Exchange shall be NSE. A copy of the Red Herring Prospectus and the Prospectus shall be delivered to the RoC for filing in accordance with Section 26(4) and Section 32 of the Companies Act. For details of the material contracts and documents available for inspection from the date of the Red Herring Prospectus up to the Bid/Offer Closing Date, please see the section entitled “Material Contracts and Documents for Inspection” beginning on page 517.

INITIAL PUBLIC OFFER OF UP TO [●] EQUITY SHARES OF FACE VALUE OF ₹1 EACH ("EQUITY SHARES") OF SIGNATUREGLOBAL (INDIA) LIMITED ("COMPANY" OR "ISSUER") FOR CASH AT A PRICE OF ₹[●] PER EQUITY SHARE (INCLUDING A SHARE PREMIUM OF ₹[●] PER EQUITY SHARE) AGGREGATING UP TO ₹7,300.00 MILLION (THE "OFFER") COMPRISING A FRESH ISSUE OF UP TO [●] EQUITY SHARES AGGREGATING UP TO ₹6,030.00 MILLION BY OUR COMPANY ("FRESH ISSUE") AND AN OFFER FOR SALE OF UP TO [●] EQUITY SHARES AGGREGATING UP TO ₹1,270.00 MILLION BY THE INTERNATIONAL FINANCE CORPORATION, AS THE SELLING SHAREHOLDER (THE "OFFERED SHARES"). THE OFFER SHALL CONSTITUTE [●]% OF THE POST-OFFER PAID-UP EQUITY SHARE CAPITAL OF OUR COMPANY.

THE FACE VALUE OF EQUITY SHARES IS ₹1 EACH. THE PRICE BAND AND THE MINIMUM BID LOT SHALL BE DECIDED BY OUR COMPANY IN CONSULTATION WITH THE BOOK RUNNING LEAD MANAGERS AND WILL BE ADVERTISED IN ALL EDITIONS OF FINANCIAL EXPRESS, AN ENGLISH NATIONAL DAILY NEWSPAPER, ALL EDITIONS OF JANSATTA, A HINDI NATIONAL DAILY NEWSPAPER (HINDI BEING THE REGIONAL LANGUAGE OF THE NATIONAL CAPITAL TERRITORY OF DELHI AND HARYANA, WHERE OUR REGISTERED OFFICE IS LOCATED) AT LEAST TWO WORKING DAYS PRIOR TO THE BID/OFFER OPENING DATE AND SHALL BE MADE AVAILABLE TO THE BSE LIMITED ("BSE") AND THE NATIONAL STOCK EXCHANGE OF INDIA LIMITED ("NSE", TOGETHER WITH BSE, THE "STOCK EXCHANGES") FOR THE PURPOSE OF UPLOADING ON THEIR RESPECTIVE WEBSITES IN ACCORDANCE WITH SECURITIES AND EXCHANGE BOARD OF INDIA (ISSUE OF CAPITAL AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2018, AS AMENDED.

In case of any revision to the Price Band, the Bid/Offer Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Offer Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the Book Running Lead Managers, may for reasons to be recorded in writing, extend the Bid/Offer Period for a minimum of three Working Days, subject to the Bid/Offer Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Offer Period, if applicable, will be widely disseminated by notification to the Stock Exchanges, by issuing a public notice, and also by indicating the change on the respective websites of the Book Running Lead Managers and at the terminals of the Syndicate Members and by intimation to Self-Certified Syndicate Banks ("SCSBs"), other Designated Intermediaries and the Sponsor Bank(s), as applicable.

This Offer is being made in terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended ("SCRR") read with Regulation 31 of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("SEBI ICDR Regulations"). The Offer is being made in accordance with Regulation 6(2) of the SEBI ICDR Regulations and through a book building process wherein not less than 75% of the Offer shall be allotted on a proportionate basis to Qualified Institutional Buyers ("QIBs", and such portion, the "QIB Portion"). Our Company may in consultation with Book Running Lead Managers, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations ("Anchor Investor Portion"), out of which at least one-third shall be reserved for allocation to domestic Mutual Funds only, subject to valid Bids being received from the domestic Mutual Funds at or above the Anchor Investor Allocation Price, in accordance with the SEBI ICDR Regulations. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion (defined hereinafter). However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allocation will be added to the remaining QIB Portion for proportionate allocation to QIBs. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders other than Anchor Investors, including Mutual Funds, subject to valid Bids being received at or above the Offer Price. Further, not more than 15% of the Offer shall be available for allocation on a proportionate basis to Non-Institutional Bidders, of which (a) one-third of such portion shall be reserved for applicants with application size of more than ₹200,000 and up to ₹1,000,000; and (b) two-third of such portion shall be reserved for applicants with application size of more than ₹1,000,000, provided that the unsubscribed portion in either of such sub-categories may be allocated to applicants in the other sub-category of Non-Institutional Bidders and not less than 10% of the Offer shall be available for allocation to Retail Individual Bidders ("RIBs") in accordance with SEBI ICDR Regulations, subject to valid Bids being received at or above the Offer Price. All potential Bidders, other than Anchor Investors, are required to mandatorily utilise the Application Supported by Blocked Amount ("ASBA") process by providing details of their respective bank account (including UPI ID (defined hereinafter) in case of UPI Bidders (defined hereinafter)) in which the corresponding Bid Amounts will be blocked by the SCSBs, or under the UPI Mechanism, as applicable to participate in the Offer. Anchor Investors are not permitted to participate in the Anchor Investor Portion through the ASBA process. For details, please see the section entitled "Offer Procedure" on page 495.

CERTAIN CONVENTIONS, PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

All references to “India” contained in this Red Herring Prospectus are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable. All references to the “U.S.”, “US”, “U.S.A” or “United States” are to the United States of America, its territories and possessions, any State of the United States and the District of Columbia.

Unless otherwise specified, any time mentioned in this Red Herring Prospectus is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Red Herring Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Red Herring Prospectus are to the page numbers of this Red Herring Prospectus.

Financial Data

Unless stated otherwise, the financial information and financial ratios in this Red Herring Prospectus have been derived from our Restated Consolidated Financial Statements, which have been prepared in terms of the requirements of Section 26 of the Companies Act, the SEBI ICDR Regulations, as amended from time to time, the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the ICAI and relevant provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended. For further information on our Company’s financial information, please see the section entitled “*Financial Information*” beginning on page 268.

Our Company’s financial year commences on April 1 and ends on March 31 of the next year. Accordingly, all references in this Red Herring Prospectus to a particular Financial Year, Fiscal or Fiscal Year, unless stated otherwise, are to the 12-month period ended on March 31 of that particular calendar year.

There are significant differences between Ind AS, U.S. GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the financial information included in this Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act, Ind AS, and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Red Herring Prospectus should accordingly be limited. For risks relating to significant differences between Ind AS and other accounting principles, please see the section entitled “*Risk Factors – Significant differences exist between Ind AS used to prepare our Restated Consolidated Financial Information and other accounting principles, such as U.S. GAAP and IFRS, which investors may be more familiar with and may consider them material to their assessment of our financial condition*” beginning on page 63.

Unless the context otherwise indicates, any percentage amounts (excluding certain operational metrics), relating to the financial information of our Company in the sections entitled “*Risk Factors*”, “*Basis for Offer Price*”, “*Our Business*”, “*Other Financial information*”, “*Capitalisation Statement*” and “*Management’s Discussion and Analysis of Financial Conditional and Results of Operations*” beginning on pages 30, 116, 174, 423, 454 and 424, respectively, have been calculated on the basis of our Restated Consolidated Financial Statements.

Non- Indian GAAP Financial Measures

Certain non-Indian GAAP financial measures relating to our financial performance such as, EBITDA, adjusted EBITDA, adjusted EBITDA margin, RoCE, RoE, return on net worth, working capital, net worth, net asset value per share and debt equity ratio have been included in this Red Herring Prospectus. We compute and disclose such non-GAAP financial measures relating to our financial performance as we consider such information to be useful measures of our business and financial performance. These non-Indian GAAP financial measures and other information relating to financial performance may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial measures of similar nomenclature that may be computed and presented by other companies and are not measures of operating performance or liquidity defined by Ind AS and may not be comparable to similarly titled measures presented by other companies.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India;

- “USD” or “US\$” or “\$” are to United States Dollar, the official currency of the United States of America.

Our Company has presented all numerical information in this Red Herring Prospectus in “million” units or in whole numbers where the numbers have been too small to represent in millions. One million represents 1,000,000 and one billion represents 1,000,000,000.

However, where any figures that may have been sourced from third-party industry sources are expressed in denominations other than millions, such figures appear in this Red Herring Prospectus in such denominations as provided in the respective sources.

In this Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Restated Consolidated Financial Information in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to one decimal place. However, where any figures may have been sourced from third-party industry sources, such figures may be rounded off to such number of decimal places as provided in such respective sources.

Exchange Rates

This Red Herring Prospectus contains conversion of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Rupee and USD (in Rupees per USD):

Currency	As at		
	March 31, 2023	March 31, 2022	March 31, 2021
1 USD	82.22	75.81	73.50

Industry and Market Data

Unless stated otherwise, industry and market data used throughout this Red Herring Prospectus has been obtained from various industry publications and sources, including (a) the report titled “Real Estate Industry Report for Signature Global” released in India dated August 25, 2023, by Anarock Property Consultants Private Limited (“**Anarock**” and the report the “**Anarock Report**”), which has been paid for and commissioned by our Company for an agreed fee. ANAROCK has been exclusively commissioned by our Company for the purposes of confirming our understanding of the industry in which the Company operates, in connection with the Offer. The Anarock Report will be available on the website of our Company at <https://www.signatureglobal.in/investor.php> until the Bid/Offer Closing Date. In the event there are any consequential changes that have occurred between the date of filing of the DRHP and RHP, we undertake to update the Anarock Report at the time of filing of the RHP.

Industry publications generally state that the information contained in such publications has been obtained from publicly available documents from various sources believed to be reliable but accuracy, completeness and underlying assumptions of such third-party sources are not guaranteed. Accordingly, no investment decisions should be based on such information. The data used in these sources may have been re-classified by us for the purposes of presentation. Data from these sources may also not be comparable. Such data involves risk, uncertainties, and assumptions, and is subject to change based on various factors. Accordingly, investment decisions should not be based solely on such information. For details in relation to the risks involving the F&S Report, please see the section entitled “*Risk Factors – Certain sections of this Red Herring Prospectus contain information from the Anarock Report which we have commissioned and purchased and any reliance on such information for making an investment decision in the Offer is subject to inherent risks*” beginning on page 57.

The extent to which the market and industry data used in this Red Herring Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources.

Disclaimer of Anarock

“This assignment of Market Research has been done on a best effort and knowledge basis of the Consultant. The Consultant has relied on the information provided to them, whether from public and private sources. However, property markets in cities continue to be plagued by misinformation, non-disclosure, and fragmentation, wherein almost inevitably some information is withheld in every case. The data, documentation, and assumptions used to prepare any analysis or reports hereunder will be

derived from basic information / data points supplied by Client, published information, information prepared by the Consultant in the regular course of its business, and other industry sources.

The Client acknowledges and agrees that there may be differences between projected and actual scenarios because events and circumstances frequently do not occur as predicted, and those differences may be material and hereby releases Consultant from any claims or liability arising from these differences. Whilst every effort has been taken to provide authentic data and analysis, Anarock Property Consultants Private Limited, and/or any of their associated companies and/or their employees are not responsible for any loss, major or minor incurred based on the information and analyses provided, nor are liable to any damages in any form or shape. Our liability for this exercise (whether arising from negligence or whatsoever) is as mentioned in the Consulting Services Agreement. The Consultant does not accept any liability to any third party in relation to the issue of this Market Research.

This assignment of Market Research and its result are specific to the purpose of 'Market Research' as per agreed terms of Scope of Work. It may not be valid for any other purpose or as at any other date. Also, it may not be valid if done on behalf of any other entity. The Market Research is substantively based only on information contained in this memo and are governed by concept of materiality.

Result of the Market Research are specific to the date of this assessment. A market research of this nature involves consideration of various factors including those impacted by prevailing market trends in general and industry trends in particular. As such, our assessment and projections of scenarios of the market Research are, to a significant extent, subject to continuance of current trends beyond the date of the assessment. It is usually the case that some events and circumstances may not occur as expected or are not anticipated. Therefore, actual scenarios during the forecast period may differ from the forecast and such differences may be material. The Consultant, however, have no obligation to update this assessment for events, trends or transactions relating to the company or the market/economy in general and occurring subsequent to the date of this assessment.

Consultant's analysis, interpretation, projections, scenarios and conclusions from the Market Research shall not be treated as an adviser to anybody to take buy or sell decision

The client has further agreed that any reports and deliverables under this assignment will not be submitted in any court of law anywhere in the world, neither submitted nor presented in any legal platform, including any government agency or arbitration proceedings.”.

Notice To Prospective Investors In The United States

The Equity Shares have not been recommended by any U.S. federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this Red Herring Prospectus or approved or disapproved the Equity Shares. Any representation to the contrary is a criminal offence in the United States. In making an investment decision, investors must rely on their own examination of our Company and the terms of the Offer, including the merits and risks involved. The Equity Shares have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”) or any other applicable law of the United States and, unless so registered, may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold (a) in the United States only to persons reasonably believed to be U.S. QIBs in transactions exempt from the registration requirements of the U.S. Securities Act and (b) outside the United States in “offshore transactions” (as defined under Regulation S) in compliance with Regulation S and the applicable laws of the jurisdictions where those offers and sales are made. For the avoidance of doubt, the term “U.S. QIBs” does not refer to a category of institutional investors defined under applicable Indian regulations and referred to in this Red Herring Prospectus as “QIBs”.

Notice to Prospective Investors in the European Economic Area

This Red Herring Prospectus has been prepared on the basis that all offers of Equity Shares in Member States of the European Economic Area (“**EEA**”) (each a “**Member State**”) will be made pursuant to an exemption under the Prospectus Regulation from the requirement to produce a prospectus for offers of Equity Shares. The expression “Prospectus Regulation” means Regulation (EU) 2017/1129 of the European Parliament and Council EC (and amendments thereto). Accordingly, any person making or intending to make an offer within the EEA of Equity Shares which are the subject of the placement contemplated in this Red Herring Prospectus should only do so in circumstances in which no obligation arises for the Company or any of the Book Running Lead Managers to produce a prospectus for such offer. None of the Company or the Book Running Lead Managers have authorized, nor do they authorize, the making of any offer of Equity Shares through any financial intermediary, other than the offers made by the Book Running Lead Managers which constitute the final placement of Equity Shares contemplated in this Red Herring Prospectus.

Information to Distributors

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended (“**MiFID II**”); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the “**MiFID II Product Governance Requirements**”) and/or any equivalent requirements elsewhere to the extent determined to be applicable, and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any “manufacturer” (for the purposes of the MiFID II Product Governance Requirements and/or any equivalent requirements elsewhere to the extent determined to be applicable) may otherwise have with respect thereto, the Equity Shares, the subject of the Offer, have been subject to a product approval process, which has determined that such Equity Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II (the “**Target Market Assessment**”). Notwithstanding the Target Market Assessment, Distributors should note that: the price of the Equity Shares may decline and investors could lose all or part of their investment; the Equity Shares offer no guaranteed income and no capital protection; and an investment in the Equity Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Offer. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Book Running Lead Managers will only procure investors who meet the criteria of professional clients and eligible counterparties. For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Equity Shares. Each distributor is responsible for undertaking its own target market assessment in respect of the Equity Shares and determining appropriate distribution channels.

Notice to Prospective Investors in the United Kingdom

In the United Kingdom, this document is being distributed only to, and is directed only at, persons: (A) (i) who have professional experience in matters relating to investments and who are investment professionals falling within the meaning of Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotions) Order 2005 (the “**FSMA Order**”), (ii) falling within Article 49(2)(a) to (d) of the FSMA Order, and (iii) to whom it may otherwise lawfully be communicated; and (B) who are “qualified investors” within the meaning of Article 2(e) of the Prospectus Regulation (Regulation (EU) 2017/1129) as it forms part of retained EU law as defined in the European Union (Withdrawal) Act 2018 (all such persons together being referred to as “**relevant persons**”). This document must not be acted on or relied on in the United Kingdom, by persons who are not relevant persons. Any investment or investment activity to which the document relates is available only to, in the United Kingdom, relevant persons. The communication of this Red Herring Prospectus to any person who is not a relevant person is unauthorized and may contravene the Financial Services and Markets Act 2000, as amended.

Information to Distributors

Solely for the purposes of the product governance requirements of Chapter 3 of the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK Product Governance Requirements**”) and/or any equivalent requirements elsewhere to the extent determined to be applicable, and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any “manufacturer” (for the purposes of the UK Product Governance Requirements and/or any equivalent requirements elsewhere to the extent determined to be applicable) may otherwise have with respect thereto, the Equity Shares the subject of the Offer have been subject to a product approval process, which has determined that such Equity Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in chapter 3 of the FCA Handbook Conduct of Business Sourcebook; and (ii) eligible for distribution through all permitted distribution channels (the “**UK Target Market Assessment**”). Notwithstanding the UK Target Market Assessment, “distributors” (for the purposes of the UK Product Governance Requirements) should note that: the price of the Equity Shares may decline and investors could lose all or part of their investment; the Equity Shares offer no guaranteed income and no capital protection; and an investment in the Equity Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The UK Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Offer. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Book Running Lead Managers will only procure investors who meet the criteria of professional clients and eligible counterparties. For the avoidance of doubt, the UK Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of Chapters 9A or 10A respectively of the FCA Handbook Conduct of Business Sourcebook; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Equity Shares. Each distributor is responsible for undertaking its own target market assessment in respect of the Equity Shares and determining appropriate distribution channels.

FORWARD-LOOKING STATEMENTS

This Red Herring Prospectus contains certain “forward-looking statements”. All statements contained in this Red Herring Prospectus that are not statements of historical fact constitute “forward-looking statements”. All statements regarding our expected financial condition and results of operations, business, plans and prospects are “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “likely to”, “seek to”, “shall”, “objective”, “plan”, “project”, “will”, “will continue”, “will achieve”, “will likely”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals of our Company are also forward-looking statements. All forward-looking statements whether made by us or any third parties in this Red Herring Prospectus are based on our current plans, estimates, presumptions and expectations and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement, including but not limited to, regulatory changes pertaining to the industry in which we have businesses and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in its industry. Important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- The Offer Price, price to revenue from operations and market capitalization to revenue multiple based on the Offer Price of our Company, may not be indicative of the market price of the Company on listing or thereafter.
- We have incurred net loss and negative Net Worth in the past, and we may not be able to achieve or maintain profitability in the future.
- Our business and profitability are significantly dependent on the performance of the real estate market in the Delhi-NCR region, generally, and particularly in Gurugram and Sohna micro-markets in Haryana. Fluctuations in market conditions may affect our ability to sell our projects at expected prices, which may adversely affect our revenues and earnings.
- The COVID-19 pandemic adversely affects our business, financial condition, results of operations, cash flows, liquidity and performance, and it may reduce the demand for our projects in future.
- The withdrawal of certain benefits under the Haryana Affordable Housing Policy, 2013 and the Deen Dayal Jan Awas Yojna, may adversely affect our business, prospects and results of operations.
- We depend significantly on our residential development business, particularly in the affordable housing category, the success of which is dependent on our ability to anticipate and respond to consumer requirements.

Certain information in the sections entitled “*Industry Overview*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 132, 174 and 424, respectively of this Red Herring Prospectus has been obtained from the Anarock Report.

For further discussion of factors that could cause the actual results to differ from the expectations, please see the sections entitled “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 30, 174 and 424, respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated and are not a guarantee of future performance.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Forward-looking statements reflect current views as of the date of this Red Herring Prospectus and are not a guarantee of future performance.

These statements are based on our managements’ belief and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based on are reasonable, any of these assumptions could prove to be inaccurate and the forward-looking statements based on these assumptions could be incorrect. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance. Neither our Company, our Directors, the Book Running Lead Managers nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions

do not come to fruition. In accordance with the SEBI ICDR Regulations, our Company, and the Book Running Lead Managers will ensure that the Bidders in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchanges for the Offer. Further, the Selling Shareholder shall ensure that investors in India are informed of material developments from the date of the Red Herring Prospectus in relation to the statements and undertakings confirmed by the Selling Shareholder from the date of this Red Herring Prospectus until the date of Allotment.

SUMMARY OF THE OFFER DOCUMENT

The following is a general summary of the terms of the Offer and is not exhaustive, nor does it purport to contain a summary of all the disclosures in this Red Herring Prospectus or all details relevant to prospective investors. This summary should be read in conjunction with, and is qualified in its entirety by, the more detailed information appearing in the sections entitled “Risk Factors”, “The Offer”, “Capital Structure”, “Objects of the Offer”, “Industry Overview”, “Our Business”, “Our Promoters and Promoter Group”, “Financial Statements”, “Offer Procedure”, “Outstanding Litigation and Material Developments” and “Main Provisions of Articles of Association” beginning on pages 30,67,81,96,132,174,256,268,495,458 and 513 respectively. Industry and market data used in this section has been derived from the Anarock Report which has been commissioned and paid by us in connection with the Offer. For details, please see the section entitled “Risk Factors – Certain sections of this Red Herring Prospectus contain information from the Anarock Report which we have commissioned and purchased and any reliance on such information for making an investment decision in the Offer is subject to inherent risks” beginning on page 57.

Summary of primary business of our Company	We are the largest real estate development company in the National Capital Region of Delhi (“ Delhi NCR ”) in the affordable and lower mid segment housing in terms of units supplied (in the below ₹ 8 million price category) between 2020 and the three months ended March 31, 2023, with a market share of 19%. (Source: Anarock Report) As of March 31, 2023, we were the largest real estate developer under the AHP in the Gurugram and Sohna region, with a market share of 18% in terms of total supply of units in the period from 2020 to the three months ended March 31, 2023. (Source: Anarock Report)								
Summary of the industry in which our Company operates	Affordable housing today is an integral part of the national agenda with significant significance in urban areas. Entire NCR saw housing sales increase by 73% from 23,209 units in 2020 to 40,053 units in 2021. Despite restricted supply in 2022, the absorption trend continued with sale of 63,712 units rising by 59%. Of the 31,706 units launched in NCR in 2022, Gurugram comprised 75% share and added as many as 19,099 units in 2022. The supply is expected to increase with 9,941 new launches in the first quarter of 2023, contributing to 80% of NCR supply. (Source: Anarock Report)

SECTION II: RISK FACTORS

An investment in equity shares involves a high degree of risk. Potential Bidders should carefully consider all the information in this Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in the Equity Shares. The risks described below are not the only ones relevant to us or our Equity Shares, the industry in which we operate or to India. Additional risks and uncertainties, not currently known to us or that we currently do not deem material may also adversely affect our business, results of operations, cash flows and financial condition. If any of the following risks, or other risks that are not currently known or are not currently deemed material, actually occur, our business, results of operations, cash flows and financial condition could be adversely affected, the price of our Equity Shares could decline, and potential Bidders may lose all or part of their investment. To the extent the novel coronavirus (“COVID-19”) pandemic adversely affects our business and financial results, it may also have the effect of heightening many of the other risks described in this section. In order to obtain a complete understanding of our Company and our business, potential Bidders should read this section in conjunction with the sections entitled “Industry Overview”, “Our Business”, “Financial Statements”, “Government and Other Approvals” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 132, 174, 268, 468 and 424, respectively, as well as the other financial and statistical information contained in this Red Herring Prospectus. In making an investment decision, potential Bidders must rely on their own examination of us and our business and the terms of the Offer including the merits and risks involved.

Potential Bidders should consult their tax, financial and legal advisors about the particular consequences of investing in the Offer. Unless specified or quantified in the relevant risk factors below, we are unable to quantify the financial or other impact of any of the risks described in this section. Potential Bidders should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment, which may differ in certain respects from that of other countries.

This Red Herring Prospectus also contains certain forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Red Herring Prospectus. For further information, please see the section entitled “Forward-Looking Statements” on page 20. Unless otherwise indicated, the financial information included herein is based on our Restated Consolidated Financial Information included in this Red Herring Prospectus. For further information, please see the section entitled “Financial Statements” on page 268. Unless the context otherwise requires, in this section, references to “we”, “us”, or “our” refers to SignatureGlobal India Limited, together with its Subsidiaries, on a consolidated basis and references to “the Company” or “our Company” refers to Signatureglobal India Limited on a standalone basis.

Unless otherwise indicated, industry and market data used in this section has been derived from industry publications, in particular, the report titled “Real Estate Industry Report for Signature Global” dated August 25, 2023 (the “Anarock Report”) prepared and issued by Anarock Property Consultants Private Limited (“Anarock”) appointed on December 21, 2021, and exclusively commissioned and paid for by us to understand the industry in which we operate in connection with the Offer. The Anarock Report is available on the website of the Company at www.signatureglobal.in/investors.php. Unless otherwise indicated, financial, operational, industry and other related information derived from the Anarock Report and included herein with respect to any particular year refers to such information for the relevant calendar year. Also please see the section entitled “Certain Conventions, Presentation of Financial, Industry and Market Data and Currency of Presentation – Industry and Market Data” on page 16.

Valuation Risk Factor

1. **The Offer Price, price to revenue from operations and market capitalization to revenue multiple based on the Offer Price of our Company, may not be indicative of the market price of the Company on listing or thereafter.**

Our revenue from operations and loss after tax for Fiscal 2023 was ₹ 15,535.70 million and ₹ 637.15 million and our price to revenue from operations (Fiscal 2023) multiple is [●] times at the upper end of the Price Band. Our market capitalization to revenue from operations (Fiscal 2023) multiple is [●] times at the upper end of the Price Band.

The table below provides details of our price to earnings ratio and market capitalization to revenue from operations:

Particulars	Price to Earnings Ratio*	Price to Revenue from Operations*	Market Capitalization to Revenue from Operations*
For Fiscal 2023	[●]	[●]	[●]

* To be populated at Prospectus stage

The Offer Price of the Equity Shares is proposed to be determined on the basis of assessment of market demand for the Equity Shares offered through the book-building process prescribed under the SEBI ICDR Regulations, and certain quantitative and qualitative factors as set out in the section entitled “Basis for Offer Price” on page 116 and the Offer Price, multiples and ratios may not be indicative of the market price of the Equity Shares on listing or thereafter.

Prior to the Offer, there has been no public market for our Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Offer. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares.

Accordingly, any valuation exercise undertaken for the purposes of the Offer by our Company, in consultation with the BRLMs, would not be based on a benchmark with our industry peers. The relevant financial parameters based on which the Price Band would be determined, shall be disclosed in the advertisement that would be issued for publication of the Price Band.

The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results, market conditions specific to the industry we operate in, developments relating to India, COVID-19 related or similar situations, announcements by third parties or governmental entities of significant claims or proceedings against us, volatility in the securities markets in India and other jurisdictions, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

Internal Risk Factors

2. *We have incurred net loss and negative Net Worth in the past, and we may not be able to achieve or maintain profitability in the future.*

We have in the past incurred, and may in the future incur, losses and negative Net Worth. The table below provides details of the losses after tax incurred by us and our negative Net Worth in the relevant periods:

Period	Losses After Tax (₹ million)	Net Worth (₹ million)
Fiscal 2021	(862.78)	(2,068.67)
Fiscal 2022	(1,155.00)	(3,522.17)
Fiscal 2023	(637.15)	475.39 ⁽¹⁾

⁽¹⁾ We experienced positive net worth in Fiscal 2023.

Further, in Fiscal 2021 our revenue from operations was ₹ 820.57 million compared to ₹ 9,012.98 million in Fiscal 2022 since we received occupancy certificate for certain of our projects in Fiscal 2022 and hence could not be recognised as per Ind AS 115 in Fiscal 2021 which were subsequently recognized in Fiscal 2022. Our Company uses Ind AS 115, under which the revenue from real estate projects is recognized only at a point in time upon our Company satisfying its performance obligation, as compared to earlier percentage of completion method as per the Guidance Note on Accounting for Real Estate Transactions. Accordingly, revenue recognition for our projects occurs following the receipt of occupancy certificate and after receipt of substantial amount of collections. When the total project cost in our estimates exceeds total revenues from the projects, the loss is recognized immediately. As the outcome of the contracts cannot be measured reliably during early stages of the project, contract revenue is recognized only to the extent of costs incurred in the statement of profit and loss. We cannot assure you that we will be able to generate net profits or continue to generate positive cash flow from operating activities in the future. In Fiscal 2021, 2022 and 2023, we had net cash inflow/(outflow) from operating activities of ₹ 364.38 million, ₹ 2,052.44 million and ₹ (2,781.76) million, respectively. However, due to factors such as our accounting policy on revenue recognition as mentioned above, our Company made net losses after tax in Fiscal 2021, 2022 and 2023.

We expect to continue to make substantial expenditures in the future to develop and expand our business, which may result in us incurring future losses. Our growth strategy may also prove more expensive than we expect, and we may not succeed in growing our revenue at a rate faster than our cost. We may not generate sufficient revenue for various reasons, including increasing competition, challenging macro-economic environment, among others. If we fail to sustain or increase profitability, our business, results of operations and cash flows could be adversely affected.

3. *Our business and profitability are significantly dependent on the performance of the real estate market in the Delhi-NCR region, generally, and particularly in Gurugram and Sohna micro-markets in Haryana. Fluctuations in market conditions may affect our ability to sell our projects at expected prices, which may adversely affect our revenues and earnings.*

Our real estate development activities are primarily focused in the Delhi-NCR region, particularly in Gurugram and Sohna micro-markets in Haryana. Gurugram is one of the most rapidly developing cities of the NCR and its proximity to the national capital, well developed infrastructure and availability of Grade A real estate developments have established Gurugram as the economic hub of the region. (Source: Anarock Report).

The table below provides details of the overall market size of the Delhi-NCR region and the Gurugram-Sohna market in 2020, 2021 and 2022 and three months ended March 31, 2023:

Particulars	2020		2021		2022		Three months ended March 31, 2023	
	Delhi-NCR	Gurugram and Sohna	Delhi-NCR	Gurugram and Sohna	Delhi-NCR	Gurugram and Sohna	Delhi-NCR	Gurugram and Sohna
Supply (in ₹ million)	118,000	71,110	248,000	142,060	281,930	198,460	160,040	148,850

(Source: ANAROCK Report)

As of March 31, 2023, 43 out of 60 of our total projects comprising our Completed Projects, Ongoing Projects and Forthcoming Projects, were located in Gurugram and 11 were located in Sohna in Haryana. Set forth are the revenues generated from projects located in Gurugram and Sohna, including as a percentage of total income, for each of the following periods:

Location of projects	Fiscal 2021		Fiscal 2022		Fiscal 2023	
	Revenue generated (₹ million)	Revenue generated as a percentage of total income (%)	Revenue generated (₹ million)	Revenue generated as a percentage of total income (%)	Revenue generated (₹ million)	Revenue generated as a percentage of total income (%)
Gurugram	103.98	32.44	4,750.49	55.82	8,178.29	53.69
Sohna	-	-	3,301.81	38.80	5,568.33	36.56

For further information on our projects, please see the section entitled “Our Business – Business Operations” on page .

As a result, our business, financial condition and results of operations have been and will continue to be heavily dependent on the performance of, and the prevailing conditions affecting, the real estate markets in Gurugram and Sohna in Haryana.

The table below provides supply (in terms of number of projects launched) and supply (in million square feet) on offer in the Delhi-NCR region and in particular the Gurugram and Sohna micro-markets in 2020, 2021, 2022 and three months ended March 31, 2023:

Year	Supply (Number of newly launched projects)		Supply (in million square feet)	
	Delhi-NCR	Gurugram and Sohna	Delhi-NCR	Gurugram and Sohna
2020	35	18	26.82	13.99
2021	68	35	49.49	29.42
2022	61	38	42.89	27.12
Three months ended March 31, 2023	21	15	21.78	17.96

(Source: ANAROCK Report)

The real estate markets in these regions may be affected by various factors outside our control, including prevailing local and economic conditions, changes in the supply and demand for properties comparable to those we develop, changes in the applicable governmental regulations, political climate, demographic trends, employment and income levels and interest rates, among other factors. These factors may contribute to fluctuations in real estate prices and the availability of land in the Delhi NCR region and may adversely affect our business, financial condition and results of operations. These factors can also negatively affect the demand for and valuation of our Ongoing Projects and Forthcoming Projects.

The table below provides details of unsold units in the Delhi-NCR region and in particular the Gurugram and Sohna micro-markets as on December 31, 2020, 2021 and 2022 and March 31, 2023 (first quarter):

As on December 31,	Unsold inventory (number of units)	
	Delhi-NCR	Gurugram and Sohna
2020	170,396	61,878
2021	162,049	64,830
2022	123,692	51,312
March 31, 2023 (first quarter)	118,983	51,503

(Source: ANAROCK Report)

Further, real estate projects take a substantial amount of time to develop and the real estate market, both for land and developed properties is relatively illiquid, which may limit our ability to respond promptly to changing market events. In the event the market conditions deteriorate and cause a sharp decline in real estate prices in the Delhi NCR region, particularly in Gurugram and Sohna, Haryana, our business, financial condition and results of operations could be materially and adversely affected.

4. *The COVID-19 pandemic adversely impacted our business, financial condition, results of operations, cash flows, liquidity and performance, and it may reduce the demand for our projects in future.*

The COVID-19 pandemic has had repercussions across local, national and global economies and financial markets. Various governments and organizations have revised GDP growth forecasts in response to the economic slowdown caused by the spread of the COVID-19 pandemic, and the COVID-19 pandemic may result in a prolonged global economic crisis or recession.

The global impact of the COVID-19 pandemic has been rapidly evolving and public health officials and governmental authorities have reacted by taking various measures, including prohibiting people from assembling, implementing quarantines, restricting travel, issuing “stay-at-home” orders and restricting the types of businesses that may continue to operate. On March 14, 2020, India declared the COVID-19 pandemic as a “notified disaster” and imposed a nationwide lockdown on all services except essential services from March 25, 2020 for three weeks, which was subsequently extended to May 31, 2020. Factors related to the COVID-19 pandemic, or a future pandemic, that have had or could in the future have an impact on our business operations and financial performance, include:

- A complete or partial closure of, or other operational issues at, one or more of our construction sites, resulting from government action; while operations at all of our construction sites were suspended due to the government directives, we were able to resume operations sites with certain restrictions once the restrictions were lifted; and
- The potential negative effect on the health of our personnel, particularly if a significant number of them are, affected by COVID-19, could impact our ability to ensure business continuity during this disruption.

Initially, the COVID-19 pandemic resulted in construction delays at our project sites due to several factors such as lockdowns enforced by the government agencies, work-stoppage orders, disruptions in the supply of materials and shortage of labour. Due to the suspension of operations at our construction sites due to the government directives, two of our projects, Grand IVA and Orchard Avenue received occupation certificate in April 2021 and hence their revenue was recognized in Fiscal 2022 instead of Fiscal 2021 had there been no impact of COVID-19. There was no impact of COVID-19 on our business operations in Fiscal 2023.

The pandemic also resulted in a mass migration of contract labour involved in construction activities during such period. While we undertook various measures to ensure continuity of construction at our project sites, including transit camps for construction workers, there can be no assurance that such or similar measures will not impact construction activities at our project sites in the future should there be other serious outbreaks of the pandemic.

Due to the nation-wide lockdown and inability to conduct site-visits, sales enquiries from prospective customers that typically follow site-visits, were significantly affected. In response to the COVID-19 pandemic, the RBI allowed banks and lending institutions to offer moratoriums to their customers to defer payments under loan agreements until August 31, 2020. Pursuant to such measures, we availed a moratorium of ₹ 995.10 million offered by the banks and lending institutions to defer payments under the facilities for a substantial portion of our indebtedness. The moratorium availed represented 8.38% of our total indebtedness as of March 31, 2021. For further information, please see the section entitled “*Management’s Discussions and Analysis of Financial Condition and Results of Operations – Impact of COVID-19*” on page 431.

In addition, there can be no assurance that we will be able to successfully implement and achieve our growth strategies in the event of subsequent waves of the COVID-19 pandemic in India resulting in further restrictive measures or hampering overall economic recovery. In the event subsequent waves worsen or is not controlled in a timely manner, we may not be able to complete construction of our projects according to the timelines or successfully implement our growth strategies. The impact of the ongoing pandemic cannot be entirely ascertained at this time, and while we cannot currently estimate the duration or future impact of the COVID-19 pandemic on our business or on the Indian or global economy, there is a likelihood that the effects could continue in future. Any intensification of the COVID-19 pandemic or any future outbreak of another highly infectious or contagious disease may adversely affect our business, results of operations and financial condition. Further, as COVID-19 adversely affects our business and results of operations, it may also have the effect of exacerbating many of the other risks described in section. Also please see the section entitled “*Financial Statements*” on page 268.

5. *The withdrawal of certain benefits under the Haryana Affordable Housing Policy, 2013 and the Deen Dayal Jan Awas Yojna, may adversely affect our business, prospects and results of operations.*

The Government has introduced several incentives to promote the construction and development of affordable housing. We have strategically focused on various GoI and state government policies supporting affordable housing and in particular, the (i) Affordable Housing Policy, 2013, issued by the Town and Country Planning Department, Haryana Government (“**AHP**”) that supports the development of affordable residential apartments within specified sizes and price points; (ii) and the Affordable Plotted Housing Policy for Low and Medium Potential Towns or the Deen Dayal Jan Awas

Yojana (“**DDJAY-APHP**”), that supports high-density plotted colonies in low and medium potential towns of Haryana. As of March 31, 2023, nine of our Completed Projects were constructed under the AHP. In addition to the above, as of March 31, 2023, 12 of our Ongoing Projects and three of our Forthcoming Projects are being constructed under the AHP while 14 of our Ongoing Projects and five of our Forthcoming Projects are being constructed under the DDJAY-APHP.

The following table sets forth our revenue from sale of real estate properties generated from AHP and DDJAY-APHP, including as a percentage of revenue from operations for the periods indicated:

Category	Fiscal 2021		Fiscal 2022		Fiscal 2023	
	Revenue generated from sale of real estate properties (₹ million)	Revenue generated as a percentage of total revenue (%)	Revenue generated from sale of real estate properties (₹ million)	Revenue generated as a percentage of total revenue (%)	Revenue generated from sale of real estate properties (₹ million)	Revenue generated as a percentage of total revenue (%)
AHP	103.98	33.22	7,394.35	86.89	8,536.60	56.20
DDJAY-APHP	209.00	66.78	1,115.63	13.11	6,653.42	43.80

Our business and financial performance is therefore dependent on such policies and the benefits afforded to us under such policies. For instance, the Haryana government has increased the FAR for commercial development (which does not have a price ceiling) under the AHP from 4% of the net planned area to 8%. (*Source: Anarock Report*) Similarly, the price of residential carpet area under the AHP, which is our Saleable Area, has increased from the initial price of ₹4,000 per square foot to ₹ 4,200 per square foot to a new price ₹ 5,000 per square foot and the price of balcony areas has increased from the initial price of ₹ 500 per square foot to ₹ 1,000 per square foot to a new price of ₹ 1,200 per square foot, with a cap of ₹ 100,000 per unit increased to ₹ 120,000 per unit. Under the DDJAY-APHP, there is no prescribed cap on the allotment rate of plots. The rates under DDJAY – APHP are typically market determined. Under the DDJAY-APHP, higher density, smaller plot sizes and higher FAR compared to that for a residential plotted colony enable us to offer units at competitive prices allowing us to expand our operations. While the Haryana government is promoting the AHP and DDJAY-APHP policies in order to achieve the ‘PMAY- housing for all by 2022’ goal, any amendments to policies, such as a AHP and the DDJAY-APHP policies being withdrawn, reduction in the permissible commercial development, reduction in price ceilings for residential units under the AHP, restrictions on the amount of Developable Area or Saleable Area, or any price controls that may be imposed under the DDJAY-APHP may impact our profitability and results of operations.

Recently, the Haryana government amended the DDJAY-APHP pursuant to which the applicability of the DDJAY-AHP was discontinued for the final development plan of Gurugram Manesar Urban Complex and Faridabad. As per the directions dated April 20, 2023 (“**Directions**”), license applications received before December 8, 2022 that were pending before the relevant authority and in which no letter of intent was granted under DDJAY-APHP for Gurugram and Faridabad were to be returned along with the scrutiny fee and license fee paid by an applicant. Pursuant to the Directions, we received refunds for two of our five Forthcoming Projects under DDJAY-APHP, namely, City 37D Extension and City 81 Extension with an estimated residential Saleable Area, estimated commercial Saleable Area and estimated Developable Area of 348,092 square feet, 13,437 square feet and 465,583 square feet, respectively, as of March 31, 2023. While we have made representations to the authorities to reconsider and withdraw the Directions, we cannot assure that such representation will be considered favourably. As on the date of this Red Herring Prospectus, we have not received any response from the relevant authorities. Whilst the applicability of the DDJAY-APHP has been discontinued from the final development plan of Gurugram and Faridabad, however, as on the date of this Red Herring Prospectus, the policy continues to remain applicable for Sohna and other parts of Haryana. We are currently evaluating other policies pursuant to which we may develop the two Forthcoming Projects, however, there can be no assurance that we will be entitled to avail similar benefits available to us under the DDJAY-APHP. For instance, the Saleable Area available to us under the DDJAY-APHP may not be the same under any other policies pursuant to which we chose to develop the said Forthcoming Projects. In the event we are not entitled to benefits available under these alternate policies, our business, results of operations and financial condition may be materially impacted.

Further, the Directorate of Town and Country Planning, Haryana (the “**Directorate**”) by way of its order dated February 23, 2023 (the “**Order**”), has kept in abeyance all fresh building plan approvals, including any pending applications, for construction of residential plots with stilt and four floors. Accordingly, no new stilt and 4 floor building plans will be sanctioned till further orders from the Directorate. While the Directorate in its Order has clarified that all earlier sanctioned stilt and four floor building plans shall remain valid and ground and two floor and stilt and three floor building plans may be applied for approval as per the prevailing guidelines, there is no certainty till when the Order restricting approval of fresh building plans for stilt and four floor developments will continue to remain in force. The Haryana government has constituted a committee to give recommendations on the construction of residential plots with stilt and four floors. The committee has recommended construction of stilt-plus-four floors with certain riders such as infrastructure audits and proposed reduction in building height, however, no policy developments have been issued that modify the existing Order. For further details in relation to the Order, please see the section entitled “*Key Regulations and Policies*” on page 209.

As of March 31, 2023, out of the five Forthcoming Projects being developed under the DDJAY-APHP, we are yet to apply building plan approval for three Forthcoming Projects being developed under the DDJAY-APHP, namely, EPP Manesar DDJAY, Park I Extension, and EPP Sohna DDJAY. We cannot apply for a stilt and four floors building plan approval for such projects until such time that the Order remains in force, which in turn could have an adverse impact on our business, prospects and results of operations. For further information in relation to material approvals, please see the section entitled “Government and Other Approvals” on page 468. As of March 31, 2023, the total residential Saleable Area for these three Forthcoming Projects for which we are yet to apply building plan approval was 7,934,834 square feet, which constituted 26.27% of our total residential Saleable Area under AHP and DDJAY-APHP collectively, and constituted 39.36% of our total residential Saleable Area under DDJAY-APHP. In the event the Order is not stayed, we may not be in a position to develop stilt and 4 floor developments in these three Forthcoming Projects and reduce the size of the development to upto stilt and three floors, which could result in lower Developable Area, residential Saleable Area or number of units available for sale from those originally contemplated by us, which in turn could have an adverse impact on our business, prospects and results of operations.

Unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations governing our business and operations under the AHP and the DDJAY-APHP could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, prospects and results of operations. Further, if the GoI or the state governments shift their focus from affordable housing policies, it may affect our business, prospects and results of operations.

6. We depend significantly on our residential development business, particularly in the affordable housing category, the success of which is dependent on our ability to anticipate and respond to consumer requirements.

We have in the past been and continue to be engaged in the development of residential real estate projects for customers in the affordable and mid housing segment, predominantly in Gurugram and Sohna micro-markets in the Delhi NCR region. As part of our growth strategy, we intend to continue to focus on the affordable and mid segment housing. For further information, please see the section entitled “Our Business – Strategies – Continue to focus on the affordable and lower mid segment housing” on page 184. As of March 31, 2023, 52 out of 60 of our Completed Projects, Ongoing Projects and Forthcoming Projects were in the residential real estate space and in particular in the affordable and mid housing segment.

The table below provides details of the Saleable Area of our Completed, Ongoing and Forthcoming Projects, as of March 31, 2023:

Category	Number of projects	Land (in acres)	Saleable Area (in square feet)	Developable Area (in square feet)
Completed Projects	12	94.68	6,149,320	7,640,059
Ongoing Projects ⁽¹⁾	29	216.57	17,208,636	21,384,724
Forthcoming Projects	19	379.07	21,291,641 ⁽²⁾	24,506,650 ⁽²⁾

- (1) As of March 31, 2023, our Ongoing Projects have additionally received occupation certificates for 1,369,903 square feet of Saleable Area and 1,374,075 square feet of Developable Area that consists of residential units.
- (2) For our Forthcoming Projects, this is the estimated Saleable Area and estimated Developable Area.

The following table sets forth our revenue from operations and the sales (number of units) for the periods indicated:

Fiscal/Period	Revenue from Operations (in ₹ million)	Sales (numbers of units)
2021	820.57	6,069
2022	9,012.98	7,001
2023	15,535.70	4,512
Total	25,369.25	17,582

Inability to anticipate and respond to customer preferences and requirements may affect our business and prospects. Further, any changes in the market for residential real estate, including a change in the home loans market or governmental regulations making home loans less attractive to our customers, may materially and adversely affect our business, growth prospects and financial performance.

7. An increase in the price of land and/ or shortages of land available for development may have a material adverse effect on our revenue from operations, business and results of operations.

Our operations are majorly focused in the Delhi NCR region and in particular, Gurugram and Sohna in Haryana. We are also present in Karnal in Haryana, and have Forthcoming Projects in Manesar, Haryana and Raj Nagar Extension, Ghaziabad in Uttar Pradesh. The availability of developable land, particularly in Delhi NCR and Haryana, is limited and therefore, the acquisition of new land in such area poses substantial challenges, including being highly competitive and costly. Further, due to the increased demand for land in connection with the development of residential, commercial and

retail properties, we have experienced and may continue to experience increased competition in our attempt to acquire land/ interest in such land in the geographical areas in which we operate and the areas in which we anticipate operating in the future. This increased competition may result in a shortage of suitable land that can be used for development and can increase the price of land.

The table below provides details of the land purchased by us in the last three Fiscals:

Fiscal/Period	Area (in acres)	Amount involved (in ₹ million)	Per Acre Cost (in ₹ million)
Fiscal 2021	15.15	1,104.96	72.92
Fiscal 2022	20.20	1,622.33	80.35
Fiscal 2023	147.01	9,758.41	66.38
Total	182.36	12,485.70	68.47

Further, as certified by Bajaj & Bajaj Associates, an independent title lawyer, pursuant to their certificate dated August 21, 2023, the circle rate for the lands purchased by the Company and its Subsidiaries in the last three Fiscals currently ranges from ₹ 7.87 million to ₹ 40.00 million per acre for agricultural land and ₹ 60,000 per square yard for lands in the industrial area.

We may not be able to or may decide not to acquire parcels of land due to various factors including price of land. Further, we may not be able to pass on the cost of acquisition to customers of our real estate projects. Any such increase in the price of land to be used for development could materially and adversely affect our business, prospects, financial condition and results of operations. For further information, please see section entitled "*Government and Other Approvals*" on page 468.

In addition, the use and development of land is subject to regulations by various local authorities. For example, if a specific parcel of land has been deemed as agricultural land, no commercial or residential development is permitted without the prior approval of the local authorities. Such restrictions could lead to further shortage of developable land.

8. ***We may not be able to successfully identify and acquire suitable land or enter into collaboration agreements, which may affect our business and growth prospects. Further, while acquiring land parcels or other properties or entering into collaboration agreements after conducting due diligence and obtaining independent title reports for the land, we may not be aware of legal uncertainties and defects, which may have an adverse impact on our ability to develop and market projects on such lands.***

In the process of identification of land, we focus on identification of land by selecting an appropriate and strategic area, which we believe suits our sector and business purposes. Studies are then conducted based on market data on possible sites while selecting a particular location for development within that area. This data is sourced from interactions with local brokers, landowners, customer calls and other databases available for micro-markets. There can be no assurance that we will be able to identify suitable parcels of land, or that land we identify as suitable will not pose challenges in the process of obtaining approvals and actual construction.

As part of our land acquisition process, we enter into agreements for purchase or similar arrangements with third parties prior to the transfer or conveyance of title to parcels of land to ensure that the sellers of the land satisfy certain conditions within the stipulated time frame specified under these agreements. For instance, the owners of the land may be required to provide to us all of the original deeds and documents in relation to the land. Upon entering into such arrangements, we are required to pay these landowners certain advances towards the purchase of the lands. These arrangements also provide that the lands must be conveyed in our favour within a prescribed period of time, which varies based on the agreement. Further, any indecisiveness or delay on our part to perform our obligations under these arrangements may jeopardize our ability to acquire these identified lands before these agreements expire.

We cannot assure you that such lands will be conveyed to us, that we will be successful in acquiring them or that we will be successful in registering them in our name or in the name of our Subsidiaries.

Further, we have entered into, and may in the future enter into, collaboration agreements with third parties and by virtue of such agreements, acquire development rights to the land. As of March 31, 2023, 13.42 million square feet of estimated Saleable Area out of 38.50 million square feet under 5 Ongoing Projects and 12 Forthcoming Projects are being developed under collaboration agreements of the nature set forth above, with the original landowners. For further information see the section entitled "*Our Business – Business Operations - Developments through Collaboration Agreements*" on page 203. The development rights in respect of certain of our projects are subject to certain conditions including permission to use our *SignatureGlobal* brand for marketing and sale of residential units. In addition, subsequent to March 31, 2023, we have entered into collaboration agreements for 5.44 acres of land and have also entered into a term sheet for a collaboration agreement for 4.26 acres of land in Gurugram, Haryana.

Parties granting us development rights may have litigation pending with respect to the land they own or may not have clear ownership or title to such land. Moreover, collaboration agreements that we enter into may impose certain liabilities and

obligations on us and the landowners or may be subject to fulfilment of certain conditions. For instance, in some cases the land-owner is required to obtain the necessary legal and regulatory approvals for the execution of the project.

The success of the projects we develop and propose to develop going forward, jointly with our partners with whom we enter into collaboration agreements is significantly dependent on the satisfactory performance by such collaboration partners. If these individuals or entities fail to perform their obligations satisfactorily, we may be required to make additional investments, become liable or responsible for the obligations of these entities in the project or be subject to litigation by such partners, which could result in reduced profits or, in some cases, significant losses and a diversion of our management's attention and time. In addition, if we enter into collaboration arrangements, we may be unable to successfully complete the construction, development, marketing or sale of the intended project on schedule, at the intended cost or at all. This may have a material adverse effect on our business, financial condition and results of operations.

Further, while we conduct due diligence and assess such land prior to acquisition of any land or interest in any land, obtaining title guarantees in India is challenging as title records provide only for presumptive rather than guaranteed title of the land. Such land may involve irregularities in title, such as improperly executed or nonexecuted, unregistered or insufficiently stamped conveyance instruments in the chain of title of the relevant land, unregistered encumbrances in favour of third parties, rights of adverse possessors, ownership claims of family members of prior owners, and other defects which may not be revealed through our diligence and assessment. Further, the original title to such land may be fragmented and the land may have multiple owners and such information may not be publicly available or revealed through our diligence and assessment. For instance, our collaboration agreements may not have been stamped or registered. Certain documents are required to be duly registered and adequately stamped under Indian law and if such documents are not duly registered and adequately stamped, we may face challenges in enforcing them and they may be inadmissible as evidence in a court in India. As each transfer in a chain of title may be subject to any such or other defects, our title right over such land may be subject to such irregularities that we are not aware of, and which our diligence and assessment exercise may not reveal. As a result, title to such land is subject to risks and potential liabilities arising from inaccuracy of such information. Such inaccurate information and any defects or irregularities of title may result in the loss of title over such land.

Though we typically obtain independent title reports for the land relating to our projects, we may not be able to assess or identify all the risks and liabilities associated with such land, such as faulty or disputed title, unregistered encumbrances or adverse possession rights. In addition, very few insurance companies in India provide title insurance to guarantee title rights in respect of land and we have not obtained any title insurance in respect of our land. In absence of such title insurance, together with the challenges involved in verifying title to land, may increase our exposure to third party claims to such land. As a result, the uncertainty of title to land makes acquisition and real estate development projects more complex and may impede the transfer of title, expose us to legal disputes and adversely affect the valuation of the land involved.

In addition, disputes relating to land title can take several years and considerable expense to resolve if they become the subject of legal proceedings and their outcome can be uncertain. For instance, a suit for declaration and injunction has been filed by a third party in relation to ownership of land purchased by our Company in Village Kadarapur, Gurugram, Haryana. For further information, please see the section entitled "*Outstanding Litigation and Material Developments*" on page 458. If we or the owners of the land, with whom we enter into collaboration agreements with, are unable to resolve such disputes, the title to and/ or interest in, such land may be affected. As a result, our business, financial condition and results of operations could be materially and adversely affected.

9. *Some of our projects are in the preliminary stages of planning and require approvals and renewals of certain approvals for our projects and we are required to fulfil certain conditions precedent in respect of some of them, which may require us to reschedule our Ongoing Projects and Forthcoming Projects.*

We are required to obtain statutory and regulatory approvals and permits to operate our business, for which applications are required to be made to the concerned authority at appropriate stages of the projects. For example, we are required to obtain the approval of building plans, layout plans, environmental certificate, fire safety clearances, consents to establish and RERA registration certificate for each of our projects. Further, we may be required to renew certain of our existing approvals. While we will make the applications for renewal of these approvals at the appropriate time, we cannot assure you that we will be granted such approvals in a timely manner. Any inability to renew these approvals may have an adverse effect on our operations. For further information regarding the pending material approvals of our Company and Material Subsidiaries, on a consolidated basis, please see the section entitled "*Government and Other Approvals*" on page 468.

Any delay or failure to obtain the required approvals or renewals in accordance with our plans may adversely affect our ability to implement our Ongoing Projects and Forthcoming Projects which may adversely affect our business and prospects. Further, some approvals or renewals of permits for projects under collaboration model may be applied for by the owners of the land. We cannot assure you that the owners of the land will obtain such approvals or renewals, in a timely manner, or at all. Moreover, we may encounter material difficulties in fulfilling any conditions precedent to the approvals or renewals such as failure to obtain a certificate of change of land use in respect of lands designated for purposes other than real estate development. Further, we may not be able to adapt to new laws, regulations or policies that may come into effect from time

to time with respect to the real estate industry in general or the particular processes with respect to the granting of approvals or renewals, which may cause a delay in the implementation of our projects. For instance, if there is a change in the approved land use in urban master plan areas, we may be required to obtain new consents for the use of our land and any failure on our part to obtain such consents may adversely affect our business and results of operation. For further information regarding the pending applications in relation to the material approvals of our Company and Material Subsidiaries, on a consolidated basis, please see the section entitled “Government and Other Approvals” on page 468. Further, we are also required to make certain filings with the RoC, and the Memorandum of Association of our Company has a factual error in the document filed with the RoC.

We cannot assure you that we will be able to obtain approvals or renewals in relation to our new projects, at such times or in such form as we may require, or at all. The laws and regulations, under which we and our subcontractors operate, may result in delays or stoppage in construction and development, causing us to incur substantial compliance costs and other increased costs, and prohibit or severely restrict our real estate and construction businesses. If we are unable to continue to acquire, construct and develop land as a result of these restrictions or if our compliance costs increase substantially, our business, financial condition and results of operations may be adversely affected.

10. We have unsold units among our Ongoing and Completed Projects.

As of March 31, 2023, we had 29 Ongoing Projects. The table below provides certain details of our Ongoing Projects as of March 31, 2023:

Developable Area	Saleable Area	Number of residential units	Number of units unsold	Number of commercial units	Number of units unsold	Percentage of residential units sold (%)	Percentage of residential units unsold (%)	Percentage of commercial units sold (%)	Percentage of commercial units unsold (%)
21,384,724	17,208,636	18,234	3,107	3,444	1,343	82.96	17.04	61.01	38.99

Further, as of March 31, 2023, 99.47% of our residential Completed Projects units and 83.15% of our commercial Completed Projects units were sold and 0.53% of our residential Completed Projects units and 16.85% of our commercial Completed Projects units were unsold.

Given that the market for properties is relatively illiquid, there may be little or insufficient demand for properties at the expected sale price. Though, we own limited unsold inventory in our residential Ongoing and Completed Projects and commercial Completed Projects, the risk of owning unsold inventories in our commercial Ongoing Projects can be substantial and the market value of the same can fluctuate significantly as a result of changing economic and market conditions. If we are unable to sell our unsold inventory currently held, our business, results of operation and financial condition may be adversely affected. Further, as of March 31, 2023, there was no negative impact on us related to taxation for our unsold inventory.

11. Our Subsidiaries have incurred losses in the past, which may have an adverse effect on our reputation and business. Further, there are certain defaults/ delay in payment of statutory dues by certain of our Subsidiaries. Any further default/ delay in payment of statutory dues may attract financial penalties from the respective government authorities and in turn may have a material adverse impact on our financial condition and cash flows.

Our Subsidiaries have incurred losses before taxes in the last three Fiscals, as set out below:

Subsidiary ⁽¹⁾	Fiscal 2021	Fiscal 2022	Fiscal 2023
	(₹ million)		
Signature Builders Private Limited	(4.98)	-	(16.79)
Fantabulous Town Developers Private Limited	(16.33)	(52.68)	(11.52)
Maa-Vaishno Net Tech Private Limited	(26.79)	-	-
Rose Building Solutions Private Limited	(51.80)	(100.85)	(78.18)
Signatureglobal Business Park Private Limited	-	(0.74)	(7.17)
Signatureglobal Developers Private Limited	(70.77)	(179.90)	(125.89)
Forever Buildtech Private Limited	(25.72)	-	-
Indeed Fincap Private Limited	-	-	-
JMK Holdings Private Limited	-	-	(101.05)
Signature Global Homes Private Limited	(133.27)	(28.08)	-
Sternal Buildcon Private Limited	(95.84)	(142.65)	-
Signature Infrabuild Private Limited	(42.46)	(102.09)	(132.91)

(1) Please note that the table above only includes the losses made by the Subsidiaries in the relevant periods. In the event, any Subsidiary has made profits in the relevant periods, such numbers are not included in the table above.

There can be no assurance that our Subsidiaries will not incur losses in the future which may have an adverse effect on our reputation and business.

Further, two of our Subsidiaries had instances of defaults/delay in the payment of certain statutory dues with respect to non-payment of labour cess. The table below provides such details as of March 31, 2023:

Name of Subsidiary	Nature of Statutory dues	Amount outstanding as on March 31, 2023 (₹ million)
Signature Builders Private Limited	Labour cess	1.75
Signatureglobal Developers Private Limited	Labour cess	0.20

There can be no assurance that such defaults/ delay may not arise in the future. This may lead to financial penalties from respective government authorities which may have a material adverse impact on our financial condition and cash flows.

12. We have not been able to obtain certain records of the name change of one of our directors. Further, two of our directors are unable to trace their secondary education degrees.

Our Managing Director, Ravi Aggarwal has been unable to trace copies of documents pertaining to his name change. Accordingly, reliance has been placed on affidavit furnished by him to us and the BRLMs to disclose details of such name change. Further, there can be no assurances that our Director will be able to trace the relevant documents pertaining to his name change in future.

Our Chairman and Whole-time Director, Pradeep Kumar Aggarwal and Vice-Chairman and Whole-time Director, Lalit Kumar Aggarwal, have been unable to trace their degrees confirming completion of senior secondary education. Accordingly, reliance has been placed on affidavits furnished by them to us and the BRLMs to disclose details of such degrees. Further, there can be no assurances that they will be able to trace the relevant documents pertaining to their secondary education degrees in future.

13. Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and may be subject to change based on various factors, some of which are beyond our control. While our Company will receive proceeds from the Fresh Issue, it will not receive any proceeds from the Offer for Sale.

We intend to use the Net Proceeds for (i) repayment or prepayment, in full or in part, of certain borrowings availed by our Company; (ii) infusion of funds in certain of our Subsidiaries, namely Signatureglobal Homes, Signatureglobal Developers, Singnatureglobal Business Park and Sternal Buildcon for repayment or prepayment, in full or in part, of certain borrowings availed by the respective Subsidiaries; and (iii) Inorganic growth through land acquisitions and general corporate purposes, each in the manner specified in the section entitled “Objects of the Offer” on page 96.

The table below provides contribution by each of Signatureglobal Homes, Signatureglobal Developers, Singnatureglobal Business Park and Sternal Buildcon to our revenue from operations including as a percentage of revenue from operations:

Name of the Subsidiary	Fiscal 2021		Fiscal 2022		Fiscal 2023	
	Revenue generated (₹ million)	Revenue generated as a percentage of total revenue (%)	Revenue generated (₹ million)	Revenue generated as a percentage of total revenue (%)	Revenue generated (₹ million)	Revenue generated as a percentage of total revenue (%)
Signatureglobal Homes	7.53	0.92	669.93	7.43	5,226.79	33.64
Signatureglobal Developers	57.94	7.06	4.12	0.04	14.99	0.10
Signatureglobal Business park	0.11	0.00	-	-	-	-
Sternal Buildcon	197.47	24.06	2,664.98	29.57	367.79	2.37

The amount of Net Proceeds to be actually used will be based on our management’s discretion. However, the deployment of the Net Proceeds will be monitored by a monitoring agency appointed pursuant to the SEBI ICDR Regulations. Our internal management estimates may exceed fair market value or the value that would have been determined by third-party appraisals, which may require us to reschedule or reallocate our capital expenditure and may have an adverse impact on our business, financial condition, results of operations and cash flows. We may have to reconsider our estimates or business plans due to changes in underlying factors, some of which are beyond our control, such as interest rate fluctuations, changes in input cost, and other financial and operational factors. Further, while our Company will receive proceeds from the Fresh Issue, it will not receive any proceeds from the sale of Equity Shares pursuant to Offer for Sale by the Selling Shareholder.

Accordingly, potential Bidders in the Offer will need to rely upon our management’s judgment with respect to the use of

Net Proceeds. If we are unable to deploy the Net Proceeds in a timely or an efficient manner, it may affect our business and the results of operations.

14. Any variation in the utilization of the Net Proceeds would be subject to certain compliance requirements, including prior shareholders' approval.

We propose to utilize the Net Proceeds for (i) Repayment or prepayment, in full or in part, of certain borrowings availed by our Company; (ii) Infusion of funds in certain of our Subsidiaries, namely Signatureglobal Homes, Signatureglobal Developers, Signatureglobal Business Park and Sternal Buildcon for repayment or prepayment, in full or in part, of certain borrowings availed by the respective Subsidiaries; and (iii) Inorganic growth through land acquisitions and general corporate purposes, each in the manner specified in the section entitled "*Objects of the Offer*" on page 96. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with Sections 13(8) and 27 of the Companies Act, 2013, we cannot undertake any variation in the utilization of the Net Proceeds without obtaining the shareholders' approval through a special resolution. In the event of any such circumstances that require us to undertake variation in the disclosed utilization of the Net Proceeds, we may not be able to obtain the shareholders' approval in a timely manner, or at all. Any delay or inability in obtaining such shareholders' approval may adversely affect our business or operations.

Further, our Promoters would be required to provide an exit opportunity to Shareholders who do not agree with our proposal to vary any of the objects of the Offer, at a price and manner as prescribed by SEBI. Additionally, the requirement on Promoters to provide an exit opportunity to such dissenting shareholders may deter the Promoters from agreeing to the variation of the proposed utilization of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoters or the controlling shareholders of our Company will have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI.

In light of these factors, we may not be able to undertake variation of objects of the Offer to use any unutilized proceeds of the Offer, if any, or vary the terms of any contract referred to in this Red Herring Prospectus, even if such variation is in the interest of our Company. This may restrict our Company's ability to respond to any change in our business or financial condition by re-deploying the unutilized portion of Net Proceeds, if any, or varying the terms of contract, which may adversely affect our business and results of operations.

15. There is a lack of specificity around one of the proposed objects of the Offer and we have not specifically earmarked the use of the Net Proceeds under the head of the objects of the Offer.

Our Company proposes to deploy a certain portion from the balance Net Proceeds towards funding acquisition of future real estate projects in a manner as approved by our Board from time to time. Although we have identified broad aspects on which the Company intends to utilise the Net Proceeds, the Company has not identified the specific projects which will be undertaken by our Company and accordingly, there are no definitive arrangements with the parties which the Company may enter into. Such initiatives will depend upon our business plans, market conditions, our Board's analysis of economic trends and business requirements, competitive landscape, regulatory conditions as well as general factors affecting our results of operations, financial condition and access to capital. Inability to finalize such activities in a timely manner may delay our deployment of the Net Proceeds and adversely affect our business and future growth. For further information, please see the section entitled "*Objects of the Offer – Inorganic growth through land acquisitions and general corporate purposes*" on page 110.

16. It is difficult to predict our future performance, or compare our historical performance between periods, as our revenue fluctuates significantly from period to period.

Our Company uses Ind AS 115, under which the revenue from real estate projects is recognized only at a point in time upon our Company satisfying its performance obligation, as compared to earlier percentage of completion method as per the Guidance Note on Accounting for Real Estate Transactions. Accordingly, revenue recognition for our projects occurs following the receipt of occupancy certificate and after receipt of substantial amount of collections. When the total project cost in our estimates exceeds total revenues from the projects, the loss is recognized immediately. As the outcome of the contracts cannot be measured reliably during early stages of the project, contract revenue is recognized only to the extent of costs incurred in the statement of profit and loss. Consequently, our income from property development may vary significantly between fiscal/ periods, depending on the size, price and stage of our projects under development. Delay in any of our development activities may lead to variation of project timelines, which in turn may have an adverse effect on our ability to recognize revenue in a particular fiscal/period. Our revenues from sale of constructed properties are also potentially subject to adjustments in subsequent fiscal/periods based on finalisation of estimated costs of project completion. Such fluctuations may be significant in a shorter period within a relevant fiscal owing to a decrease in revenues recognized as per Ind AS 115 and an increase in the cost of revenues, both of which may impact our profitability. Accordingly, our historical revenues may not be comparable to our revenues going forward and period-to-period comparisons of our results of operations may not be meaningful and should not be relied upon as indicative of our future performance.

In addition, our sales depend on our ability to market and sell our projects and the willingness of our customers to pay well in advance of receiving possessions of properties, which can be affected by prevailing market sentiment. Further, we complete differing numbers of projects in each period, and cannot predict with certainty the rate of progress of construction or time of the completion of our real estate developments due to lags in development timetables occasionally caused by unforeseen circumstances.

The following table sets forth certain performance indicators of our operations for the periods indicated:

Particulars	As of and for the years ended March 31,			CAGR ⁽⁶⁾ (Fiscal 2021 to Fiscal2023) (%)
	2021	2022	2023	
Revenue from operations (₹million)	820.57	9,012.98	15,535.70	335.12
Adjusted Gross Profit ⁽¹⁾ (₹million)	96.90	1,278.32	4,078.58	548.77
Adjusted Gross Profit Margin ⁽²⁾ (%)	26.30	14.78	26.78	-
Adjusted EBITDA ⁽³⁾ (₹ million)	(582.85)	273.82	2,155.64	-
Adjusted EBITDA Margin ⁽⁴⁾ (%)	(71.03)	3.04	13.88	-
Net Debt ⁽⁵⁾	5,573.24	5,173.43	10,938.92	40.10

Notes:

- (1) Adjusted Gross Profit is calculated as revenue from real estate operations (comprises revenue from sale of real estate properties, forfeiture income/cancellation charges, compensation received on compulsory acquisition of land and other operating income related to real estate business) less cost of sales relating to real estate operations (i.e., cost of sales as reduced by finance cost written off through cost of sales and cost of sales relating to contracting business).
- (2) Adjusted Gross Profit Margin is calculated as Adjusted Gross Profit divided by revenue from real estate operations (comprises revenue from sale of real estate properties, forfeiture income/cancellation charges, compensation received on compulsory acquisition of land and other operating income related to real estate business).
- (3) Adjusted EBITDA refers to earnings before interest, taxes, depreciation, amortisation (“EBITDA”), plus finance cost written off through cost of sales, Adjustment of gain/loss on fair valuation of derivative instrument and impairment of goodwill.
- (4) Adjusted EBITDA Margin is calculated as Adjusted EBITDA divided by revenue from operations.
- (5) Net Debt is calculated as short term Borrowing plus long term borrowing plus book overdraft less CCDs less cash and cash equivalents less margin money deposit less bank balances other than cash and cash equivalents.
- (6) Compounded Annual Growth Rate (as a %): $(\text{end year value} / \text{base Year Value})^{(1/\text{Number of years between base year and end year})} - 1$, where ^ denotes 'raised to'.

Our revenues and costs may vary significantly between fiscal/periods due to a combination of various factors beyond our control, including registration of sales deeds in a particular period, as well as volatility in expenses such as development rights and construction costs. Depending on our operating results in one or more periods, we may experience cash flow problems, thereby resulting in our business, financial condition and results of operations being adversely affected. Such fluctuations may also adversely affect our ability to fund our Ongoing and Forthcoming Projects.

As a result of one or more of these factors, we may record significant turnover or profits during one accounting period and significantly lower turnover or profits during prior or subsequent periods. Therefore, we believe that period to period comparisons of our results of operations are not necessarily meaningful and should not be relied upon as indicative of our future performance.

17. Significant increases in prices (including for increase in taxes and levies) or shortage of or delay or disruption in supply of, construction materials, contract labour and equipment could adversely affect our estimated construction cost and timelines resulting in cost overruns.

Our principal construction materials include cement, sand, steel, brick, ready-mix concrete and aluminium. These materials are sourced from third party vendors. The prices and supply of these and other construction materials depends on factors beyond our control, including general economic conditions, competition, production levels, transportation costs, government taxes and levies, and import duties. Our ability to develop and construct projects profitably and within the given timeframe is dependent on our ability to obtain adequate and timely supply of construction materials within our estimated budget. We do not have longterm agreements with our construction material suppliers, other than for ready-mix concrete and typically procure materials on the basis of purchase orders. Certain raw materials are covered within the scope of work of the relevant contractors. While we do not rely on any single supplier, if our primary suppliers of construction materials curtail or discontinue their delivery of such materials to us in the quantities we need and at reasonable prices, our ability to meet our material requirements for our projects could be impaired, our construction schedules could be disrupted, and we may not be able to complete our projects as per schedule. Prices of certain building materials are susceptible to increase including for increase in government taxes and levies. During periods of shortage in supply of building materials or due to a delay or disruption in supply of building materials, we may not be able to complete our projects as per schedule or at estimated costs. We may also not be able to pass on any increase in the costs incurred for procuring construction materials to our customers, which could adversely affect our results of operations and impact our financial condition. Given that the price at which we can sell is capped as per the AHP and DDJAY, our business and financial performance is dependent on such policies and the benefits afforded to us under such policies.

We also incur expenses towards project execution that primarily includes employee and contract labour costs, and other subcontractor expenses. The cost and supply of employee and contract labour depend on various factors beyond our control,

including general economic conditions, competition and minimum wage rates. Any increase in construction material and labour costs, may impair our ability to meet construction schedules and our business, financial condition and results of operations may be adversely affected.

18. The industry in which we operate is competitive and increasing consolidation in a market dominated by branded developers may adversely affect our results.

The Indian real estate sector has witnessed consolidation in the past few years. With the implementation of RERA, financially weak developers were not able to adhere to compliance norms and were, therefore, either going out of business or consolidating with larger players. (Source: Anarock Report) It is likely that in the near to medium term consolidation will further accelerate and larger, listed players will see disproportionate growth vis-a-vis the industry. (Source: Anarock Report).

We compete for land, manpower resources and skilled personnel with other large developers. Some of our competitors may have greater resources (including financial, land resources, and other types of infrastructure) to take advantage of efficiencies created by size, and access to capital at lower costs, have a better brand recall, and established relationships with homeowners. Our success in the future will depend significantly on our ability to maintain and increase market share in the face of such competition. Our inability to compete successfully with the existing players in the industry, may affect our business prospects and financial condition.

19. An inability to complete our Ongoing Projects and Forthcoming Projects by their respective expected completion dates or at all could have a material adverse effect on our business, results of operations and financial condition.

Our projects are developed on land either owned by us or land with respect to which we have entered into collaboration agreements. As of March 31, 2023, our Ongoing Projects had an aggregate Developable Area of 21.38 million square feet and an aggregate Saleable Area of 17.21 million square feet, while our Forthcoming Projects had an aggregate estimated Developable Area of 24.51 million square feet and an aggregate estimated Saleable Area of 21.29 million square feet.

The table below provides details of the time taken for construction of our Completed Projects:

Project	Project Environment Clearance Date	Occupation Certificate Receipt Date	Construction Period (Years)*
Solera	January 5, 2015	October 3, 2018	3.7
Synera	March 9, 2015	October 24, 2019	4.6
Grand Iva	September 29, 2016	April 20, 2021	4.6
Orchard Avenue	September 29, 2016	April 20, 2021	4.6
Serenas	May 18, 2017	March 25, 2022	4.9
The Roselia	May 18, 2017	May 6, 2022	5.0
The Roselia 2	January 28, 2019	May 6, 2022	3.3
Solera 2	September 5, 2017	May 6, 2022	4.7
Sunrise	April 4, 2018	In different phases starting from February 27, 2019, to October 21, 2021, for residential units	3.6

*Time period between receipt of Environment Clearance and Occupation Certificate.

Our ability to complete our projects within the estimated time or at all is subject to a number of risks and unforeseen events, including, without limitation, clear title to the relevant plot of land, any changes in applicable regulations, availability of adequate financing arrangements on commercially viable terms, an inability or delay in securing necessary statutory or regulatory approvals for such projects, expiration of agreements to develop land owing to contingencies such as non-procurement of requisite approvals or letter of intent within stipulated date or upon mutual agreement, natural disasters and weather conditions, outbreak of infectious diseases such as COVID-19, reliance on third-party contractors and the ability of third parties to complete their services on schedule and in budget and the risk of decreased market demand subsequent to the launch of a project.

Further, if there are any revisions made to the existing plans, approvals, permits or licenses granted for our Ongoing Projects by relevant authorities, then we may, as a result of such revisions, be required to undertake unplanned rework, including demolition on such projects. Such an occurrence may result in time and cost overruns in our ongoing projects. We are required to make regular filings with relevant authorities on an on-going basis at different stages for our Ongoing and Completed Projects. Further, with regard to title related litigations involving our projects, please see section entitled “Outstanding Litigation and Material Developments” on page 458.

In addition, the table below provides details of the two land parcels acquired by us for conveyance which are pending as of March 31, 2023:

S. No.	Land details	Status of Conveyance
1.	2.30 acres situated in Gadoli Kalan, Gurugram, Haryana	We are in the process of seeking the approval from the Town and Country Planning Department, Government of Haryana, for change in the developer.
2.	16.30 acres situated in Gadoli Kalan, Gurugram, Haryana	The land has been conveyed in our favour.

In addition, subsequent to March 31, 2023, we have acquired 3.96 acres of land by entering into fresh sale deeds, and have also entered into collaboration agreements for 5.44 acres of land. In addition, we have entered into an agreement for sale for two land parcels admeasuring 25.75 acres and 16.12 acres, respectively, located in Gurugram, Haryana and have also entered into a term sheet for a collaboration agreement for 4.26 acres of land in Gurugram, Haryana. The table below provides details of the conveyance of these land parcels:

S. No.	Land details	Status of Conveyance
1.	25.75 acres situated in Vill Fazilpur, Gurugram, Haryana	Still to be conveyed in our favour
2.	16.12 acres situated in Vill Fazilpur, Gurugram, Haryana	We are in advance discussions with landowner to enter in to a joint development agreement for the development of land.
3.	4.26 acres situated in Vill Fazilpur, Gurugram, Haryana	We have entered into a term sheet and are in advance discussions with landowner to enter in to a collaboration agreement for the development of land.

If any of the foregoing risks materialize, we may not be able to complete our Ongoing Projects and Forthcoming Projects in the manner we currently contemplate, which could have a material adverse effect on our business, results of operations and financial condition.

20. *Nine of our Completed Projects under AHP have not received a completion certificate while 12 of our Ongoing Projects under AHP and 14 of our Ongoing Projects under DDJAY-AHP have not received occupation certificate from relevant authorities, as applicable*

For projects under the AHP, we are required to obtain occupation certificates, followed by completion certificates. For projects under the DDJAY-AHP, we are required to obtain completion certificates first, followed by occupation certificates for each plot. We classify projects as Completed Projects once we receive occupation certificates for the project. As of March 31, 2023, nine of our Completed Projects under AHP which were developed and have received occupation certificates for all units, have not received completion certificates.

The table below provides details of our Completed Projects under AHP for which we have not received completion certificate:

Name of the Completed Project	Scheme	Reasons for Delay	Whether our Company delayed in applying for Occupation Certificate
Solera	AHP	We have applied for the completion certificate with the relevant authority and is pending with such authority	No
Synera	AHP	We have applied for the completion certificate with the relevant authority and is pending with such authority	No
Grand Iva	AHP	We have applied for the completion certificate with the relevant authority and is pending with such authority	No

(1) Others – Commercial Project

We cannot assure you that action will not be taken against us by the relevant authorities in the future, in relation to the non-receipt of completion certificates. Further, if we are unable to obtain completion certificates for any of our other projects in future, there can be no assurance that action will not be taken against us in connection with such non-receipt. For further details, please see the section entitled “Government and Other Approvals” on page 468.

21. Work stoppages, shortage of labour and other labour problems could adversely affect our business. Further, our operations are dependent on contract labour and an inability to access adequate contract labour at reasonable costs at our project sites may adversely affect our business prospects and results of operations.

We operate in a labour-intensive industry and if our relationships with our employees deteriorate, or the relationships of the independent contractors and their personnel deteriorate, we may experience labour unrest, strikes or other labour action and work stoppages. Although none of our employees are currently unionized, we cannot assure you that our employees will not unionize, or attempt to unionize in the future, that they will not otherwise seek higher wages and enhanced employee benefits. The unionization of our employees could result in an increase in wage expenses and our cost of employee benefits, limit our ability to provide certain services to our customers, and result in increased expenditures, any of which could have a material adverse effect on our business, financial condition and results of operations. In addition, disputes with employees could also adversely affect our reputation with our customers. Any initiatives we undertake to prevent unrest from our employees, may be ineffective, and there can be no assurance that we will not experience any labour unrest, strikes, or other labour action and work stoppages from our employees in the future.

Further, we also depend on third party contractors for the provision of various services associated with our business. Such third-party contractors and their employees/ workmen may also be subject to similar labour legislations. Although we do not engage these labourers directly, we may be held responsible for any wage payments to be made to such labourers in the event of default by such third-party contractors to pay the labourers’ wage payments. Any requirement to fund their wage requirements may have an adverse impact on our results of operations and financial condition. The cost and supply of employee and contract labour depend on various factors beyond our control, including general economic conditions, competition and minimum wage rates. In the event of any non-compliance by contractors with statutory requirements, legal proceedings may also be initiated against us. These factors could adversely affect our business, financial position, results of operations and cash flows.

22. There are certain outstanding litigation proceedings involving our Company, Subsidiaries, Directors, Promoters and Group Companies, an adverse outcome in which, may have an adverse impact on our reputation, business, financial condition, results of operations and cash flows.

There are outstanding legal proceedings involving our Company, Subsidiaries, Directors, Promoters and Group Companies which are pending at varying levels of adjudication at different fora. Such proceedings could divert management time and attention and consume financial resources in their defence or prosecution. The amounts claimed in these proceedings have been disclosed to the extent ascertainable and quantifiable and include amounts claimed jointly and severally from our Company, our Directors and our Subsidiaries. The summary of outstanding matters set out below includes details of outstanding criminal proceedings, tax proceedings, statutory and regulatory actions and other material pending litigation involving our Company, Subsidiaries, Directors, Promoters and Group Companies.

Excluding the 26 pending RERA matters against our Company and our Subsidiaries wherein no notice or intimation has been issued by the regulatory authority or third-party complainant to our Company and our Subsidiaries.

*The amounts indicated above are approximate amounts and have been disclosed to the extent ascertainable. The interest rates and delayed possession charges claimed by any third party claimants have been excluded from calculation of the aggregate amount.

**Inclusive of pending consumer case and regulatory notice against our Promoter and Managing Director, Ravi Aggarwal and our Promoters and Directors, Devender Aggarwal and Lalit Kumar Aggarwal, respectively.

We cannot assure you that any of these matters will be settled in favour of our Company, Subsidiaries, Promoters, Directors or Group Companies, respectively, or that no additional liability will arise out of these proceedings. Further, there can be no assurance that our Company or the relevant Subsidiaries, Promoters, Directors or Group Companies will be able to accurately quantify the potential impact of such proceedings. An adverse outcome in any of these proceedings may have an adverse effect on our business, financial position, prospects, results of operations, and our reputation. For further information on our material litigation, please see the section entitled “*Outstanding Litigation and Material Developments*” on page 458.

23. Non-compliance with, and changes in, safety, health and environmental laws could adversely affect our projects.

We are subject to a broad range of safety, health and environmental laws in the jurisdictions in which we operate in the ordinary course of our business, including on controls on noise emissions, air and water discharges, on the storage, handling, discharge and disposal of chemicals, employee exposure to hazardous substances and other aspects of our operations. Under these laws, license holder and/or developers of property may be liable for the costs of removal or remediation of certain hazardous substances or other regulated materials on or in such property. Such laws often impose such liability without regard to whether the owner or operator knew of, or was responsible for, any environmental damage or pollution and the presence of such substances or materials. The cost of investigation, remediation or removal of these substances may be substantial. Environmental laws may also impose compliance obligations on license holder and/or developers of the project with respect to the management of hazardous materials and other regulated substances. Failure to comply with these laws can result in penalties or other sanctions. Further, our Ongoing Projects are also subject to orders from courts and tribunals and in particular the National Green Tribunal (“NGT”). The NGT has, recent times imposed a number of restrictions on real estate developers and construction activities to curb pollution levels in the months of December and January in north India. These measures could result in a delay in completion of our projects, which could have an adverse impact on our business, financial condition and results of operations.

In addition, we are required to conduct an environmental assessment of some of our projects before receiving regulatory approval for these projects. These environmental assessments may reveal material environmental problems, which could result in our not obtaining the required approvals. If environmental problems are discovered during or after the development of a property, we may incur substantial liabilities relating to clean up and other remedial measures and the value of the relevant projects could be adversely affected. Environmental reports that we may request a third party to prepare with respect to any of our properties may not reveal (i) all environmental liabilities, (ii) that any prior owner or operator of our properties did not create any material environmental condition not known to us, or (iii) that a material environmental condition does not otherwise exist as to any one or more of our properties. There also exists the risk that material environmental conditions, liabilities or compliance concerns may have arisen after the review was completed or may arise in the future. Finally, future laws, ordinances or regulations and future interpretations of existing laws, ordinances or regulations may impose additional material environmental liability.

While we believe we are in compliance in all material respects with all applicable safety, health and environmental laws and regulations, the discharge hazardous substances or other pollutants into the air, soil or water may nevertheless cause us to be liable to the GoI or to third parties. In addition, we may be required to incur costs to remedy the damage caused by such discharges, pay fines or other penalties for non-compliance, which may adversely affect our financial condition and results of operations. Accordingly, compliance with, and changes in, safety, health and environmental laws may increase our compliance costs and as a result adversely affect our financial condition and results of operations.

24. Our Investor Agreements contain certain conditions which may adversely affect our business, financial condition and results of operations.

We had entered into agreements with HCARE and IFC (“**Investors Agreements**”) pursuant to which HCARE and IFC had invested in the compulsorily convertible debentures of our Company. Such compulsorily convertible debentures have been converted into 11,089,554 Equity Shares of our Company. Certain business decisions require the prior consent of HCARE and IFC, such as in the case of, among other things, changing the primary business activities of our Company or our Subsidiaries, incurring indebtedness beyond certain levels, amending the Articles of Association or the Memorandum of Association. There can be no assurance that that such investors will vote in favour of our interests or cause delays in making business decisions and prevent us from implementing decisions which could be beneficial to our business, financial condition and results of operations, until the date of listing of Equity Shares on the Stock Exchange(s).

For further information, please see the section entitled “*History and Certain Corporate Matters*” on page 216.

25. Our financing agreements impose certain restrictions on our operations, and our failure to comply with operational and financial covenants may adversely affect our reputation, business and financial condition.

As of March 31, 2023, our total borrowings, including interest accrued (without impact of effective interest rate (“**EIR**”) adjustments), stood at ₹ 17,510.80 million. For further information, please see the section entitled “*Financial Indebtedness*” on page 455. We may also incur additional indebtedness in the future. Our ability to meet our debt service obligations and repay our outstanding borrowings depends primarily on the revenue generated by our business, and we cannot assure you that we will generate sufficient revenues to service existing or proposed borrowings or fund other liquidity needs. Increasing our level of indebtedness could have several important consequences, including but not limited to the following: a portion of our cash flow may be used towards repayment of our existing debt, which will reduce the availability of our cash flow to fund working capital, acquisitions and other general corporate requirements; our ability to obtain additional financing in the future at reasonable terms may be affected; fluctuations in market interest rates may affect the cost of our borrowings, as some of our indebtedness are at variable interest rates. We may have difficulty satisfying payment and other obligations under our existing financing arrangements and an inability to comply with these requirements could result in an event of default, acceleration of our repayment obligations and/ or other assets; there could be a material adverse effect on our business, financial condition and results of operations if we are unable to service our indebtedness or otherwise comply with financial and other covenants specified in the financing agreements; and we may be more vulnerable to economic downturns.

Additionally, our financing agreements contain certain restrictive covenants and events of default that limit our ability to undertake certain types of transactions, which may adversely affect our business and financial condition. These financing agreements also require us to maintain certain financial ratios. However, since we had a negative net worth on account of being a loss-making entity in the last three Fiscals, certain ratios which we are required to maintain under our financing agreements cannot be calculated. While we have received confirmation from our lenders that no notice of default has been issued thus far, we cannot assure you that moving forward no such notices of default will be issued to us for maintaining the required ratios as prescribed under our financing agreements.

Set forth below are the compulsive ratios required to be maintained by us, in terms of the financing agreements which can be calculated, along with the status of compliance:

Ratios	Compliance Status (as of March 31, 2023)*
Security cover ratio/ loan to collateral ratio	Complied with
Receivable cover ratio	Complied with
Equity and sales to debt ratio	Complied with

* Compliance with ratios are tested on an annual basis

Further, certain restrictive covenants under our financing agreements which require seeking a prior consent from the respective lenders of our Company’s lenders include restrictions on: amending or modifying the constitutional documents of our Company; any change in the constitution of the board of directors of the Company and management set up of the Company; effecting changes in our Company’s capital structure and shareholding pattern, including by way of a bonus or split of the Equity Shares and by way of the Offer; and effecting changes in the shareholding pattern of our Company, including shareholding of the promoter and promoter group of the Company by way of sale, transfer or disposal of the Equity Shares held by the promoters and/or promoter group of the Company resulting in dilution of their shareholding and lock-in of their respective shareholding, post the Offer. Additionally, there are certain restrictive covenants under the financing agreements availed by our Subsidiaries which require seeking a prior consent from the respective lenders, which include restrictions on: change in the capital structure and/or ownership of our Company and in the shareholding pattern of our Company, by way of sale, transfer or disposal of the Equity Shares held by the promoters and/or promoter group of our Company resulting in dilution of our shareholding and lock-in of their respective shareholding, post the Offer and any changes in the composition of the board of directors of our Company, including in compliance with the Companies Act, 2013 and the rules and regulations made thereunder, and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, each as amended. Further, under the terms of certain of our financing agreements, in several cases, a charge has been created, in favour of the lenders, over the land owned or being developed by us, in respect of the projects for which financing has been availed along with a charge on the receivables from the respective projects. Such security may be invoked by the lenders in the event of defaults under the

respective financing agreements. For further information, please see the section entitled “*Financial Indebtedness*” on page 455.

Failure to meet the conditions listed above or obtain consents from lenders, as may be required, could invoke certain penalty clauses or any other consequence of events of default set out in the respective financing arrangement, which could have significant consequences for our business. Compliance with the various terms of such financing arrangements, however, is subject to interpretation and there can be no assurance that we have requested or received all relevant consents from our lenders as contemplated under our financing arrangements in a timely manner or at all. It may be possible for a lender to assert that we have not complied with all applicable terms under our existing financing documents in a timely manner or at all. Any failure to comply with the requirement to obtain a consent, or other condition or covenant under our financing agreements that is not waived by our lenders or is not otherwise cured by us, may lead to a termination of our credit facilities, acceleration of all amounts due under such facilities and trigger cross default provisions under certain of our other financing agreements, and may materially and adversely affect our ability to conduct our business and operations or implement our business plans.

We cannot assure you that we will have adequate funds at all times to repay these credit facilities and may also be subject to demands for the payment of penal interest. Moreover, our ability to borrow and the terms of our borrowings depend on our financial condition, the stability of our cash flows and our capacity to service debt in a rising interest rate environment.

26. *A portion of the Net Proceeds may be utilized for repayment or pre-payment of loans availed by our Company from ICICI Bank Limited, which is an affiliate of ICICI Securities Limited, one of the BRLMs.*

We propose to repay or pre-pay loans availed by our Company from ICICI Bank Limited from the Net Proceeds. For further information, see “*Objects of the Offer*” on page 96. ICICI Bank Limited is an affiliate of ICICI Securities Limited and is not an associate of our Company in terms of the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992. The loans sanctioned to our Company by ICICI Bank Limited was done as part of its lending activities in the ordinary course of business and we do not believe that there is any conflict of interest under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992, as amended, or any other applicable SEBI rules or regulations. The Board of Directors of our Company has chosen the loans and facilities to be repaid/prepaid based on commercial considerations, as set forth in “*Objects of the Offer*” on page 96. However, there can be no assurance that the repayment/prepayment of such loans from the Net Proceeds to an affiliate of the BRLMs will not be perceived as a current or potential conflict of interest.

27. *We own and have applied for registrations of certain intellectual property rights and any failure to enforce our rights could have an adverse effect on our business prospects.*

As on the date of this Red Herring Prospectus, we have 81 registered trademarks including our *SignatureGlobal* brand and various names and logos of our projects, under various classes, with the registrar of trademarks. We have made 70 trademark applications, relating to the names of our projects, that are currently pending for registration. Out of the applications pending for registration, 20 have been opposed, 22 have been objected and 28 are newly applied. Any failure to renew registration of our registered trademarks may affect our right to use them in future. If we are unable to register our trademarks for various reasons including our inability to remove objections to our trademark applications, or if any of our unregistered trademarks are registered in favour of or used by a third party, we may not be able to claim registered ownership of such trademarks and consequently, we may not be able to seek remedies for infringement of those trademarks by third parties other than relief against passing off by other entities, causing damage to our business prospects, reputation and goodwill. Further, our efforts to protect our intellectual property may not be adequate and any third party claim on any of our unprotected brands may lead to erosion of our business value and our reputation, which could adversely affect our operations. Third parties may also infringe or copy our registered trademarks. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our trademarks.

Further, we may not be able to maintain our competitive edge if we do not maintain our brand name and identity, which we believe is a principal factor that differentiates us from our competitors. If we are unable to compete successfully, we could lose our customers, which would negatively affect our financial performance and profitability. Moreover, our ability to protect, enforce or utilize our brands is subject to risks, including general litigation risks.

Finally, while we take care to ensure that we comply with the intellectual property rights of others, we cannot determine with certainty whether we are infringing any existing third-party intellectual property rights, which may force us to alter our offerings. We may also be susceptible to claims from third parties asserting infringement and other related claims.

28. *Sales of our projects may be adversely affected by the inability of our prospective customers to obtain financing for purchase of property.*

Lower interest rates on housing finance from Indian banks and housing finance companies, particularly for residential real estate, combined with the favourable tax treatment of loans facilitate growth of the Indian real estate market. In order to

infuse liquidity into the market, the RBI reduced the repo rate by 115 basis points during the period from February 2020 to December 2021, which resulted in reduction in the home loan interest rates. However, in recent times, RBI has been increasing the repo rates; as of May 2023, repo rate has been increased to 6.5% from 4.4% (as of May 2022) which has impacted the home loan rates. (Source: Anarock Report) In June 2023, the RBI kept the repo rate unchanged at 6.5% on account of the easing of retail inflation and the potential for further decline, indicating the effectiveness of previous policy rate actions. (Source: Anarock Report) Any changes in the tax treatment with respect to the repayment of principal on housing loans and interest paid on housing loans is likely to affect demand for residential real estate. There are various tax benefits under the Income-tax Act which are available to purchasers of residential premises who utilize loans from banks or financial institutions. This could adversely affect the ability or willingness of our potential customers to purchase residential apartments. Further, adverse changes in interest rates affect the ability and willingness of prospective real estate customers, particularly customers of residential properties, to obtain financing for the purchase of our projects. A decision by the RBI to increase the repo rate could impose an inflation risk as the interest rates charged by banks on home loans from our prospective customers have in the past, and may continue to, be increased. Interest rates at which our customers may borrow funds for the purchase of our properties affects the affordability of our real estate projects. Any changes in the home loans market, making home loans less attractive to our customers may adversely affect our business, future growth and results of operations.

29. Our business is capital intensive and requires significant expenditure for development and is therefore heavily dependent on the availability of real estate financing, which may not be available on terms acceptable to us in a timely manner or at all.

Development of real estate projects involves significant expenses, a large part of which we fund through real estate financing from banks and other financial institutions. As of March 31, 2023, our total borrowings, including interest accrued (without impact of EIR adjustments) stood at ₹ 17,510.80 million. We had availed an aggregate borrowing of ₹ 200.00 million towards three of our Completed Projects as of March 31, 2023. The total amount outstanding towards the aforementioned loan was ₹ 115.00 million as of March 31, 2023. Since, the term of the borrowing is for 60 months with repayment starting from March 2, 2022, such amount was outstanding including for one of our Completed Projects as of March 31, 2023. For further information, please see the section entitled "Objects of the Offer" on page 96. Our business requires a significant amount of working capital for activities including the performance of engineering, construction and other works on projects before we receive payment from our clients. We typically meet our working capital requirements from external debt availed from banks and financial institutions. For further information on our secured borrowings, please see the section entitled "Financial Indebtedness" on page 455. Our ability to borrow and the terms of our borrowings will depend on our financial condition, the stability of our cash flows and our capacity to service debt in a rising interest rate environment. If we are unable to sell our inventory of units, or there are cancellation of presales or regulatory changes restricting the use of revenue generated from presales, our working capital requirements are likely to increase significantly and may thereby adversely impact our operations. All of these factors may result in increases in the amount of our receivables and short-term borrowings.

The table below provides details of our working capital requirements in the periods indicated:

Particular	Fiscal 2021 (in ₹ million)	Fiscal 2022 (in ₹ million)	Fiscal 2023 (in ₹ million)
Working capital loans	6,486.56	6,281.11	8,848.39

The actual amount and timing of our future capital requirements may also differ from estimates as a result of, among other things, unforeseen delays or cost overruns in developing our projects, change in business plans due to prevailing economic conditions, unanticipated expenses, regulatory changes and engineering design changes. To the extent our planned expenditure requirements exceed our available resources, we will be required to seek additional debt or equity financing. We may also have difficulty accessing capital markets, which may make it more difficult or expensive to obtain financing in the future.

Moreover, certain of our loan documents contain provisions that may limit our ability to avail future debt, make certain payments or take certain actions. In addition, the availability of borrowed funds for our business may be greatly reduced, and lenders may require us to invest increased amounts of funds in a certain project or require increased security coverage in connection with both new loans and the extension of facilities under existing loans. We may not be successful in obtaining these additional funds in a timely manner, or on favourable terms or at all. Without sufficient liquidity, we may not be able to acquire additional land or develop additional projects, which would adversely affect our results of operations. If we do not have access to additional capital, we may be required to delay, postpone or abandon some or all of our projects or reduce capital expenditures and the size of our operations, any of which may adversely affect our business, financial conditions and results of operations.

Our ability to make payments on our indebtedness will depend on our future performance and our ability to generate cash, which, to a certain extent, is subject to general economic, financial, competitive, legislative, legal, regulatory and other factors, many of which are beyond our control. If our future cash flows from operations and other capital resources are insufficient to

pay our debt obligations, our contractual obligations, or to fund our other liquidity needs, we may be forced to sell our assets or attempt to restructure or refinance our existing indebtedness. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments may restrict us from adopting some of these alternatives. In addition, any failure to make payments of interest and principal on our outstanding indebtedness on a timely basis would likely result in a reduction of our creditworthiness and/ or credit rating, which could harm our ability to incur additional indebtedness on acceptable terms.

30. *Some or all of our outstanding receivables against the bookings may not be received in the future which may adversely affect our business prospects, financial conditions and results of operations.*

At the time of the booking of units in our various projects, our customers pay us a booking amount, which is usually a small portion of the entire consideration. Upon the receipt of such booking amount, we book the unit in favour of the customer, and the customer remains under an obligation to make instalment payments to satisfy payment of the entire consideration. Sometimes customers default in making timely instalment payments. However, we retain the right to forfeit the booking amount and cancel the registration of such a defaulting customer. Therefore, the outstanding receivables against the booked units may or may not be received in future and we may not be able to make a fresh sale of such units which may adversely affect our business prospects, financial conditions and result of operations.

31. *Our financial condition and results of operations could be adversely affected by the incidence and change in the rate of property taxes and stamp duties.*

As a real estate development company, we are subject to the property tax regime in Haryana and in other states where are present. We are also subject to stamp duty for the agreement entered into in respect of the properties we buy and sell. These taxes could increase in the future, and new types of property taxes and stamp duties may be introduced which will increase our overall costs. If these property taxes and stamp duties increase, the cost of buying, selling and owning properties may rise. Additionally, if stamp duties were to be levied on instruments evidencing transactions which we believe are currently not subject to such duties, our acquisition costs and sale values may be affected, resulting in a reduction of our profitability. Any such changes in the incidence or rates of property taxes or stamp duties could have an adverse effect on our financial condition and results of operations.

32. *Our business and financial condition could be adversely affected if our customers decide not to avail property management services.*

As part of our business, we provide property management services by engaging third parties to provide such services in our projects (residential and commercial). These services include, among others, security management, soft services like housekeeping, horticulture and engineering services like plumbing. If the owners of the projects that we have developed decide not to avail such services, our property management business may be negatively impacted, which in turn could adversely affect the attractiveness of our projects. In Fiscal 2021, 2022 and 2023, revenue from construction contracts were ₹ 356.29 million, ₹ 250.21 million and ₹ 235.19 million representing 43.42%, 2.78% and 1.51% of our revenue from operations, respectively.

33. *We rely on our information technology systems for our operations and its reliability and functionality is critical to the success of our business.*

We rely on our information technology systems for our operations and its reliability and functionality is critical to our business success. We sell our projects online and rely on IT for internal controls. Our growing dependence on the IT infrastructure, applications, and data has caused us to have a vested interest in its reliability and functionality, which can be affected by a number of factors, including, the increasing complexity of the IT systems, frequent change and short life span due to technological advancements and data security. If our IT systems malfunction or experience extended periods of down time, we may not be able to run our operations safely or efficiently. We may also lose out on potential customers if our website witnesses downtime. We may suffer losses in revenue, reputation and volume of business and our financial condition and results of operation may be materially and adversely affected. So far, we have not experienced any material widespread disruptions of service to our clients, but there can be no assurance that we may not encounter disruptions in the future.

Our information technology systems may be vulnerable to computer viruses, privacy, hacking or similar disruptive problems. Computer viruses or problems caused by third parties could lead to disruptions in our ability to maintain a track record and analyse the work in progress, cause loss of data and disruption in operations, including an ability to assess the progress of the projects, status of constructions, process financial information or manage creditors/debtors or engage in normal business activities. Moreover, we may not operate an adequate disaster recovery system. Fixing such problems caused by computer viruses or security breaches may require interruptions or delays, which could adversely affect our operations. Breaches of our information technology systems may result in unauthorized access to confidential information, including in relation to our projects. Such breaches of our information technology systems may require us to incur further

expenditure to put in place advanced security systems to prevent any unauthorized access to our networks.

34. *Our operations and the work force, customers and/ or third parties on property sites are exposed to various hazards, which could adversely affect our business, financial condition and results of operations.*

We conduct various site studies to identify potential risks prior to the acquisition of any parcel of land or development rights for a parcel of land and its construction and development. However, there are certain unanticipated or unforeseen risks that may arise due to adverse weather and geological conditions such as outbreaks of storms, hurricanes, lightning, floods, landslides, rockslides and earthquakes and other reasons. Additionally, our operations are subject to hazards inherent in providing such services, such as risk of equipment failure, impact from falling objects, collision, work accidents, fire, or explosion, including hazards that may cause injury and loss of life, severe damage to and destruction of property and equipment, and environmental damage. Accidents and, in particular, fatalities may have an adverse impact on our reputation and may result in fines and/or investigations by public authorities as well as litigation from injured workers or their dependents.

If any one of these hazards or other hazards were to occur involving our workforce, customers and/or third parties on property sites, our business, financial condition and results of operations may be adversely affected. Further, we may incur additional costs for reconstruction of our projects which are damaged by hazards which may not be covered adequately or at all by the insurance coverage we maintain, and this may adversely affect our business, reputation and financial condition.

35. *Fraud or improper conduct may delay the development of a project and adversely affect our business and results of operations.*

The real estate development and construction market in India is not immune to the risks of fraud or improper practices. Large construction projects are prone to fraud or improper conduct, including deliberate poor workmanship, theft or embezzlement by employees, contractors or customers or the deliberate supply of low-quality materials. If we or any other persons involved in any of the projects are the victim of or involved in any such practices, our reputation or our ability to complete the relevant projects as contemplated may be disrupted, thereby adversely affecting our business and results of operations.

36. *We may experience difficulties in expanding our business into additional geographical markets. Failure to successfully implement our expansion strategies and our development plans may materially and adversely affect our business prospects, financial conditions and results of operations*

While the Delhi NCR region and in particular, the micro markets within Gurugram and Sohna real estate market remain and are expected to remain our primary strategic focus, we may also evaluate attractive growth opportunities in various other micro markets on a case by case basis. We may not be able to leverage our experience in existing micro markets to expand our operations in other micro markets in the Delhi NCR region, should we decide to further expand our operations. In addition, as we enter new micro markets, we are likely to compete not only with national developers, but also local developers who have an established local presence, are more familiar with local regulations, business practices and customs, have stronger relationships with local contractors, suppliers, relevant government authorities or are in a stronger financial position than us, all of which may give them a competitive advantage over us. Pursuing these strategies may place significant demands on our management as well as our financial resources and accounting and operating systems. Even if we have successfully executed our business strategies in the past in the Delhi NCR region, we cannot assure you that we will be able to execute our strategies on time and within the estimated budget, or that we will meet the expectations of targeted customers. Our failure to execute our growth strategy may result in our inability to maintain prior rates of growth.

If we plan to expand our geographical footprint, our business will be exposed to various additional challenges, including adjusting our construction methods to different terrains; obtaining necessary governmental approvals and building permits under unfamiliar regulatory regimes; identifying and collaborating with local business partners, construction contractors and suppliers with whom we may have no previous working relationship; successfully gauging market conditions in local real estate markets with which we have no previous familiarity; attracting potential customers in a market in which we do not have significant experience or visibility or brand recognition; being susceptible to local taxation in additional geographical areas of India; and adapting our marketing strategy and operations to different regions of India in which other languages are spoken. Such expansion also increases the challenges involved in preserving a uniform culture, set of values and work environment across our business operations, developing and improving our internal administrative infrastructure, particularly our financial, operational, communications, internal control and other internal systems, recruiting, training and retaining management, technical and marketing personnel, maintaining high levels of customer satisfaction, and adhering to health, safety, and environmental standards. Our inability to expand into other areas, and our inability to manage any such expansion, may adversely affect our business prospects, financial conditions and results of operations.

37. *Our success depends in large part upon our qualified personnel, including our senior management, directors and key management personnel, and the loss of or our inability to attract or retain such persons could adversely affect our business, results of operations and financial condition.*

Our operations are dependent on our ability to attract and retain qualified personnel. While we believe that we currently

have adequate qualified personnel, we may not be able to continuously attract or retain such personnel, or retain them on acceptable terms, given the demand for such personnel. The loss of the services of our qualified personnel may adversely affect our business, results of operations and financial condition.

As of March 31, 2023, we had 963 employees. In Fiscal 2021, 2022 and 2023, the overall attrition rate of our employees was at 23.99%, 26.16% and 27.97%, respectively while the attrition rate at the top management level was 12.77%, 11.54% and 18.87% in the corresponding periods. We may require a long period of time to hire and train replacement personnel when qualified personnel terminate their employment with our Company. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting the qualified employees that our business requires.

Any loss of our senior management or key personnel or our inability to recruit further senior managers or other key personnel could impede our growth by impairing our day-to-day operations and hindering the development of Ongoing and Forthcoming Projects and our ability to develop, maintain and expand customer relationships. Additionally, any leadership transition that results from the departure of any members of our senior management team and the integration of new personnel may be difficult to manage and may cause operational and administrative inefficiencies, decreased productivity amongst our employees and loss of personnel with deep institutional knowledge, which could result in significant disruptions to our operations. We will be required to successfully integrate new personnel with our existing teams in order to achieve our operating objectives and changes in our senior management team may affect our results of operations as new personnel become familiar with our business.

The table below provides details of the changes in our KMPs in the last three years:

Name	Date of change	Reason
Manish Garg	May 31, 2022	Appointment as the Chief Financial Officer
Meghraj Bothra	May 31, 2022	Appointment as Company Secretary
Anurag Srivastava	May 24, 2022	Cessation as Company Secretary
Suraj Malik	April 15, 2022	Cessation as the Chief Financial Officer
Sanjay Kumar Varshney	March 15, 2022	Chief Operational Officer
Rajat Kathuria	March 15, 2022	Appointment as Chief Executive Officer
Lalit Kumar Aggarwal	February 15, 2022	Appointment as Whole-time Director
Devender Aggarwal	February 15, 2022	Appointment as Whole-time Director
Pradeep Kumar Aggarwal	February 15, 2022	Change in Designation as Executive/Whole-time Director
Ravi Aggarwal	February 15, 2022	Change in Designation as Managing Director

For further information, please see the section entitled “*Our Management*” on page 238.

Moreover, we do not maintain “key man” insurance for any of our senior or other key management personnel. Any loss of our senior managers or other key personnel or the inability to recruit further senior managers or other key personnel could impede our growth by impairing our day-to-day operations and hinder our development of new projects and our ability to develop, maintain and expand client relationships.

38. *We are subject to penalty clauses under the agreements entered into with our customers, for any delay in the completion or defects in construction of the projects.*

The agreements that we enter into with certain of our customers require us to complete construction on time and may provide for penalty clauses wherein we are liable to pay penalty to the customers for any delay in the completion of project. We cannot assure you that we will always finish the construction or development of our projects in accordance with the timelines specified in such agreements. Any inability of ours to complete these constructions in a timely manner or at all, could result in cancellation by customers of any commitment to purchase in our real estate projects and/ or refund of any advance deposited with us by any customer as a guarantee for purchase in our real estate projects, and all these factors could adversely affect our business, financial condition and results of operations. Further, any delays in completing our projects as scheduled could result in dissatisfaction among our customers, resulting in negative publicity, consumer litigation and lack of confidence among future buyers for our projects. Additionally, we may not achieve the economic benefits expected of such projects. In the event there are any delays in the completion of such projects, our relevant approvals and leases may expire or be terminated.

Moreover, customers may object to any change that we may propose in the project layout, specifications and amenities. Non-fulfilment of any such conditions or other conditions as stipulated in the agreements may expose us to the risk of liquidated damages or termination of the agreement by the landowners or other third parties with whom we enter into such agreements. In addition, delays in the completion of the construction of our projects may also adversely affect our reputation, and we may be subject to penalties which may have an adverse effect on our business, financial condition and results of operations.

39. *We rely on independent construction contractors, whom we do not control, to construct all of our projects and any failure on their part to perform their obligations could adversely affect our business, results of operations and cash flows.*

As part of our operations, we contract with independent construction contractors for the construction of all (100.00%) of our projects. If a contractor fails to perform its obligations satisfactorily or within the prescribed time periods with regard to a project or terminates its arrangements with us, we may be unable to develop the project within the intended timeframe, at the intended cost, or at all. If this occurs, we may be required to incur additional cost or time to develop the property to appropriate quality standards in a manner consistent with our development objective, which could result in reduced profits or in some cases, significant penalties and losses. We cannot assure you that the services rendered by such independent construction contractors will always be satisfactory or match our requirements for quality. In addition, we may be subject to claims in relation to defaults and late payments to our contractors, which may adversely affect our business, results of operations, and cash flows.

40. *A portion of our projects is held through our Subsidiaries, and we pledge our shareholding to secure financing for such Subsidiaries. In the event of a default in our financing agreements, pledge may be invoked in favour of the relevant lender.*

We hold a part of our Ongoing Projects and Forthcoming Projects through our Subsidiaries. We regularly enter into financing arrangements to enable purchase of land including for the projects developed by the Subsidiaries. Some of the debt financing taken by Subsidiaries requires us to pledge shares held by our Company in our relevant Subsidiary in favour of the relevant lender. Any default in such loans by the relevant Subsidiary can result in the concerned lender exercising the rights in respect of such pledge and acquiring the shareholding of the Company in the relevant Subsidiary.

41. *An inability to maintain adequate insurance cover in connection with our projects may adversely affect our operations and profitability.*

We have obtained contractors all risk policy in connection with our operations. As of March 31, 2021, 2022 and 2023, the aggregate coverage of the insurance policies obtained by us was ₹ 22,382.70 million, ₹ 31,444.60 million and ₹ 41,165.00 million which constituted 80.80%, 92.70% and 93.43% of our total project inventory, respectively. For further information, please see the section entitled “*Our Business – Insurance*” on page 207.

While we believe that the insurance coverage which we maintain would be reasonably adequate to cover the normal risks associated with the operation of our business, we cannot assure you that any claim under the insurance policies maintained by us will be honoured fully, in part, or on time, or that we have taken out sufficient insurance to cover all our losses. Our insurance policies may not provide adequate coverage in certain circumstances and are subject to certain deductibles, exclusions and limits on coverage. In addition, our insurance coverage expires from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at an acceptable cost or at all. To the extent that we suffer loss or damage for which we did not obtain or maintain insurance, and which is not covered by insurance or exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, cash flows and financial condition may be adversely affected.

Further, we may also be subject to claims resulting from defects in our projects. The proceeds of any insurance claim with respect to insurance that either we or our contractors have taken may be insufficient to cover any expenses faced by us including higher rebuilding costs as a result of inflation, changes in building regulations, environmental issues as well as other factors. Should an uninsured loss or a loss in excess of insured limits occur, we may lose the capital invested in and the anticipated revenue from the affected property. We could also remain liable for any debt or other financial obligation related to that property. We cannot assure you that losses in excess of insurance proceeds will not occur in the future. In addition, any payments we make to cover any uninsured loss may have a material adverse effect on our business, financial condition and results of operations. If we suffer any losses, damages and liabilities in the course of our operations and real estate development, we may not have sufficient insurance or funds to cover any such losses. In addition, any payment we make to cover any uninsured losses, damages or liabilities could have a material adverse effect on our business, financial condition and results of operations.

42. *Information in relation to our Completed Projects, Ongoing Projects, Forthcoming Projects and the area expressed to be covered by our projects are based on management estimates.*

Some of the information contained in this Red Herring Prospectus with respect to our Completed Projects, Ongoing Projects and Forthcoming Projects such as the amount of land or development rights owned by us, location and type of development, estimated Developable Area, the Saleable Area, estimated construction commencement and completion dates, target launch dates, estimated construction costs, description of amenities, our funding requirements and our intended use of proceeds of the Offer are based on certain assumptions and estimates and have not been independently appraised or verified by any bank or financial institution. Further, the expected launch date of a project is the date by which we anticipate making the

first booking, sales, leases or development, and the expected date of completion is the date by which we expect to receive the occupation certificate.

Developable Area of our Completed Projects and Ongoing Projects estimated Developable Area of our Forthcoming Projects have been calculated based on the current rules and regulations which govern the construction area of the respective projects. The total area of a project that is ultimately developed and the actual Developable Area may differ from the descriptions of the project presented herein and a particular project may not be completely booked, sold, leased or developed until a date subsequent to the expected completion date. We may also have to revise our assumptions, estimates, development plans (including the type of proposed development) and the estimated construction commencement and completion dates of our projects depending on future contingencies and events, including, among others, changes in our business plans due to prevailing economic and market conditions, and changes in laws and regulations. Further, the information we have provided in relation to our Completed Projects, Ongoing Projects and Forthcoming Projects are not representative of our future results.

We may also change our management plans and timelines for strategic, marketing, internal planning and other reasons. Therefore, management's estimates and plans with respect to our projects are subject to uncertainty. Also please see "Risk Factor– An inability to complete our Ongoing Projects and Forthcoming Projects by their respective expected completion dates or at all could have a material adverse effect on our business, results of operations and financial condition" on page 42.

43. We have certain contingent liabilities, which if they materialize, may adversely affect our business, financial condition and results of operations.

As of March 31, 2023, our contingent liabilities that have not been provided for were as follows:

Particulars	(₹ million)
Contingent liabilities (under litigation)	
Demand for income tax	
- Assessment Year 2014-2015	1.04
- Assessment Year 2015-2016	4.38
- Assessment Year 2016-2017	13.28
- Assessment Year 2016-2017	111.88
- Assessment Year 2018-2019	0.23
- Assessment Year 2019-2020	1.21
- Assessment Year 2015-2016 and Assessment Year 2016-2017	61.15
- Assessment Year 2013-2014 and Assessment Year 2015-2016	2.33
Demand for Tax Deducted at Source	
- Assessment Year 2016-2017	0.67
- Assessment Year 2017-2018	2.72
- Assessment Year 2018-2019	0.02
- Assessment Year 2020-2021	0.36
Demand due to deficiency in stamp duty amount	3.01
Total	202.28

If a significant portion of these liabilities materialise, it could have an adverse effect on our business, financial condition and results of operations. For further information, please see the section entitled "Financial Statements - Restated Consolidated Financial Information – Note 42-Capital and other commitments" on page 360.

44. Certain unsecured loans have been availed by us which may be recalled by lenders.

As of June 30, 2023, we had availed unsecured loans aggregating to ₹ 587.13 million. Any failure to service such indebtedness, or otherwise perform any obligations under such financing agreements may lead to acceleration of payments under such credit facilities, which may adversely affect our Company. For further information, please see the section entitled "Financial Indebtedness" on page 455.

45. We pledge our shareholding in the relevant Subsidiaries to secure financing for such Subsidiaries. In the event such pledge may be invoked, our shareholding in our Subsidiaries may be diluted.

Our Subsidiaries, for the Ongoing and Forthcoming Projects developed by them enter into financing arrangements to enable purchase of land which sometimes requires us to pledge shares held by our Company in our relevant Subsidiary in favour of the relevant lender. Any default in such loans by the relevant Subsidiary can result in the invocation of pledge and hence, our ownership in the relevant Subsidiary may be diluted. Such an event may have an adverse impact on the business and financial position of the Company and/or our Subsidiaries concerned.

46. Certain of our Promoters, Directors and Key Management Personnel hold Equity Shares in our Company and are therefore interested in the Company's performance in addition to their normal remuneration and reimbursement of expenses.

Certain of our Promoters, Directors and KMP are interested in our Company, in addition to normal remuneration or benefits and reimbursement of expenses, to the extent of their shareholding or their relatives' holding in our Company. None of our Senior Management hold Equity Shares in our Company. Further, other than as disclosed in the section entitled "*Financial Statements – Restated Consolidated Financial Information – Note 43 - Related party disclosures*" on page 362, there are no other transactions entered into by our Company with our Promoters, Directors, Key Management Personnel or Senior Management. While we believe that all such transactions have been conducted on an arm's length basis, we cannot assure you that we might have obtained more favourable terms had such transactions been entered into with unrelated parties. For further information on the interest of our Directors, Promoters, Key Management Personnel and Senior Management, other than reimbursement of expenses incurred or normal remuneration or benefits, please see the section entitled "*Our Management – Interest of Directors*", "*Our Promoters and Promoter Group - Interest of our Promoters*" and "*Our Management - Interest of Key Managerial Personnel and Senior Management*" on pages 245, 258 and 253 respectively.

47. Our Promoters, Directors and Group Companies have interests in certain companies, which are in businesses similar to ours and this may result in potential conflict of interest with us.

There are, and may be, certain transactions between our Company and our Promoters or Group Companies, in the ordinary course of business and at arms' length price. However, a potential conflict of interest may occur between our Promoters, Directors and Group Companies as they may have interest in companies in the similar line of business as our Company. For example, Skyfull Maintenance Services Private Limited, Signatureglobal Marketing Solutions Private Limited and Southern Gurugram Farms Private Limited, our Group Companies, are involved in the same line of business as our Company. Our Company has purchased land from Sarvpriya Securities Private Limited for an aggregate amount of ₹ 353.40 million on January 18, 2021. For further details, please see the sections entitled "*Our Management – Interests of Directors*" and "*Our Promoter and Promoter Group – Interests of our Promoters*" on pages 245 and 258. Further, our Corporate Promoter, Sarvpriya Securities Private Limited, is also engaged in the real estate business. Our Promoters, Directors, their related entities and our Group Companies may compete with us and have no obligation to direct any opportunities to us. We cannot assure you that these or other conflicts of interest will be resolved in an impartial manner.

48. We have in the past entered into related party transactions and may continue to do so in the future, which may potentially involve conflicts of interest with the equity shareholders.

We enter into various transactions with related parties in the ordinary course of business. These transactions principally include short term employee benefits, post-employment benefits, director sitting fees, business support services, rent and maintenance expenses, rent and repair recovery, facility maintenance expenses, business promotion, reimbursement of expenses to/ from, sell of traded goods, recovery of testing charges, interest expenses/ income, branding fee, purchase of traded goods/inventory, project management expenses, legal and professional charges, rental income, commission and brokerage expense, donation corporate social responsibility, expenses paid on behalf of purchase of construction material and contract receipts. While all such transactions have been conducted on an arm's length basis, in accordance with the Companies Act and other applicable regulations pertaining to the evaluation and approval of such transactions. All related party transactions that we may enter into post-listing, will be subject to an approval by our Audit Committee, Board, or Shareholders, as required under the Companies Act and the SEBI Listing Regulations. Such related party transactions in the future or any other future transactions may potentially involve conflicts of interest which may be detrimental to the interest of our Company and we cannot assure you that such transactions, individually or in the aggregate, will always be in the best interests of our minority shareholders and will not have an adverse effect on our business, financial condition, results of operations, cash flows and prospects.

Set forth below are details regarding our related party transactions in the corresponding periods:

Fiscal 2021		Fiscal 2022		Fiscal 2023	
Aggregate Amount of Related party Transactions (₹ million)	Percentage of Revenue from Operations (%)	Aggregate Amount of Related party Transactions (₹ million)	Percentage of Revenue from Operations (%)	Aggregate Amount of Related party Transactions (₹ million)	Percentage of Revenue from Operations (%)
669.09	81.54%	521.16	5.78%	570.75	3.67%

In Fiscal 2021, 2022 and 2023, the aggregate amount of such related party transactions was ₹ 669.09 million, ₹ 521.16 million and ₹ 570.75 million, respectively. The percentage of the aggregate value such related party transactions to our revenue from operations in Fiscal 2021, 2022 and 2023, was 81.54%, 5.78% and 3.67%, respectively. For further information on our related party transactions, please see the section entitled "*Financial Statements – Notes to Restated Consolidated Financial Information – Note 43 – Related party disclosures*" on page 362.

49. Our Registered and Corporate Office are located on leased premises. If the lease for such premises are terminated or not renewed on terms acceptable to us, it could adversely affect our business, financial condition, results of operations, and cash flows.

Our Registered Office at 13th Floor, Dr. Gopal Das Bhawan, 28, Barakhamba Road, Connaught Place, New Delhi, 110 001, is leased by us and our Corporate Office, at Ground Floor, Signature Towers, South City 1, Gurugram 122 001, is leased by us. The lease agreement for our Registered Office is expiring on August 31, 2023. We are currently in discussion with the lessor to extend the term of the agreement. However, we may not be able to renew or extend the agreement for the lease of our Registered and Corporate Office at commercially acceptable terms, or at all. We also have various site offices belonging to our subsidiaries that are leased by us. Further, we may be required to re-negotiate rent or other terms and conditions of such agreement and may also be required to vacate the premises at short notice as prescribed in the lease agreement, and we may not be able to identify and obtain possession of an alternate location, in a short period of time. Occurrence of any of the above events may have a material adverse effect on our business, results of operations, financial condition, and cash flows. We may also face the risk of being evicted in the event that our landlords allege a breach on our part of any terms under these lease agreements and there is no assurance that we will be able to identify suitable locations to re-locate our operations.

50. The average cost of acquisition of Equity Shares by the Promoters and the Selling Shareholder may be less than the Offer Price.

51. We have issued Equity Shares during the preceding twelve months at a price which may be below the Offer Price.

We have issued and allotted Equity Shares at a price which may be lower than the Offer Price in the period of 12 months preceding the date of this Red Herring Prospectus. For further information, please see the section entitled “Capital Structure – Notes to the capital structure – History of Equity Share capital of our Company” on page 81.

The prices at which Equity Shares were issued by us in the past year should not be taken to be indicative of the Price Band, Offer Price and the trading price of our Equity Shares after listing. We cannot assure you that the Equity Shares to be issued in the future will be at or lower than the Offer Price.

52. Our Company’s ability to pay dividends in the future will depend on our Company’s earnings, financial condition, working capital requirements, capital expenditures and restrictive covenants of our Company’s financing arrangements.

Our Company’s ability to pay dividends in the future will depend on a number of factors, including but not limited to our earnings, capital requirements, contractual obligations, results of operations, financial condition, cash requirements, business prospects and any other financing arrangements, applicable legal restrictions and overall financial position of our Company. The declaration and payment of dividends will be recommended by the Board of Directors and approved by the Shareholders, at their discretion, subject to the provisions of the Articles of Association and applicable law, including the Companies Act, 2013. We cannot assure you that we will be able to pay dividends in the future. Accordingly, realization of a gain on Shareholders’ investments will depend on the appreciation of the price of the Equity Shares. There is no guarantee that our Equity Shares will appreciate in value.

53. *Post-filing of the DRHP, our Company and the Book Running Lead Managers received a complaint in relation to the operations of our Company.*

Post filing of the DRHP, our Company and the Book Running Lead Managers have received one complaint from a customer alleging, inter-alia, delay in handover and possession of the unit located at “The Serenas”. We have responded to such complaint pursuant to our letter dated September 3, 2022. We have a process of redressal for such complaints in place. However, a timely redressal of such complaints in the future may not take place, which could affect our business, financial condition, and results of operations.

54. *We will continue to be controlled by our Promoters and certain members of the Promoter Group after the completion of the Offer.*

As of the date of this Red Herring Prospectus, our Promoters and certain members of the Promoter Group hold 78.36% of the issued, subscribed and paid-up Equity Share capital of our Company. Upon completion of the Offer, our Promoters and certain members of the Promoter Group together will hold majority of our equity share capital, which will allow them to continue to control the outcome of matters submitted to our Shareholders for approval. After this Offer, our Promoters will continue to exercise significant control or exert significant influence over our business and major policy decisions, including but not limited to control the composition of our Board, delay, defer or cause a change of our control or a change in our capital structure, delay, defer or cause a merger, consolidation, takeover or other business combination involving us. The interests of our Promoters and certain members of the Promoter Group may conflict with your interests and the interests of our other shareholders, and our Promoters and certain members of the Promoter Group could make decisions that may adversely affect our business operations, and hence the value of your investment in the Equity Shares.

55. *Certain sections of this Red Herring Prospectus contain information from the Anarock Report which we have commissioned and purchased and any reliance on such information for making an investment decision in the Offer is subject to inherent risks.*

We have used the report titled “*Real Estate Industry Report for Signature Global*” dated August 25, 2023 (“**Anarock Report**”) by Anarock Property Consultant Private Limited appointed on December 21, 2021, for purposes of inclusion of such information in this Red Herring Prospectus, and exclusively commissioned by our Company for purposes of inclusion of such information in the Offer documents at an agreed fees to be paid by our Company. Given the scope and extent of the Anarock Report, disclosures are limited to certain excerpts and the Anarock Report has not been reproduced in its entirety in this Red Herring Prospectus. There are no parts, data or information (which may be relevant for the proposed Offer), that has been left out or changed in any manner. The report is a paid report and is subject to various limitations and based upon certain assumptions that are subjective in nature. In addition, statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Red Herring Prospectus. Also please see the section entitled, “*Certain Conventions, Presentation of Financial, Industry and Market Data – Industry and Market Data*” on page 16.

56. *We have in this Red Herring Prospectus included certain non-GAAP financial and operational measures and certain other industry measures related to our operations and financial performance that may vary from any standard methodology that is applicable across the real estate industry. We rely on certain assumptions and estimates to calculate such measures, therefore such measures may not be comparable with financial, operational or industry-related statistical information of similar nomenclature computed and presented by other similar companies.*

Certain non-GAAP financial measures and certain other industry measures relating to our operations and financial performance have been included in this Red Herring Prospectus. We compute and disclose such non-GAAP financial and operational measures, and such other industry-related statistical and operational information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance, and because such measures are frequently used by securities analysts, investors and others to evaluate the operational performance of e-commerce businesses, many of which provide such non-GAAP financial and operational measures, and other industry-related statistical and operational information.

These non-GAAP financial and operational measures, and such other industry-related statistical and operational information relating to our operations and financial performance may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial and operational measures, and industry-related statistical information of similar nomenclature that may be computed and presented by other companies pursuing similar business. We have derived certain industry information in this Red Herring Prospectus from the Anarock Report, and the Anarock Report highlights certain industry and market data relating to us and our competitors, which may not be based on any standard methodology and are subject to various assumptions.

Further, as the industry in which we operate continues to evolve, the measures by which we evaluate our business may change over time. Our internal systems and tools have a number of limitations, and our methodologies or assumptions that we rely on for tracking these metrics may change over time, which could result in unexpected changes to our metrics,

including the metrics we publicly disclose, or our estimates of our category position. In addition, if the internal tools we use to track these measures under-count or over-count performance or contain algorithmic or other technical errors, the data and/or reports we generate may not be accurate. We calculate measures using internal tools, which are not independently verified by a third party. Any real or perceived inaccuracies in such metrics may harm our reputation and materially adversely affect our stock price, business, results of operations, and financial condition.

Such supplemental financial and operational information is therefore of limited utility as an analytical tool, and investors are cautioned against considering such information either in isolation or as a substitute for an analysis of our Restated Consolidated Financial Information disclosed elsewhere in this Red Herring Prospectus. Also please see the section entitled “– *Certain sections of this Red Herring Prospectus contain information from the Anarock Report which we have commissioned and purchased and any reliance on such information for making an investment decision in the Offer is subject to inherent risks.*” on page 57.

External Risk Factors

57. The real estate industry in India has witnessed significant downturns in the past, and any significant downturn in the future could adversely affect our business, financial condition and results of operations.

Economic developments within and outside India adversely affected the property market in India and our overall business in the recent past. The global credit markets have experienced, and may continue to experience, significant volatility and may continue to have an adverse effect on the availability of credit and the confidence of the financial markets, globally as well as in India.

Even though the global credit and the Indian real estate markets have shown signs of recovery, market volatility and economic turmoil may continue to exacerbate industry conditions or have other unforeseen consequences, leading to uncertainty about future conditions in the real estate industry. These effects include, but are not limited to, a decrease in the sale of, or pricing for, our projects, delays in the release of certain of our projects in order to take advantage of future periods of more robust real estate demand and the inability of our contractors to obtain working capital. We cannot assure you that the government’s responses to the disruptions in the financial markets will restore consumer confidence, stabilize the real estate market or increase liquidity and availability of credit. Any significant downturn in future would have an adverse effect on our business, financial condition and results of operations.

58. Property litigation is common in India and may be prolonged over several years.

Property litigation particularly litigation with respect to land ownership is common in India (including public interest litigation) and is generally time consuming and involves considerable costs. If any property in which we have invested is subject to any litigation or is subjected to any litigation in future, it could delay a development project and/or have an adverse impact, financial or otherwise, on us.

59. The Government of India or state governments may exercise rights of compulsory purchase or eminent domain over our or our development partners’ land, which could adversely affect our business.

The right to own property in India is subject to restrictions that may be imposed by the GoI. In particular, the GoI, under the provisions of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (the “**Land Acquisition Act**”) has the right to compulsorily acquire any land if such acquisition is for a “public purpose,” after providing compensation to the owner. However, the compensation paid pursuant to such acquisition may not be adequate to compensate the owner for the loss of such property. The likelihood of such acquisitions may increase as central and state governments seek to acquire land for the development of infrastructure projects such as roads, railways, airports and townships.

Additionally, we may face difficulties in interpreting and complying with the provisions of the Land Acquisition Act due to limited jurisprudence on them or if our interpretation differs from or contradicts any judicial pronouncements or clarifications issued by the government. In the future, we may face regulatory actions or we may be required to undertake remedial steps. Any such action in respect of any of the projects in which we are investing or may invest in the future may adversely affect our business, financial condition or results of operations.

60. If there is any change in laws or regulations, including taxation laws, or their interpretation, such changes may significantly affect our financial statements.

The regulatory environment in which we operate is evolving and is subject to change. The GoI may implement new laws or other regulations that could affect the manufacturing industry, which could lead to new compliance requirements. New compliance requirements could increase our costs or otherwise adversely affect our business, financial condition and results of operations. Further, the manner in which new requirements will be enforced or interpreted can lead to uncertainty in our operations and could adversely affect our operations.

The Real Estate (Regulation and Development) Act, 2016, as amended ("**RERA**"), was introduced in 2016 to regulate the real estate industry and to ensure, amongst others, imposition of certain responsibilities on real estate developers and accountability towards customers and protection of their interest. The RERA has imposed certain obligations on real estate developers, including us, such as mandatory registration of real estate projects, not issuing any advertisements or accepting advances unless real estate projects are registered under RERA, maintenance of a separate escrow account for amounts realised from each real estate project and restrictions on withdrawal of amounts from such escrow accounts and taking customer approval for major changes in sanction plan. In the event our interpretation of provisions of the RERA differs from, or contradicts with, any judicial pronouncements or clarifications issued by the Government in the future, we may face regulatory actions, or we may be required to undertake remedial steps. For further information on laws applicable to our business, please see the section entitled "*Key Regulations and Policies*" on page 209.

A portion of our portfolio qualifies for tax benefits on affordable housing under the Government's affordable housing initiative. For further information, please see the section entitled "*Statement of Tax Benefits*" on page 123. There are also various tax benefits under the Income-tax Act, 1961 ("**IT Act**") which are available to us. We may not be able to realize these benefits if there is a change in law or in interpretation of law resulting in the discontinuation or withdrawal of these tax benefits.

The IT Act was amended to provide domestic companies an option to pay corporate income tax at the effective rate of approximately 22.00% (surcharge and health and education cess, as applicable), as compared to effective rate of 30.00% (surcharge and health and education cess, as applicable), provided such companies do not claim certain specified deductions or exemptions. Further, where a company has opted to pay the reduced corporate tax rate, the minimum alternate tax provisions would not be applicable. Any such future amendments may affect our ability to claim exemptions that we have historically benefited from, and such exemptions may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability.

In addition, we are subject to tax related inquiries and claims. We may be particularly affected by claims from tax authorities on account of income tax assessment and GST that combines taxes and levies by the central and state governments into one unified legislation with effect from July 1, 2017. For example, as of July 1, 2017, a national goods and service tax ("**GST**"), in India replaced taxes levied by central and state governments with a unified tax regime in respect of the supply of goods and services for all of India. Any changes to the GST rate or rules and regulations surrounding GST and the related uncertainties with respect to the implementation of GST may have a material adverse effect on our business, financial condition, and results of operations.

Further, as GST is implemented, there can be no assurance that we will not be required to comply with additional procedures or obtain additional approvals and licenses from the government and other regulatory bodies or that they will not impose onerous requirements and conditions on our operations. With the implementation of GST, we are obligated to pass on any benefits accruing to us as a result of the transition to GST to the consumer thereby limiting our benefits. In order for us to utilize input credit under GST, the entire value chain has to be GST compliant, including us. While we are and will continue to adhere to the GST rules and regulations, there can be no assurance that our suppliers and dealers will do so. Any such failure may result in increased cost on account of non-compliance with the GST and may adversely affect our business and the results of operations.

Earlier, distribution of dividends by a domestic company was subject to Dividend Distribution Tax ("**DDT**"), in the hands of the company at an effective rate of 15.00% (surcharge and health and education cess, as applicable). Such dividends were generally exempt from tax in the hands of the shareholders. However, the Government of India has amended the IT Act to abolish the DDT regime. Accordingly, any dividend distributed by a domestic company is subject to tax in the hands of the investor at the applicable rate. Additionally, the Company is required to withhold tax on such dividends distributed at the applicable rate.

Further, under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. A securities transaction tax ("**STT**") is levied on and collected by an Indian stock exchange on which equity shares are sold. Any gain realized on the sale of listed equity shares held for more than 12 months may be subject to long-term capital gains tax in India at the specified rates depending on certain factors, such as STT paid, the quantum of gains and any available treaty exemptions. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Further, any gain realized on the sale of our Equity Shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. While non-residents may claim tax treaty benefits in relation to such capital gains income, generally, Indian tax treaties do not limit India's right to impose a tax on capital gains arising from the sale of shares of an Indian company.

The Indian Stamp Act, 1899 was amended to provide that the sale, transfer and issue of certain securities through exchanges, depositories, or otherwise shall be charged with stamp duty. In the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of certain securities through stock exchanges is on the buyer,

while in other cases of transfer for consideration through a depository, the onus is on the transferor. The stamp duty for transfer of certain securities, other than debentures, on a delivery basis is currently specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. Further, any dividends paid by an Indian company are subject to tax in the hands of the shareholders at applicable rates. Such taxes will be withheld by the Indian company paying dividends. Further, the Government of India has announced the union budget for the Fiscal 2024, pursuant to which the Finance Bill, 2023 (“**Finance Bill**”) has introduced various amendments. The Finance Bill has received assent from the President of India on March 31, 2023 and has been enacted as the Finance Act 2023. We have not fully determined the impact of these recent and proposed laws and regulations on our business. We cannot predict whether any amendments made pursuant to the Finance Bill would have an adverse effect on our business, financial condition and results of operations. Investors are advised to consult their own tax advisors and to carefully consider the potential tax consequences of owning Equity Shares.

In addition, the Insolvency and Bankruptcy Code (Second Amendment) Act, 2018 (“**IBC Amendment**”) which came into effect on June 6, 2018, amended the Insolvency and Bankruptcy Code, 2016 (“**IBC**”) thereby granting homebuyers a status of ‘financial creditor’. Prior to the IBC Amendment, real estate allottees were treated as an ‘unsecured creditors’ and they were not regarded as ‘financial creditors’ or as ‘operational creditors’, due to which, the allottees were not capable of initiating insolvency proceedings against a defaulting builder or real estate developer. The allottees after attaining the status of financial creditor further to the IBC Amendment have the right to invoke Section 7 of the IBC for initiating corporate insolvency resolution against defaulting builders or real estate developers. The Supreme Court has upheld the retroactive application of the IBC Amendment. While no such proceeding further to the IBC Amendment has been initiated against us, there is no guarantee that similar proceeding will not be initiated against us or our partners, in cases where development of projects is undertaken by our partners, thereby adversely affecting our business and results of operations.

Unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. For instance, the Supreme Court of India has in a decision clarified the components of basic wages which need to be considered by companies while making provident fund payments, which resulted in an increase in the provident fund payments to be made by companies. Any such decisions in future or any further changes in interpretation of laws may have an impact on our results of operations.

Similarly, changes in other laws may require additional compliances and/or result in us incurring additional expenditure. For instance, the Government of India has notified four labour codes which are yet to come into force as of the date of this Red Herring Prospectus, namely, (i) the Code on Wages, 2019, (ii) the Industrial Relations Code, 2020; (iii) the Code on Social Security, 2020; and (iv) the Occupational Safety, Health and Working Conditions Code, 2020. Such codes will replace the existing legal framework governing rights of workers and labour relations. Once these codes are in force, we may be required to incur additional expenditure to ensure compliance with them. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations, and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent, may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

61. *Potential Bidders may not be able to enforce a judgment of a foreign court against us, our Directors, the Book Running Lead Managers, or any of their directors and executive officers in India respectively, except by way of a lawsuit in India. Further, it may not be possible for investors to enforce any judgment obtained outside India against IFC.*

Our Company is a company incorporated under the laws of India and all of our Directors are located in India. All of our assets, our Key Managerial Personnel and officers are also located in India. As a result, it may not be possible for investors to effect service of process upon our Company or such persons in jurisdictions outside India, or to enforce judgments obtained against such parties outside India. In addition, a party seeking to enforce a foreign judgment in India is required to obtain approval from the RBI to execute such a judgment or to repatriate outside India any amounts recovered.

Recognition and enforcement of foreign judgments is provided for under Section 13 and Section 44A of the Code of Civil Procedure, 1908 (“**CPC**”). India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. India has reciprocal recognition and enforcement of judgments in civil and commercial matters with only a limited number of jurisdictions, such as the United Kingdom, United Arab Emirates, Singapore and Hong Kong. In order to be enforceable, a judgment from a jurisdiction with reciprocity must meet certain requirements established in the CPC. The CPC only permits the enforcement and execution of monetary decrees in the reciprocating jurisdiction, not being in the nature of any amounts payable in respect of taxes, other charges, fines or penalties. Judgments or decrees from jurisdictions which do not have reciprocal recognition with India, including the United States, cannot be enforced by proceedings in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether or not predicated solely upon the general laws of the non-reciprocating territory, would

not be directly enforceable in India. The party in whose favour a final foreign judgment in a non-reciprocating territory is rendered may bring a fresh suit in a competent court in India based on the final judgment within three years of obtaining such final judgment. However, it is unlikely that a court in India would award damages on the same basis as a foreign court if an action were brought in India or that an Indian court would enforce foreign judgments if it viewed the amount of damages as excessive or inconsistent with the public policy in India, or contrary to Indian law. Further, there is no assurance that a suit brought in an Indian court in relation to a foreign judgment will be disposed of in a timely manner. In addition, any person seeking to enforce a foreign judgment in India is required to obtain the prior approval of the RBI to repatriate any amount recovered, and we cannot assure that such approval will be forthcoming within a reasonable period of time, or at all, or that conditions of such approval would be acceptable. Such an amount may also be subject to income tax in accordance with applicable law.

Under the provisions of the International Finance Corporation (Status, Immunities and Privileges) Act, 1958 and the United Nations (Privileges and Immunities) Act, 1947, IFC, our Selling Shareholder, has certain immunities, including from legal process, search, requisition, confiscation, expropriation or any other seizure or attachment in respect of its properties and assets, in India. Additionally, all officers and employees of IFC are immune from legal process with respect to acts performed by them in their official capacity. There can be no assurance that you will be able to institute or enforce any action against IFC in India. Similar limitations may exist in other jurisdictions including the United States of America.

62. *Political, economic or other factors that are beyond our control may have an adverse effect on our business and results of operations.*

The Indian economy and its securities markets are influenced by economic developments, market and consumer sentiments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located elsewhere, including India. Adverse economic developments, such as rising fiscal or trade deficit, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition and results of operations and reduce the price of our Equity Shares. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity and the price of our Equity Shares.

We are dependent on domestic, regional and global economic and market conditions in the markets where we operate, including outside India. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of a slowdown in the economic growth of India. Demand for our platform may be adversely affected by an economic downturn in domestic, regional and global economies. Economic growth in the countries in which we operate is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations and financial condition. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

63. *Natural or man-made disasters, fires, epidemics, pandemics, acts of war, terrorist attacks, civil unrest, and other events could materially and adversely affect our business.*

Natural disasters (such as typhoons, flooding, and/or earthquakes), epidemics, pandemics such as COVID-19, and man-made disasters, including acts of war, terrorist attacks, and other events, many of which are beyond our control, may lead to economic instability, including in India or globally, which may in turn materially and adversely affect our business, financial condition, and results of operations. Recent developments in the ongoing conflict between Russia and Ukraine has resulted in and may continue to result in a period of sustained instability across global financial markets, induce volatility in commodity prices, increase in supply chain, logistics times and costs, increase borrowing costs, cause outflow of capital from emerging markets and may lead to overall slowdown in economic activity in India. Our operations may be adversely affected by fires, natural disasters, and/or severe weather, which can result in damage to our property or inventory and generally reduce our productivity and may require us to evacuate personnel and suspend operations. Any terrorist attacks or civil unrest as well as other adverse social, economic, and political events in India could have a negative effect on us. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the price of the Equity Shares. A number of countries in Asia, including India, as well as countries in other parts of the world, are susceptible to contagious diseases and, for example, have had confirmed cases of diseases such as the highly pathogenic H7N9, H5N1, and H1N1 strains of influenza in birds and swine and more recently, the SARS-CoV-2 virus. A worsening of the current outbreak of the COVID-19 pandemic or future outbreaks of SARS-CoV-2 virus or a similar contagious disease could adversely affect the global economy and economic activity in the region. As a result, any present or future outbreak of a contagious disease could have a material adverse effect on our business and the trading price of the Equity

Shares.

64. *Any downgrading of India's sovereign debt rating by an international rating agency could have a negative impact on our business and the results of operations.*

Our borrowing costs and our access to the debt capital markets depend significantly on the sovereign credit ratings of India. Any adverse revisions to credit ratings for India and other jurisdictions we operate in by international rating agencies may adversely impact our ability to raise additional financing. This could have an adverse effect on our ability to fund our growth on favourable terms and consequently adversely affect our business and financial performance and the price of the Equity Shares.

65. *Financial instability in other countries may cause increased volatility in Indian financial markets.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe and certain emerging economies in Asia. Financial turmoil in United States, Asia and elsewhere in the world in recent years has adversely affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and us. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India.

Financial instability in other parts of the world could have a global influence and thereby negatively affect the Indian economy. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows. Further, economic developments globally can have a significant impact on our principal markets. Concerns related to a trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy. Recent developments in the ongoing conflict between Russia and Ukraine has resulted in and may continue to result in a period of sustained instability across global financial markets, induce volatility in commodity prices, increase borrowing costs, cause outflow of capital from emerging markets and may lead to overall slowdown in economic activity in India. In addition, China is one of India's major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries.

In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, implemented several policy measures designed to add stability to the financial markets. However, the overall long-term effect of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. Any significant financial disruption could have a material adverse effect on our business, financial condition and results of operation. These developments, or the perception that any of them could occur, have had and may continue to have a material adverse effect on global economic conditions and the stability of global financial markets and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a material adverse effect on our business, financial condition and results of operations and reduce the price of the Equity Shares.

66. *We may be affected by competition laws, the adverse application or interpretation of which could adversely affect our business.*

The Competition Act, 2002, of India, as amended ("**Competition Act**"), regulates practices having an appreciable adverse effect on competition in the relevant market in India ("**AAEC**"). Under the Competition Act, any formal or informal arrangement, understanding, or action in concert, which causes or is likely to cause an AAEC is considered void and may result in the imposition of substantial penalties. Further, any agreement among competitors which directly or indirectly involves the determination of purchase or sale prices, limits or controls production, supply, markets, technical development, investment, or the provision of services or shares the market or source of production or provision of services in any manner, including by way of allocation of geographical area or number of customers in the relevant market or directly or indirectly results in bid-rigging or collusive bidding is presumed to have an AAEC and is considered void. The Competition Act also prohibits abuse of a dominant position by any enterprise.

On March 4, 2011, the Government notified and brought into force the combination regulation (merger control) provisions under the Competition Act with effect from June 1, 2011. These provisions require acquisitions of shares, voting rights, assets or control or mergers or amalgamations that cross the prescribed asset and turnover based thresholds to be mandatorily notified to and pre-approved by the Competition Commission of India (the "**CCI**"). Additionally, on May 11, 2011, the CCI issued Competition Commission of India (Procedure for Transaction of Business Relating to Combinations) Regulations, 2011, as amended, which sets out the mechanism for implementation of the merger control regime in India.

Further, on April 3, 2023, the Government notified Competition (Amendment) Act, 2023 which has inter alia, proposed the introduction of deal value thresholds for assessing whether a merger or acquisition qualifies as a "combination", expedited merger review timelines, codification of the lowest standard of "control" and enhanced penalties for providing

false information or a failure to provide material information.

The Competition Act aims to, among others, prohibit all agreements and transactions which may have an AAEC in India. Consequently, all agreements entered by us could be within the purview of the Competition Act. Further, the CCI has extraterritorial powers and can investigate any agreements, abusive conduct, or combination occurring outside India if such agreement, conduct, or combination has an AAEC in India. However, the impact of the provisions of the Competition Act on the agreements entered by us cannot be predicted with certainty at this stage. However, since we pursue an acquisition driven growth strategy, we may be affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, it would adversely affect our business, results of operations, cash flows, and prospects.

67. *Rights of shareholders of companies under Indian law may be more limited than under the laws of other jurisdictions.*

Our Articles of Association, the composition of our Board, Indian laws governing our corporate affairs, the validity of corporate procedures, directors' fiduciary duties, responsibilities and liabilities, and shareholders' rights may differ from those that would apply to a company in any other jurisdiction. Shareholders' rights under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may face challenges in asserting their rights as shareholder of our Company than as a shareholder of an entity in another jurisdiction.

68. *Significant differences exist between Ind AS used to prepare our Restated Consolidated Financial Information and other accounting principles, such as U.S. GAAP and IFRS, which investors may be more familiar with and may consider the material to their assessment of our financial condition.*

Our Restated Consolidated Financial Information for Fiscal 2021, 2022 and 2023, have been prepared and presented in conformity with Ind AS. Ind AS differs in certain significant respects from IFRS, U.S. GAAP, and other accounting principles with which prospective investors may be familiar with in other countries. If our financial statements were to be prepared in accordance with such other accounting principles, our results of operations, cash flows and financial position may be substantially different. Prospective investors should review the accounting policies applied in the preparation of our financial statements and consult their own professional advisers for an understanding of the differences between these accounting principles and those with which they may be more familiar. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Red Herring Prospectus should be limited accordingly.

Risks Relating to the Equity Shares and this Offer

69. *Pursuant to listing of the Equity Shares, we may be subject to pre-emptive surveillance measures like Additional Surveillance Measure (ASM) and Graded Surveillance Measures (GSM) by the Stock Exchanges in order to enhance market integrity and safeguard the interest of investors.*

SEBI and the Stock Exchanges have introduced various pre-emptive surveillance measures in order to enhance market integrity and safeguard the interests of investors, including ASM and GSM. ASM and GSM are imposed on securities of companies based on various objective criteria such as significant variations in price and volume, concentration of certain client accounts as a percentage of combined trading volume, average delivery, securities which witness abnormal price rise not commensurate with financial health and fundamentals such as earnings, book value, fixed assets, net worth, price / earnings multiple, market capitalization, among others.

Upon listing, the trading of our Equity Shares would be subject to differing market conditions as well as other factors which may result in high volatility in price, low trading volumes, and a large concentration of client accounts as a percentage of combined trading volume of our Equity Shares. The price of our Equity Shares may also fluctuate after listing of our Equity Shares due to several factors such as volatility in the Indian and global securities market, our profitability and performance, performance of our competitors, changes in the estimates of our performance or any political or economic factors. The occurrence of any of the abovementioned factors may lead to us triggering the parameters listed by SEBI and/or the Stock Exchanges for placing securities under the GSM or ASM framework such as net worth and net fixed assets of securities, high low variation in securities, concentration of business associates, close to close price variation, market capitalization, variation in volume, delivery percentage and average unique PAN traded over a period of time. In the event our Equity Shares are covered under such surveillance measures implemented by SEBI and/or the Stock Exchanges, we may be subject to certain additional restrictions in relation to trading of our Equity Shares such as limiting trading frequency (for example, trading either allowed once in a week or a month) or freezing of price on upper side of trading which may have an adverse effect on the market price of our Equity Shares or may in general cause disruptions in the development of an active trading market for our Equity Shares.

70. *The trading volume and market price of the Equity Shares may be volatile following the Offer.*

The market price of the Equity Shares may fluctuate as a result of, among other things, the following factors, some of

which are beyond our control:

- quarterly variations in our results of operations;
- results of operations that vary from the expectations of securities analysts and investors;
- results of operations that vary from those of our competitors;
- changes in expectations as to our future financial performance, including financial estimates by research analysts and investors;
- a change in research analysts' recommendations;
- announcements by us or our competitors of significant acquisitions, strategic alliances, joint operations or capital commitments;
- announcements by third parties or governmental entities of significant claims or proceedings against us;
- new laws and governmental regulations applicable to our industry;
- additions or departures of key management personnel;
- changes in exchange rates;
- fluctuations in stock market prices and volume; and
- general economic and stock market conditions.

Changes in relation to any of the factors listed above could adversely affect the price of the Equity Shares.

71. *Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have an adverse effect on the value of our Equity Shares, independent of our operating results.*

On listing, our Equity Shares will be quoted in Indian Rupees on the Stock Exchanges. Any dividends in respect of our Equity Shares will also be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation if required. Any adverse movement in currency exchange rates during the time taken for such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating the proceeds from a sale of Equity Shares outside India, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by Shareholders. For example, the exchange rate between the Indian Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may have an adverse effect on the returns on our Equity Shares, independent of our operating results.

72. *Potential Bidders will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Offer.*

The Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable Indian laws, certain actions must be completed before the Equity Shares can be listed and trading in the Equity Shares may commence. Potential Bidders book entry, or 'demat' accounts with depository participants in India, are expected to be credited within one working day of the date on which the Basis of Allotment is approved by the Stock Exchanges. The Allotment of Equity Shares in the Offer and the credit of such Equity Shares to the applicant's demat account with depository participant could take approximately five Working Days from the Bid/ Offer Closing Date and trading in the Equity Shares upon receipt of final listing and trading approvals from the Stock Exchanges is expected to commence within six Working Days of the Bid/ Offer Closing Date. There could be a failure or delay in the listing of the Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval or otherwise commence trading in the Equity Shares would restrict investors' ability to dispose of their Equity Shares. There can be no assurance that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this risk factor. We could also be required to pay interest at the applicable rates if allotment is not made, refund orders are not dispatched or demat credits are not made to investors within the prescribed time periods.

73. *Any future issuance of Equity Shares, or convertible securities or other equity-linked instruments by us may dilute your shareholding, and sale of Equity Shares by shareholders with significant shareholding may adversely affect the trading price of the Equity Shares.*

We may be required to finance our growth through future equity offerings. Any future equity issuances by us, including an offering of Equity Shares, convertible securities, or securities linked to Equity Shares, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by our shareholders holding significant shareholding may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of our Equity Shares or incurring additional debt. In addition, any perception by investors that such issuances or sales might occur may also affect the trading price of our Equity Shares. There can be no assurance that we will not issue Equity Shares, convertible securities, or securities linked to Equity Shares or that our shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

74. Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which may adversely affect the trading price of the Equity Shares.

Under foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain restrictions), if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then a prior regulatory approval will be required. For further information, please see the section entitled “*Other Regulatory and Statutory Disclosures – Eligibility and Transfer Restrictions*” on page 476. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India requires a no-objection or a tax clearance certificate from the Indian income tax authorities. No actions have been taken to permit a public offering of our Equity Shares in any jurisdiction except India. As such, our Equity Shares have not and will not be registered under the U.S. Securities Act, any state securities laws or the law of any jurisdiction other than India. Potential Bidders are required to inform themselves about and observe these restrictions. The information in this Red Herring Prospectus has been provided for the benefit of the potential Bidders. However, this information does not purport to be a complete analysis of the restrictions under Indian laws in relation to the acquisition and/or transfer of securities in an Indian company by a person resident outside India.

In addition, pursuant to the Press Note No. 3 (2020 Series), dated April 17, 2020, issued by the DPIIT, which has been incorporated as the proviso to Rule 6(a) of the FEMA Non-debt Rules, all investments under the foreign direct investment route by entities of a country which shares a land border with India or where the beneficial owner of the Equity Shares is situated in or is a citizen of any such country, can only be made through the Government approval route, as prescribed in the consolidated FDI Policy dated October 15, 2020 and the FEMA Rules. Further, in the event of a transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/purview, such subsequent change in the beneficial ownership will also require approval of the Government of India.

We cannot assure investors that any required approval from the RBI or any other governmental agency can be obtained on any particular terms or at all. For further information, please see the section entitled “*Restrictions on Foreign Ownership of Indian Securities*” on page 512.

Further, under current external commercial borrowing guidelines prescribed by the RBI, companies are required to abide by restrictions including minimum maturity, permitted and non-permitted end-uses, maximum all-in-cost ceiling. Our inability to raise additional capital as a result of these and other restrictions could adversely affect our business and prospects.

75. The determination of the Price Band is based on various factors and assumptions and the Offer Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Offer. Further, the current market price of some securities listed pursuant to certain previous issues managed by the Book Running Lead Managers is below their respective issue prices.

The determination of the Price Band is based on various factors and assumptions and will be determined by our Company in consultation with the BRLMs. Furthermore, the Offer Price of the Equity Shares will be determined by our Company in consultation with the Book Running Lead Managers through the book building process prescribed under the SEBI ICDR Regulations. These will be based on numerous factors, including factors as described under the section entitled “*Basis for Offer Price*” on page 116 and may not be indicative of the market price for the Equity Shares after the Offer.

In addition to the above, the current market price of securities listed pursuant to certain previous initial public offerings managed by the BRLMs is below their respective issue price. For further information, please see the section entitled “*Other Regulatory and Statutory Disclosures – Price information of past issues handled by the BRLMs*” on page 480. The factors that could affect the market price of the Equity Shares include, among others, broad market trends, financial performance and results of our Company post-listing, and other factors beyond our control. We cannot assure you that an active market will develop or sustained trading will take place in the Equity Shares or provide any assurance regarding the price at which the Equity Shares will be traded after listing.

76. QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid amount) at any stage after submitting a bid, and Retail Individual Bidders are not permitted to withdraw their Bids after Bid/Offer Closing Date.

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are required to block the Bid amount on submission of the Bid and are not permitted to withdraw or lower their Bids (in terms of quantity of equity shares or the Bid amount) at any stage after submitting a Bid. Similarly, Retail Individual Bidders can revise or withdraw their Bids at any time during the Bid/Offer Period and until the Bid/ Offer Closing Date, but not thereafter. While we are required to complete

all necessary formalities for listing and commencement of trading of the Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed, including Allotment, within six Working Days from the Bid/ Offer Closing Date or such other period as may be prescribed by the SEBI, events affecting the investors' decision to invest in the Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows or financial condition may arise between the date of submission of the Bid and Allotment.

We may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the investors' ability to sell the Equity Shares Allotted pursuant to the Offer or cause the trading price of the Equity Shares to decline on listing.

77. Holders of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby may suffer future dilution of their ownership position.

Under the Companies Act, a company having share capital and incorporated in India must offer holders of its equity shares preemptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages before the issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution. However, if the laws of the jurisdiction the investors are located in do not permit them to exercise their pre-emptive rights without the issuing company filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise their pre-emptive rights unless we make such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for the investor's benefit. The value the custodian receives on the sale of such securities and the related transaction costs cannot be predicted. In addition, to the extent that the investors are unable to exercise pre-emption rights granted in respect of the Equity Shares held by them, their proportional interest in us would be diluted.

78. Compliance with provisions of the U.S. Foreign Account Tax Compliance Act ("FATCA") may affect payments on the Equity Shares.

The FATCA imposes a new reporting regime and potentially, imposes a 30% withholding tax on certain "foreign passthru payments" made by certain non-U.S. financial institutions (including intermediaries). If payments on the Equity Shares are made by such non-U.S. financial institutions (including intermediaries), this withholding may be imposed on such payments if made to any non-U.S. financial institution (including an intermediary) that is not otherwise exempt from FATCA or other holders who do not provide sufficient identifying information to the payer, to the extent such payments are considered "foreign passthru payments". Under current guidance, the term "foreign passthru payment" is not defined and it is therefore not clear whether and to what extent payments on the Equity Shares would be considered "foreign passthru payments". The United States has entered into intergovernmental agreements with many jurisdictions (including India) that modify the FATCA withholding regime described above. It is not yet clear how the intergovernmental agreements between the United States and these jurisdictions will address "foreign passthru payments" and whether such agreements will require us or other financial institutions to withhold or report on payments on the Equity Shares to the extent they are treated as "foreign passthru payments". Prospective investors should consult their tax advisors regarding the consequences of FATCA, or any intergovernmental agreement or non-U.S. legislation implementing FATCA, to their investment in Equity Shares.

79. U.S. holders should consider the impact of the passive foreign investment company rules in connection with an investment in our Equity Shares.

A foreign corporation will be treated as a passive foreign investment company ("PFIC") for U.S. federal income tax purposes for any taxable year in which either: (i) at least 75% of its gross income is "passive income" or (ii) at least 50% of its gross assets during the taxable year (based on of the quarterly values of the assets during a taxable year) are "passive assets," which generally means that they produce passive income or are held for the production of passive income.

No assurance can be given that our Company will or will not be considered a PFIC in the current or future years. The determination of whether or not our Company is a PFIC is a factual determination that is made annually after the end of each taxable year, and there can be no assurance that our Company will not be considered a PFIC in the current taxable year or any future taxable year because, among other reasons, (i) the composition of our Company's income and assets will vary over time, and (ii) the manner of the application of relevant rules is uncertain in several respects. Further, our Company's PFIC status may depend on the market price of its Equity Shares, which may fluctuate considerably.

- (3) Our Company in consultation with the Book Running Lead Managers may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription in the Anchor Investor Portion, the remaining Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allotment in the Mutual Fund Portion will be added to the Net QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids. For details, please see the section entitled “Offer Procedure” on page 495.
- (4) Subject to valid Bids being received at or above the Offer Price, under-subscription, if any, in the Non-Institutional Portion or the Retail Portion, would be allowed to be met with spill over from any other category or combination of categories of Bidders at the discretion of our Company in consultation with the Book Running Lead Managers and the Designated Stock Exchange. Under-subscription, if any, in the Net QIB Portion would not be allowed to be met with spill-over from other categories or a combination of categories. Under subscription, if any, in any category except the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories at the discretion of the Company, the Book Running Lead Managers and the Designated Stock Exchange. In the event of under-subscription in the Offer, subject to receiving minimum subscription for 90% of the Fresh Issue and compliance with Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, the Allotment for the valid Bids will be made in the first instance towards subscription for 90% of the Fresh Issue. For further details, please see the section entitled “Offer Structure” on page 492.
- (5) The Equity Shares available for allocation to Non-Institutional Bidders under the Non-Institutional Portion, shall be subject to the following: (i) one-third of the portion available to Non-Institutional Bidders shall be reserved for applicants with an application size of more than ₹200,000 and up to ₹1,000,000, and (ii) two-third of the portion available to Non-Institutional Bidders shall be reserved for applicants with application size of more than ₹1,000,000, provided that the unsubscribed portion in either of the aforementioned sub-categories may be allocated to applicants in the other sub-category of Non-Institutional Bidders. The allotment to each Non-Institutional Bidder shall not be less than the minimum application size, subject to the availability of Equity Shares in the Non-Institutional Portion, and the remaining Equity Shares, if any, shall be allotted on appropriate basis.
- (6) As on the date of this Red Herring Prospectus, there are no outstanding CCDs. The CCDs held by HCARE have been converted into Equity Shares in the ratio of 32.13:1 and the CCDs held by IFC have been converted into Equity Shares in the ratio of 31.97:1.

Book Building Process

Book Building Process, in the context of the Offer, refers to the process of collection of Bids from investors on the basis of the Red Herring Prospectus, the Bid cum Application Forms and the Revision Forms within the Price Band. The Price Band and minimum Bid Lot size will be decided by our Company in consultation with the Book Running Lead Managers and advertised in all editions of Financial Express, an English national daily newspaper and all editions of Jansatta, a Hindi national daily newspaper (Hindi also being the regional language of National Capital Territory of Delhi and Haryana, where our Registered Office is located) each with wide circulation, at least two Working Days prior to the Bid/Offer Opening Date and shall be made available to the Stock Exchanges for the purpose of uploading on their respective websites. The Offer Price shall be determined by our Company in consultation with the Book Running Lead Managers after the Bid/Offer Closing Date.

All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Offer by providing details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by SCSBs. In addition to this, the RIBs may participate through the ASBA process by either (a) providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs; or (b) through the UPI Mechanism. Anchor Investors are not permitted to participate in the Offer through the ASBA process.

In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders Bidding can revise their Bids during the Bid/Offer Period and withdraw their Bids on or before the Bid/Offer Closing Date. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bid/Offer Period. Allocation to the QIBs (other than Anchor Investors) and Non-Institutional Buyers will be on a proportionate basis while allocation to the Anchor Investors will be on a discretionary basis.

Each Bidder by submitting a Bid in the Offer, will be deemed to have acknowledged the above restrictions and the terms of the Offer.

Our Company will comply with the SEBI ICDR Regulations and any other directions issued by SEBI in relation to this Offer. In this regard, our Company has appointed the Book Running Lead Managers to manage this Offer and procure Bids for this Offer.

The Book Building Process is in accordance with guidelines, rules and regulations prescribed by SEBI and are subject to change from time to time. Bidders are advised to make their own judgement about an investment through this process prior to submitting a Bid.

For further details on the method and procedure for Bidding, please see the sections entitled “Offer Structure” and “Offer Procedure” on pages 492 and 495, respectively.

Bidders should note that the Offer is also subject to obtaining (i) final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment; and (ii) final approval of the RoC after the Prospectus is filed with the RoC.

Illustration of Book Building and Price Discovery Process

For an illustration of the Book Building Process and the price discovery process, please see the section entitled “Offer Procedure” on page 495.

Underwriting Agreement

After the determination of the Offer Price and allocation of Equity Shares, but prior to the filing of the Prospectus with the RoC, our Company and the Selling Shareholder intend to enter into an Underwriting Agreement with the Underwriters for the Equity Shares proposed to be issued/offered through the Offer. The extent of underwriting obligations and the Bids to be underwritten in the Offer shall be as per the Underwriting Agreement. Pursuant to the terms of the Underwriting Agreement, the obligations of each of the Underwriters will be several and will be subject to certain conditions specified therein.

The Underwriters have indicated their intention to underwrite the following number of Equity Shares:

(This portion has been intentionally left blank and will be filled in before filing of the Prospectus with the RoC.)

Name, Address, Telephone Number and E-mail Address of the Underwriters	Indicative Number of Equity Shares to be Underwritten	Amount Underwritten (in ₹ million)
[●]	[●]	[●]

The abovementioned underwriting commitments are indicative and will be finalised after pricing of the Offer, the Basis of Allotment and actual allocation in accordance with provisions of the SEBI ICDR Regulations.

In the opinion of our Board (based on representations made to our Company by the Underwriter(s)), the resources of the abovementioned Underwriter(s) are sufficient to enable them to discharge their respective underwriting obligations in full. The abovementioned Underwriters are registered with the SEBI under Section 12(1) of the SEBI Act or registered as brokers with the Stock Exchanges. Our Board/IPO Committee, at its meeting held on [●], has accepted and entered into the Underwriting Agreement mentioned above on behalf of our Company.

Allocation among the Underwriter(s) may not necessarily be in proportion to their underwriting commitment set forth in the table above.

Notwithstanding the above table, the Underwriter(s) shall be severally responsible for ensuring payment with respect to the Equity Shares allocated to investors respectively procured by them in accordance with the Underwriting Agreement. In the event of any default in payment, the respective Underwriter, in addition to other obligations defined in the Underwriting Agreement, will also be required to procure subscribers for or subscribe to the Equity Shares to the extent of the defaulted amount in accordance with the Underwriting Agreement. The Underwriting Agreement has not been executed as on the date of this Red Herring Prospectus and will be executed after determination of the Offer Price and allocation of Equity Shares, but prior to the filing of the Prospectus with the RoC.

18. Our Promoters and Promoter Group shall not participate in the Offer.
19. Except for the allotment of Equity Shares pursuant to the Fresh Issue, there will be no further issue of Equity Shares whether by way of issue of bonus shares, rights issue, preferential issue or any other manner during the period commencing from the date of filing of this Red Herring Prospectus until the listing of the Equity Shares on the BSE and NSE pursuant to the Offer or all application moneys have been refunded to the Anchor Investors, or the application moneys are unblocked in the ASBA Accounts on account of non-listing, under-subscription etc., as the case may be this is in the event there is a failure of the offer.
20. Our Company shall ensure that there shall be only one denomination of the Equity Shares, unless otherwise permitted by law.

21. No person connected with the Offer, including, but not limited to, the members of the Syndicate, our Company, the Directors, members of our Promoter Group and the Promoters, shall offer or make payment of any incentive, direct or indirect, in the nature of discount, commission and allowance, except for fees or commission for services rendered in relation to the Offer, in any manner, whether in cash or kind or services or otherwise, to any Bidder for making a Bid.
22. Our Company shall ensure that transactions in the Equity Shares by our Promoters and the Promoter Group between the date of filing of the Draft Red Herring Prospectus and the date of closure of the Offer shall be intimated to the Stock Exchanges within 24 hours of such transaction.
23. As on the date of this Red Herring Prospectus, our Company has no stock option scheme.

OBJECTS OF THE OFFER

The Offer comprises a Fresh Issue by our Company and Offer for Sale by the Selling Shareholder.

Offer for Sale

The Selling Shareholder will be entitled to the proceeds of the Offer for Sale after deducting its portion of the Offer related expenses and applicable taxes thereon. Our Company will not receive any proceeds from the Offer for Sale and the proceeds received from the Offer for Sale will not form part of the Net Proceeds.

The Fresh Issue

Requirement of funds

We are the largest real estate development company in the National Capital Region of Delhi (“Delhi NCR”) in the affordable and lower mid segment housing in terms of units supplied (in the below ₹ 8 million price category) between 2020 and the three months ended March 31, 2023, with a market share of 19%. (Source: Anarock Report) As of March 31, 2023, we were the largest real estate developer under the AHP in the Gurugram and Sohna region, with a market share of 18% in terms of total supply of units in the period from 2020 to the three months ended March 31, 2023. (Source: Anarock Report)

Accordingly, our Company proposes to utilise the Net Proceeds towards funding of the following objects:

1. Re-payment or pre-payment, in full or in part, of certain borrowings availed by our Company;
2. Infusion of funds in certain of our Subsidiaries, namely Signatureglobal Homes, Signatureglobal Developers, Signatureglobal Business Park. and Sternal Buildcon for re-payment or pre-payment, in full or in part, of certain borrowings availed by our Subsidiaries; and
3. Inorganic growth through land acquisitions and general corporate purposes.

(collectively, referred to herein as the “Objects”).

The main objects and objects incidental and ancillary to the main objects set out in the Memorandum of Association enable us (i) to undertake our existing business activities; (ii) to undertake the activities proposed to be funded from the Net Proceeds; and (iii) to undertake the activities towards which the loans proposed to be repaid from the Net Proceeds were utilised. Further, our Company expects to receive benefits of listing of the Equity Shares, including to enhance our visibility and our brand image among our existing and potential customers.

Proposed schedule of implementation and deployment of Net Proceeds

We propose to deploy the Net Proceeds towards the Objects in accordance with the estimated schedule of implementation and deployment of funds as follows:

Particulars	Estimated Amount to be funded from the Net Proceeds	(₹ in million)
		Estimated deployment of the Net Proceeds Fiscal 2024
Re-payment or pre-payment, in full or in part, of certain borrowings availed by our Company	2,640.00	2,640.00
Infusion of funds in certain of our Subsidiaries, namely Signatureglobal Homes, Signatureglobal Developers, Signatureglobal Business Park and Sternal Buildcon for re-payment or pre-payment, in full or in part, of certain borrowings availed by our Subsidiaries	1,680.00	1,680.00
Inorganic growth through land acquisitions and general corporate purposes ⁽¹⁾	[●]	[●]

⁽¹⁾ To be finalized upon determination of the Offer Price and updated in the Prospectus prior to filing with the RoC. The amount utilised for inorganic growth through land acquisitions and general corporate purposes shall not exceed 35% of the Gross Proceeds in accordance with regulation 7(3) of the ICDR Regulations, out of which the amounts to utilised towards each of (i) general corporate purposes, or (ii) inorganic growth through land acquisitions, will not exceed 25% of the Gross Proceeds of the Fresh Issue.

The fund requirements, the deployment of funds and the intended use of the Net Proceeds as described herein are based on our current business plan, management estimates, other commercial and technical factors. However, such fund requirements and deployment of funds have not been appraised by any bank or financial institution. We may have to revise our funding requirements and deployment on account of a variety of factors such as our financial condition, business and strategy, competition, variation in cost estimates on account of factors, including changes in design or configuration of the project, incremental pre-operative expenses and other external factors such as changes in the business environment, market conditions and interest or exchange rate fluctuations, which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of our management, subject to compliance with applicable laws. Our historical expenditure may not be reflective of our future expenditure plans. For details on risks involved, please see the section entitled “Risk Factors - Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and may be subject to change based on various factors, some of which are beyond our control. While our Company will receive proceeds from the Fresh Issue, it will not receive any proceeds from the Offer for Sale.” on page 39.

In the event that the estimated utilization of the Net Proceeds in a scheduled Fiscal Year is not completely met, due to the reasons stated above, the same shall be utilised in the next Fiscal Year, as may be determined by our Company, in accordance with applicable laws. Subject to applicable laws, in the event of any increase in the actual utilization of funds earmarked for the purposes set forth above, such additional funds for a particular activity will be met by way of means available to us, including from internal accruals and any additional equity and/or debt arrangements. If the actual utilisation towards any of the Objects is lower than the proposed deployment such balance will be used towards general corporate purposes to the extent that the total amount to be utilised towards general corporate purposes will not exceed 25% of the Gross Proceeds in accordance with the SEBI ICDR Regulations.

Means of finance

The Objects set out above are proposed to be funded from the Net Proceeds. Accordingly, we are in compliance with the requirements prescribed under Paragraph 9(C)(1) of Part A of Schedule VI and Regulation 7(1)(e) of the SEBI ICDR Regulations which require firm arrangements of finance to be made through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Fresh Issue and existing identifiable internal accruals. In case of a shortfall in the Net Proceeds or any increase in the actual utilisation of funds earmarked for the Objects, our Company may explore a range of options including utilizing our internal accruals and/or seeking additional debt from existing and/or other lenders.

Details of the Objects

I. Re-payment or pre-payment, in full or in part, of certain borrowings availed by our Company

Our Company has entered into various financing arrangements to avail terms loans and working capital loans. For details in relation to our borrowings as at June 30, 2023, in accordance with the requirements specified under Schedule III of the Companies Act, 2013, please see section entitled “Financial Statements” beginning on page 268.

As at June 30, 2023, the amount outstanding under our loan facilities was ₹4,952.61 million. We propose to utilise an estimated amount of ₹2,640.00 million from the Net Proceeds towards re-payment or pre-payment of borrowings availed by our Company, in full or in part. The repayment/ prepayment, will help reduce our outstanding indebtedness, assist us in maintaining a favourable debt-equity ratio and enable utilisation of some additional amount from our internal accruals for further investment

in business growth and expansion. In addition, we believe that since our debt-equity ratio will improve significantly, it will enable us to raise further resources at competitive rates and additional funds or capital in the future to fund potential business development opportunities and plans to grow and expand our business in the future. Given the nature of these borrowings and the terms of repayment/prepayment, the aggregate outstanding borrowing amounts may vary from time to time. Further, the amounts outstanding under these borrowings as well as the sanctioned limits are dependent on several factors and may vary with our business cycle with multiple intermediate repayments, drawdowns and enhancement of sanctioned limits. However, the aggregate amount to be utilised from the Net Proceeds towards repayment/ prepayment of certain borrowings, in part or in full, would not exceed ₹ 2,640.00 million.

The following table provides details of certain borrowings availed by our Company, which are outstanding as on June 30, 2023, which are currently proposed to be re-paid or pre-paid, in full or in part, to the extent of ₹ 2640.00 million from the Net Proceeds:

* In accordance with Clause 9(A)(2)(b) of Part A of Schedule VI of the SEBI ICDR Regulations, which requires a certificate from the statutory auditor, certifying the utilization of loan for the purposes availed, our Company has obtained the requisite certificate from our Statutory Auditors by way of their certificate dated September 11, 2023.

The borrowings availed by the Company are in ordinary course of business and none of the BRLM are disqualified to act as a lead manager (as prescribed under Regulation 21 A of the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992).

The following table provides details of the loans availed by our Company utilized for the purposes of takeover of past loans:

Name of Bank/ Financial institution	Nature of borrowing	Purpose for which disbursed loan amount was utilized	Key Terms of takeover	Key terms of loan repaid	Past Lender
ICICI Bank Limited	Secured Term Loan	For repayment of existing debt of Yes Bank Limited and HDFC Capital Affordable Real-Estate Fund-II and remainder for part financing of balance cost of SG Prime and Sunrise Premium Floors	Project Prime Ext was mortgaged with HDFC Capital Affordable Real-Estate Fund-II and project Prime was mortgaged with Yes Bank Limited to refinance both the projects, ICICI Bank Limited made payments of ₹100.00 million to HDFC Capital Affordable Real-Estate Fund-II and ₹135.00 million to Yes Bank Limited.	The tenure of HDFC Capital Affordable Real-Estate Fund-II non-convertible debentures was 48 months initially which got extended to 60 months due to COVID. The purpose of proceeds from non-convertible debentures was repayment of debt and land acquisitions. The tenure of Yes Bank Limited term loan was 30 months and it was availed for construction, payment of approval cost, EDC/IDC of group projects	HDFC Capital Affordable Real-Estate Fund-II and Yes Bank Limited
Kotak Mahindra Investments Limited	Secured Term Loan	For re-payment of loans availed from HDFC Capital Affordable Real-Estate Fund-II and towards general corporate purposes	Project SG City 63A was initially mortgaged with HDFC Capital Affordable Real Estate Fund-II. In order to get the same released from HDFC Capital Affordable Real Estate Fund-II, repayment of ₹350.00 million was made by Kotak Mahindra Investments Limited. Thereafter the project was mortgaged in favour of Kotak Mahindra Investments Limited.	The tenure of HDFC Capital Affordable Real-Estate Fund-II non-convertible debentures was 48 months initially which got extended to 60 months due to COVID. The purpose of proceeds from non-convertible debentures was repayment of debt and land acquisitions	HDFC Capital Affordable Real-Estate Fund-II

We believe that such re-payment or pre-payment, in full or in part, will help reduce our outstanding indebtedness and our debt-equity ratio and enable utilization of our internal accruals for further investment in business growth and expansion in new projects. In addition, we believe that the strength of our balance sheet and our leverage capacity will further improve, which shall enable us to raise further capital in the future at competitive rates to fund potential business development opportunities and plans to grow and expand our business in the coming years.

We may consider the following factors for identifying the loans that will be repaid out of the Net Proceeds:

1. Costs, expenses and charges relating to the facility including interest rates involved;
2. Presence of onerous terms and conditions under the facility;
3. Ease of operation of the facility;

4. Terms and conditions of consents and waivers;
5. Provisions of any law, rules, regulations governing such borrowings; and / or
6. Other commercial considerations including, among others, the amount of the loan outstanding and the remaining tenor of the loan.

Given the nature of these borrowings and the terms of repayment or prepayment, the aggregate outstanding amounts under these borrowings may vary from time to time, and our Company may, in accordance with the relevant repayment schedule, repay or refinance, or prepay, some of their existing borrowings prior to Allotment. Accordingly, we may utilise the Net Proceeds for full or partial re-payment or pre-payment of any such refinanced facilities, or full or partial prepayment, or repayment of any additional facilities obtained by our Company. However, the aggregate amount to be utilised from the Net Proceeds towards re-payment or pre-payment of borrowings (including refinanced or additional facilities availed, if any), in part or full, would not exceed ₹ 2,640.00 million. In the event our Board deems appropriate, the amount allocated for estimated schedule of deployment of Net Proceeds in a particular fiscal may be re-paid or pre-paid, in part or full, by our Company in the subsequent fiscal. For further details regarding the terms of the loans which are proposed to be repaid by our Company, please see the section entitled “*Financial Indebtedness*” on page 455.

II. Infusion of funds in certain of our Subsidiaries, namely Signatureglobal Homes, Signatureglobal Developers, Signatureglobal Business Park. and Sternal Buildcon for re-payment or pre-payment, in full or in part, of certain borrowings availed by our Subsidiaries

Certain of our Subsidiaries namely, Signatureglobal Homes, Signatureglobal Developers, Signatureglobal Business Park and Sternal Buildcon, have entered into financing arrangements for availing terms loans and working capital loans.

We intend to utilise an estimated amount of ₹50.00 million from the Net Proceeds towards infusion of funds in Signatureglobal Homes, an estimated amount of ₹1,530.00 million from the Net Proceeds towards infusion of funds in Signatureglobal Business Park, an estimated amount of ₹50.00 million from the Net Proceeds towards infusion of funds in Signatureglobal Developers and an estimated amount of ₹50.00 million from the Net Proceeds towards infusion of funds in Sternal Buildcon in the form of equity or debt or in any other manner as may be mutually decided. The actual mode of such deployment has not been finalised as on the date of this Red Herring Prospectus.

8.	Signature Infrabuild	10.30 acres in Sector 92, Gurgaon	Outright acquisition	740.22	Fiscal 2022	Utilised towards City 92 under DDJAY

For details in relation to our business and the industry in which we operate, please see the sections entitled, “*Our Business*” and “*Industry Overview*” on pages 174 and 132, respectively.

The amount of Net Proceeds to be used for acquisitions will be based on our management’s decision and may not be the total value or cost of any such acquisitions but is expected to provide us with sufficient financial leverage to pursue such acquisitions. For further details, see the section entitled “*Risk Factors – There is a lack of specificity around one of the proposed objects of the Offer and we have not specifically earmarked the use of the Net Proceeds under the head of the objects of the Offer*” on page 40.

The actual deployment of funds will depend on a number of factors, including the timing, nature, size and number of land acquisitions undertaken, as well as general factors affecting our results of operation, financial condition and access to capital. The costs of acquiring land or land development rights will vary depending on various factors, such as, location of land, profile of the population in the surrounding areas, type of project that can be developed, general economic conditions and the extent of negotiations between us and the parties from whom we propose to acquire land. Further, besides the purchase price payable for the acquisition of land, the cost of land acquisition would include various other components, such as brokerage, cost of title searches, stamp duty, taxes, legal fees, cost of conversion of the status of land and the cost of obtaining approvals. We use different ways to acquire land. Land can be acquired through auctions in the market by bidding for the auction or directly through negotiations with the seller. It can also be acquired through acquisition or collaboration agreement with companies that hold the land parcels. All these elements, including payments to be made as set out above, would be a part of the cost of acquisition of land or land development rights. Further, we may also consider acquiring companies or projects in a timely manner which have land parcels on which projects can be developed. In the event that any acquisition of land is undertaken through subsidiaries or other forms of investments, the detailed terms and conditions of such investments would be decided, from time to time, on a project-wise basis.

These factors will also determine the form of investment for these potential acquisitions, i.e., whether they will be directly done by our Company or through investments in our subsidiaries in the form of equity, debt or any other instrument or combination thereof, or whether these will be in the nature of asset or technology acquisitions or joint ventures. Acquisitions and inorganic growth initiatives may be undertaken as cash transactions, or as done previously, and as permitted under applicable laws.

We intend to utilise the entire amount earmarked for the acquisition of land or land development rights by Fiscal 2024. Since we have not yet identified the land which we propose to acquire, the proposed deployment of funds in Fiscal 2024 may vary from year to year. However, we anticipate that the entire amount would be utilised for acquisition of land by Fiscal 2024. The process of acquisition of land or land development rights is a time-consuming process which requires exhaustive set of diligence procedures to assess the title and is influenced by other factors. We undertake that, (i) the requisite material approvals shall be applied for, and obtained, as soon as reasonably possible (by paying requisite fees or charges) for commencement or completion of the relevant land acquisition; (ii) post acquisition, the land will be free of all encumbrances and have clear title or the encumbrances, if any, will be removed by undertaking negotiations and financial settlements (with parties holding pledge and in certain cases those who may have encroached on the land). We undertake that details of any payments or expenses incurred in this regard with an adequate break-up of the costs involved would be provided to our Board and to the Stock Exchanges as

per applicable law.

Further, in accordance with the SEBI Listing Regulations, our Company will disclose to the Stock Exchanges: (i) as and when acquired, the cost of acquisition and other details such as nature of title or interest acquired in the land; and (ii) if not acquired, the relevant land and developmental details.

We undertake that the land or land development rights proposed to be acquired from the proceeds of the Offer shall not be acquired from the Promoter, Promoter Group entities, Group Companies, affiliates or any other related parties.

Rationale for acquisitions in future

Some of the selection criteria that we may consider when evaluating strategic land acquisitions include:

- strategic fit to our existing business;
- newer infrastructure;
- enhance our geographical reach; and
- strengthen market share in existing markets.

Acquisition process

The typical framework and process followed by us for acquisitions involves identifying the strategic land parcels based on the criteria set out above, entering into requisite negotiations and agreements and conducting diligence of the target lands. On satisfactory conclusion of the diligence exercise, we enter into definitive agreements to acquire the targeted land, based on the approval of our Board and the shareholders, if required. For further details, please see the section entitled “Our Business-Acquisition of title and/or developmental rights of land” on page 204.

As on the date of this Red Herring Prospectus, we have not entered into any definitive agreements towards any future land acquisitions in respect of which Net Proceeds will be used. We confirm that not more than 25% of the Gross Proceeds shall be used for inorganic growth through land acquisition in accordance with Regulation 7(3) of the ICDR Regulations.

Further, the amount utilized for inorganic growth through land acquisitions and general corporate purposes shall not exceed 35% of the Gross Proceeds in accordance with Regulation 7(3) of the ICDR Regulations out of which the amounts to utilized towards each of (i) general corporate purposes, or (ii) inorganic growth through land acquisitions, will not exceed 25% of the Gross Proceeds of the Fresh Issue. The general corporate purposes for which our Company proposes to utilize Net Proceeds include strategic initiatives, payment of government fees, project approval expenses, construction expenses, funding inorganic growth opportunities, including acquisitions and meeting exigencies, meeting expenses incurred by our Company and strengthening of our construction and development capabilities, as may be applicable.

In addition to the above, our Company may utilize the Net Proceeds towards other expenditure considered expedient and as approved periodically by our Board, subject to compliance with necessary provisions of the Companies Act. The quantum of utilization of funds towards each of the above purposes will be determined by our Board, based on the amount available under this head and the business requirements of our Company, from time to time. Our Company’s management shall have flexibility in utilizing surplus amounts, if any.

Interim use of Net Proceeds

Pending utilisation of the Net Proceeds for the purposes described above, our Company will temporarily invest the Net Proceeds in deposits in one or more scheduled commercial banks included in the Second Schedule of Reserve Bank of India Act, 1934, as may be approved by our Board. In accordance with Section 27 of the Companies Act, 2013, our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any other listed company or for any investment in the equity markets.

Appraising entity

None of the objects for which the Net Proceeds will be utilised have been appraised by any agency.

Bridge financing facilities

Our Company has not raised any bridge loans from any bank or financial institution as on the date of this Red Herring Prospectus, which are proposed to be repaid from the Net Proceeds.

Monitoring of utilisation of funds

Our Company has appointed ICRA Limited as the monitoring agency in accordance with Regulation 41 of the SEBI ICDR Regulations. Our Audit Committee and the Monitoring Agency will monitor the utilisation of the Net Proceeds and the Monitoring Agency shall submit the report required under Regulation 41(2) of the SEBI ICDR Regulations, on a quarterly basis, until such time as the Net Proceeds have been utilised in full. Additionally, our Company shall provide the item by item description for all the expense heads against each object of the Offer. Our Company will disclose the utilisation of the Net Proceeds, including deployment under various expense heads and interim use under a separate head in our balance sheet for such fiscals as required under applicable law, specifying the purposes for which the Net Proceeds have been utilised. Our Company will also, in its balance sheet for the applicable fiscals, provide details, if any, in relation to all such Net Proceeds that have not been utilised, if any, of such currently unutilised Net Proceeds. Our Company will indicate investments in acquisitions or strategic partnership or any inorganic growth initiative, if any, of unutilised Net Proceeds in the balance sheet of our Company for the relevant fiscals subsequent to receipt of listing and trading approvals from the Stock Exchanges. Our Audit Committee shall monitor the Net Proceeds till utilisation of the Net Proceeds and in this regard our Company shall provide details/information/certifications on utilisation of the Net Proceeds to the Monitoring Agency.

Pursuant to Regulation 32(3) of the SEBI Listing Regulations, our Company shall, on a quarterly basis, disclose to the Audit Committee the uses and applications of the Net Proceeds. The quarterly report shall provide item by item description for all the expense heads under each Object of the Offer. For details, please see section entitled “-Details of Objects of the Offer” on page 97 of the RHP. On an annual basis, our Company shall prepare a statement of funds utilised for purposes other than those stated in this Red Herring Prospectus and place it before the Audit Committee and make other disclosures as may be required until such time as the Net Proceeds remain unutilised. Such disclosure shall be made only until such time that all the Net Proceeds have been utilised in full. The statement shall be certified by the statutory auditor of our Company. Furthermore, in accordance with Regulation 32(1) of the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the actual utilisation of the proceeds of the Fresh Issue from the objects of the Fresh Issue as stated above; and (ii) details of category wise variations in the actual utilisation of the proceeds of the Fresh Issue from the objects of the Fresh Issue as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results and explanation for such variation (if any) will be included in our Director’s report, after placing the same before the Audit Committee.

Variation in Objects

In accordance with Sections 13(8) and 27 of the Companies Act and applicable rules, our Company shall not vary the objects of the Offer without our Company being authorised to do so by the Shareholders by way of a special resolution. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution (the “**Notice**”) shall specify the prescribed details, including justification for such variation and be published and placed on website of our Company, in accordance with the Companies Act, 2013, read with relevant rules.

The Notice shall simultaneously be published in the newspapers, one in English and one in the vernacular language of the jurisdiction where our Registered Office is situated. Pursuant to Section 13(8) of the Companies Act, 2013, our Promoters or controlling Shareholders will be required to provide an exit opportunity to the Shareholders who do not agree to such proposal to vary the objects, subject to the provisions of the Companies Act, 2013 and in accordance with such terms and conditions, including in respect of pricing of the Equity Shares, in accordance with our Articles of Association, the Companies Act, 2013 and the SEBI ICDR Regulations.

Other confirmations

Except to the extent of the proceeds received pursuant to the Offer for Sale, none of our Promoters, Directors, KMPs, Senior Management or Promoter Group will receive any portion of the Offer Proceeds and there are no material existing or anticipated transactions in relation to utilization of the Net Proceeds with our Promoters, Directors, KMPs, Senior Management or Promoter Group.

BASIS FOR OFFER PRICE

The Price Band and the Offer Price will be determined by our Company in consultation with the Book Running Lead Managers, on the basis of assessment of market demand for the Equity Shares offered through the Book Building Process and on the basis of quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹ 1 each and the Offer Price is [●] times the Floor Price and [●] times the Cap Price. Investors should also refer to the sections entitled “Our Business”, “Risk Factors”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Financial Statements” beginning on pages 184, 30, 424 and 268, respectively, to have an informed view before making an investment decision.

Qualitative Factors

We believe the following business strengths allow us to successfully compete in the industry:

- Largest affordable and mid segment real estate developer in Delhi NCR;
- Well-established brand, strong distribution network and digital marketing capabilities translating into faster sales;
- Fast growing with ability to scale up rapidly;
- Ability to provide aspirational lifestyle and amenities at affordable pricing and at strategic locations;
- Standardized product offerings, quick turnaround and end-to-end in-house project execution expertise;
- Positive operating cash flows with low levels of debt;
- Strong focus on sustainable development; and
- Experienced Promoters and professional senior management team with marquee investors.

For details, please see the section entitled “Our Business – Our Strengths” on page 177.

Quantitative Factors

The information presented below relating to our Company is derived from the Restated Consolidated Financial Statements. For details, please see the section entitled “Financial Statements” beginning on page 268.

Some of the quantitative factors which may form the basis for computing the Offer Price are as follows:

A. Basic and Diluted Earnings Per Share (“EPS”) as adjusted for change in capital:

Fiscal Year ended	Basic EPS (in ₹)	Diluted EPS (in ₹)	Weight
March 31, 2021	(7.56)	(7.56)	1
March 31, 2022	(10.23)	(10.23)	2
March 31, 2023	(5.44)	(5.44)	3
Weighted Average*	(7.39)	(7.39)	

Notes:

- i) *Weighted average = Aggregate of year-wise weighted EPS divided by the aggregate of weights i.e. (EPS x Weight) for each year/Total of weights*
- ii) *Basic Earnings per Equity Share (*) = Net profit after tax attributable to owners of the Company, as restated / Weighted average no. of Equity Shares outstanding during the year*
- iii) *Diluted Earnings per Equity Share (*) = Net Profit after tax attributable to owners of the Company, as restated / Weighted average no. of potential Equity Shares outstanding during the year*
- iv) *Earnings per Share calculations are in accordance with the notified Indian Accounting Standard 33 ‘Earnings per share’.*
- v) *The figures disclosed above are based on the restated Ind-AS financial statements of the Company.*

* During the year ended March 31, 2022, the Board of Directors of the Company has approved share split of equity shares from ₹ 10 per share to ₹ 1 per share and the same has been duly approved by the shareholders of the Company. As prescribed under Ind AS 33, ‘Earnings per Share’, the Company has presented basic and diluted earnings per share on considering the aforementioned share split for the current as well as previous years. Further, during the year ended March 31, 2022, the Company has issued 56,879,400 bonus shares in the ratio of 1:1 to the existing shareholders as on March 23, 2022 by utilising the securities premium account.

B. Price/Earning (“P/E”) ratio in relation to the Price Band of ₹ [●] to ₹ [●] per Equity Share:

Particulars	P/E at the Floor Price (no. of times)	P/E at the Cap Price (no. of times)
Based on basic EPS for Fiscal 2023	[●]	[●]
Based on diluted EPS for Fiscal 2023	[●]	[●]

C. Industry Peer Group P/E ratio

Particulars	Industry P/E
Highest	137.03
Lowest	21.23
Average	63.89

The industry high and low has been considered from the industry peer set provided later in this section. The industry composite has been calculated as the arithmetic average of P/E for industry peer set disclosed in this section. For further details, please see the section entitled “– Comparison of Accounting Ratios with Listed Industry Peers” on page 118.

D. Average Return on Net Worth (“RoNW”)

Fiscal Year ended	RoNW (%)	Weight
March 31, 2021*	N.A.	1
March 31, 2022*	N.A.	2
March 31, 2023	N.A.	3
Weighted Average	N.A.	

* Net worth or Profit after tax is negative, hence considered NA

Notes:

- Weighted average = Aggregate of year-wise weighted RoNW divided by the aggregate of weights i.e. (RoNW x Weight) for each year/Total of weights.
- Return on Net Worth (%) = Net Profit after tax attributable to owners of the Company, as restated / Restated net worth at the end of the year/period.
- 'Net worth' under Ind-As: Net worth has been defined as the aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account and debit or credit balance of profit and loss account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, as per the audited balance sheet, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation as on March 31, 2022; 2021 and 2020 in accordance with Regulation 2(1)(hh) of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended.

E. Net Asset Value (“NAV”) per Equity Share of face value of ₹1 each

Fiscal year ended/Period ended	NAV per Equity Share (basic) (₹)	NAV per Equity Share (diluted) (₹)
As on March 31, 2023	3.81	3.81
At the Floor Price	●	●
At the Cap Price	●	●
Offer Price*	●	●

* To be populated in the Prospectus

- Offer Price per Equity Share will be determined on conclusion of the Book Building Process.
- “Net worth” includes total equity share capital and other equity.
- “Net Asset Value per equity share” represents net worth divided by total number of shares adjusted for bonus shares and split of shares.

F. Key financial and operational metrics

The following are the key performance indicators (“KPIs”) that have been considered for arriving at the basis for the Offer Price:

Period	Fiscal 2021	Fiscal 2022	Fiscal 2023	CAGR (Fiscal 2021 to Fiscal 2023) ⁽⁷⁾ (%)
Sales (₹ million) ⁽¹⁾ ⁽⁶⁾	16,902.74	25,900.38	34,305.84	42.46%

Such projects are under the AHP and were launched/sold prior to March 31, 2022. The collections pertaining to these projects was collected in the Director of Town and Country Planning, Haryana bank account as per the AHP as at March 31, 2022 and the Company received such amount subsequently, post allotment of units as per the process established by the Department of Town and Country Planning, Haryana
- Compounded Annual Growth Rate (as a %): $(\text{end year value} / \text{base Year Value})^{(1/\text{Number of years between base year and end year})} - 1$, where ^ denotes 'raised to'

For details of our KPIs disclosed elsewhere in this Red Herring Prospectus, please see the section entitled “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages

174 and 424, respectively.

G. Description on the historic use of the KPIs by the Company to analyze, track or monitor the operational and/or financial performance of the Company

In evaluating the business of the Company, the Company considers and uses certain KPIs, as presented below, as a supplemental measure to review and assess the financial and operating performance. The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Restated Consolidated Financial Information. The Company presents these KPIs as it uses them to evaluate its financial and operating performance. Some of these KPIs are not defined under Ind AS and are not presented in accordance with Ind AS. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies, including peer companies, and hence their comparability may be limited. Therefore, these metrics should not be considered in isolation or construed as an alternative to Ind AS measures of performance or as an indicator of the operating performance, liquidity, profitability or results of operation. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, the Company's management believes that it provides an additional tool for investors to use in evaluating the ongoing operating results and trends and in comparing the financial results with other companies in its industry because it provides consistency and comparability with past financial performance, when taken collectively with financial measures prepared in accordance with Ind AS.

Bidders are encouraged to review the Ind AS financial measures and to not rely on any single financial or operational metric to evaluate our business. For further details, please see the section entitled "*Risk Factors – Significant differences exist between Ind AS used to prepare our Restated Consolidated Financial Information and other accounting principles, such as U.S. GAAP and IFRS, which investors may be more familiar with and may consider the material to their assessment of our financial condition*" on page 63.

1. Sales:

The Company believes Sales reflects its ability to market and sell the product. The brand recognition, product offering and competitive pricing enable us to achieve sales velocities across the projects.

2. Gross Collections

Gross Collections reflects the ability to generate cash flows and thus limit dependence on external sources of capital.

3. Launches

Launches determine the Company's ability to turnaround land that we tie-up and obtain all approvals to start the project.

4. Deliveries

Deliveries refers to the completed area for which occupation certificate has been received by the Company. This metric is important because it demonstrates the ability to execute and complete projects.

The Company has not undertaken any material acquisition or disposition of assets/ business for Fiscal 2023, 2022 and Fiscal 2021.

H. Comparison of Accounting Ratios with Listed Industry Peers

The following peer group has been determined on the basis of companies listed on Indian stock exchanges, whose business profile is comparable to the businesses of the Company:

Proposed initial public offering issue of equity shares of face value of Rs. 1 each (“the “Equity Shares”) of Signatureglobal (India) Limited, (the “Company”/ “Issuer”) through a fresh issue and offer of sale of equity shares by certain existing shareholders (the “Offer”)

1. This report is issued in accordance with the terms of our engagement letter dated 6 April 2022 and addendums to the engagement letter dated 6 July 2022 and 14 August 2023.
2. The accompanying Statement of Special Tax Benefits available to the Company, its Shareholders and its material subsidiaries (hereinafter referred to as **“the Statement”**) under the Income-tax Act, 1961 (read with Income Tax Rules, circulars, notifications) as amended by the Finance Act, 2023 (hereinafter referred to as **“Income-Tax Regulations”**), has been prepared by the management of the Company in connection with the proposed Offer, which we have initialed for identification purposes.

Management’s Responsibility

3. The preparation of this Statement as on the date of our report which is to be included in the Red Herring Prospectus (‘RHP’) is the responsibility of the management of the Company and has been approved by the Board of Directors of the Company at its meeting held on September 11, 2023 for the purpose set out in paragraph 10 below. The management’s responsibility includes designing, implementing and maintaining internal control relevant to the preparation and presentation of the Statement, and applying an appropriate basis of preparation; and making estimates that are reasonable in the circumstances. The Management is also responsible for identifying and ensuring that the Company complies with the laws and regulations applicable to its activities.

Auditor’s Responsibility

4. Our work has been carried out in accordance with Standards on Auditing, the ‘Guidance Note on Reports or Certificates for Special Purposes (Revised 2016)’ and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India (the **“ICAI”**). The Guidance Note requires that we comply with ethical requirements of the Code of Ethics issued by the ICAI.
5. Pursuant to the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations 2018, as amended (the **“SEBI ICDR Regulations”**) and the Companies Act 2013 (‘Act’), it is our responsibility to report whether the Statement prepared by the Company, presents, in all material respects, the possible special tax benefits available as of September 11, 2023 available to the Company, its shareholders and material subsidiaries, in accordance with the Income-Tax Regulations as at the date of our report.

7. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act and the SEBI ICDR Regulations in connection with the proposed Offer.

Inherent Limitations

8. We draw attention to the fact that the Statement includes certain inherent limitations that can influence the reliability of the information.

Several of the benefits mentioned in the accompanying Statement are dependent on the Company or its shareholders or its material subsidiaries fulfilling the conditions prescribed under the relevant provisions of the tax laws. Hence, the ability of the Company or its shareholders or its material subsidiaries to derive the tax benefits is dependent upon fulfilling such

conditions which, based on business imperatives the Company faces in the future, the Company or its shareholders may or may not choose to fulfil. The benefits discussed in the accompanying Statement are not exhaustive.

The Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Offer.

Further, we give no assurance that the revenue authorities/courts will concur with our views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes.

Opinion

9. In our opinion, the Statement prepared by the Company presents, in all material respects, the possible special tax benefits available, to the Company, its shareholders and its material subsidiaries, in accordance with the Income Tax Regulations as at the date of our report.

Considering the matter referred to in paragraph 8 above, we are unable to express any opinion or provide any assurance as to whether:

- (i) The Company or its shareholders or its material subsidiaries will continue to obtain the benefits per the Statement in future; or
- (ii) The conditions prescribed for availing the benefits per the Statement have been/would be met with.

Restriction on Use

10. This report is addressed to and is provided to enable the Board of Directors of the Company to include this report in the Red Herring Prospectus, prepared in connection with the Offer to be filed by the Company with the Securities and Exchange Board of India, Registrar of Companies, National Capital Territory of Delhi and Haryana at New Delhi (RoC) and the concerned stock exchanges. It is not to be used, referred to or distributed for any other purpose without our prior written consent.

STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO SIGNATUREGLOBAL (INDIA) LIMITED [FORMERLY KNOWN AS SIGNATUREGLOBAL (INDIA) PRIVATE LIMITED] ('THE COMPANY' or 'SGIL'), ITS MATERIAL SUBSIDIARIES AND ITS SHAREHOLDERS UNDER THE APPLICABLE INCOME TAX LAW OF INDIA

Outlined below are the possible special tax benefits available to the Company, its material subsidiaries, and its shareholders under the Income-Tax Act, 1961 as amended by the Finance Act, 2023 (hereinafter referred to as 'the Act') read along with applicable Income-Tax Rules, Circulars and Notifications (hereafter referred to as 'Indian Income Tax Regulations'). These special tax benefits are dependent on the Company, its five material subsidiaries and its shareholders fulfilling the conditions prescribed under the relevant Income Tax Laws.

A. Special tax benefits available to the Company

1. Beneficial corporate tax rates - section 115BAA of the Act

The Taxation Laws (Amendment) Act, 2019 introduced section 115BAA wherein domestic companies are entitled to avail a beneficial tax rate of 22% (plus applicable surcharge and cess) on fulfillment of certain conditions. The option to apply this tax rate is available from Financial Year ('FY') 2019-20 relevant to Assessment Year ('AY') 2020-21 and the option once exercised shall apply to subsequent AYs. The beneficial tax regime is subject to a company not availing any of the following deductions under the provisions of the Act:

- Section 10AA: Tax holiday available to units in a Special Economic Zone.
- Section 32(1)(iia): Additional depreciation;
- Section 32AD: Investment allowance.
- Section 33AB/3ABA: Tea coffee rubber development expenses/site restoration expenses
- Section 35(1)/35(2AA)/ 35(2AB): Expenditure on scientific research.
- Section 35AD: Deduction for capital expenditure incurred on specified businesses.
- Section 35CCC/35CCD: expenditure on agricultural extension /skill development.
- Chapter VI-A except for the provisions of section 80JJAA and section 80M.

The total income of a company availing the beneficial tax rate of 25.17% (i.e., 22% plus 10% surcharge and 4% health & education cess) is required to be computed without set-off of any carried forward loss and depreciation attributable to any of the aforesaid deductions/incentives. A company can exercise the option to apply for the beneficial tax regime in its return of income filed under section 139(1) of the Act. Further, provisions of Minimum Alternate Tax ('MAT') under section 115JB of the Act shall not be applicable to companies availing this beneficial tax regime, thus, any carried forward MAT credit also cannot be claimed.

The provisions do not specify any limitation/condition on account of turnover, nature of business or date of incorporation for opting for the beneficial tax regime. Accordingly, all existing as well as new domestic companies are eligible to avail this beneficial tax regime.

Note: The Company has not yet opted for beneficial tax regime under section 115BAA of the Act as it is claiming certain deductions restricted by the section. However, the option is available to the Company for future years.

2. Deduction under section 80-IBA of the Act

As per the provisions of section 80-IBA of the Act, a company is eligible to claim a deduction to the extent of 100% of the profits derived from the business of developing and building housing or rental housing projects. This deduction is available subject to fulfilment of certain conditions specified in the section.

However, the aforesaid deduction is not available while computing tax liability under MAT. Nonetheless, such tax paid under MAT provisions would be eligible for credit against tax liability arising under normal provisions of the Act in subsequent years.

Presently, the Company is eligible for claiming deduction under section 80-IBA of the Act. However, if option for beneficial tax regime as prescribed under section 115BAA of the Act is exercised, the said benefit shall not be available.

3. Deduction in respect of inter-corporate dividends – section 80M of the Act

As per the provisions of section 80M of the Act, inserted with effect from 01 April 2021, a domestic company, shall be allowed to claim a deduction of dividend income earned from any other domestic company or a foreign company or a business trust. However, such deduction shall be restricted to the amount of dividend distributed by it to its shareholders on or before the due date i.e., one month prior to the date of furnishing the return of income under sub-section (1) of section 139 of the Act.

4. Deductions in respect of employment of new employees – section 80JJAA of the Act

As per section 80JJAA of the Act, where a company is subject to tax audit under section 44AB of the Act and derives income from business, it shall be allowed to claim a deduction of an amount equal to 30% of additional employee cost incurred in the course of such business in a previous year, for 3 consecutive assessment years including the assessment year relevant to the previous year in which such additional employment cost is incurred.

The eligibility to claim the deduction is subject to fulfilment of prescribed conditions specified in sub-section (2) of section 80JJAA of the Act.

5. Deduction of expenditure in connection with extension of an undertaking - Section 35D of the Act

As per section 35D of the Act, a company is eligible to claim deduction of expenditure, being underwriting commission, brokerage, and charges for drafting, typing, printing and advertisement of the prospectus incurred in connection with expansion of its undertaking upon fulfilment of conditions as laid down under the Act,

The deduction under section 35D of the Act is allowable for an amount equal to one fifth of such expenditure for each of five successive previous years beginning with the previous year in which the extension of the undertaking is completed.

6. Deduction with respect to donations/contributions to specified funds/institutions- Section 80G of the Act

A company is entitled to claim deduction, under the provisions of Section 80G of the Act towards donation/contribution made to specified funds/institutions subject the fulfilment of conditions laid down therein.

The deduction under section 80G shall be available for an amount equal to 100% or 50% (subject to permissible limit) of the amount of donations made by the Company in the relevant previous year.

However, if the Company exercises option for beneficial tax regime as prescribed under section 115BAA of the Act, the said deduction shall not be available.

7. Setoff of MAT Credit – Section 115JAA of the Act

As per the provisions of section 115JAA of the Act, a company can claim credit of taxes paid under MAT provision. Taxes paid under MAT provisions are eligible for carry forward for a period of fifteen assessment years immediately succeeding the assessment year in which such credit has become allowable.

The credit is available for set off only when tax becomes payable under the normal provisions of the Act. The tax credit can be utilized to the extent of difference between the tax payable under the normal provisions of the Act and tax payable under MAT for that year.

B. Special tax benefits available to material subsidiaries

The Company has five material subsidiaries, namely Signature Builders Private Limited, Signatureglobal Homes Private Limited, JMK Holdings Private Limited, Indeed Fincap Private Limited and, Forever Buildtech Private Limited.

Out of these subsidiaries, Forever Buildtech Private Limited and Indeed Fincap Private Limited has not opted for beneficial tax regime under section 115BAA of the Act thus, it is eligible to claim all the tax benefits that are available to the Company, as mentioned in A above, subject to fulfilment of the conditions laid down therein.

Regarding the other three material subsidiaries, JMK Holdings Private Limited and Signature Builders Private Limited have already opted for the beneficial tax regime under section 115BAA of the Act from Financial Year 2020-21 and 2021-22 respectively and declaration in Form 10IC has already been filed. Further, Signatureglobal Homes Private Limited will be opting for the beneficial tax regime under section 115BAA of the Act from FY 2022-23 and will file Form 10IC before the due date of filing income tax return for FY 2022-23. Since, these companies have opted for beneficial tax rate, they will be liable to pay tax at reduced rates @ 25.17% subject to fulfilment of conditions prescribed under section 115BAA of the Act.

One material subsidiary i.e., Forever Buildtech Private Limited has claimed deduction under section 80-IBA of the Act. Since it has opted for the said deduction, it will be eligible to claim 100% of the profits derived from the business of developing and building housing or rental housing projects.

C. Special tax benefits available to the shareholders under the Act

1. Dividend income earned by the shareholders would be taxable in their hands at the applicable rates. However, in case of a domestic corporate shareholder, benefit of deduction under section 80M of the Act would be available on fulfilling the conditions (as discussed in A.3 above).

2. As per section 111A of the Act, short-term capital gains arising from transfer of equity shares on which securities transaction tax (STT) is paid at the time of acquisition and sale, shall be taxed at the rate of 15%. This is subject to fulfilment of prescribed conditions under the Act.
3. As per section 112A of the Act, long-term capital gains arising from transfer of equity shares on which STT is paid at the time of acquisition and sale, shall be taxed at the rate of 10% (without indexation). This is subject to fulfilment of prescribed additional conditions as per Notification No. 60/2018/F. No.370142/9/2017-TPL dated 01 October 2018. It is worthwhile to note that tax shall be levied where such aggregate capital gains exceed INR 1,00,000 in a year.
4. As per section 115A of the Act, dividend income earned by a non-resident (not being a company) or of a foreign company, shall be taxed at the rate of 20% subject to fulfilment of prescribed conditions under the Act.
5. As per section 115E of the Act, long term capital gains arising to non-resident Indian from transfer of shares in an Indian company which the assessee has acquired in convertible foreign exchange shall be taxed at the rate of 10% subject to fulfilment of prescribed conditions under the Act.
6. As per section 90(2) of the Act, non-resident shareholders will be eligible to take advantage of the beneficial provisions under the respective Double Taxation Avoidance Agreement ("DTAA"), if any, applicable to such non-residents. This is subject to fulfilment of conditions prescribed to avail treaty benefits.
7. Further, any income by way of capital gains, dividends accruing to non-residents may be subject to withholding tax per the provisions of the Act or under the relevant DTAA, whichever is more beneficial to such non-resident. However, where such non-resident has obtained a lower withholding tax certificate from the tax authorities, the withholding tax rate would be as per the said certificate. The non-resident shareholders can also avail credit of any taxes paid by them, subject to local laws of the country in which such shareholder is resident.

Notes:

1. The ability of the Company, its material subsidiaries, or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the Company, its material subsidiaries, or its shareholders may or may not choose to fulfil.
2. The special tax benefits discussed in the Statement are not exhaustive and is only intended to provide general information to the investors and hence, is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue.
3. The Statement has been prepared on the basis that the shares of the Company are listed on a recognized stock exchange in India and the Company will be issuing shares.
4. The Statement is prepared based on information available with the management of the Company and there is no assurance that:
 - the Company, its material subsidiaries or its shareholders will continue to obtain these benefits in future.
 - the conditions prescribed for availing the benefits have been/ would be met with; and
 - the revenue authorities/courts will concur with the view expressed herein.
5. The above views are based on the existing provisions of law and its interpretation, which are subject to change from time to time.
6. The above Statement of Special Tax Benefits sets out the provisions of law in a summarized manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership, and disposal of shares.

Overview of the Indian economy

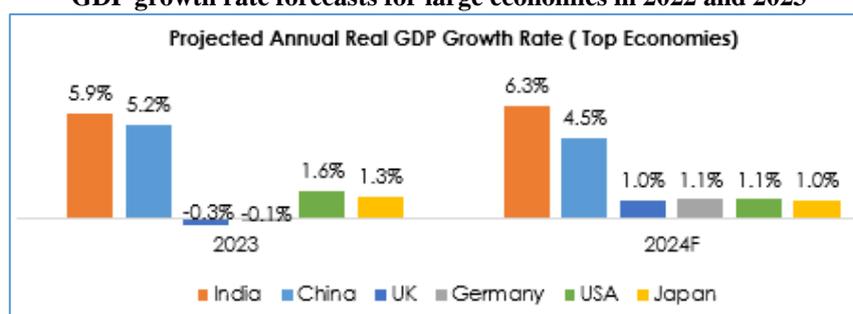

India is one of the fastest growing economies in the world driven by several factors such as its demography, large domestic consumption base, growth in investments into the country (in-bound investment), exports of services, among others. India’s economy is robust and resilient, which reflects in its GDP growth rate, quick revival post the COVID-19 pandemic peak period and consistency of its growth rate over approximately the last decade. Macro-economic indicators such as total forex reserves (grown from US\$ 367 billion in March 2017 to US\$ 609 billion in July 2023) (Source RBI) coupled with GDP growth rate driven by private investment on back of Government policies to improve infrastructure and business ecosystem demonstrates resilience, stability and strength of Indian economy. All these factors increases global trust in economic strength of India.

Gross Domestic Product Growth and In-bound Investment into India

Gross Domestic Product (“GDP”) growth is commonly acknowledged indicator of a country’s economy. India’s GDP growth rate (average) in the last decade has been about 7% for the period 2010 - 2019 (Source IMF). Globally, year 2020 was a challenging year on account of COVID-19 pandemic and despite the global slowdown in 2020 the Indian economy bounced back in 2021 with a growth rate of 8.7%

India has been one of the fastest-growing economies in the world over the last few years. In 2022, India overtook the UK to become the world’s fifth biggest economy, after the US, China, Japan. and Germany. India showed robust growth in Fiscal 2023 amidst prevailing global headwinds and rising inflation and recorded a growth of 6.8%, the highest among major economies worldwide.

GDP growth rate forecasts for large economies in 2022 and 2023

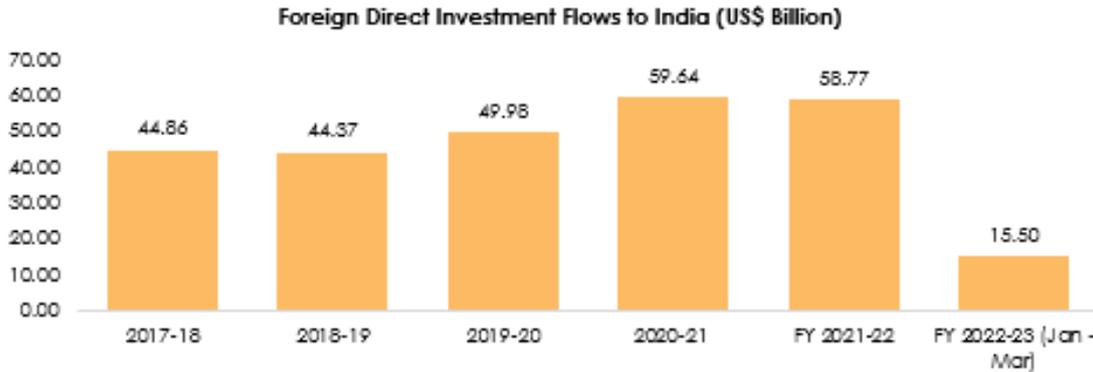

In-bound investments into India

India has witnessed consistent growth in the investment levels over the last 3-4 years backed by Foreign Direct Investment (“FDI”) related relaxations by the Government to attract investments across sectors. In Fiscal 2021 - 2022, India has witnessed FDI inflow of US\$ 58.77 billion and during last quarter of Fiscal 2022 to 2023 (from January 2023 – June 2023), FDI inflow is recorded at US\$ 15.50 billion (Source DPIIT, Govt. of India).

Total FDI in India across sectors

India has consistently received FDI in last five years and one quarter, the total FDI into India being US\$ 274.20 billion, which demonstrates global investors’ perception on growth opportunities in India.

Demographic Dividend and Urbanization

India’s demographic profile is one factor of growth demonstrated by India’s economy. India’s population has significant proportion of people belonging to age group of 15 years- 59 years, which considering as working population contributes to the country’s economy. As per a report by the UNFPA (United Nations Population Fund, formerly known as United Nations Fund for Population Activities), in 2011 India had 61% of its population in the age group of 15-59 years which is increasing, and is expected to peak around year 2036 when it will reach to 65%. With increase in young population, the dependency ratio has also been declining and India has entered in the period of demographic dividend around year 2018.

Once a country enters demographic dividend phase, there opens a window of opportunity for economic development and in India’s case this opportunity is likely to last for another three decades till about year 2055.

URBANIZATION IN INDIA

Demographic shift impacts the demand for residential real estate, and the process of urbanization has contributed to demand for housing in urban areas. As of 2023, India’s estimated urban population is 36%. As per United Nations Development Programme (“UNDP”) projections, by year 2046 India will have more urban population than rural. Rapid urbanization is likely to have a positive effect on the economy and is expected to drive the demand for housing, offices, and other real estate asset classes in urban areas. The chart below indicates the growth in urbanization in India:

% of Population in Urban & Rural Areas in India

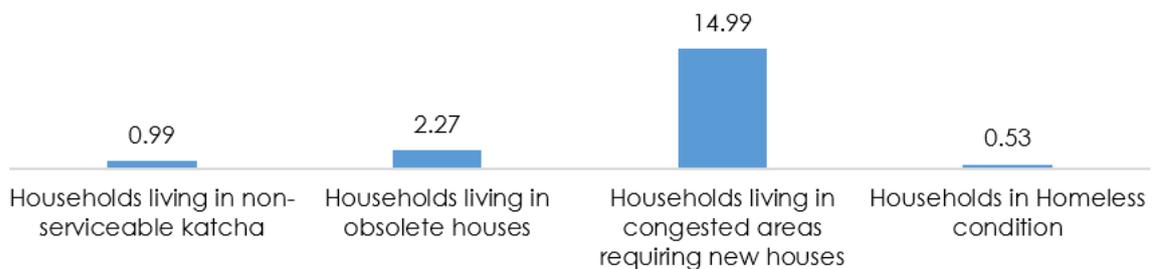

Source: UNDP World Urbanization Prospects, 2018

This process of urbanization resulting in people moving to cities has led to shortage of houses in India’s cities as one of the factors for housing shortage and thus leading to need for housing, other factors being need arising out of households living in congested areas, obsolete houses, un-serviceable houses and not having any house. Different agencies have estimated the need and shortage of urban housing in India. The World Bank in 2013 reported that the housing shortage in urban India was estimated to be 24.7 million as in year 2007, and that urban areas require an additional 1.8 million units annually to accommodate new households. (Source IDFC Institute’s India Infrastructure Report- 2018)

The Ministry of Housing & Urban Poverty Alleviation in year 2012 estimated a housing shortage of 18.78 million houses during the 12th period plan with 99% in the economically weaker section (“EWS”) and lower income group (“LIG”). Following figure provides the details of category wise housing shortage in India.

Category of Housing Shortage in India (in Mn)

Source: Report of the technical group on Urban Housing Shortage (TG-12) (2012-2017) by Ministry of Housing and Urban Poverty Alleviation

Pradhan Mantri Awas Yojana (“PMAY”) was initiated and is being implemented by the Government of India with an objective of promoting housing for all, estimates that demand for housing in urban India is 11.22 million houses for the period of year 2015 - 2022.

HOUSING SCENARIO IN INDIA

Real estate sector is an important contributor to country’s economy, and its role in terms of growing market size and share in India’s GDP is well appreciated by the Government of India.

Housing sector in India is by and large catered by private sector. Housing or residential asset class form a part of real estate sector in India, that has witnessed several changes in the last four years. There are some structural changes such as implementation of Real Estate Regulator Act (“RERA”), implementation of Goods and Service Tax (“GST”) for under construction housing, and effects owing to demonetization, the temporary liquidity crisis of 2018-19 (NBFCs related) and 2020 (Covid-19 pandemic related).

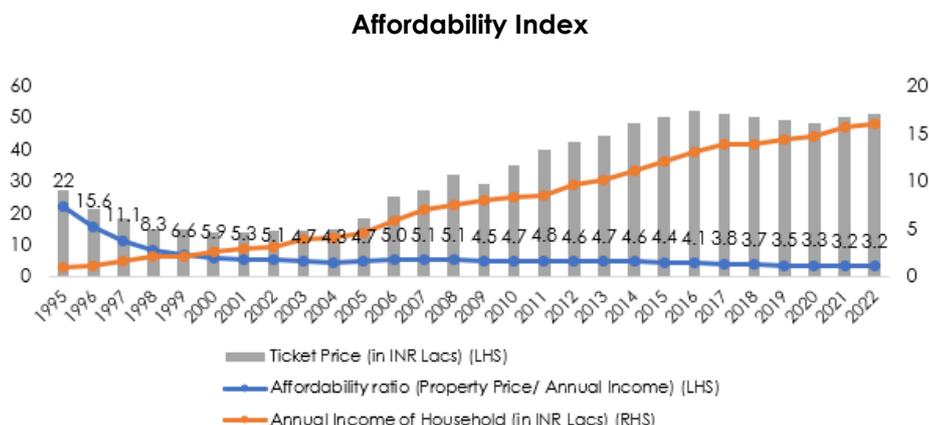

According to Anarock, housing sales increased 48% YoY to ₹ 3.47 lakh crore in the past fiscal year due to larger volumes and better price realisation,

Main factors governing housing scenario are ability of buyers to purchase houses and ability of developers to create housing

stock for buyers to buy. Government’s policies and initiatives as facilitating measures also are a factor among others, being affordability, home loan interest rates and penetration of home loans as a facility for the home buyers etc.

Affordability and Changing Affordability Index

The government’s policy support and supportive intervention and increase in household income have improved the overall affordability levels in last two and a half decades. The increase in household income with almost steady levels of the ticket prices have resulted in increasing the affordability of housing units. The affordability ratio has improved from 22 in 1995 to 3.2 in 2022. A lower affordability ratio implies that there is higher affordability. The following graph sets forth housing affordability trend:

Home Loan Rates and Growth in Home Loan Penetration

In order to infuse liquidity into the market, the RBI reduced the repo rate by 115 basis points during the period of February 2020 to December 2021, which resulted in reduction in the home loan interest rates. Increase in household income coupled with steady ticket prices have resulted in an increase in affordability of residential units.

However, in recent times, RBI has been increasing the repo rates; as of May 2023, repo rate has been increased to 6.5% from 4.4% (as of May 2022) which has impacted the home loan rates. In June 2023, the RBI kept the repo rate unchanged at 6.5% on account of the easing of retail inflation and the potential for further decline, indicating the effectiveness of previous policy rate actions.

Access to home loans for almost half of urban population is a significant enabler towards ability and affordability of home purchase resulting into increase in demand for residential sector.

GOVERNMENT AND RBI INITIATIVES FOR RESIDENTIAL REAL ESTATE

The Central as well as State Governments along with RBI have been instrumental in improving transparency and accountability into the real estate sector through policies and interventions. The governments (Central and various State Governments) have been supportive to India's real estate sector in recognizing the challenges faced by the sector due to COVID-19 pandemic and implementing short-term measures for the benefit of this sector.

Structural Interventions

Goods and Services Tax (GST)

GST came into force with effect from July 1, 2017. Ready-to-move-in properties and land are exempt from GST.

Initially, for under-construction properties, GST was charged at 8% for affordable housing projects. Post April 1, 2019, buyers of under-construction affordable housing projects (priced up to ₹ 4.5 million both in metro as well as non-metro cities) are charged GST at 1% whereas the GST is at 5% for other under-construction housing projects, without the ITC benefit. Lower GST for affordable housing is helpful in maintaining affordability of home buyer in this category.

Real Estate (Regulation and Development) Act, 2016

Real Estate (Regulation and Development) Act, 2016 ("**RERA**") came into force with effect from May 2016 and State Governments allowed a certain initial time period for the developers to achieve compliance. RERA has been successful to improve transparency, bringing financial discipline and accountability in the real estate sector, to increase buyers' confidence and preventing developers from wilful misuse of funds that led to delay in project execution.

Short-term Interventions

Banks permitted to restructure loans of real estate companies at the project level

In August 2020, RBI further allowed a one-time restructuring of corporate and personal loans (including home loans). This allowed real estate developers and suppliers of raw materials to rest their debt and to service their debt prudently.

Specific window provided to push back repayment

Developers were provided an additional year to repay lenders which is over and above one year already available, helping in the management of cash flows and reduce asset classification stress of Real Estate focused NBFCs. Further, a window of ₹ 500,000 million under Targeted Long Term Repo Operations ("**TLTRO**") was meant to provide incremental liquidity to NBFCs, MFIs which could be utilised for onward lending to the real estate sector.

₹ 100,000 million allotted to National Housing Bank

In August 2020, the central bank decided to allot ₹ 100,000 million to the National Housing Bank, which helped the real estate sector in managing cash-flows during the COVID-19 pandemic period.

₹ 480,000 million outlay announced for Prime Minister Awas Yojana (PMAY Urban) in Fiscal 2023

To ramp up the 'Housing for All' initiative and boost the economic activities, the Central Government has increased the budget allocation towards PMAY (urban and rural) to ₹ 480,000 million for Fiscal 2023 as compared to ₹ 275,000 million in Fiscal 2022. Implementation period for the scheme for urban areas has been extended till December 31, 2024

Loan moratorium

Loan moratorium was permitted for a period of six months (March 2020 to August 2020) without affecting the credit profile of the borrower. In May 2021, the Reserve Bank of India announced the second resolution framework for borrowers due to the second wave of COVID-19. The borrowers who had not availed restructuring in previous frameworks along with others whose accounts were classified as ‘standard’ as on March 31, 2021, were eligible under the second restructuring framework.

Rationalization of risk weights for home loans

The RBI, in October 2020, rationalized risk weightage for individual home loans irrespective of loan amount, and the risk weight was revised to 50% for loans having loan to value (“LTV”) between 80% and 90% and risk weightage to 35% to LTV of up to 80%. The applicability of this revision was up to March 31, 2022, which has been extended to March 31, 2023, by RBI as per its decision on April 8, 2023.

KEY EMERGING TRENDS IN THE INDIAN RESIDENTIAL REAL ESTATE MARKET

In the recent past, particularly since the COVID-19 pandemic event, there are socio-cultural trends that are observed, which are contributing to the demand of housing in India. Some of these observations are:

- Owning a house is being thought of as having security for the family;
- Sentiment of people is changing from renting to owning a house, as soon as some savings are achieved; and
- Millennials and young working population that by and large preferred rental houses, are also preferring to buy houses post the pandemic months.

Preference for Branded Developers

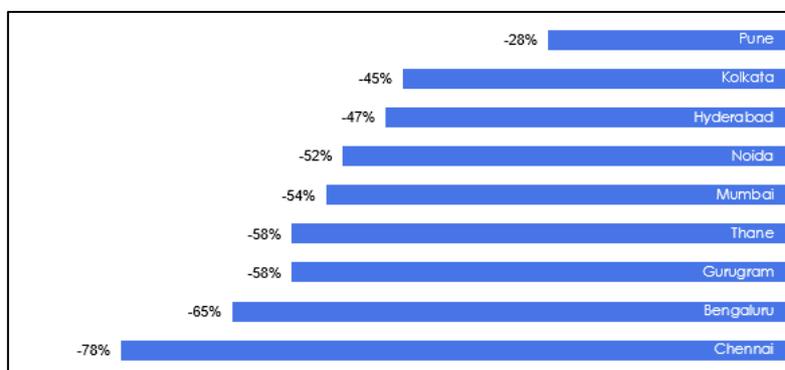

Homebuyers now prefer to buy units in projects launched by branded developers since such developers focus on delivering units within committed timelines, thereby improving buyers’ confidence. As per Anarock, majority of customers have become risk averse, which is driving demand for branded developers with low execution risk, even though their projects are priced at a premium.

Consolidation of Developers

The Indian real estate sector has witnessed consolidation in the past few years. With the implementation of RERA, the financially weak developers were not able to adhere to compliance norms and were, therefore, either going out of business or consolidating with larger players. The liquidity crisis of 2018 - 2019 (NBFCs related) further worsened the situation for such developers, which resulted in such developers leaving the sector.

The market has also undergone through a consolidation phase in last few years, particularly so after 2016 when reforms such as implementing RERA, demonetization etc. took place. The market witnessed a drop in number of developers remaining active, thus making the market a place with more reliable and capable players than earlier.

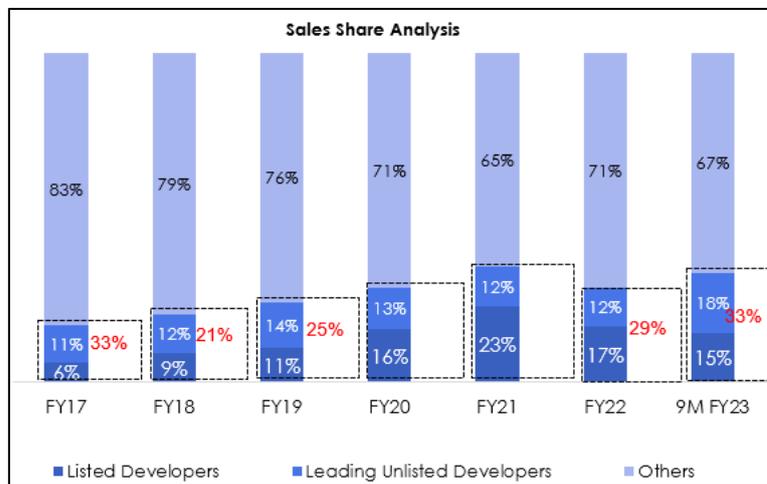

The following graph sets forth the percentage decline in the number of developers in select Indian cities between 2012 and 2019:

Source: Anarock

Post structural changes, consolidation is on a rise and the share of organized and branded players is rising. The below graph shows the sales share analysis of various types of developers from Fiscal 2017 to Fiscal 2022. Listed and leading unlisted developers are showing an increase from 17% in Fiscal 2017 to 29% in Fiscal 2020. However, in Fiscal 2021, owing to effect

of pandemic, resultant financial turmoil faced by the real estate players and slowdown of construction activities, customers shifted their buying preference towards listed and leading unlisted developers. This resulted into significant increase in sales share of these developers to 35% in Fiscal 2021. Fiscal 2022 has witnessed improvement in this situation with availability of finance to tier 2 / non-branded developers as well which further improved the customer sentiments towards these developers. Hence, sales share of the tier 2 / non-branded developers improved marginally therefore bringing back the share of listed and leading unlisted developers to the levels of Fiscal 2020, i.e., 29%. So far in nine months of Fiscal 2023, the share of listed and leading unlisted developers stands at 33%.

Source: Companies, Anarock Research
 Note: Sales share based on number of units sold

Branded tier-1 developers are witnessing strong double-digit growth. It is likely that in the near to medium term consolidation will further accelerate and listed players will see disproportionate growth vis-a-vis the industry.

OVERVIEW OF INDIAN AFFORDABLE HOUSING TRENDS

Affordable housing today is an integral part of the national agenda with significant significance in the urban areas. There have been introduction and revision in policies and measures at both the national and state level, oriented to encourage and regularize development in this sector. Attracting private players for quality construction and timely delivery has gained prominence in the recent past. Budget housing units that provide basic amenities with access to affordable transportation, education, and quality healthcare is the need of the hour. The government has laid down several policies to encourage private participation through numerous incentives and benefits.

Definition of Affordable Housing

The term “affordable housing” is ambiguous as it lacks a universal definition. Numerous agencies and industry bodies have endeavoured to classify it based on various socio-economic factors such as household income, location, price, size of dwelling units, employment opportunities, government incentives among others. However, it still remains a concept which varies as per an individual’s financial capability and the city under consideration. Generally, affordable housing is targeted towards a section of society which has an income equivalent or lower than the median income.

RBI has recently revised the definition of affordable housing, post awarding infrastructure status to the sector. As per recent RBI guidelines, for lending to the infrastructure sectors, banks/financial institutions shall refer to the following definition of affordable housing projects, as defined in the Harmonised Master List (“HML”) of the infrastructure subsectors.

“Affordable Housing” as per RBI is defined as a housing project using at least 50% of the Floor Area Ratio (“FAR”) / Floor Space Index (“FSI”) for dwelling units with carpet area of not more than 60 square meters. “Carpet Area” shall have the same meaning as assigned to it in clause (k) of section 2 of the Real Estate (Regulation and Development) Act, 2016.

The Government of Haryana has launched two policies that encourage the development of affordable residential units in the stated. They are known as Affordable Housing Policy which is for high-rise group-housing and Deen Dayal Jan Awas Yojna - Affordable Plotted Housing Policy which is for plots and low-rise independent floors.

Considering the maximum allowable carpet area by RBI along with state wise affordable housing policies that were formed including cap on capital pricing in few of these policies, for this report, affordable housing units have been considered as units with ticket size less than ₹ 4 million across seven major cities namely Bengaluru, Chennai, Hyderabad, Kolkata, Mumbai Metropolitan Region (“MMR”), National Capital Region (“NCR”) and Pune. Units with ticket size between ₹4 million and ₹ 8 million have been considered as have been considered as lower mid-segment units, units between ₹ 8 million to ₹ 15 million have been considered as mid income segment, units above ₹ 15 million to ₹ 25 million have been considered as higher mid

income segment and greater than ₹ 25 million have been considered as luxury segment units.

Affordable Housing Demand Drivers

Rapid urbanization across cities due to better job prospects and livelihood has led to the emergence of several challenges in most of these urban centres. Traffic congestion, pressure on basic amenities such as water and sanitation and most importantly, severe housing shortages in cities, especially in the low-cost segment, has been a challenge in the urban areas. In absence of affordable options, the demand by large part of society comprising of low income groups remains uncatered due to high property prices for outright purchase.

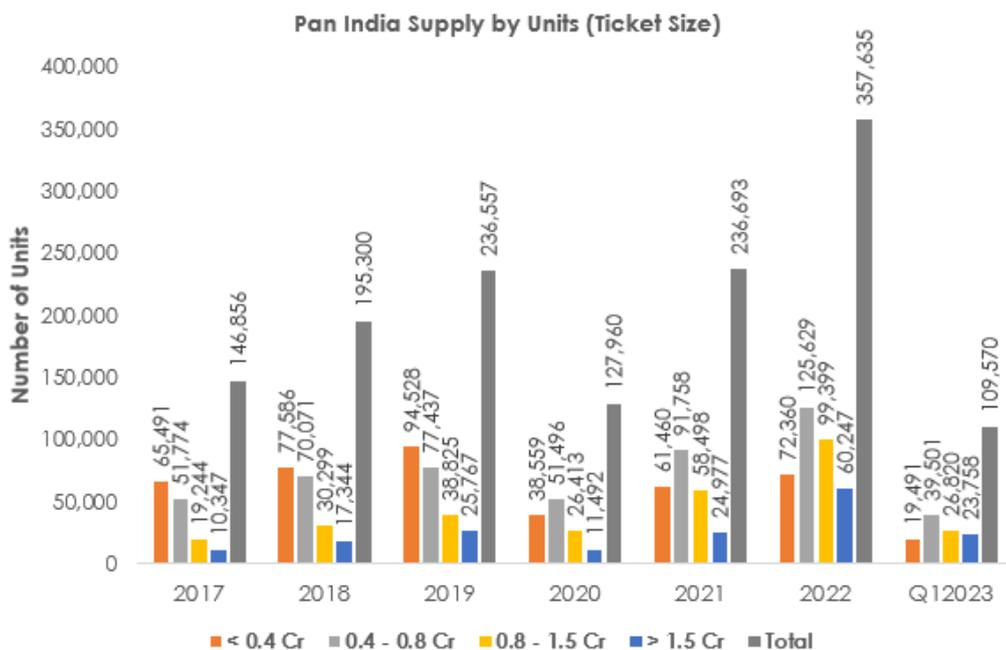

Below mentioned are the key factors strengthening the growth in demand for affordable housing in India:

- **Housing Shortage for affordable houses:** As per the report of the Technical Group (TG-12) on estimation of Urban housing shortage (2012), there has been a gap in demand and supply of urban housing in India. The EWS and LIG accounted for 99% of the total housing shortage in India with a housing shortage of 18.78 million houses during the 12th period plan. Under PMAY(U), 11.89 million houses have been sanctioned in the last eight years to cover this gap.
- **Rapid Urbanization:** As per UNDP, by 2050 approximately 50% of the population in India will be urban from nearly 36% in 2023, which is further fuelling the need for housing in the cities.
- **Limited supply of affordable housing units in the past:** Housing was catered to people in the higher income segment where in the lower income groups remained largely uncatered by the developers. In Haryana before AHP 2013, there was a lack of affordable homes in the region as there was no supply from the private developers in the ticket size; and introducing AHP by Haryana State Govt. was a factor for private sector started catering to housing demand in this category.
- **Preference of homeownership:** Real estate historically has been a preferred investment class in India. Post COVID-19, the sense of security associated with physical asset has motivated many to consider buying a home. As per CII - Anarock Consumer sentiment survey of first quarter of Fiscal 2022, 59% of the respondents considered real estate as best asset class for investment. 56% of these were in the age-bracket of 26-41 years. This implies that ‘millennials’ are now homebuyers, and the trend is likely to continue in the future.
- **Rent v/s EMI:** Prior to the rate hike in May 2022, home loan rates were at their decadal low. RBI increased the rate six time during April 2022 to February 2023 hiking it from 4% to 6.5%. However, in June 2023 RBI kept the repo rate unchanged at 6.5% after consecutive increases in last one year, bringing relief to home loan buyers. The difference between home loan EMI and the rent has become narrower in recent years compared to previous times, thus encouraging buyers to prefer buying over renting.

Supply and Absorption of Residential Units – Pan India

The supply of affordable segment categorised by ticket size below ₹ 4 million has witnessed year on year growth except for year 2020, which was impacted due to COVID-19 pandemic. The activity in affordable market also picked up post the Central Government’s announcement of “Housing for All by 2022”.

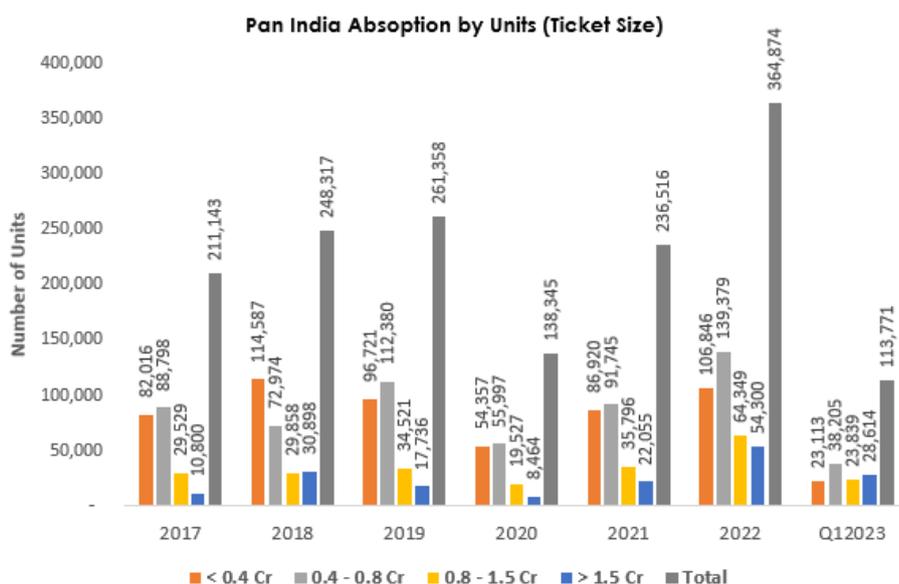

Ticket-wise residential supply trends from 2017 to 2023 (first quarter) in the top 7 cities of India

Source: Anarock Research, 2023

- Total supply of affordable units (ticket size less than ₹ 4 million) and lower mid income segment units (₹ 4 million to 8 million) from 2017 to 2023 (first quarter) in top seven cities was approx. 0.94 million units, which is 66% of the total supply, which indicates significant preference of affordable and lower mid-segment category of housing.
- Further, 2022 witnessed an all-time highest supply of units in affordable and lower mid income segment category with an annual increase of 29% from previous calendar year rising surpassing the pre Covid supply.
- Affordable (ticket size less than ₹ 4 million) and Lower mid income segment units (₹ 4 million to ₹ 8 million) continue to dominate new supply in 2023 (first quarter) with 54% share of total supply. The mid income segment units (ticket size ₹ 8 million to 15 million) also depicted growth by 70% from previous year with supply of 99,399 units in 2022.

Absorption (sales) of Affordable Housing Units - Ticket wise residential absorption trends from 2017 to March 31, 2023 in the top 7 cities of India

Source: Anarock Research, 2023

- The annual sales in the period 2017 to 2019 showed growth for combined ticket price of up to ₹ 8 million priced units. The annual sales in the period 2017- 2019 showed growth for combined ticket price of up to ₹ 8 million priced units. However, the absorption levels in the segment were hit due to pandemic in 2020. Nevertheless, as the overall market sentiments

improved, the lower mid-income segment & affordable segment marked improvement with sale of approximately 0.25 million units, which is 67% of the total sales in 2022.

- While the share of supply in affordable and lower mid income segment category from 2017 to 2023 (first quarter) in the total supply is approximately 66%, this number for sales is approximately 74%, which suggests sustainable demand for affordable and lower mid income segment category, further leading to decrease in unsold inventory on account of higher absorption than supply.
- For categories of under ₹ 4 million and for ₹ 4 million to ₹ 8 million, the absorption has always been more than the supply every year since 2017, with an exception of year 2021 and 2023 (first quarter) in which supply of units in ₹ 4 million to ₹ 8 million was marginally more than the absorption.
- Units of ticket size ₹ 8 million to ₹ 15 million has witnessed growth in absorption after Covid with 80% increase in sales for 2022 with respect to previous years.

Support To Affordable Housing Industry by Central Government

PMAY is a flagship mission by Government of India being implemented by Ministry of Housing and Urban Affairs (“MoHUA”). The mission was launched in 2015 to address the urban housing shortage across among the economical weaker section, lower income and the middle-income group along with considering slum dwellers by ensuring a permanent housing unit to all eligible households.

Wide coverage of PMAY is also a demand driver for affordable housing: The PMAY covers the entire urban area of India consisting of statutory towns, notified planning areas, development authorities, special area development authorities, industrial authorities or any such authority under State legislation which is entrusted with the functions of urban planning and regulations. The mission ensures preference is given to differently abled persons, senior citizens, transgenders, minorities, single women and other weaker and vulnerable sections of the society. In August 2022, Union Cabinet has approved extension of PMAY-Urban upto December 31, 2024. The policy adopts a pool of approaches to suit the needs of individuals based on the geographical locations, topography, economic conditions, availability of land along with proper physical and social infrastructure to meet the basic requirements of the society. The scheme has been divided into four verticals as mentioned below:

- **In-Situ Slum Redevelopment (“ISSR”)**

Central Assistance of ₹ 0.1 million per house is admissible for all houses built for eligible slum dwellers under the component of ISSR using land as a resource with the participation of private developers.

- **Credit Linked Subsidy Scheme (“CLSS”)**

Beneficiaries of EWS/ LIG, Middle Income Group (“MIG”) - I and MIG - II seeking housing loans from banks, housing finance companies and other such institutions for acquiring new construction or for enhancement of existing houses are eligible for an interest subsidy of 6.5%, 4% and 3% on loan amount up to ₹ 0.6 million, ₹ 0.9 million and ₹ 1.2 million, respectively. The scheme was valid for the EWS and LIG segment till March 31, 2022.

- **Affordable Housing in Partnership (“AHP”)**

Under AHP, Central Assistance of ₹ 0.15 million per EWS house is provided by the Government of India. An affordable housing project can be a mix of houses for different categories, but it will be eligible for Central Assistance, if there are minimum 250 houses in the project with at least 35% of the houses in the EWS category. The States/Union Territories decide on an upper ceiling on the sale price of EWS houses with an objective to make them affordable and accessible to the intended beneficiaries. State and cities also extend other concessions such as their state share, land at affordable cost, stamp duty exemption, among others.

One such example is the case of Gurugram wherein the Haryana Urban Development Authority along with the Town and Country Planning Department has capped the sale price on carpet area at ₹ 5,000 per square foot, with certain exemptions on additional charges.

- **Beneficiary led construction**

Central Assistance up to ₹ 0.15 million per EWS house is provided to eligible families belonging to EWS categories for individual house construction/ enhancement.

Infrastructure Status to Affordable Housing Segment

Through the Government of India initiative “Housing for All by 2022”, the Government has granted infrastructure status to the affordable housing segment. Owing to its status, affordable housing projects are categorized as low risk projects, hence banks can now offer loans to developers at lower rates of interest as compared to a conventional real estate project. Infrastructure status to affordable housing has further led to easier access to institutional capital, thereby reducing the developer’s cost of

capital for projects.

Additional Support from the Central Government

- For AHPs: Effective GST rate of 1% without input tax credit available for under construction residential house/flat of carpet area of up to 90 square metres in non-metropolitan cities/ towns and 60 square metres in metropolitan cities having value up to ₹ 4.5 million.
- AHPs approved between June 1, 2016, to March 31, 2022, by the competent authority are subject to 100% deduction of the profits and gains derived from the business of developing and building housing projects under Section 80 IBA of Income Tax, 1961. This exemption is subject to Minimum Alternate Tax (“MAT”).
- LTV up to 90%, thus reducing the upfront payment required by the buyer while buying a home

Support to affordable housing policy by the Haryana Government

Affordable Housing Policy (AHP)

The Affordable Housing Policy was notified in Haryana in August 2013. The main aim of the policy was to encourage the planning and completion of “Group Housing Projects” herein apartments of “pre-defined size” are made available at “pre-defined rates” to be completed within a “targeted time-frame” as prescribed under the present policy to ensure increased supply of affordable housing in the urban housing market to the deserving beneficiaries.

Below are some of the incentives which benefits the developer while developing a project under Affordable Housing Policy over conventional Group Housing Policy:

- The policy offers higher FAR of 2.25 as compared to the FAR of 1.75 for normal group housing projects;
- Waiver on license fee and Infrastructure development fee;
- Increase in commercial component from 4% to 8% of the Net Planned Area at 175 FAR to be sold in open market would further enhance the profit margin. Haryana Government has been responsive and has increased the price as fixed from ₹ 4,200 per square foot to ₹ 5,000 per square foot for Gurugram, Faridabad, Panchkula, Pinjore-Kalka Development Areas and from ₹ 3,800 per square foot to ₹ 4,500 per square foot for Other High and Medium Potential Towns over carpet area and increase in price of balcony area from ₹ 1,000 per square foot to ₹ 1,200 per square foot capped at ₹ 120,000 per unit.

Deen Dayal Jan Awas Yojna - Affordable Plotted Housing Policy (DDJAY - APHP)

Launched in 2016, the Deen Dayal Jan Awas Yojana is intended to encourage the development of high density plotted colonies in the state of Haryana (Low, Medium, Hyper and High Potential Zones). It is an initiative of the Government of Haryana to encourage development of “high density plotted colonies” and contribute in achieving the target of ‘Housing for All 2022’, a Central Government scheme.

The policy was launched in February 2016 for low and medium potential towns of Haryana such as Karnal, Kurukshetra, Ambala City, Ambala Cantt., Yamuna Nagar, Jagadhri, Bahadurgarh, Hisar, Rohtak, Rewari, Bawal-Dharuhera Complex, Gannaur, Palwal, Hodel, controlled areas declared in Faridabad District (excluding the controlled areas of Faridabad-Ballabgarh Complex), Oil refinery Panipat (Beholi) and Controlled Areas forming part of the Development Plan, Prithla. The policy was extended to the final development plan Gurugram Manesar Urban Complex – 2031 (Gurugram) in September 2019.

The Government of Haryana has planned to build 0.2 million homes under the scheme by 2022. As per the notice on 20th April 2023 by the Town and Country Planning Department, DDJAY Policy has been discontinued in Final Development Plan 2031 AD of Gurugram Manesar Urban Complex and of Faridabad.

As per the policy, allotment of 50% of residential plots covering saleable area (excluding 50% area frozen by the relevant department) shall be undertaken in the first phase by the licensee/colonizer. The colonizer shall be allowed to sell the balance area after completion of internal development works.

Below are some of the incentives which benefit the developer while developing a project under DDJAY - APHP in comparison to the Haryana Residential Plotted Colony Policy:

- Minimum land area required under DDJAY – APHP is 5 acres whereas the minimum land area required under the Haryana Residential Plotted Colony Policy is 25 acres;
- Density in DDJAY – APHP is within 240 – 400 persons per acre (“PPA”) whereas the 100 – 300 PPA in Haryana

Residential Plotted Colony Policy;

- Separate floor registry is allowed in DDJAY – APHP independent floors which is not the case for plots below 180 square yard; and
- Base FAR in DDJAY – APHP is 200 whereas Haryana Residential Plotted Colony Policy allows base FAR in the range of 100 to 165 basis the plot size with higher plot size leading to lower FAR, i.e., base FAR of 100 applicable to plots above 500 square metre.

The parameters for the affordable housing projects are that in any residential sector, 30 acres area limit for Affordable Group Housing colony shall be independent of the prescribed limit for grant of license for Group Housing and DDJAY colonies. FUTURE DRIVERS OF AFFORDABLE HOUSING MARKET IN NCR

NCR is a large territory that encapsulates Delhi NCR along with certain districts of Rajasthan, Haryana and Uttar Pradesh. Due to the vast region under coverage, there are numerous pockets in the entire NCR where affordable houses (priced less than ₹ 4 million) are built. These include a mix of established and upcoming locations and offer significant options to the affordable housing home buyers. While there are many locations in the NCR that can be identified as affordable housing destinations, Gurugram- Sohna region collectively accounted for 98% for 2022 and 84% for the first quarter of 2023 of the affordable units supply in NCR.

Future Potential of Affordable Housing in Gurugram

Given the trends from previous years we foresee that the affordable housing segment will have continued traction in the market with respect to supply due to sustainable demand. Over the past years from 2017 to first quarter of 2023, the average share of affordable housing (Gurugram and Sohna) in total supply of residential units is close to 36%. Gurugram, has witnessed multiple affordable housing projects in various micro markets viz. Golf Course Extension Road, Southern Peripheral Road, New Gurugram, Dwarka Expressway and Sohna town. Further, there are limited licences left for affordable housing in Gurugram resulting in high applications for allotment, given the large demand from end-users. Going forward, new affordable developments are likely to be observed on the outskirts due to increasing land and construction cost.

Potential of Affordable Group Housing Policy (AGH) projects- a driver to facilitate further growth

As per the information furnished by the Town and Country Planning Department (Haryana) (“DTCP”), accessed on July 31, 2023, a public notice was shared on the website of DTCP inviting applications for grant of licence for setting up affordable group housing under the affordable housing policy, with density within the limit (less than 30 acres).

Thus, as per the information within the invitation, it can be interpreted that the mentioned regions or micro markets have considerable area available for development of affordable housing projects in particular as illustrated below:

S. No	Micro Markets	Balance area under AGH (within 30-acre limit) acres	Presence of Signature Global
1	GCER	236.82	✓
2	SPR	134.16	✓
3	New Gurugram (New Gurugram)	460.91	✓
4	Dwarka Expressway	328.44	✓
5	Sohna Town	395.39	✓
6	Total	1,555.72	✓

Source: Department of Town & Country Planning (accessed on July 31st, 2023)

As per the DTCP, balance area under Affordable Group Housing in some of the emerging and established micro market currently stands at approximately 1,555 acres. Thus it is anticipated that in future, the region has a potential FAR for developing approximately 152 million square feet of affordable housing.

The sale price for affordable housing segment is fixed by the Haryana Government. However, we anticipate that as per the current supply and demand gap followed by rising construction cost due to increase in cost of procuring construction materials such as steel, aluminium and cement, the government may increase the sale price for the segment.

Outlook on builder - floor projects under DDJAY Policy

Post COVID-19, the demand for individual floors (builder floors) has increased, and with projects under DDJAY – APHP offering quick possession, better design efficiency and availability of comparatively lower ticket size in the established micro-markets of Gurugram, this segment is likely to witness considerable demand as well as absorption in coming years.

POLICY ENABLERS BY HARYANA GOVERNMENT FOR DEVELOPMENT OF MID INCOME HOUSING

Transit Oriented Development Policy (TODP)

The TODP aims to encourage development around metro corridors for which extra FAR and higher density has been allowed. The below table shows the increase in FAR and density vis a vis the standard HGHP which allows for an FAR of 1.75x and a density of 300 ppa.

Sr. No.	TOD Zone	Maximum Ground Coverage	FAR	Minimum/Maximum Density (Persons per acre)
Multi-storeyed group housing	Intense	40%	3.5	600 (+ 10%)
	Transition	40%	2.5	430 (+ -10%)

Source: <https://tpharyana.gov.in/ncrpb/TOD%20Policy-9.2.2016.pdf>

Transfer of Development Rights Policy (TDRP)

The TDRP provides industry participants with FAR in lieu of land which goes into public use, and such FAR can be loaded by developers on to their projects along with an increased density.

Type of Colony/Site/Project	Applicable FAR	Applicable Density (ppa)	Max FAR with TDR	Max Density (ppa) with TDR
HGHP	1.50/1.75	300-400	3	Existing +200
AGH	2.25	750-900	3	Existing + 175
HDBGH	1.75	450	3	Existing +200
TOD (GH)	3.5/2.5	600/430 (+10%)	5.0/4.0	Existing +150

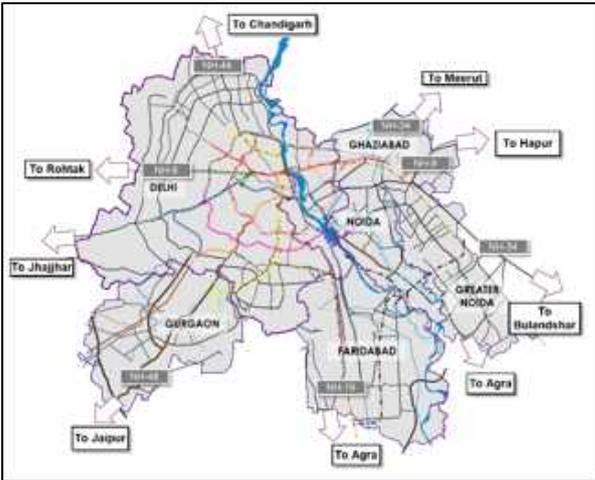

Source: <https://tpharyana.gov.in/Policy/TDR%20Policy%20dated%2016112021.pdf>

When the provisions of TODP and TDRP are clubbed with projects under other development policies such as New Integrated Licencing Policy and Haryana Group Housing Policy, the increased FAR and density in the projects allows for development of Mid Income housing.

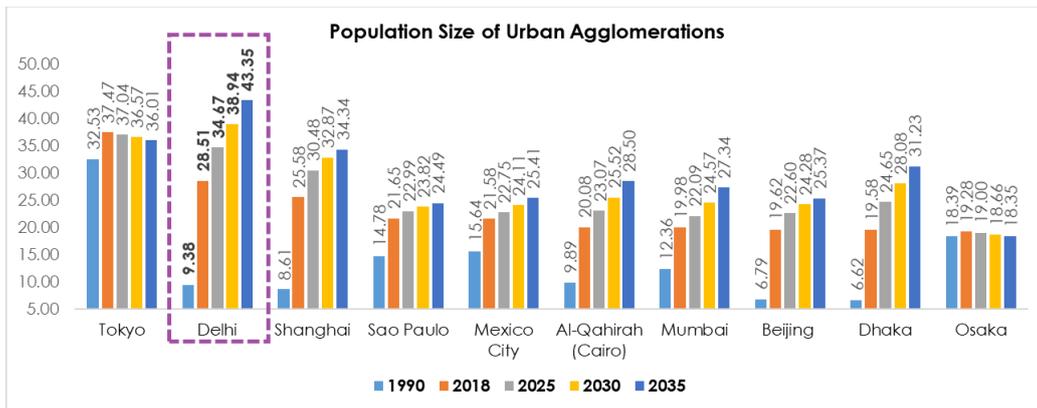

NCR RESIDENTIAL REAL ESTATE OVERVIEW

Overview of NCR

The NCR has a total area of about 53,817 sq. km and population of over 58.15 million (Census 2011). As per the report on “Population Projections for NCR (2016-2041)” the population of the NCR is projected to be 71.82 million (2021), 100.48 million (2036) and 113.02 million (2041). While the region encompasses NCT of Delhi and several districts surrounding it from the states of Uttar Pradesh, Haryana and Rajasthan, the prominent cities of the urban agglomeration include Gurugram, Faridabad, Ghaziabad, Noida and Greater Noida. The table below illustrates the Delhi Urban Agglomeration Region (herein referred to as NCR) and their characteristics:

	Region	Characteristics of Region
	Delhi Administrative and Service	Political seat of the country, Trade & Commerce hub for North India
	Gurgaon Industrial + Business and Service Town	Established Commercial & IT hub of NCR , well positioned to attract big corporates
Noida Industrial + Service Town	Emerged as an alternative to Gurugram	

According to a report published by United Nations, the population in the urban agglomeration of Delhi is expected to surpass Tokyo by 2028, to become the largest megapolis in the world. Apart from being the biggest urban agglomeration in India, Delhi has also the second highest population of interstate migrants. Rapid increase in population and changing socio-economic landscape has resulted in housing shortage in the region, primarily in the affordable category.

Key Growth Drivers for NCR

Infrastructure Initiatives in NCR

Delhi NCR shares excellent connectivity with other parts of the country via well-developed transportation infrastructure.

Roadway: Converging point of many prominent major roads of which six national highways (NH-44, NH-9, NH-48, NH-9 (from Hisar), NH-19 (from Nainital) and NH-34) ensure excellent regional connectivity.

Other than the national highways, the region ensure excellent connectivity through Eastern and Western Peripheral Expressway commonly known as Kundli-Ghaziabad-Palwal (KGP) and Kundli-Manesar Palwal (KMP) Expressways. The expressways help in smooth and quick transportation from Northern states to the other states of India.

Railway: Almost every major city falling in NCR has a dedicated railway station with high frequency of trains on it. This ensures good connectivity of the region with other parts of the city. Major railway stations in the region are located at New Delhi, Ghaziabad and Faridabad.

Airway: Indira Gandhi International Airport (“IGIA”) is primary international airport of the NCR and connects the region with cities across the globe. Upcoming Jewar International Airport which is expected to be operational by 2024 (Phase 1) which will enhance the connectivity.

Metro Network

Delhi has a well- established metro network spanning 391 km (including NOIDA- Gr, NOIDA Aqua Line and Gurugram Rapid Metro), which extends to the adjoining cities including Gurugram, Noida, Faridabad, and Ghaziabad, thereby providing excellent connectivity to these cities.

Apart from this there are number of infrastructure initiatives that are at various stages of development and are likely to have a positive impact on the overall real estate of the region. Following are some of the upcoming key infrastructure initiatives.

Regional Rapid Transit System (“RRTS”)

National Capital Region Planning Board (“NCRPB”), in order to enhance the connectivity within the NCR, has proposed to connect urban, industrial (SEZs/industrial parks), regional and sub-regional centers through a fast rail based Regional Rapid Transit System (RRTS). The objective of this system is to reduce dependence of commuters on road-based transportation. NCRPB has identified eight RRTS corridors for development. Three of them i.e., Delhi – Gurugram – Alwar, Delhi – Panipat and Delhi – Ghaziabad- Meerut have been approved till now and are being developed. Delhi-Ghaziabad to be operational by 2025. Development of RRTS will lead to easy flow of people and creation of organized real estate developments in the region.

Commercial Destination and Employment Hub

NCR has been a preferred hub for fortune 500 companies. Growth in IT/ITes, BFSI, logistics sector has paved the way for NCR’s robust economy and real estate sector. With excellent inter and intra connectivity and investments by corporates and industries, satellite towns such as Gurugram, Noida, Greater Noida, Ghaziabad, and Faridabad, have emerged as established employment hubs of the region. Delhi NCR has a total of 154 million square feet of development in the commercial (office space) sector in 2022. Gurugram accounts for about 60% of Grade-A office space in the NCR.

Delhi NCR is the startup capital of India

As per the Economic Survey of India (2022-2023), Startups in India have grown remarkably over the last few years, most of these belong to the service sector. The number of recognized startups have increased from 452 in 2016 to 84,012 in 2022.

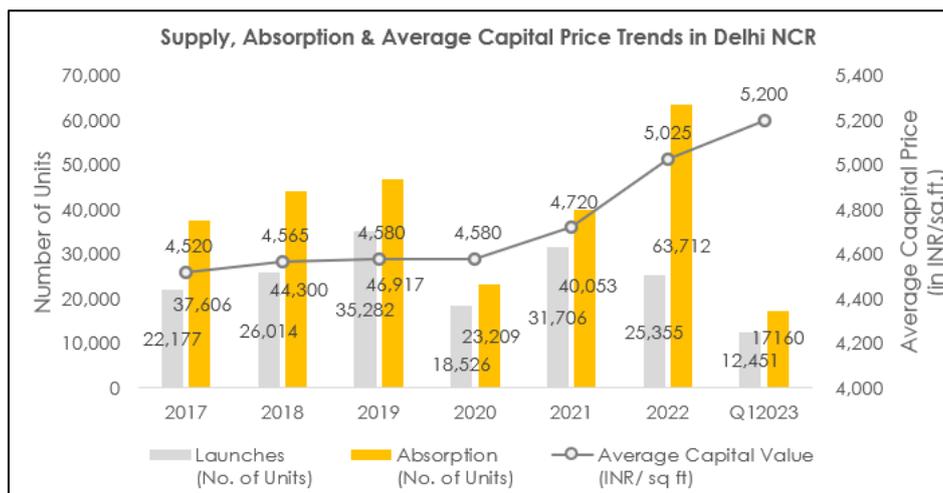

- Over the recent years, Delhi has replaced Bangalore as the startup capital of India.
- With 2,352 new DPIIT recognized startups, Delhi had the second highest number of startups in 2022 after Maharashtra having 4,339 startups amongst all States/Union Territories.

This is due to the abundant commercial supply available at reasonable rents across Noida, Gurugram and Delhi, allowing upcoming entrepreneurs to save costs. With well-connected public transportation, MRTS network, and construction of highways and RRTS, the good infrastructure of Delhi NCR is yet another factor that made it the startup capital of India. The kind of employment opportunities that Delhi NCR present, substantiated by the above fact as well, will lead to increased housing demand in the region.

SUPPLY AND ABSORPTION TRENDS – NCR RESIDENTIAL

In last six years, the period of 2017-2019 was of growth in supply and even more growth in absorption of residential units. Year 2020 was an abrasion owing to COVID-19 effect on economy and real estate. With lockdowns during COVID-19 during the first half of 2020, residential real estate market in NCR, slowed down for about a quarter of a year. With opening up of activities during H2 2020, and incentives offered by the developers in the form of various payment plan options, additional offerings such as white goods, basic interiors, additional car parking etc., the residential demand got revived. As per the current market situation, with improvement in economic activity, NCR’s residential market is likely to see robust activity driven by end user demand.

The momentum continued in 2021 as well, because of the economic revival, pent-up demand, and inclination towards home ownership by buyers being the main demand drivers. Entire NCR saw housing sales increase by 73% from 23,209 units in 2020 to 40,053 units in 2021. Back in the pre-COVID-19 period of 2019, total sales in the region were 46,917 units, thereby reaching 85% levels of the pre-Covid period, depicting confidence and robust demand in the market. Despite the restricted supply in 2022, the absorption trend continued with sale of 63,712 units jumping up by 59% and witnessing highest absorption levels. This is also evident from the Anarock CII Real Estate consumer sentiment survey H1 2022, where 59% of the consumers have rated real estate as the best asset class for investment. The Q1 2023 has achieved 49% launches of 2022 in first quarter itself, showcasing promising trends for the residential real estate industry.

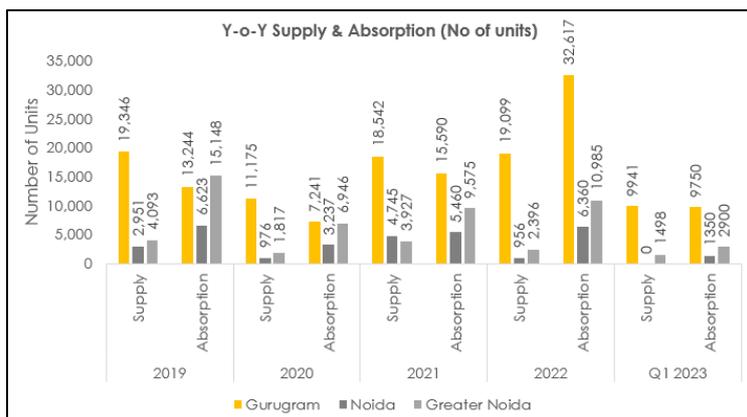

MMR and NCR were leading markets in terms of sales during 2022. MMR witnessed housing sales of nearly 1,09,730 units in CY 2022 while NCR saw sales of 63,712 units. Gurugram dominated the sales of units, with 32,617 units thereby contributing 51% of the total sales across NCR.

In terms of value of new units launches and sales, NCR witnessed year 2021 surpassing year 2019 for value of new launches and in 2021 nearing reaching the value by sales seen in year 2019, demonstrating that the pandemic's effect on the sector by and large confined to year 2020. The year 2022 witnessed robust housing sales with highest absorption levels of ₹ 50,888 crores.

In last four years, NCR has by and large witnessed higher levels of absorption as compared to the supply in the region. This is mainly due to improved affordability coupled with existing and upcoming infrastructure initiatives improving mobility of people, employment prospects and employment linked end-user driven market which allows end-users variety of options in satellites towns of NCR.

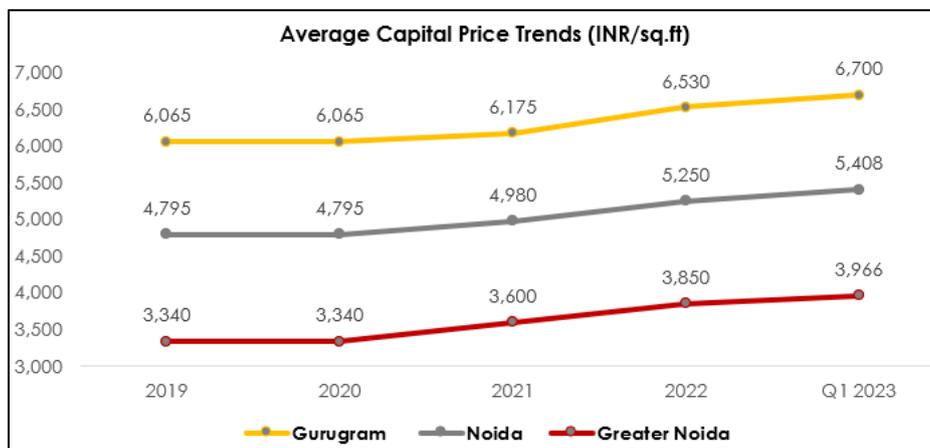

The cumulative units launched in last years from 2019 to first quarter of 2023 period based on monetary terms in NCR is ₹ 103,297 crores, wherein Gurugram's share was approximately 69%, highest amongst all other regions. In 2022, Gurugram witnessed a total sales value of ₹ 27,926 crore which is almost 55% of the total sales in NCR. In fact, the increase in the total absorption value was more than 2 times (130%) than the previous year, also highest among the three cities, indicating relatively quicker bounce back of demand in Gurugram as compared to other cities in NCR.

Gurugram, which used to be an investor driven market earlier, is primarily shifting to an end-user market helped by stable prices and improving affordability of buyers. The prices have been showcased upward trend since 2018 and have gone up by 5-7% in 2022 from 2021 owing to high demand and increasing construction cost.

MARKET SHARE OF SIGNATURE GLOBAL IN NCR ON THE BASIS OF SUPPLY and ABSORPTION (IN UNITS)

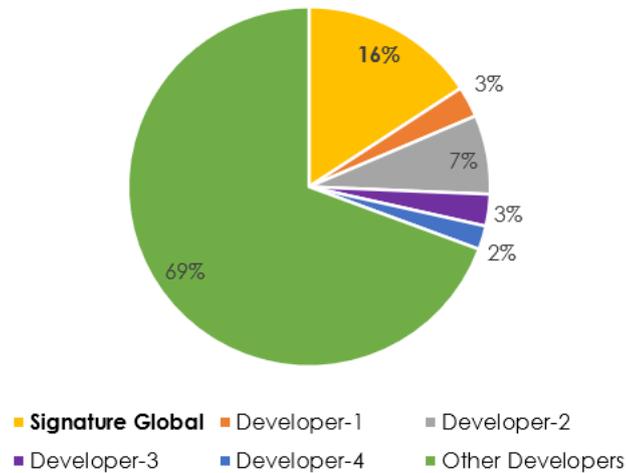

There are select developers pan India within residential segment who have remained active throughout the real estate life cycles. During the past decade, the real estate sector has witnessed several reforms including demonetization and the implementation of GST and RERA. While these reforms have resulted in increased transparency as well as increased the compliance costs, resulting in smaller developers exiting the business and providing an opportunity to branded developers to increase their market share.

Share of Signature Global Group and other developers in Delhi NCR as per supply (in number of units) – all budget category (all budget segments of less than ₹ 4 million, to units priced above ₹ 25 million)

The total supply of combined micro markets in Delhi NCR from 2020 to 2023 (first quarter) is 88,038 units. Out of the total NCR supply, Signature Global Group has 16% market share (all budget category). Approximately 15% of the total market share

is by four other developers (13,099 units). Signature Global has the largest market share in the segment in Delhi NCR.

AFFORDABLE, LOWER MID AND MID INCOME-SEGMENT HOUSING IN DELHI NCR

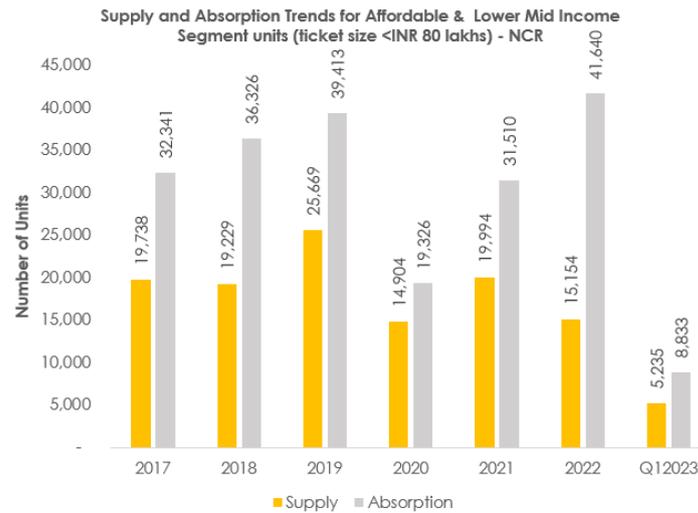

With a population of more than 46 million and spread over 53,000 square kilometres, Delhi NCR has witnessed urbanization levels of around 62%. This urban area is also the country’s largest planned region.

There are growing needs about the provision of adequate and up to date urban infrastructure and basic amenities, with NCR’s urbanization rate being almost double of the national level. Various national initiatives such as PMAY, Housing for All by 2022, Atal Mission for Rejuvenation and Urban Transformation (“AMRUT”), Smart Cities Mission and Infrastructure status to Affordable Housing have been taken to address the pressing urban housing shortage. Regional authorities such as Delhi Development Authority (“DDA”), Haryana Urban Development Authority (“HUDA”) and Ghaziabad Development Authority (“GDA”) are also actively participating to ensure that affordable housing is provided to the target segment of the population.

Affordable, Lower Mid and Mid Income Segment Housing

Residential supply, absorption trends in the affordable and mid income segment combined (ticket size less than ₹ 8 million) in

NCR during 2019 to 2023 (first quarter) are set forth below:

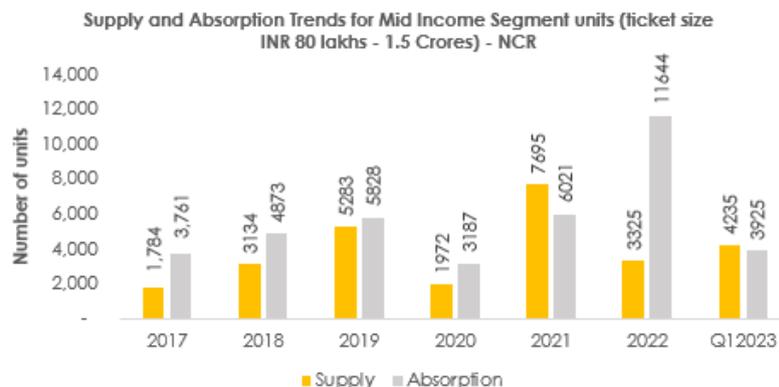

Source: Anarock Research, 2023

Around 119,923 units were launched in the affordable and mid-segment (ticket size less than ₹ 8 million) in NCR during 2017 to March 2023 (first quarter) period. Gurugram was the key contributor and accounted for 68% of the overall affordable supply in NCR during 2017 and March 2023 (first quarter) period.

In the past six years (2017 – March 2023 (first quarter)), the absorption level which cumulatively stood at 209,389 units (NCR) has outnumbered supply (119,923 units) in the affordable and mid-segment category, which suggests there is sustainable demand in this category.

The mid-income segment units witnessed growth in absorption after COVID-19. The year 2022 had the highest absorption in last six years with 93% growth from previous year.

GURUGRAM REGIONAL REAL ESTATE OVERVIEW

Overview of Gurugram

Located adjoining the South-West fringe of Delhi, Gurugram is one of the most rapidly developing cities of the NCR. The city's proximity to the National Capital, well developed infrastructure and availability of Grade A real estate developments have established Gurugram as the economic hub of the region. Prior to emerging as an economic hub, the city was known as industrial hub and today along with Faridabad accounts for a major share of industrial activity in the state of Haryana.

Further, the NCRPB has projected the population for Gurugram in its Draft Regional Plan for year 2041. The projected population for Gurugram for year 2021 was 2.56 million, with a projection of 4.25 million in 2031 and 9.62 million in 2041.

With latest and ongoing infrastructure development, the city has been witnessing magnificent growth. The dream city of Gurugram attracts people from all over India as offices of major multinationals are set up here. Thus, a large number of Gurugram's population is migratory.

Key Growth Drivers for Gurugram

Strong Economic Setup

Haryana is the third largest exporter of software and one of the preferred destinations for IT/ITeS facilities in India and Gurugram is one of the significant contributors in that sector. More than 57% of the households in the city falls under SEC A, B Category. A higher SEC rating suggests that the household has a high propensity to purchase high value items. In other words, SEC A households has a higher propensity to purchase automobiles than SEC B, who in turn have a higher propensity to purchase than SEC C, which is at par with metro cities in India, which indicates socio-economic affluence of the society in the region. With the presence of industrial setups such as by Hero, Maruti, Honda amongst others, Gurugram is one of the automotive hubs of north India.

IT Hub of North India

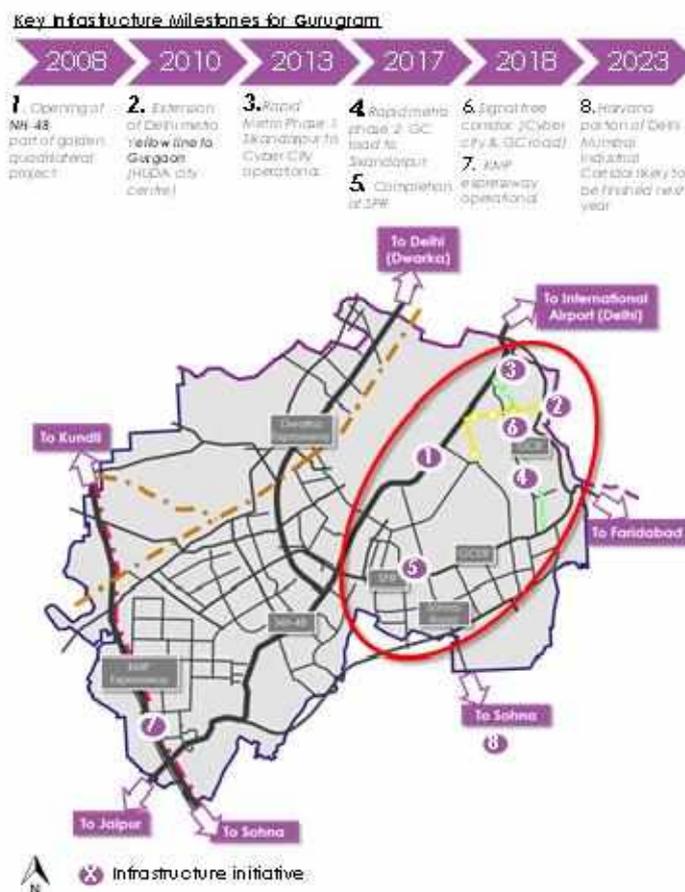

- Gurugram has evolved as a regional pivot for the IT/ITeS industry and a core for global and domestic corporates looking at setting up relatively large-scale operations in the NCR. As on 2022, the total commercial (office) stock in NCR was 154 million square feet of which approximately 60% is from Gurugram
- Due to limited supply of quality commercial space in Delhi region, better infrastructure, and connectivity, and with significantly lower price points, several companies have shifted their offices in Gurugram.
- With maximum commercial development in the region combined with better employment prospects, Gurugram has emerged as the IT hub of north.

Following are the details of stock, vacancy, capital and rental values in the three prominent commercial hubs of NCR:

City	Total Stock (In Mn. Sq. ft.)	Vacancy	Capital Value (In INR/sq. ft.)	Rental (In INR/sq. ft./month)
Gurgaon	106.6	17%	10,000 – 30,000	55 – 200
Noida	37.7	21%	8,000 – 18,000	50 - 120
Delhi	9.7	31%	15,000 – 50,000	80 - 300

Infrastructure initiatives - fuelled the growth in Gurugram

Development in Gurugram accelerated with the development of NH-48 in 2008. It was followed by other prominent infrastructure initiatives like Delhi metro extension, Rapid Metro, Signal free corridor in Golf Course Road and Cybercity, and Kundali Manesar Palwal Expressway.

The NCR currently has air connectivity through Indira Gandhi International Airport, which is located on the border of Gurugram, which has further boosted the development in the region.

It is observed that many of home buyers buying houses in peripheries of NCR including Gurgaon are migrating from Delhi because of improvement in connectivity in these areas and availability of new and integrated residential facilities with amenities.

The Gurugram – Sohna micro market has observed the completion of Sohna elevated corridor which has further eased out the connectivity in the region. Further, it has been observed that with completion of elevated corridor, has led to increase in sales level in the Sohna and nearby micro markets.

With the Gurgaon portion of the Delhi-Mumbai industrial corridor operational, it is estimated that the real estate sector will see a major development as they improve access, create jobs and allow people to move with ease. The micro market will get excellent connectivity with corporate hub of Gurugram, reputed educational institutions and recreational developments in and around the city.

There are several infrastructure initiatives in the region at the various stages of the development which are likely to further improve the connectivity. Some of the large-scale initiatives include:

- **Gurgaon Bawal MRTS Project** - The metro project is planned to be developed in three phases from Gurugram Railway and Manesar in the first phase. The project will act as a catalyst for infrastructure development in the city.
- **Delhi Alwar RRTS** - This line will pass through industrialized areas of Haryana and Rajasthan and is expected to benefit the entire region between Gurugram to Alwar, while increasing the productivity of many commuters travelling from Delhi and Gurugram to regions in Manesar, Bawal and Neemrana.
- **Haryana Orbital Rail Corridor** - Planned New broad gauge electrified double line which will run along KMP Expressway and connecting logistics hubs of Gurugram. It will provide Direct connectivity to Gurugram and major Haryana districts
- **Delhi Mumbai Industrial Corridor** – The 1,483 km Delhi-Mumbai Industrial Corridor, also referred to as Delhi Mumbai Expressway which is known to cut-short the distance between the two metropolitan cities to 12 hours passes is aligned and is being developed in South of Gurugram in Sohna micro market. The Gurugram portion of the corridor became operational in 2023.
- **HUDA City Centre to Cyber City MRTS Project** – The 28.50 km long metro rail approved in June 2023 will have 27 stations connecting HUDA City Centre to Cyber City with spur to Dwarka Expressway. Planned to be completed in four years, this project will provide connectivity of New Gurgaon with Old Gurgaon.

There are greenfield road projects and some projects aimed at upgradation of existing roads that will further improve the accessibility of the region.

Road Initiatives

- Several planned infrastructure developments include the upgradation of Golf Course Extension Road to a signal-free corridor and widening of 4 lanes to a 6-lane road.
- In the proposed makeover, Southern Peripheral Road (“**SPR**”) will get multiple flyovers, service roads, drainage, footpaths, with each junction improved.
- The Central Peripheral Road, which is under construction, will further connect the SPR micro-market to New Gurugram and Dwarka Expressway.
- With the completion of Dwarka Expressway and Central Peripheral Road, the region will have seamless connectivity between Delhi and Gurugram, and the Dwarka Expressway micro-market will have one of the best connectivities with Delhi as compared to other upcoming regions of Gurugram.
- A 46 km long Pataudi Rewari National Highway is planned. It will run parallel to Dwarka Expressway and is a part of a highway that will connect Gurugram with the state border, and with Rajasthan beyond Narnaul. New Gurgaon sectors will have direct access to the Dwarka Expressway.
- With completion of the 6-lane Sohna Elevated Corridor (NH - 248A), along with a 24-lane toll plaza on Sohna road, will improve connectivity from Rajiv Chowk to Sohna Town, reducing travel time for daily commuters.

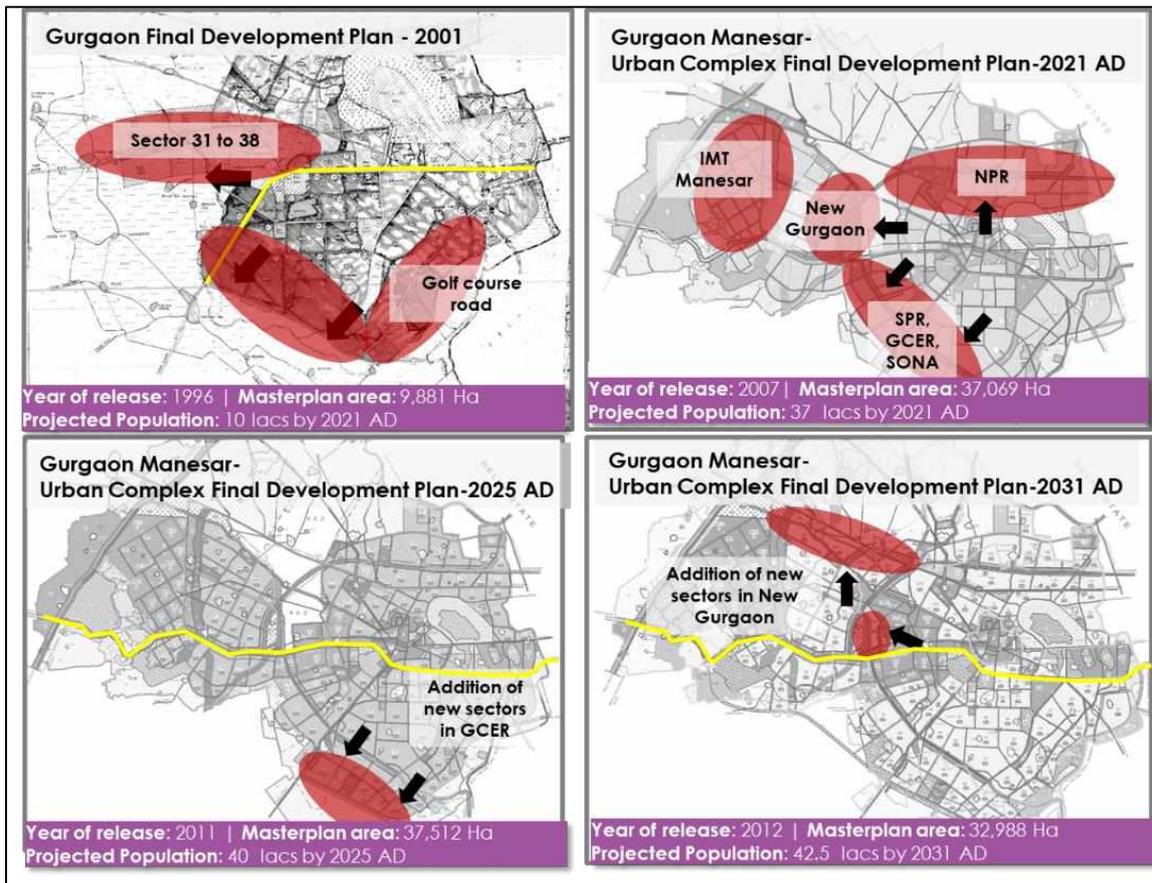

Established Social Infrastructure

- The city has one of the best healthcare as well as educational infrastructure within the region. It is home to some prominent hospital chains of India including Medanta, Max healthcare, Fortis, Columbia Asia, among others.
- The city has also strong presence of both national as well as international level schools and institutes.

Residential Micro-markets - Gurugram

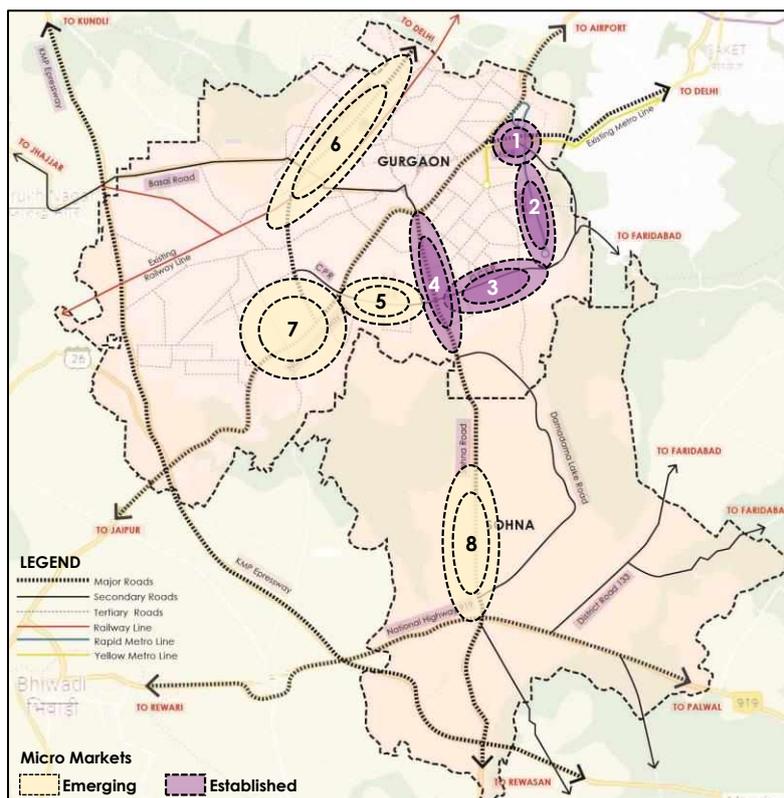

The residential development in the city was driven by the master plan development and infrastructure initiatives. From a residential segment perspective, Gurugram can broadly be divided into eight different micro-markets based on geography, profile of population and type of real estate developments. Some of the micro-markets which were a part of initial master plan and have witnessed completion of infrastructure initiatives before other areas, are the developed or established micro-markets.

With the expansion of this master plan, there is improvement in connectivity. With limited expansion possibility in the established micro-markets, there are emerging new micro-markets in the city which are witnessing significant real estate activity. The following map shows the evolution of Gurugram with changes in master plan and infrastructure development:

With under construction and planned infrastructure initiatives, the connectivity of New Gurugram and Dwarka Expressway has been improving significantly and these have emerged as fastest growing markets in the region which has together contributed towards almost 70% of total supply in Gurugram during the period 2020 and March 31, 2023 (first quarter).

Established micro-markets like MG Road, GCR and Sohna Road have observed limited supply in the market primarily because of paucity of land.

Legend	
	Established Micro Markets
	Emerging Micro Markets

Almost all the micro-markets have observed a dip in the absorption in 2020 because of pandemic. However, the market bounced back in 2021 and absorption levels in 2021 in five micro-markets of New Gurugram, Sohna Road, Golf Course Road, Dwarka Expressway and Sohna Town surpassed the absorption levels of 2019.

New Gurugram and Dwarka Expressway contribute absorption of 34% and 32% respectively to the cumulative sales in Gurugram during the period from 2020 to 2023 (first quarter of 2023).

Strong demand in Sohna Town: In 2020 to 2023 (first quarter), approximately 12% of the total supply in Gurugram was in Sohna Town, while the absorption stood at 15% of the total absorption witnessed in the city. The affordable rentals and capital values, good connectivity, growing social and physical infrastructure facilities along with completion of Sohna elevated corridor are the factors attracting buyers to this region.

It is observed that people from Delhi region are migrating to peripheries of NCR; one of the primary reasons for the same is shift from old residential units to new ones with multiple amenities, have better living standards, and this is one demand driver for residential demand in Gurugram.

The year 2022 had highest absorption in all micro markets of Gurgaon in last four years. The micro markets of Dwarka Expressway and New Gurgaon witnessed enormous growth in 2022 with absorption rate surpassing the previous year by 186% and 106% respectively. This trend is likely to continue in 2023 wherein 25% of previous year absorption have been achieved in the first quarter itself.

AFFORDABLE, LOWER MID & MID INCOME SEGMENT HOUSING IN GURUGRAM AND SOHNA REGION

Gurugram has off-lately emerged as one of the most prominent regions in Delhi NCR as an affordable housing destination. Lately, Gurugram residential market in its established micro markets was out of bounds for common people but through incentivised affordable housing policy of the Central Government (under PMAY) and that of Haryana, it has changed the housing landscape of the city, making it the one of most preferred affordable housing destination in the region. Today many developers are actively engaged in affordable housing, offering home buyers housing units in the affordable segment.

Supply and absorption of affordable, lower mid & mid income housing

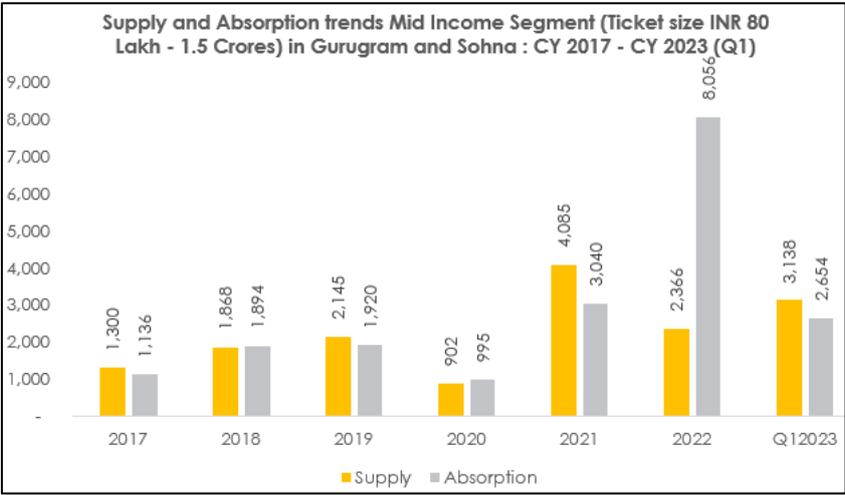

Residential supply, absorption trends in affordable and lower mid income housing segment in Gurugram and Sohna Region during 2017 – 2023 (first quarter) period is as follows:

Source: Anarock Research, 2023

- The affordable and lower mid income segment observed an increase in supply (in terms of units) from year 2017 to 2019. 2019 witnessed a growth of 89% in terms of number of units launched from previous calendar year. However, due to the pandemic-Covid-19, the construction activities were hit for some period due to lockdown leading to limited supply in 2020. Further, 2021 witnessed a 32% increase in terms of number of units launched in the affordable and lower mid income segment from previous calendar year.
- 2023 (first quarter) has observed 32% of the total supply in first quarter as compared to the supply observed in the segment previous calendar year showcasing similar growth.
- The absorption has been lower than the supply for 2019 to 2023 (first quarter) except for the 2022 where absorption surpassed the supply by 63%.
- Most of the affordable and lower mid income segment projects in Gurugram region are being launched in emerging micro markets such as New Gurugram, Dwarka Expressway, Southern Peripheral Road and Sohna Town. These emerging markets are preferred over developed markets because of availability of land, coupled with good connectivity to the employment hubs namely Cybercity, Golf Course Extension Road, NH-48, and Sohna Road, along with education centres in the nearby vicinity.

- Infrastructure initiatives proposed in these micro-markets such as metro connectivity in New Gurugram, completion of Dwarka Expressway will further ease out connectivity between these micro market and Delhi. Further the interconnectivity of these micro-markets will improve with completion of clover leaf and Central Peripheral Road connecting New Gurugram, Dwarka Expressway and Southern Peripheral Road, and stretch of Delhi-Mumbai Industrial Corridor at Sohna.

Source: Anarock Research, 2023

The supply for mid income segment units was highest in 2021 after COVID. The units witnessed growth in absorption also after COVID. 2022 had the highest absorption in the last six years with 165% growth from the previous year. 2023 (first quarter) also looks promising with supply of 3,138 units in first quarter itself, surpassing the total supply of previous year.

Observations and features on micro market dynamics for affordable and mid- income housing

Haryana Government and Town & Country Planning Department states that, if a project is licenced under the State’s Affordable Housing Policy, the developer is required to sell the units through draw system and on carpet area basis wherein the selling rate is fixed. This facilitates that buyer in lower income category have fair chance of buying the units.

Other than the affordable segment units in Gurugram and Sohna region, the region also has considerable supply in the mid-segment (ticket size ranging between ₹ 4 million to ₹ 8 million). This supply is majorly observed through units delivered under Deen Dayal Jan Awas Yojana (DDJAY) which allows a developer to sell plotted development within size of approximately 150 square meter. The developers construct low rise independent floors in form of group housing project wherein they are allowed to sell individual floors which is not allowed for such smaller floors in the Gurugram region otherwise.

Post Covid-19 pandemic, independent floors in Gurugram are experiencing an increase in demand as they are delivered with speedy construction and are limited to three stories per plot along with amenities within a gated complex. The reason behind a significant boost in demand for independent floors was the Deen Dayal Jan Awas Yojana (DDJAY-APHP). Introduced by the Haryana government in 2016 as part of the PMAY programme to support the Centre’s ‘Housing for All’ plan, this concept aimed to build high-density planned communities with affordable and mid-range housing. However, as per the notice on April 20, 2023 by the Town and Country Planning Department, Deen Dayal Jan Awas Yojna (DDJAY) Policy has been discontinued in Final Development Plan 2031 AD of Gurugram Manesar Urban Complex and of Faridabad.

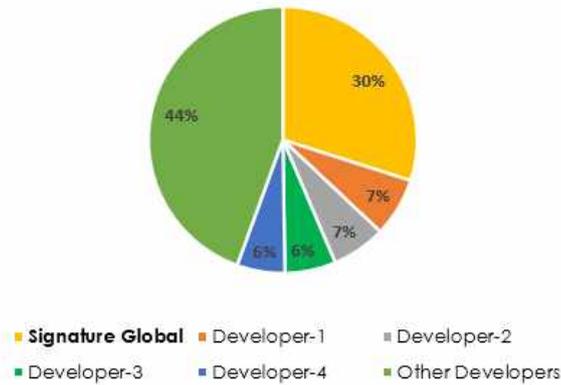

DDJAY policy has led to market response majorly due to reasons as stipulated below:

- Registry of individual floors developed on smaller plots (less than 150 square meters) which is otherwise not allowed
- Smaller unit size has further led to a decrease in the ticket size which has resulted in providing affordability to end-users to purchase housing unit in a developed micro market
- Speedy construction as compared to the delivery of an apartment in a group housing project

Overview

We are the largest real estate development company in the National Capital Region of Delhi (“Delhi NCR”) in the affordable and lower mid segment housing in terms of units supplied (in the below ₹ 8 million price category) between 2020 and the three months ended March 31, 2023, with a market share of 19%. (Source: Anarock Report)

We commenced operations in 2014 through our Subsidiary, Signature Builders Private Limited, with the launch of our Solera project on 6.13 acres of land in Gurugram, Haryana. We have grown our operations over the years and in less than a decade, and as of March 31, 2023, we had sold 27,965 residential and commercial units, all within the Delhi NCR region, with an aggregate Saleable Area of 18.90 million square feet. Our Sales (net of cancellation) have grown at a compounded annual growth rate (“CAGR”) of 42.46%, from ₹ 16,902.74 million in Fiscal 2021 to ₹ 34,305.84 million in Fiscal 2023. As of March 31, 2023, we have sold 25,089 residential units with an average selling price of ₹ 3.60 million per unit.

We have strategically focused on the Affordable Housing (“AH”) segment (below ₹ 4 million price category) and the Middle Income Housing (“MH”) segment (between ₹ 4 million to ₹ 2.5 million private category) through GoI and state government policies. The state government of Haryana under its various policies allows development of AH and MH. For example, we have been extensively involved in developing projects specifically the Affordable Housing Policy, 2013 notified by the Town and Country Planning Department, Government of Haryana (“AHP”) and the Affordable Plotted Housing Policy or the Deen Dayal Jan Awas Yojana (“DDJAY - APHP”). Each of the policies is focused on affordable and mid segment housing. The AHP aims to encourage planning and completion of group housing projects under which apartments of a pre-defined size are to be made available at pre-defined rates and completed within a targeted time-frame to ensure increased supply of affordable housing, while the DDJAY - APHP is intended to encourage the development of high density plotted colonies in the state of Haryana (Source: Anarock Report).

In addition, going forward we will also develop some of our Forthcoming Projects under the Haryana Group Housing Policy (“HGHP”) and New Integrated Licensing Policy (“NILP”) combining them with the provisions of Transit Oriented Development Policy (“TODP”) and Transfer of Development Rights Policy (“TDRP”), which we believe will enable us to achieve higher FAR, hence higher developable area as well as higher density to target the MH segment. The TODP aims to encourage development around metro corridors for which extra FAR and higher density has been allowed. (Source: Anarock Report) The TDRP provides industry participants with FAR in lieu of land which goes into public use, and such FAR can be loaded by developers on to their projects along with an increased density. (Source: Anarock Report) Hence, with the utilisation of such

policies, we believe we will be able to strategically target the MH segment.

Most of our Completed Projects, Ongoing Projects and Forthcoming Projects are located in Gurugram and Sohna in Haryana, with 88.49% of our Saleable Area located in this region as of March 31, 2023, and almost all of our projects have been, or are being, undertaken under the AHP or the DDJAY - APHP. In terms of sales in Gurugram, we had a market share of 31% in the affordable and lower mid segment, and a market share of 24% in all budget categories, in the period from 2020 to the three months ended March 31, 2023. (Source: Anarock Report)

The AHP permits for greater density, which is the number of persons per acre, that enables us to build smaller unit sizes leading to improved saleability. In addition, lower regulatory costs with waiver of license fee and infrastructural development charges for developers coupled with higher floor area ratio (“FAR”) for residential development and commercial development are some of the other benefits available under the AHP. Under the DDJAY - APHP as well, higher density, smaller plot sizes and higher FAR compared to that for a residential plotted colony enable us to offer units at competitive prices allowing us to expand our operations. In our experience, these benefits have made it viable for us to offer projects at affordable prices at premium locations while remaining profitable.

As of March 31, 2023, we were the largest real estate developer under the AHP in the Gurugram and Sohna region, with a market share of 18% in terms of total supply of units in the period from 2020 to the three months ended March 31, 2023. (Source: Anarock Report) We were also the largest real estate developer under the DDJAY – APHP in the Gurugram and Sohna region, with a market share of 42% of the total supply of units under DDJAY – APHP floors in the period from 2020 to the three months ended March 31, 2023. (Source: Anarock Report)

We provide “value homes” with attractive designs and amenities. We proactively seek to enhance the value of our projects by creating a better living environment through the provision of comprehensive community facilities and by engaging renowned architects. Our projects under the AHP, typically priced below ₹ 3.00 million per unit, includes amenities such as recreational areas, gardens, open spaces and community halls. Our projects under the DDJAY - APHP, typically priced between ₹ 4.00 million and ₹ 12.00 million per unit, provide facilities including gymnasiums, recreational spaces, entertainment centres, swimming pools and sporting facilities. All our AHP and DDJAY - APHP projects have a retail component within them which are intended to offer further convenience to residents, and these components have the effect of increasing the value of our projects owing to the absence of price ceilings. All our projects are located in the well-developed Delhi NCR region, with connectivity to other parts of Delhi NCR. In addition to the Gurugram area, we have also launched certain projects across key markets in Haryana such as Karnal, under the DDJAY – APHP policy. We also have one Ongoing Project being developed by our Subsidiary, Sternal Buildcon Private Limited, outside the AHP and DDJAY -APHP policies, namely Infinity Mall, which is located close to our Ongoing Projects under the DDJAY – APHP in Sohna and which we expect will serve our customers in the region.

Further, we believe that the *SignatureGlobal* brand is well-established in Gurugram, Haryana and the wider Delhi NCR region for affordable and mid segment housing projects. In our experience, the combination of our brand recognition, quality product offerings and competitive pricing has enabled us to sell a substantial portion of our inventory soon after the launch of our projects. Between Fiscal 2021 and Fiscal 2023, of the seven projects that we launched under the AHP (applications for which are open for a limited subscription period), six projects witnessed an oversubscription at launch. For the 5,388 units launched by us under the AHP between Fiscal 2021 and Fiscal 2022, we received 15,750 applications, amounting to an average oversubscription of 2.95 times the units on offer. Since we commenced operations, we have offered 17,673 units under the AHP, for which we have received 50,886 applications at launch, amounting to an oversubscription of 2.88 times the units on offer. Our project The Millennia IV, launched in January 2022, witnessed complete subscription of the 814 units on offer within 24 hours of launch while Imperial, launched in March 2022, witnessed subscription of all 1,141 units on offer within 12 hours of launch. The Millennia IV and Imperial also witnessed an oversubscription of 2.19 times and 3.15 times the units on offer, respectively. For projects that we have launched under the DDJAY – APHP in the Gurugram and Sohna region, we were able to sell 58.84% of the inventory within six months and for those projects that have completed a year since launch, 84.40% of the inventory has been sold within 12 months from launch.

As of March 31, 2023, we had completed an aggregate Developable Area of 7.64 million square feet in our Completed Projects and an additional 1.37 million square feet in our Ongoing Projects, comprising 11,427 residential units and 932 commercial units, for which we have received occupation certificates. We have sold 25,089 residential units, amounting to 88.81% of the total number of residential units launched in our Completed and Ongoing Projects as of March 31, 2023. In addition, brief details regarding our Completed, Ongoing and Forthcoming Projects, as of March 31, 2023, have been set out below:

Category	Number of projects	Land (in acres)	Saleable Area (in square feet)	Developable Area (in square feet)
Completed Projects	12	94.68	6,149,320	7,640,059
Ongoing Projects ⁽¹⁾	29	216.57	17,208,636	21,384,724
Forthcoming Projects	19	379.07	21,291,641 ⁽²⁾	24,506,650 ⁽²⁾

- (1) As of March 31, 2023, our Ongoing Projects have additionally received occupation certificates for 1,369,903 square feet of Saleable Area and 1,374,075 square feet of Developable Area that consists of residential units.
- (2) For our Forthcoming Projects, this is the estimated Saleable Area and estimated Developable Area

As of March 31, 2023, our Corporate Promoter, Sarvpriya Securities Private Limited, has also completed an aggregate Developable Area of 820,242 square feet and an aggregate Saleable Area of 597,610 square feet, in two projects.

Some of our key Completed Projects include Synera, Serenas and Sunrise, each located in Gurugram, Sohna and Karnal, respectively, in Haryana. Certain of our notable Ongoing Projects include City 37D and Prime, both of which are located in Gurugram, Haryana.

We have adopted an integrated real estate development model, with in-house capabilities and resources to execute projects from inception to completion which enables us to offer our projects at competitive prices. Among our core strengths is our ability to efficiently turnaround projects on land that we tie-up and we have typically launched projects within a period of 18 months from the date of acquisition of the land. Our high asset turnover has enabled us to generate positive cash flows in a relatively short period of time to support further developments. Our standardized business processes, technical specifications and layout plans have resulted in low design costs and faster replication resulting in shortening our development cycle and construction time. To reduce construction time significantly, we also deploy aluminium formwork technology in our projects, which also reduces costs. These factors have also resulted in us delivering projects ahead of their scheduled completion. For example, we completed our project, Solera within 3 years and 9 months, which is almost three months in advance of the period mandated for completion. The Department of Town and Country Planning, Government along with the Haryana Real Estate Regulatory Authority recognized the development of our projects at the Urban Development Conclave. For further information, please see the section entitled “*History and Certain Corporate Matters*” on page 216.

We have an extensive distribution network focussed on the customer segments we target, with 593 channel partners and an in-house team of 41 employees engaged in direct sales and 100 employees for indirect sales, as of March 31, 2023, that has helped us to achieve the current scale of our offerings. We have also been effectively leveraging technology for the sale of our inventory. Our AHP projects are sold exclusively through digital channels, as mandated by the Directorate of Town and Country Planning, Haryana (“**DTCP**”) and since January 2022, our entire project inventory under our AHP projects is being exclusively sold online, including on the government website. Since 2014, prior to the mandate by the DTCP, we had been selling our inventory through our website www.signatureglobal.in. Our technology initiatives as part of our customer interaction and sales channels have led to increased customer penetration and conversion, as well as operating and cost efficiencies.

As part of our development activities, we are focused on sustainable development and inculcate green concepts and techniques as part of our projects such as sustainable water management facilities and low flow fixtures that result in water saving, solid waste management and use of solar panels. The International Finance Corporation created the Excellence in Design for Greater Efficiencies (“**EDGE**”) to respond to the need for a measurable and credible solution to prove the business case for building green projects and unlock financial investment. As of March 31, 2023, all of our projects launched after Fiscal 2021 are either EDGE or IGBC certified or we are under process to apply for EDGE certification. Our efforts towards sustainability have been recognized through various awards and recognitions including the SignatureGlobal group being conferred the 8th IGBC Green Champion Award under the category of ‘Developer Leading the Green Affordable Housing Movement in India’. For further information, please see the section entitled “*History and Certain Corporate Matters*” on page 216.

We incorporate technology in all major aspects of our operations. Our customer relationship management system from Salesforce, broker portal, human resources, social media channels, customer mobile application, financials and management information systems and in-house sales are all integrated over a common platform. We have implemented an advanced enterprise resource planning platform, SAP, that has further strengthened our internal processes. We have also implemented an automated sales booking system and tools for pre and post-sales management which have resulted in increased lead generation.

We are led by our Chairman and Whole-time Director, Pradeep Kumar Aggarwal who has over eight years of experience in the real estate business. Lalit Kumar Aggarwal, our Vice Chairman and Whole-time Director, has more than seven years of experience in the real estate business and is responsible for the construction, marketing and human resources aspects of our business. Ravi Aggarwal, our Managing Director, has over nine years of experience and is responsible for the overall business development of our Company. Devender Aggarwal, our Joint Managing Director and Whole-time Director, has over eleven years of experience and plays a key role in formulation and implementation of our Company’s forward plans. Our senior management team includes experienced professionals with relevant functional expertise across different verticals in the real estate industry and have been instrumental in our growth and implementing our business strategies.

Although our business operations were impacted during the first wave of the COVID-19 pandemic in April 2020 due to government-mandated lockdowns and migration of labour, our operations were not impacted by subsequent waves due to effective labour management and cost rationalization measures. For further information, please see the section entitled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Impact of COVID-19*” on page 431.

The following table sets forth certain performance indicators of our operations for the periods indicated:

Notes:

- (1) Sales for any period refers to the value of residential and commercial units sold during a period where the booking amount has been received (net of any cancellations).
- (2) Gross Collections (net of cancellations) include collections towards residential and commercial units, other charges. Gross Collections do not include any indirect taxes.
- (3) Completed area refers to Developable Area where occupation certificate has been received.
- (4) Operating Surplus Before Land advance/ acquisition refers to net collections less construction spends less employee benefits expenses less admin and other overheads less taxes.
- (5) Adjusted Gross Profit is calculated as revenue from real estate operations (comprises revenue from sale of real estate properties, forfeiture income/cancellation charges, compensation received on compulsory acquisition of land and other operating income related to real estate business) less cost of sales relating to real estate operations (i.e. cost of sales as reduced by finance cost written off through cost of sales and cost of sales relating to contracting business).
- (6) Adjusted Gross Profit Margin is calculated as Adjusted Gross Profit divided by revenue from real estate operations (comprises revenue from sale of real estate properties, forfeiture income/cancellation charges, compensation received on compulsory acquisition of land and other operating income related to real estate business).
- (7) Adjusted EBITDA refers to earnings before interest, taxes, depreciation, amortisation (“EBITDA”), plus finance cost written off through cost of sales, Adjustment of gain/loss on fair valuation of derivative instruments and impairment of goodwill.
- (8) Adjusted EBITDA Margin is calculated as Adjusted EBITDA divided by revenue from operations.
- (9) Net Debt is calculated as short term Borrowing plus long term borrowing plus book overdraft less CCDs less cash and cash equivalents less margin money deposit less bank balances other than cash and cash equivalents.
- (10) Total sales and collections for the year ended March 31, 2022, includes sales amounting to ₹ 2,903.00 million and collections amounting to ₹ 140.05 million related to our project Imperial and sales amounting to ₹ 140.94 million and collections amounting to ₹ 6.81 million related to our project The Millennia IV. Such projects are under the AHP and were launched/sold prior to March 31, 2022. The collections pertaining to these projects was collected in the Director of Town and Country Planning, Haryana bank account as per the AHP as at March 31, 2022, and the Company received such amount subsequently, post allotment of units as per the process established by the Department of Town and Country Planning, Haryana.
- (11) Compounded Annual Growth Rate (as a %): $(\text{end year value} / \text{base Year Value})^{1/\text{Number of years between base year and end year}} - 1$, where ^ denotes 'raised to'.

Our Saleable Area, comprising our Completed Projects and Ongoing Projects, has witnessed an increase from 5.17 million square feet in Fiscal 2018, to 23.36 million square feet in Fiscal 2023. Further, as of March 31, 2023, our Corporate Promoter, Sarvpriya Securities Private Limited, has also completed an aggregate Developable Area of 820,242 square feet and an aggregate Saleable Area of 597,610 square feet, in two projects.

Our Strengths

We believe that we are well-positioned to capitalize on the growth opportunities in the Indian real estate market. Our key strengths are set out below:

Largest affordable and lower-mid and mid segment real estate developer in Delhi NCR

We are the largest real estate development company in Delhi NCR in the affordable and lower mid segment housing, in terms of units supplied (in the below ₹ 8.00 million price category) between 2020 and the three months ended March 31, 2023, with a market share of 31% (Source: Anarock Report). We have considerable experience in project execution in the affordable and lower mid segment housing and are also among the leading residential real estate developer in Delhi NCR with a 16% market share in terms of units supplied between 2019 and the six months ended June 30, 2022 (across all budget categories) (Source: Anarock Report). As of March 31, 2023, we have sold 25,089 residential units, with an average selling price of ₹ 3.60 million per unit.

Our offerings have been focussed on the affordable and lower mid segments in Delhi NCR which have significant demand. In the past five years, absorption has outnumbered supply in the affordable and mid segment category and inventory has been

witnessing a continuous decline, indicating sustainable demand in these categories (*Source: Anarock Report*). According to the Anarock Report, in the period from 2017 to the three months ended March 31, 2023, residential units less than ₹ 8.00 million per unit represented 66% of the aggregate sales among residential real estate projects in India (*Source: Anarock Report*). As of March 31, 2023 we had sold 17,597 units under the AHP, amounting to 99.57% of our units launched under the AHP. As of March 31, 2023, we had also sold 7,492 units under the DDJAY – APHP, amounting to 70.84% of our units launched under the DDJAY – APHP.

All our projects are located in Delhi NCR, which is considered to be among the top two markets in India in terms of sales in the three months ended March 31, 2023 (*Source: Anarock Report*). Around 119,923 units were launched in the affordable and lower mid segment (in the below ₹ 8.00 million price category) in Delhi NCR between 2017 and the three months ended March 31, 2023. Gurugram and Sohna were collectively the key contributors and accounted for 66% of the overall affordable supply in Delhi NCR between 2017 and the six months ended June 30, 2022 (*Source: Anarock Report*). The absorption level in Delhi NCR in the affordable and mid segment cumulatively for the last six years (2017- three months ended March 31, 2023) stood at 209,389 units, while supply stood at 119,923 units, which suggests there is sustainable demand in this category (*Source: Anarock Report*). We believe that the short supply of affordable housing projects, particularly in our focus markets, provides significant opportunity to further grow our market share.

We have been agile in strategically adapting our projects to the requirements of, and thereby benefitting from incentives under, the AHP and DDJAY - APHP schemes. Under the AHP, the minimum land required for development is smaller compared to the land requirement under the Haryana Group Housing Policy (“**HGHP**”) (*Source: Anarock Report*). This ensures greater availability of contiguous land parcels eligible for development under the AHP policy *vis a vis* the HGHP. There are multiple other advantages under the AHP in comparison to the HGHP; for instance, a greater FAR under the AHP (*Source: Anarock Report*) provides greater developable area and coupled with higher density enables construction of smaller sized units, which we believe, improves saleability. In addition, it provides for reduced external development charges if the project is completed within a prescribed time and has completely waived infrastructure development charges for such projects (*Source: Anarock Report*). For further details regarding the differences between AHP and HGHP, please see the section entitled “*Industry Overview – Support to Affordable Housing Policy by Haryana Government*” on page 142.

The DDJAY - APHP offers advantages in terms of low external development charges for projects, in addition to lower minimum land area to apply for a project license, in comparison to the HGHP. A higher portion of the licensed area for projects can be developed under DDJAY - APHP than under the Haryana Residential Plotted Colony Policy (“**HRPCP**”) (*Source: Anarock Report*). The DDJAY – APHP also has a higher FAR than the HRPCP (*Source: Anarock Report*). The size of plots granted under DDJAY - APHP is smaller than those under HRPCP, while the permissible population density is higher under DDJAY – APHP (*Source: Anarock Report*). The smaller size of plots, along with the higher permissible density, allows for multiple smaller units to be constructed under DDJAY - APHP, allowing us to benefit from the economies of scale. Similarly, greater ground coverage leading to higher developable area, lower government charges and higher density under the DDJAY - APHP compared with that for a residential plotted colony are key factors that enable us to offer our projects to customers at compelling prices. Under the DDJAY – APHP, developers construct low-rise independent floors in the form of group housing projects, wherein individual floors can be sold, which is otherwise not permitted for similar small floor sizes in Gurugram and elsewhere (*Source: Anarock Report*).

As of March 31, 2023, we were the largest real estate developer under the AHP in the Gurugram and Sohna region, with a market share of 18% in terms of total supply of units in the period from 2020 to the three months ended March 31, 2023. (*Source: Anarock Report*) We were also the largest real estate developer under the DDJAY – APHP in the Gurugram and Sohna region, with a market share of 42% of the total supply of units under DDJAY – APHP floors in the period from 2020 to the three months ended March 31, 2023. (*Source: Anarock Report*). We have achieved 31% market share in terms of sales of units between 2020 and the three months ended March 31, 2023, in Gurugram in the affordable and lower mid segment category. (*Source: Anarock Report*).

Our continued focus on affordable and lower mid segment housing, product positioning in line with government policies and market demand, efficient project execution capabilities, experience in effective management of regulatory processes, multiple project offerings with attractive designs and amenities at competitive prices, have all contributed to the success of our projects. These factors have also resulted in our growth and significant market share in the affordable housing segment.

In addition to multiple projects in Gurugram, Haryana, the market which continues to be our principal focus, we have also selectively expanded our project offerings in rapidly growing towns in Delhi NCR in the vicinity of Gurugram, including in Karnal, and have Forthcoming Projects in Manesar in Haryana, as well as in Raj Nagar Extension, Ghaziabad in Uttar Pradesh. We believe that we are well-positioned to capitalise on the significant demand for affordable housing projects in these other micro-markets.

Well-established brand, strong distribution network and digital marketing capabilities translating into faster sales

We have within a relatively short period of time developed a strong brand and customer goodwill based on our track record of

delivering “value homes”. We have also provided strategically-located, distinctive-design projects with an array of amenities, all at affordable prices. We believe that the strength of a real estate developer’s brand is a key attribute that influences customer decision. We have succeeded in developing a distinct brand leveraging our comprehensive understanding of customer needs and unwavering focus on delivering quality projects and customer-centric services. The strength of our brand is also reflected in various awards and recognitions received by us and our projects, including Best Affordable / Budget Housing Developer of the Year at the 13th Annual Estate Awards 2021, Developer of the Year, Residential, at the 13th Realty+ Conclave and Excellence Awards (North), 2021 and Best LIG Housing Project for our project Solera at the PMAY Empowering India 2019, presented by the Minister of State, Ministry of Housing and Urban Affairs, GoI.

In order to further strengthen our brand, we have engaged celebrity brand ambassadors for various campaigns from time-to-time. In addition, renowned actress and Padma Shri recipient, Vidya Balan, is our brand ambassador and has been associated with the “SignatureGlobal” brand for over five years. We have undertaken various advertisement and promotional campaigns across India communicating our mission “Har Pariwar Ek Ghar” under which we have run campaigns like “Apne Ghar Pe Kaisa Lockdown”, “Kiraye Se Azaadi”, “Diwali Apne Ghar Wali” and “Smart Decision”. We have also run project-specific campaigns such as the “Independent Floors for the Independent You” campaign in 2020 to promote our “independent premium floors” project, which highlighted various age groups, genders and ideologies. These campaigns were well received and generated 90.83 million views across various social media platforms, as of August 21, 2023. In addition, our campaign in August 2021 called “Life at Signature Global” showcased benefits of living in a gated community and received 13.81 million views across various social media platforms as of August 21, 2023. We also have an established presence across different social media platforms, as shown in the table below:

Platform	Number of Followers*
Facebook	92,000
Instagram	8,291
LinkedIn	22,569
Twitter	3,074
YouTube	17,000

*As at August 21, 2023.

We have an established distribution network which is focused on targeting customers in the affordable and mid segments. We have a dedicated in-house direct sales team of 41 employees, as of March 31, 2023, that is responsible for sourcing leads. As of March 31, 2023, 45.85% of our total Sales (in terms of residential units sold) in the Gurugram and Sohna region has been through direct sales and 55.69% of our total Sales (in terms of residential units sold) under the AHP has been through direct sales. We also have an indirect sales team of 100 members, as of March 31, 2023, that interacts with channel partners and are responsible for sales generation. As of March 31, 2023, we also have a network of over 593 channel partners who make financial commitments in promotional campaigns and drive customer traffic to our site. We have implemented creative and innovative marketing and sales strategies such as our digital experience centres and augmented reality for project walkthroughs providing an immersive experience for potential customers.

We have been able to leverage our established brand and quality product offerings to sell units within our projects relatively early in the project development period, including through pre-sale. Our ability to sell units in the construction phase provides us with cash flow for our operations and enables us to maintain low indebtedness, thereby ensuring higher return on investment.

Allotment of units under AHP projects involves a transparent online process. We have received oversubscriptions for our AHP projects, that demonstrates the strength of our brand. For instance, our project, The Millennia IV, launched in January 2022, witnessed complete subscription of the 814 units on offer within 24 hours of launch while Imperial, launched in March 2022, witnessed subscription of all 1,141 units on offer within 12 hours of launch. The table below sets forth the number of units and the number of applications received for certain of our Ongoing Projects launched between Fiscal 2021 and Fiscal 2023:

Project	Month of Launch	Total Units	Number of Applications	Oversubscription (Number of Times)
The Millennia III	November 2020	1,322	3,072	2.32
The Millennia IV	January 2022	814	1,782	2.19
Imperial	March 2022	1,141	3,596	3.15

Since the inception of the Company, it has launched 17,673 units under AHP for which it has received a total of 50,886 applications at the time of the launch of the projects, representing an over-subscription of 2.88 times of units on offer in AHP projects.

For projects that we have launched under the DDJAY – AHP in the Gurugram and Sohna region, we were able to sell 58.84% of the inventory within six months and 84.40% within 12 months from launch. The table below sets forth sales timelines for the respective projects under the DDJAY – AHP in Gurugram and Sohna:

Notes:

For one year statistics – projects launched atleast three quarters / nine months

For six months statistics – projects launched atleast one quarter / three months

* For projects where one year has not been completed as on March 31, 2023, units sold from launch until March 31, 2023, have been considered.

** For projects where six months have not been completed as on March 31, 2023, units sold from launch until March 31, 2023, have been considered.

⁽¹⁾Phase II for these projects has been launched in accordance with the DDJAY - APHP policy for the respective projects.

Fast growing with ability to scale up rapidly

We have demonstrated our ability to scale up rapidly by growing our project portfolio from 9.06 million square feet of Saleable Area as on March 31, 2018, to 44.65 million square feet of Saleable Area as on March 31, 2023, which includes the Saleable Area of our Completed Projects and Ongoing Projects and the estimated Saleable area of our Forthcoming Projects. We launched our first project in 2014 and as of March 31, 2023, we had sold 27,965 units with an aggregate Saleable Area of 18.90 million square feet. As of March 31, 2023, we had Ongoing Projects comprising approximately 17.21 million square feet of Saleable Area. Our Sales have increased at a CAGR of 42.46% from ₹ 16,902.74 million in Fiscal 2021 to ₹ 34,305.84 million in Fiscal 2023. Further, we have launched 5,062 units, 5,894 units and 5,526 units in Fiscal 2021, 2022 and 2023, respectively, which amounted to 3.34 million square feet, 4.21 million square feet and 6.21 million square feet of Saleable Area for the corresponding periods.

We have replicated our business model across micro-markets in Delhi NCR and particularly in Gurugram, Haryana and have continuously expanded our business to capitalize on our strong brand name. We have been able to scale up at a rapid pace owing to our standardized design, technical specifications and layout plans, which we also anticipate will allow us to expand our operations speedily in future. Our track record in execution and continued construction has been instrumental in our consistent Sales and performance, despite challenging market conditions due to the COVID-19 pandemic. The table below sets forth details of the units sold and the completed units and areas under our projects for the periods indicated:

Period	Fiscal 2021	Fiscal 2022	Fiscal 2023	CAGR (Fiscal 2021 to Fiscal 2023)
Sales ⁽¹⁾ (number of units)	6,069	7,001	4,512	(13.78)%
Sales (million square feet)	4.25	5.46	4.35	1.17%
Completed units (number of units)	102	4,487	5,511	635.05%
Completed area (occupation certificate received) ^{(2)*} (million square feet)	0.09	3.03	4.38	567.50%

Notes:

(1) Sales for any period refers to the value of residential units sold during a period where the booking amount has been received (net of any cancellations).

(2) Completed area refers to Developable Area where occupation certificate has been received.

Further, our Saleable Area, comprising our Completed Projects and Ongoing Projects, has witnessed an increase from 5.17 million

square feet in Fiscal 2018, to 23.44 million square feet in Fiscal 2023. As of March 31, 2023, our Corporate Promoter, Sarvpriya Securities Private Limited, has also completed an aggregate Developable Area of 820,242 square feet and an aggregate Saleable Area of 597,610 square feet, in two projects.

Ability to provide aspirational lifestyle and amenities at affordable pricing and at strategic locations

We seek to provide customers with “value homes” with better living standards supported by comprehensive community facilities. We seek to develop projects at attractive locations with good connectivity across the Delhi NCR, proximate to commercial and retail projects and recreational spaces.

Our projects under the DDJAY - AHP include a host of amenities and features such as dedicated car parking, jogging tracks, swimming pools, skating arenas, badminton courts, yoga and meditation lawns, sporting and recreational facilities. Our projects under the AHP scheme include amenities such as large open green spaces, outdoor gymnasiums and dedicated kids’ playing areas. In addition, we believe that the supporting infrastructure that we provide, such as commercial and retail offerings within our residential projects, benefit our customers and enhance the value of our residential projects. In order to create the aspirational lifestyle environment in our projects, in addition to experienced in-house architects and design teams, we closely work with various reputed architects such as Gian P Mathur & Associates Private Limited and Deepak Mehta & Associates to design our projects.

Our offerings are typically purchased by salaried individuals who avail financing for their purchase. As of March 31, 2023, 44.09% of 23,845 residential units sold by us in Gurugram and Sohna involved housing finance availed by our customers. We believe that the success of our projects among the salaried class provides us access to a large potential customer base in the Delhi NCR market.

Standardized product offerings, quick turnaround and end-to-end in-house project execution expertise

Over the years we have implemented standardized business processes that have enabled us to offer quality houses at competitive prices to our customers. We have been able to achieve low design costs and design efficiencies, a relatively short development cycle and construction timelines as a result of our standardized design, technical specifications and layout plans.

In the 7 AHP projects, involving 5,338 residential units we have launched between Fiscal 2021 and Fiscal 2023, we have undertaken negligible variation in sizes and configurations of the units. Standardisation of this nature allows us to replicate tried and tested models with quick turnaround and at predictable costs, leading to efficient execution on a larger scale. Set forth below are the Saleable Areas of our residential units launched under the AHP between Fiscal 2021 and Fiscal 2023, based on layout of such units:

Area	1 BHK unit	2 BHK unit	3 BHK unit
Minimum area (square feet)	356	539	633
Maximum area (square feet)	400	604	646*
Median (square feet)	377	588	645
Maximum variation (square feet)	44	64	13

*The exact Saleable Area was 645.79 square feet, which is within the permissible limit under the AHP.

We have adopted a disciplined approach to land acquisition and development and acquire land only on the basis of requirements. We endeavour to achieve a quick turnaround from acquisition to launch and have typically launched projects within a period of 18 months from the date of land acquisition. Our turnaround capabilities have enabled our land resources to generate cash flows in a relatively short period following acquisition to support further developments.

To deliver our projects on time and reduce our construction costs, we employ aluminium formwork technology in most of our projects. The technology significantly reduces our construction time and results in strong and high-quality structures. As of March 31, 2023, we had procured 1.64 million square feet of aluminium formwork shuttering that provides us with large annual development output.

The table below demonstrates our execution strength and the time taken for construction of certain of our Completed Projects:

*Date of launch represents the start date of application from published advertisement in the newspaper.

** Date of launch represents the date of first booking with respect to DDJAY and other projects.

We have adopted an integrated real estate development model, with capabilities and resources to carry a project from conceptualization to completion. Our project execution capabilities are present across the real estate development value chain and we have developed extensive in-house capabilities right from identification of land, conceptualization of the project, to execution of the project involving planning, obtaining regulatory approvals, designing, supervising construction, marketing and sales, and culminating in delivery of the project. Our expertise across several processes including a centralized raw material procurement system has resulted in cost efficiencies for our operations and have helped deliver our offerings at competitive prices.

We place significant emphasis on cost management and monitor our Ongoing Projects to ensure that they are completed within committed timelines and budgeted amounts. Between Fiscal 2017 and Fiscal 2023, we have been able to deliver our residential projects within an average period of 4.48 years despite delays on account of the COVID-19 pandemic and construction bans imposed by the National Green Tribunal from time to time to curb pollution levels in Delhi NCR. Our project management, technology initiatives and automation as well as implementation and monitoring capabilities have resulted in us delivering projects ahead of the stipulated delivery time. We have won multiple awards and recognitions for our efforts and include recognition by the Department of Town and Country Planning, Government along with the Haryana Real Estate Regulatory Authority at the Urban Development Conclave for our project Solera under the AHP and our project Sunrise under DDJAY - APHP. For further information, please see the section entitled “History and Certain Corporate Matters” on page 216.

Positive operating cash flows with low levels of debt

Our continued focus on efficiency and productivity has enabled us to deliver consistent financial performance. Our asset turnover ratio (calculated as Sales divided by Capital Employed) was 1.54, 2.77 and 1.92 in Fiscal 2021, 2022 and 2023, respectively. The breakdown of our asset turnover ratio for these three Fiscals has been set forth below:

Period	Sales ⁽¹⁾ (₹ million)	Capital Employed ⁽²⁾ (₹ million)	Sales / Capital Employed
Fiscal 2021	16,902.74	10,969.69	1.54
Fiscal 2022	25,900.38	9,355.70	2.77
Fiscal 2023	34,305.84	17,874.52	1.92

(1) Sales for any period refers to the value of residential and commercial units sold during the period where the booking amount has been received (net of cancellations).

(2) Capital employed is calculated as total assets less current liabilities (excluding borrowings).

We believe this demonstrates our strong execution capabilities and ability to achieve faster turnaround with shorter development cycles thereby helping us achieve scale in a short span of time.

We have been able to generate positive operating cash flows despite incurring significant business development expenses for growth and without significantly increasing our leverage. In Fiscals 2021, 2022 and 2023, our operating surplus before land advance/ acquisition, which reflect the surplus post construction expenses, selling, general and administrative expenses and taxes adjusted from collections, were ₹ 2,488.56 million, ₹ 4,701.43 million and ₹ 6,912.15 million, respectively. We believe that our ability to generate positive operating cash flows is attributable to our disciplined approach towards land acquisition, including entering into collaboration agreements instead of outright purchases, and our ability to turnaround our land assets efficiently and in a timely manner. Our cash flows reflect the surplus remaining even after incurring business development expenses towards new land acquisitions.

The following table sets forth certain information relating to our cash flows. For further information, please see the section entitled “Financial Statements” on page 268:

Particulars	(in ₹ million)		
	Fiscal 2021	Fiscal 2022	Fiscal 2023
Cash and cash equivalents at the beginning of the year	1,386.68	2,453.96	2,358.84
Add: Operating surplus before land advance/	2,488.56	4,701.43	6,912.15

acquisition			
Total Cash available before Land advance/acquisition	3,875.24	7,155.39	9,270.99
Less: Land advance/ acquisition	(2,124.18)	(2,648.99)	(9,693.90)
Net Cash available for Investing and financing activity	1,751.06	4,506.40	(422.91)
Less: Finance costs paid	(1,141.08)	(2,473.81)	(2,353.24)
Net Cash available after payment of finance costs	609.98	2,032.59	(2,776.15)
Add: Investing and financing cash inflows	1,843.98	326.25	9,163.59
Cash and cash equivalents at end of the year	2,453.96	2,358.84	6,387.44

In order to continue launching new projects, we strive to maintain an optimal capital structure with prudent use of leverage and a conservative debt policy. We have been able to grow our Sales at a CAGR of 42.46% from ₹ 16,902.74 million in Fiscal 2021 to ₹ 34,305.84 million in Fiscal 2022, without incurring significant debt. Our Net Debt as of March 31, 2021, 2022 and 2023, was ₹ 5,573.24 million, ₹ 5,173.43 million and ₹ 10,938.92 million, respectively. In our experience, our high sales velocity and transparent, construction-linked and time-linked payment plans have led to strong cash flows, which in turn have enabled us to limit our dependence on external debt.

We have also witnessed strong collections and have healthy Gross Margins. For example, Synera was launched in December 2014, which achieved an Adjusted Gross Profit Margin of 16.10% on residential sales and an Adjusted Gross Profit Margin of 74.70% on commercial sales, with a blended Adjusted Gross Profit Margin of 21.30%. These Adjusted Gross Profit Margins were achieved prior to the amendments to the AHP through which developers were provided certain additional incentives. Previously, (i) the FAR under the AHP for commercial development was limited to 4% of the net planned area, instead of the current 8%; (*Source: Anarock Report*) (ii) the price ceiling for residential units stood at ₹ 4,000 per square foot of carpet area, which has since been increased to ₹ 5,000 per square foot (*Source: Anarock Report*), where carpet area is our Saleable Area under the AHP; and (iii) the price ceiling of Balcony Areas stood at ₹ 500 per square foot, instead of ₹ 1,000 per square foot, with a cap of ₹ 100,000 per unit which has subsequently increased to ₹ 1,200 per square foot with a cap of ₹ 120,000. (*Source: Anarock Report*) In our DDJAY - AHP projects as well, most of which were launched only after 2019, the Gross Margin on residential sales itself was 30.59%, without commercial sales.

We believe that our cash flow management and balance sheet strength has facilitated us to attract strategic lending partners which has ensured continued financial support to our projects. As on the date of the Red Herring Prospectus, we have debt arrangements with International Finance Corporation, HDFC Capital Affordable Real-Estate Fund-II, ICICI Bank Limited, IndusInd Bank Limited, Kotak Mahindra Investments Limited, Tata Capital Finance Service Limited, Arka Fincap Limited, IIFL Home Finance Limited and YES Bank Limited, among others. Additionally, the outstanding CCDs that had been issued to HCARE and International Finance Corporation have converted into Equity Shares prior to filing of this Red Herring Prospectus with the RoC, which will result in improvement of our debt/equity ratio. For further information, please see the sections entitled “*History and Certain Corporate Matters*” and “*Capital Structure*” on pages 216 and 81, respectively

Strong focus on sustainable development

We constantly incorporate sustainable best practices and considerations into the design and construction of our projects. We have implemented environmentally friendly building concepts in many of our projects and aim to increase green cover in our developments to minimize our net carbon impact. For example, as part of our developments, we have implemented practices such as common areas lighting with solar panels, LED lights, besides the use of steel / aluminum powder coated UPVC doors and windows and high performance glass with light transmission that ensure better cooling and in-turn energy saving. We are an EDGE Green Building Developer in the affordable housing segment in Delhi NCR. The International Finance Corporation created EDGE to respond to the need for a measurable and credible solution to prove the business case for building green projects and unlock financial investment. To be EDGE certified requires a minimum projected reduction of 20% in energy use and water use, among other requirements, as benchmarked against a standard local building. EDGE certification obtained by our Completed Projects and Ongoing Projects from Green Business Certification Inc., demonstrates our achievement in the areas of energy savings, water savings and sustainable materials.

As a member of the IGBC, we are committed to sustainability efforts as part of our projects. Certain of our Completed Projects and Ongoing Projects have been certified by IGBC for designing and building high-performance buildings in accordance with IGBC Green Affordable Housing Rating System. We have also been recognised for our efforts towards sustainable building through awards such as the ‘Developer Leading the Green Affordable Housing Movement in India’ at the 8th IGBC Green Championship Awards. Additionally, we have been able to benefit from incentives, such as additional FAR, provided by the Haryana government to projects receiving gold certification from IGBC. As of March 31, 2023, all of our projects launched after Fiscal 2021 are either EDGE or IGBC certified or we are under process to apply for EDGE certification. We also possess industry-leading certifications including ISO 9000:2015 for quality management systems for development and construction of buildings, ISO 14001:2015 for environmental management systems for development and construction of buildings and ISO 45001:201 for

occupational health and safety for development and construction of buildings. For further information, please see the section entitled “*History and Certain Corporate Matters*” on page 216.

Experienced Promoters and professional senior management team with marquee investors

Our Promoters are actively involved in our operations. Our Chairman and Whole time Director, Pradeep Kumar Aggarwal, has previously served as the managing director on the board of SMC Comtrade Limited for ten years. He was first appointed as a director on the Board of our Company on November 2, 2017. Lalit Kumar Aggarwal, our Vice Chairman and Whole-time Director, is responsible for the construction, marketing and human resource aspects of our business while Ravi Aggarwal, our Managing Director, is responsible for the overall business development of our Company. Devender Aggarwal, our Joint Managing Director plays a key role in formulation and implementation of our Company’s forward plans. For further information, please see the section entitled “*Our Management – Brief Biographies of Directors*” on page 239. Our Corporate Promoter, Sarvpriya Securities Private Limited, is also engaged in the real estate development business and has, as of March 31, 2023, completed 1,353 units with 820,242 square feet of Developable Area in two projects. As of March 31, 2023, our Corporate Promoter, Sarvpriya Securities Private Limited, also has an ongoing project, with 845 units and 675,428 square feet of Developable Area.

Further, we have a senior management team of experienced professionals, with relevant functional expertise across different industries, who are instrumental in implementing our business strategies including Rajat Kathuria, our CEO; Sanjay Kumar Varshney, Chief Operating Officer; M R Bothra, Company Secretary and Compliance Officer; Manish Garg, Chief Financial Officer, who collectively have significant experience in real estate development, project planning and execution, fund raising, IT, tax, legal and compliance, corporate finance and accounts as well as management, including at reputed Indian companies and multinationals. We believe that the experience of our management team and their understanding of the real estate market in India will enable us to continue to take advantage of current and future market opportunities.

In addition, our investor base includes IFC and HDFC Capital Advisors who participated in multiple rounds of capital raise undertaken by our Company thereby affirming their confidence and trust in our Company. Our investors also provide us with strategic advice leading to our growth and have also assisted in implementing high corporate governance standards.

Business Strategies

Continue to focus on the affordable and lower mid segment housing

Affordable and lower mid segment housing constituted the largest segment in terms of supply between 2017 and the three months ended March 31, 2023, in the top seven cities in India, indicating significant preference for this category in the Indian housing market (*Source: Anarock Report*). Favourable state government policies such as the AHP and DDJAY - AHP in Haryana coupled with better access to finance has led to growth in the affordable housing segment (*Source: Anarock Report*). According to the Anarock Report, around 119,923 units were launched in the affordable and mid segment (in the below ₹ 8 million price category) in Delhi NCR during the period between 2017 and the three months ended March 31, 2023. Gurugram and Sohna collectively were the key contributors and accounted for 68% of the overall affordable supply in Delhi NCR this period (*Source: Anarock Report*). Improved affordability coupled with existing and upcoming infrastructure initiatives improving mobility of people, employment prospects and employment linked end-user driven market, coupled with social focus on home ownership post COVID-19 has further pushed demand for affordable housing (*Source: Anarock Report*). However, there continues to exist a large supply gap in the affordable housing segment. This is demonstrated by the fact that the inventory of affordable and mid segment units has been witnessing a continuous decline in the last five years (*Source: Anarock Report*). Given the trends from previous years, it is expected that the affordable housing segment will have continued traction in the market with respect to supply due to sustainable demand (*Source: Anarock Report*). Going forward, a similar trend is likely to be observed, given the large demand from end-users (*Source: Anarock Report*).

We believe this unmet demand for affordable housing provides us with an opportunity to grow our market share. As of March 31, 2023, we have a portfolio of 29 Ongoing Projects and 19 Forthcoming Projects aggregating to 38.50 million square feet. We intend to utilise affordable housing policies in Delhi NCR and focus on projects having residential units with ticket sizes ranging from ₹ 4 million to ₹ 25 million, based on changing customer preference. For example, during COVID-19, in order to meet the demand of work from home requirements, we launched special products to cater to address this demand, such as the introduction of dedicated workspaces within homes. Our business model combines our operational efficiency and know-how as well as our customer-insights, local knowledge and regulatory expertise. We intend to continue to focus on this model to expand our portfolio of affordable housing projects.

In addition, going forward we will also develop some of our Forthcoming Projects under the HGHP and NILP, combining them with the provisions of TODP and TDRP, which we believe will enable us to achieve higher FAR, hence higher developable area as well as higher density. The TODP aims to encourage development around metro corridors for which extra FAR and higher density has been allowed. (*Source: Anarock Report*) The TDRP provides industry participants with FAR in lieu of land which goes into public use, and such FAR can be loaded by developers on to their projects along with an increased density. (*Source:*

Anarock Report) We believe that utilisation of such policies will help us to further increase our presence in, and strategically target, the MH segment.

Further consolidate our leadership position in Gurugram, Haryana and expand selectively in micro-markets within Delhi NCR

Gurugram is one of the most rapidly developing cities of the NCR and is the de-facto economic and industrial hub. With well-developed infrastructure, and due to its proximity to the international airport, Gurugram has a flourishing residential and commercial real estate with a well-established town and country planning mechanism, an effective land development policy and a RERA machinery thereby contributing to almost 51% of the total sales in the Delhi NCR region in the three months ended March 31, 2023 (*Source: Anarock Report*). Gurugram has witnessed multiple affordable housing projects in various micro markets including Golf Course Extension Road, Southern Peripheral Road, New Gurugram, Dwarka Expressway and Sohna town. The availability of land parcels in these regions is likely to lead to multiple new projects in the affordable and mid segments (*Source: Anarock Report*). Further, infrastructure developments around Gurugram have increased the growth potential of these regions and we expect that in the next few years, the demand for real estate in these Gurugram-adjacent regions will spike owing to factors such as the following: (i) the six-lane Sohna elevated corridor along with a 24-lane toll plaza on Sohna road will improve connectivity from Rajiv Chowk in Delhi to Sohna town for daily commuters (*Source: Anarock Report*); (ii) the completion of the Dwarka Expressway and Central Peripheral Road, which will create seamless connectivity between Delhi and Gurugram (*Source: Anarock Report*); (iii) the Delhi-Mumbai industrial corridor, which is expected to cut short the distance between Delhi and Mumbai to 12 hours, the Gurugram sector of which is currently operational; and (iv) HUDA City Centre to Cyber City MRTS Project planned to be completed in four years, will provide connectivity of New Gurugram with Old Gurugram (*Source: Anarock Report*). We intend to focus on identifying land parcels around these areas to benefit from these initiatives and plan our pipeline of projects to align with the anticipated growth in demand for housing in and around these convenient infrastructure projects that will improve connectivity. We have a pipeline of Forthcoming Projects in the Sohna and Dwarka Expressway region with an estimated Saleable Area of 10.38 million square feet. We intend to focus on markets within Gurugram such as Sohna both in the affordable and mid segments, where we have established a strong presence and reputation. Located adjacent to Gurugram, with easy accessibility to the well-establishment employment of Gurugram, re-established industrial clusters in and around Bhiwadi and Manesar, Sohna is evolving as a key real estate destination for the working population of Gurugram and surrounding regions (*Source: Anarock Report*). Between 2020 and three months ended March 31, 2023, approximately 12% of the total supply in Gurugram was in Sohna Town, while absorption stood at 15% of the total absorption witnessed in the city (*Source: Anarock Report*).

Favourable policies of the Haryana government focused on affordable housing and income and group housing together with incentives provided to real estate developers makes Gurugram an attractive market for real estate development. We believe this presents an opportunity for us to grow our market share. We intend to leverage our brand, experience in construction, extensive regulatory experience and market insights to consolidate our leadership position in Gurugram, Haryana.

In addition, we intend to selectively expand in micro-markets within Delhi NCR. Affordable rentals and capital values, improving connectivity, good social and physical infrastructure facilities are factors attracting buyers to this region (*Source: Anarock Report*). We may also consider acquiring land parcels in and around Delhi NCR, in areas such as Manesar, which have good connectivity and display significant growth potential owing to factors such as government investment in infrastructure and employment. We believe that our continued focus on these markets will enable us to derive efficiencies of scale.

Focus on growth with cost and price optimization

We intend to increase cost efficiency in our operations and optimise our expenses. We intend to focus on improving our project designs to optimize the use of land that we are allotted. We have witnessed increases in the price of raw materials but have been able to navigate the regulatory ceiling on sale price under the AHP, in spite of fluctuation in the prices of commodities such as steel and cement and intend to focus on maintaining our margins against inflationary trends. We intend to continue to leverage policy changes introduced by state governments to absorb and offset the price increase of commodities. For instance, the Haryana government has increased the FAR for commercial development (which does not have a price ceiling) under the AHP from 4% of the net planned area to 8%. (*Source: Anarock Report*) Accordingly, while our project Grand Iva, launched in 2015, had commercial Saleable Area of 4,394 square feet per acre, our project The Millennia IV, launched in 2022, has commercial Saleable Area of 9,309 square feet per acre. We also intend to leverage the Haryana government's decision to increase the price of residential carpet area under the AHP, which is our Saleable Area in projects under the AHP, from ₹ 4,200 per square foot to ₹ 5,000 per square foot and the price of Balcony Areas from ₹ 500 per square foot to ₹ 1,200 per square foot, with a cap of ₹ 120,000 per unit. (*Source: Anarock Report*) Through effective utilisation of these policy changes, we intend to focus on optimising the pricing of our AHP projects to maximize our Gross Margins. In addition to these policy benefits, we have been able to and intend to continue to increase the degree to which we are able to efficiently use land in order to achieve higher Saleable Area per acre of development. For instance, our project Grand Iva, launched in 2015, had 79,535 square feet of residential Saleable Area per acre and in comparison, our project The Millennia IV, launched in 2022, has 81,704 square feet of residential Saleable Area per acre.

We are able to increase prices for our projects under DDJAY – APHP in the absence of price ceilings on residential development. While projects under the DDJAY - APHP do not have price ceilings, we intend to leverage our established brand in order to price our projects competitively to ensure profitability. Our market positioning has enabled us to maintain consistent Sales while raising the sale price of our projects, to account for increase in raw material prices. For instance, in our projects Park II and Park III, each launched in August 2019, under DDJAY - APHP, we have increased the average selling price of floors by 8% - 12% over a span of ten months, from June 2021 to March 2022.

We will focus on similar cost efficiencies in the life cycles of our projects, such as by strengthening our centralized procurement and increasing our scale of operations, where we stand to benefit from the economies of scale and are able to better negotiate rates with our vendors.

We will continue to focus on digitization, in order to reduce overhead costs and streamline our sales process. While we are, in some instances, regulatorily required to offer our development projects on certain government websites, we have also witnessed demand on our separate sales portal online. We intend to continue to focus on online sales and have successfully implemented Salesforce which would help to streamline the sales processes with cost efficiency.

Selectively acquire land to ensure efficient utilization of capital and enter into collaboration agreements to further grow our operations

We intend to continue to evaluate and acquire strategically located parcels of land at competitive prices while ensuring a disciplined capital structure with the goal of maximizing returns and developing a robust pipeline of projects in our target market of Delhi NCR. Further, we intend to continue to focus on land parcels where the lead-time between acquisition of land parcels and the launch of the project is short, which for our projects is typically up to 18 months.

We also intend to leverage our brand equity to grow our business by entering into collaboration agreements with landowners. We believe that such an approach will enable us to be more capital efficient and reduce our upfront land acquisition costs. We believe that on account of limited availability of financing to small developers and landowners, coupled with an increasing shift in consumer preferences towards branded developments, small developers and landowners prefer to collaborate with branded developers such as us. Our competitive strengths in the area of project execution, sales and marketing, strong financial position and our ability to leverage the *SignatureGlobal* brand are compelling factors for landowners to collaborate with us. As of March 31, 2023, 34.87% of the Saleable Area of our Ongoing and Forthcoming Projects is through collaboration agreements.

Business Operations

Our business operations primarily includes the development of residential real estate projects in the affordable and mid segment comprising apartment-type complexes, along with commercial spaces. We provide “value homes” with attractive designs and amenities. We proactively seek to enhance the value of our projects by creating a better living environment through the provision of comprehensive community facilities and by engaging renowned architects.

As of March 31, 2023, we had 12 Completed Projects with a land area of 94.68 acres and an aggregate Saleable Area of 6.15 million square feet and had sold 10,737 units (98.08% of total units) in our Completed Projects. In addition, as of March 31, 2023, we had 29 Ongoing Projects with a land area of 216.57 acres and an aggregate Saleable Area of 17.21 million square feet and 19 Forthcoming Projects with a land area of 379.07 acres and an aggregate estimated Saleable Area of 21.29 million square feet. As part of our Ongoing Projects, as of March 31, 2023, we have additionally received occupation certificates for 1.37 million square feet of Saleable Area and 1.37 million square feet of Developable Area.

We have, for the purpose of describing our business, classified the description of our projects into the following categories: (i) Completed Projects; (ii) Ongoing Projects; and (iii) Forthcoming Projects. The following sets forth the definitions for each of these classification and other relevant terms.

Classification	Definition
Completed Projects*	For Residential projects where the land (or rights thereto) has been acquired, the design development and pre-construction activities have been completed in accordance with the approved business plan of the project and the occupation certificates have been received from the competent authority for all built up residential units with respect to towers or buildings in the project and the completion certificates have been received in case of residential plotted units. For Commercial projects where the land (or rights thereto) has been acquired, the design development and pre-construction activities have been completed in accordance with the approved business plan of the project and the occupation certificates have been received from the competent authority for all built up units with respect to towers or buildings in the project and the completion certificates have been received in case of plotted units.
Ongoing Projects*	Residential or commercial where the land, or rights thereto, has been acquired, the design development and pre-construction activities have been completed in accordance with the approved

Classification	Definition
	business plan of the project, and the key approvals for commencement of development of the project have been obtained from the competent authority and the construction and sales have also commenced
Forthcoming Projects	Residential or commercial projects where the land (or rights thereto) has been acquired (including where agreements to sell have been entered into), whether directly or through a collaboration agreement, the business plan of the project is being finalized, the design development and pre-construction activities and the process for seeking necessary approvals for the development of the project or part thereof has commenced, but construction and sales of the planned projects have not yet commenced
Saleable Area	Other than under the AHP, where the Saleable Area is also the total carpet area, the total carpet area along with proportionate loading of common areas which includes area under various services and amenities provided
Developable Area	The construction area of the project which includes floor space index and non-floor space index area along with area covered under various utility and facilities and amenities provided in the project inclusive of parking spaces Developable Area does not include any form of area from plotted developments including residential plots, commercial plots and industrial plots.
Balcony Area	Under the AHP, Balcony Area is the area of the cantilevered balconies (unsupported on three sides) as part of the residential unit of the project. Balcony Area is separately chargeable as per the AHP in addition to the Saleable Area.
Sales	Sales for any period refers to the value of units sold during a period where the booking amount has been received (net of any cancellations)

**Certain of our projects have received occupation certificates for a part of the total project area. These projects have been classified as Ongoing Projects, with specific description of the completed construction areas, and only those projects which have received occupation certificates for all units have been classified as Completed Projects.*

Park II, Park III and Park III (Extension)

Located in Sector 36, Sohna, Park II, Park III and Park III (Extension) stretch across a 21.6 acre contiguous parcel of land.

Combined they comprise 1,540 residential units and a residential saleable area of 1,469,916 square feet along with 242 commercial units and a commercial saleable area of 64,536 square feet.

Some of the available amenities include club, swimming pool, basketball court and badminton court.

Projects

Residential Projects

The amenities associated with our residential accommodation are designed to meet the aspirations of a segment that is underserved in terms of amenities and housing options within the price range, and as such, our products are seen more as “value housing” rather than “affordable housing”.

In order to decide on the particular location, design and specification for our residential projects, we analyse various qualitative and quantitative data obtained through pre-commencement market research undertaken by our internal development team which considers a number of factors, including target population in the target areas and feasibility of a particular location. The type of development is determined accordingly. We are able to market and sell these projects within a specified price range which is more feasible to our customer base by optimizing the size of our residential units; and by applying innovative construction technologies and efficient designs that result in cost savings. Our housing projects are primarily targeted at first time homebuyers.

AHP

The AHP aims to encourage planning and completion of group housing projects under which apartments of a pre-defined size are to be made available at pre-defined rates and completed within a targeted time-frame to ensure increased supply of affordable housing. Our residential projects under the AHP are primarily apartment-type housing, usually priced below ₹ 3.00 million per unit, with majority of the residential project located at Gurugram and one project located at Sohna, typically equipped with additional amenities such as recreational areas, gardens, open spaces and community halls. The size of our apartments under the AHP ranges from 356 square feet to 645.79 square feet. Certain of our projects under the AHP include Serenas, Synera and The Millenia IV.

DDJAY - APHP

The DDJAY - APHP is intended to encourage the development of high density plotted colonies in the state of Haryana. Under the DDJAY - APHP, higher density, smaller plot sizes and higher FAR compared to that for a residential plotted colony enable us to offer units at competitive prices allowing us to expand our operations. Our residential projects under the DDJAY - APHP

are primarily independent floor apartment-type housing in a plotted colony, usually priced between ₹ 4.00 million and ₹ 8.00 million per unit, with residential projects located at Gurugram and Sohna, typically equipped with additional amenities such as gymnasiums, recreational spaces, entertainment centres, swimming pools and sporting facilities. The size of our apartments under the DDJAY – APHP ranges from 568 square feet to 1,440 square feet of Saleable Area. Certain of our projects under the DDJAY - APHP include Sunrise, Park II and City 92.

OTHER PROJECTS – RESIDENTIAL

As part of our Forthcoming Projects, we are also developing certain residential projects outside the AHP and DDJAY - APHP, such as residential spaces under the HGHP and NILP.

OTHER PROJECTS

As part of our Forthcoming Projects, we are also developing certain non-residential projects outside the AHP and DDJAY - APHP, such as retail spaces, industrial spaces under the Enterprise Promotion Policy (“**EPP**”), and Shop Cum Office (“**SCO**”) units under the Commercial Plotted Policy.

(1) Total Saleable Area under the project, which includes Saleable Area for which we do not hold any economic interest.

(2) Estimated revenue share.

(3) Blended Revenue Share refers to those projects where the underlying land of the project is a mix of fully owned land and land under a collaboration agreement with a revenue share component. Accordingly, the Blended Revenue Share is calculated.

(1) Estimated Developable Area, estimated commercial Saleable Area, estimated residential Saleable Area, estimated industrial Saleable Area, estimated Balcony Area, have each been calculated based on certain assumptions and estimates made and certified by the architect Quantum Project Infra Ltd. in their certificate dated August 28, 2023. The actual areas may vary from the estimated areas presented herein. Please see the section entitled "Risk Factors – Information in relation to our Completed Projects, Ongoing Projects, Forthcoming Projects and the area expressed to be covered by our projects are based on management estimates." on page 53.

(2) Estimated Saleable and Estimate Developable Area only takes into account the developer's share of which we own 100% economic interest.

(3) Estimated Revenue Share.

(4) Blended Revenue Share refers to those projects where the underlying land of the project is a mix of fully owned land and land under a collaboration agreement with a revenue share component. Accordingly, the Blended Revenue Share is calculated.

(5) Includes FAR of 743,963.122 square feet via TDR certificates that have been applied for.

As of March 31, 2023, out of 19 Forthcoming Projects with an aggregate estimated Saleable Area of 21.29 million square feet, 81.98% in terms of such estimated Saleable Area is located in the Gurugram and Sohna region. Our management will commence within Fiscal 2024 and Fiscal 2025.

Project Development

We typically develop our projects through two main development models including (i) developments where land is fully owned by us; and (ii) collaboration agreements with landowners. Across our project development models we generally retain control of the overall project design and development.

Developments where land is fully owned by us

These are projects entirely owned by us and where the entire economic interest in the project is held by us, and we receive the entirety of the sales revenues. In relation to such projects, all cost for land, development and execution is incurred by us and we are responsible for the entire project. For such projects, we acquire the land directly. As of March 31, 2023, we owned 100% of economic interest in the Saleable Area of our 12 Completed Projects. 25.08 million square feet of estimated Saleable Area out of 29 of our Ongoing Projects, and 19 Forthcoming Projects is on land owned by us and where we have 100% of the economic interest in the sale of the project.

Developments through Collaboration Agreements

In terms of each collaboration agreement we conclude with landowners, the landowner contributes the underlying land, and we either directly through our Company or Subsidiaries, have the exclusive right to plan and develop the project and are responsible for the cost and execution of the development of the project on the land contributed by the landowner. The collaboration agreement also typically set out the extent of the economic interest of each of the landowner, which is expressed as a percentage of the total saleable area in respect of which each party is entitled to the sale proceeds or in respect of the total revenue generated from the sale of units in the project, which may be expressed as a percentage of defined area to be handed over to the landowner. Each party is also entitled to a corresponding undivided percentage of the land area in circumstances where the economic interest is apportioned by developed area. Accordingly, our economic interest in a given project developed pursuant to a collaboration agreement represents the percentage of sale proceeds from the saleable area and the corresponding share in the undivided land area conveyed to us that we are entitled to retain under the terms of the collaboration agreement.

As of March 31, 2023, 13.42 million square feet of estimated Saleable Area out of 29 Ongoing Projects and 19 Forthcoming Projects are being developed under collaboration agreements of the natures set forth above, with the original landowners. In addition, subsequent to March 31, 2023, we have entered into collaboration agreements for 5.44 acres of land and have also entered into a term sheet for a collaboration agreement for 4.26 acres of land in Gurugram, Haryana.

Key Business Processes

A brief overview of the key phases in our property development process is set out below, from pre-development to post-completion, including conceptualization of the project (such as the identification of suitable land parcels), planning and budgeting (such as evaluation of feasibility of projects based on applicable laws and likelihood of obtaining approvals, assessing tentative costs), procurement (where we acquire the title and/or developmental rights of land), execution of the project, monitoring of the project, marketing and post-sales activities:

Identification of land parcels

One of the key factors in the real estate development industry is the ability to assess the potential of a location after evaluating its demographic and economic trends. We have a dedicated team that focuses on identification of land by selecting an appropriate and strategic area, which we believe suits our sector and business purposes. Detailed studies are then conducted based on market data on possible sites while selecting a particular location for development within that area. The team sources information from interactions with local brokers, landowners, customer calls and other databases available for micro-markets. This is followed by conceptualizing the type and scale of property development to be undertaken on that particular land.

We have adopted a disciplined approach to land acquisition and development. We endeavour to achieve a quick turnaround from acquisition to launch and have typically launched projects within a period of up to 18 months from the date of land acquisition. Our turnaround capabilities have enabled our land resources to generate cash flows in a relatively short period following acquisition to support further developments.

Evaluation of laws and obtaining of approvals

In evaluating the feasibility of an area to implement a project, we also strive to understand the legal regime governing land purchase and development at the relevant location. Regulations vary from state to state, as do the approvals required. The approvals generally required for the development of a property include approvals of building plans, layouts, approval from airport and fire authorities for buildings above a stipulated height, environment approvals, and infrastructure facilities such as power and water and, occasionally, approvals for conversion of agricultural lands to non-agricultural lands. In addition, with the implementation of the Real Estate (Regulation and Development) Act, 2016, there is a constantly evolving framework of

approvals with respect to development of land in India. We have a team to specifically ensure compliance with such regulations. For further information on key approvals obtained in relation to our Completed Projects and Ongoing Projects, please see the section entitled “*Government and Other Approvals*” on page 468.

Acquisition of title and/or developmental rights of land

Right to purchase land or an interest in land depends on the laws and regulations governing the location of the proposed project. Our acquisition team works with the legal team and external legal counsel to review and establish land records, planning and ownership records and publishing of public notices to determine whether there are any claims from third parties or other encumbrances. Based on the outcome of such review negotiations are progressed to enter into preliminary agreements i.e., letters of intent or memorandums of understanding. Definitive agreements and registrations and stamp duty payments typically happen after we fulfil the conditions precedent, such as compliance with requisite statutory approvals and permits and comfort in relation to vacant possession. We enter into collaboration agreements with the owners of land to develop or purchase the land we intend to develop.

Design, Architecture, Construction and Execution

Over the years we have implemented standardized business processes that enabled us to offer houses at competitive prices to our customers. We have been able to achieve competitive design costs, a relatively short development cycle and construction timelines as a result of our standardized design, technical specifications and layout plans.

We have adopted an integrated real estate development model, with capabilities and resources to carry a project from conceptualization to completion. Our project execution capabilities are present across the real estate development value chain and developed extensive in-house capabilities right from identification of land, conceptualization of the project, to execution of the project involving planning, obtaining regulatory approvals, designing, supervising construction, marketing and sales, and culminating in delivery of the project. Our expertise across several processes has resulted in cost efficiencies for our operations and have helped deliver our offerings at competitive prices.

The design and planning of our projects is developed by our in-house design and planning department in association with external architects and subsequently, the structural and other services consultants are appointed by us. Designers and architects have been appointed by us for our Completed, Ongoing and Forthcoming Projects. The design and planning department and/or the appointed architect provide us with the structural design of the property however, detailed estimates of the costs, and requirements for manpower, and materials are internally prepared by us. Once the design and the estimates for the property have been finalized, the purchase department makes arrangements to purchase the material required for the proposed construction while the project execution team led by senior personnel, executes the project. We have ongoing relationships with leading entities for the planning, development and maintenance of our projects. We have partnered with experienced architects such as, Gian P Mathur & Associates Private Limited and Deepak Mehta & Associates, seasoned contractors, including, amongst others, BL Gupta Construction, AAR CEE Contracts Private Limited and APT Infrastructure Private Limited, and certain project management companies for the efficient execution of our projects. We have also engaged Enviro Integrated Facilities Services for our project management needs. The Department of Town and Country Planning, Government of Haryana, in association with the National Real Estate Development Council has also recognised the remarkable development of our projects, *Solera 107* and *Sunrise*, constructed under the AHP and DDJAY, respectively, at the Urban Development Conclave, 2022.

We carry out the construction work in our projects through labour contracts entered into with various external contractors. In order to leverage on our bulk purchasing capabilities, we generally retain direct control over the purchase of key raw materials, such as cement, steel, shuttering technology and equipment, including elevators, among others, for our projects. We deputise project management personnel on the site and have developed a system of internal reporting of the progress of a project, and we have a separate planning team for monitoring of the progress and quality of all the projects being developed by us at any given point in time.

Sales and marketing

We undertake sales efforts through a combination of electronic marketing and advertising in mass media, centrally from our head office. We actively participate in real estate exhibitions that are attended by the local population in India. We keep our customers, existing and potential, updated about our Company’s latest developments, new launches, upcoming launches, existing projects, events and achievements through our social media platforms. We have also undertaken a number of advertisement and promotional campaigns at a national level and run targeted campaigns to engage our audiences digitally. Coupled with our strong presence across social media platforms and strategic appointments of brand ambassadors to promote our brand, our campaigns have generally been well-received by our target audiences. Set out in the table below is a breakdown of our campaigns and the viewership that each generated:

Campaign Name	Campaign Period	Platforms	Result*
Kiraye Se Azadi	May to July 2022	Facebook, Instagram, Youtube	56.79 million views
Apne Ghar Pe Kaisa Lockdown (featuring Vidya Balan)	April 2020	Facebook, Twitter, YouTube, Instagram	4.10 million views

Smart Decision (featuring Vidya Balan)	November 2021	Facebook, LinkedIn, Twitter, YouTube, Instagram	5.14 million views

*(As at August 21, 2023)

We also engage in digital marketing efforts in order to target customers. We undertake direct sales efforts through a combination of telephonic marketing and electronic marketing. In Fiscals 2021, 2022 and 2023, our advertisement and publicity expenses were ₹ 164.36 million, ₹ 334.80 million and ₹ 368.86 million, respectively, on advertisement and promotion expenses.

We market our projects through our in-house sales teams and brokers. A client relationship management team services our customers from the property booking stage, through to the final delivery of the property. We also propose to improve customer satisfaction and service to measure customer satisfaction score and reduce turn-around time with respect to inquiries. As part of our marketing efforts, our constant endeavour is to build on the *SignatureGlobal* brand. Our established brand allows us to cross sell to our existing customer base and also enables us to market our offerings to prospective customers by way of referrals from our existing customers. We ensure that all communication is easily identifiable under our brand and believe that this ensures brand recall by our existing and potential customers.

Completion and transfer

Our execution team, in coordination with the architecture team, completes the processes required to achieve the necessary compliance and statutory certifications for each of our sites including with respect to environmental clearance, occupation, completion, fire safety, waste disposal, rainwater harvesting and recycling of water.

We convey the title of the properties to the customers upon the completion of the project. We ensure the entire consideration is paid to us prior to the transfer of title. After completion of any project, we manage the project for a period of five years, following which the day-to-day management and control of the project is to be handed over to the association of apartment unit purchasers. In certain cases, we also negotiate and arrange for annual maintenance contracts with equipment suppliers for rotation and mechanical instruments and machinery at each property, including elevators (if applicable).

Pricing strategies

The prices of our units are determined and driven principally by market forces of supply and demand and in compliance with affordable housing policies in Haryana. Our projects under the AHP are typically priced below ₹ 3 million per unit. This is in line with the price ceiling set out by the Haryana government.

Our projects under the DDJAY – APHP in Gurugram and Sohna are typically priced between ₹ 4 million and ₹ 12 million per unit. We price our properties under DDJAY – APHP by reference to market rates for similar types of properties in their locality.

Pricing for our projects that are outside the purview of AHP and DDJAY – APHP also depend on the market conditions prevalent in the area in which they are located. The prices of our properties will therefore depend on the location, number, area and mix of properties we sell throughout the development of a particular project and on prevailing market supply and demand conditions. Therefore, the prices we may charge for our properties, are affected by various factors outside our control, including prevailing local economic, income and demographic conditions, interest rates available to purchasers requiring financing, the availability of comparable properties completed or under development, changes in applicable regulatory schemes, and competition from other real estate development firms. We consider the above mentioned factors in determining the price, cost of acquisition of the land or development rights and final estimates of the construction costs, a premium, depending on the location of the project and facilities provided, and prevailing market for similar developments in that segment.

Construction Technology

We employ the advanced aluminium formwork shuttering technology in our affordable housing projects. This technology allows us to build concrete structures with accurate dimensions and specifications and provide to us high quality finished concrete surfaces. All structural building components can be cast in concrete in a single operation, significantly reducing our construction time and results in strong and high quality concrete structure. The form work is custom-made for each project and is able to monolithically form all components at the same time, including walls, floor slabs, columns and beams, stairs, balconies, doors

and window openings. The formwork panels are manufactured using high grade aluminium, which can be used from one project to another with marginal design cost.

It can also be operated by trained non-skilled workers and requires no specialist tools or equipment. A minimum of two workers are required to swing the panel from below and locking it in place to allow for a quick and safe systematic assembly procedure. After the concrete has set, the removal of the formwork is also easy, with specially designed quick release prop heads that allow the panels to detach from the formed surface without disturbing the concrete.

Competition

We face competition from various national and regional real estate developers. Our competitors include both large corporate and small real estate developers. Our key competitors include real estate developers such as DLF and EMAAR in the micro-markets we operate in (*Source: Anarock Report*). We also face competition from various small unorganized operators in the residential segment.

Human Resources

Our workforce consists of permanent and temporary employees of various business functions. As of March 31, 2023, we engaged 963 employees. The breakdown of our employees by function as of March 31, 2023, is summarized in the following table:

Department	Number
Corporate management group and corporate strategy	4
Civil	452
Customer relationship management	69
Legal	21
Marketing and communications	14
Human resources	12
Purchase	10
Administration	79
Security	21
Customer care	52
Finance	70
Information Technology	15
Sales	143
Total	963

For the development of certain of our projects, we also engage third party consultant engineers, architects, interior designers and landscape designers. In addition to our employees, we also engage the services of contract workers which include tradesmen, housekeeping personnel and other skilled, unskilled and semi-skilled workers. Our consultants, contractors and sub-contractors who work on our projects also employ a significant labour force.

Our employees are governed by our internal HR policies, which we believe ensure the well-being of our employees. Our employees are not covered by any collective bargaining agreements and are not members of any trade union. As part of our strategy to improve operational efficiency, we regularly organize in-house and external training programs for our employees.

Intellectual property

As of the date of this Red Herring Prospectus, we have 81 trademarks, for the names and logos of our brand “*SignatureGlobal*” and our projects, including, amongst others, “*Signatureglobal Homes*”, “*The Roselia*”, “*Serenas*”, “*Orchard Avenue*” and “*Orchard Avenue 2*”, which have been registered under various classes with the registrar of trademarks.

Environment, Health and Safety

As a real estate development company, it is imperative and we are committed to complying with applicable health, safety and environmental regulations and other requirements in our business operations. Our operations are also subject to inspections by the government officials with regard to various environmental issues. To help ensure effective implementation of our safety policies and practices, we identify potential material hazards, evaluate all material risks and institute, implement and monitor appropriate risk mitigation measures prior to commencement of the projects. We endeavour to achieve no accidents at our project sites through employment of internal safety professionals and adherence to our internal policy in this regard. We believe that accidents and occupational health hazards can be significantly reduced through systematic analysis, risks control mechanisms and training of management, employees, contractors and the labour force.

Insurance

Our operations are subject to hazards inherent to the real estate industry, such as accidents at work sites. We are also subject to force majeure events such as fires, earthquakes, floods and explosions, including hazards that may cause injury and loss of life, severe damage to and the destruction of property, equipment and environment. We believe that we have robust risk management processes in place. Our insurance policies cover risks which we envisage for each project, which may include physical loss or damage, including natural perils. Our Company and our Subsidiaries have obtained contractor all risk policy for our sites under construction. We generally maintain insurance covering our assets and operations at levels that we believe to be appropriate. We also ensure that our contractors obtain workmen compensation insurance policy while carrying out any activities on our behalf. We do not maintain “key man” insurance for any of our senior or other key management personnel.

Information Technology

We leverage technology as an enabler in all aspects of our operations and focus on implementing digitisation and smart management measures to enable time and cost-efficiency while maintaining quality in our design and execution.

We have fully implemented the SAP – ERP system across various business functions in our Company to integrate systems among our departments, including engineering and accounting. We have also implemented SalesForce, a marketing and customer relationship management software, for automating pre-sales and post-sales customer management functions of our Company. We believe that these systems will allow us to streamline our processes while enhancing our monitoring and control functions. We have also implemented a human resource management software and a mobile application, where employees can apply for leave and indicate their attendance using their smart phones.

We have also adopted digital payments and an online booking system since our second project, Synera in 2014. Currently, we have a platform that takes direct online applications and digitised bookings through our brokers and channel partners, with a QR system built into the platform. Under the Affordable Housing Policy, the government has mandated taking direct online bookings on the government’s own websites; whereas our projects, The Millennia IV and Imperial, have been sold using the government’s website in January 2022 and March 2022, respectively.

Corporate Social Responsibility

Our Company has adopted a Corporate Social Responsibility (“**CSR**”) policy and our CSR activities are administered by the CSR Committee. As part of our CSR initiatives, we have been associated with non-profit and non-governmental organisations like Bharat Lok Shiksha Parisad and Dev Animal Voluntary Organization. Our CSR activities have been geared towards purposes like social empowerment and livelihood, promotion of education, childhood development of marginalized children and welfare of animals. We have also set up a foundation trust, the SignatureGlobal Foundation Trust, which is geared towards eradicating hunger, poverty and malnutrition.

Environment

We assess the environmental impact of our projects, and have adopted a comprehensive approach to sustainable development from an early design phase through the construction period. We place emphasis on sustainable development and have implemented environmentally friendly building concepts in our projects and aim to increase green cover in our developments to minimize our net carbon impact.

To achieve environmental sustainability, we innovate and incorporate environmentally sustainable best practices and considerations into the design and construction of our projects, such as through the use of sustainable water management facilities and low flow fixtures that results in water saving. We are an Excellence in Design for Greater Efficiencies Green Building Developer in the affordable housing segment in Delhi NCR. (*Source: Anarock Report*) We also possess industry leading certifications including ISO 9000:2015 for quality management systems for development and construction of buildings, ISO 14001:2015 for environmental management systems for development and construction of buildings and ISO 45001:2018 for occupational health and safety for development and construction of buildings and a number of our projects are certified by the Indian Green Building Council.

Governance

We are committed to following the best governance practices relevant to our industry and aim to achieve high levels of transparency, accountability and ethical behaviour in all aspects of our operations. Our Board consists of experienced professionals in their respective fields, bringing in specialized experiences and adding to the diversity of our Board. Our Directors are well-qualified and have significant experience in the real estate industry. Our Board’s performance is evaluated annually, based on the Directors’ key responsibilities during appointment/ re appointment. We have also implemented a robust mechanism for managing compliances and ensure that all the applicable rules and regulations are followed.

We believe that transparency, accountability, inclusiveness and integrity constitute the basic building blocks of good governance

practice. We have built a governance framework with well-defined codes of conduct and procedures, with an experienced and diverse leadership driving our operations.

Properties

Both our Registered Office at 13th Floor, Dr. Gopal Das Bhawan, 28, Barakhamba Road, Connaught Place, New Delhi, 110001 and our Corporate Office, at Ground Floor, Signature Towers, South City 1, Gurugram - 122001, are on lease. The lease agreement for our Registered Office is expiring on August 31, 2023. We are currently in discussion with the lessor to extend the term of the agreement. For information, please see the section entitled “*Risk Factors - Our Registered and Corporate Office are located on leased premises. If the lease for such premises are terminated or not renewed on terms acceptable to us, it could adversely affect our business, financial condition, results of operations, and cash flows.*” on page 56.

KEY REGULATIONS AND POLICIES

The following description is a summary of certain sector specific laws and regulations in India, which are applicable to us. The information detailed in this section has been obtained from publications available in the public domain. The regulations and their descriptions set out below may not be exhaustive and are only intended to provide general information to the bidders and are neither designed nor intended to substitute for professional legal advice. Judicial and administrative interpretations are subject to modification or clarification by subsequent legislative, judicial, or administrative decisions.

Our Company is engaged in the business of construction and development. Since its business involves acquisition of land and land development rights, it is governed by a number of central and state legislations regulating substantive and procedural aspects of the acquisition of, and transfer of land as well as town and city planning. For the purposes of executing our projects, we may be required to obtain licenses and approvals at various stages. These licenses and approvals depend upon the prevailing laws and regulations and may be obtained from the relevant state and/or local governing bodies such as the municipal corporation, the municipal council, the village panchayat, the development authority, the town planning authority, the environmental department, the pollution control board and the aviation department, the city survey department, the collector, etc. For information regarding regulatory approvals obtained by our Company, please see the section entitled “*Government and Other Approvals*” on page 468.

The following is an overview of some of the key laws and regulations, which are relevant to our business as a real estate developer.

CENTRAL LEGISLATIONS

Real Estate (Regulation and Development) Act, 2016 (“RERA”) and the rules thereunder

RERA mandates that promoters of a real estate project can only market the project if it is registered with the Real Estate Regulatory Authority (“**Authority**”) established under RERA. It also requires all projects that are ongoing and for which a completion certificate has not been issued to be registered. It also mandates the functions and duties of the promoters, including that the promoters must park 70% of all project receivables in a separate account. Drawdown from such account is permitted for land and construction costs only, in proportion to the percentage of project completion (as certified by an architect, an engineer and a chartered accountant). Further, a promoter can accept only up to 10% of the apartment cost prior to entering into a written agreement for sale with any person. Further, the promoter is prohibited from creating any charge or encumbrance on any apartment after executing an agreement for the same. In the event such charge or encumbrance is created, it will not affect the right and interest of the allottee. Further, the promoter shall not transfer or assign his majority rights and liabilities in respect of a real estate project to a third party without obtaining permission from two-third of the allottees and prior written approval of the Authority. It is required that a promoter obtain all insurances in respect of the real estate projects such as insurance in respect of title of land and construction.

Non-registration of a real estate project as per RERA would result in penalties up to 10% of the estimated cost of the project as determined by the Authority. Contravention of any other provision of RERA or order issued by the Authority may result in penalties up to 5% of estimated cost of the project or imprisonment up to three years or both. Further, the promoter’s contravention or failure to comply with any order of the Appellate Tribunal formed under the act will result in imprisonment for a term extending to three years or with a fine further up to 10% of the estimated cost of the project, or both.

Additionally, if the promoter fails to give possession of the apartment, plot or building in accordance with the terms of agreement for sale, or due to discontinuance of business or suspension or revocation of registration under the act, he must return the amount received from the allottee, along with interest and compensation as provided under the act. Any delay in handing over possession would also require the promoter to pay interest for every month of delay. In case there is a defect in the title of the land due to which the allottees suffer loss, then the promoter is liable to compensate the allottees for such loss.

We are also required to comply with the rules and regulations issued under RERA by the state governments. For instance, the Government of Haryana has issued the Haryana Real Estate (Regulation and Development) Rules, 2017.

The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (“Land Acquisition Act, 2013”) and the rules framed thereunder

The Land Acquisition Act, 2013 provides for the procedure to be undertaken when the government seeks to acquire land in any area for a public purpose, including carrying out a social assessment study to determine *inter alia* whether the acquisition would serve a public purpose. It also provides for just and fair compensation to be provided in lieu of the land acquired. The compensation is determined by taking into consideration the market value of the land, damage sustained by interested persons, and consequence of the acquisition on the person.

Competition Act, 2002

The Competition Act is an act to establish a commission to prevent practices having adverse effect on competition, to promote and sustain competition in markets, to protect the interests of consumers and to ensure freedom of trade in India. The act deals with the prohibition of (i) certain agreements such as anti-competitive agreements and (ii) abuse of dominant position and regulation of combinations. No enterprise or group shall abuse its dominant position in various circumstances as mentioned under the Competition Act.

The *prima facie* duty of the Competition Commission of India (“**Commission**”) is to eliminate practices having adverse effect on competition, promote and sustain competition, protect the interests of consumers and ensure freedom of trade. The Commission shall issue notice to show cause to the parties to combination calling upon them to respond within 30 days in case it is of the opinion that there has been an appreciable adverse effect on competition in India. In case a person fails to comply with the directions of the Commission and Director General (as appointed under Section 16(1) of the Competition Act), he shall be punishable with a fine which may exceed to ₹100,000 for each day during such failure subject to a maximum of ₹9,300,000, as the Commission may determine.

The Parliament has passed the Competition (Amendment) Act, 2023 (“**Amendment Act**”) which contains certain proposed amendments pursuant to the report of the Competition Law Review Committee issued in 2019. It seeks to, among others, regulate mergers and acquisitions based on the value of transactions, expand scope of entities that can be adjudged to be a part of anti-competitive agreements and provide a framework for settlement and commitment for faster resolution of investigations of anti-competitive agreements and abuse of dominant position. However, only some sections have been notified while the other erstwhile sections continue to be in effect until the new sections are notified.

Digital Personal Data Protection Act, 2023 (“DPDP Act”)

The Parliament passed the DPDP Act on August 11, 2023. The DPDP Act, once notified, will replace the existing data protection provision, as contained in Section 43A of the IT Act. The DPDP Act seeks to balance the rights of individuals to protect their personal data with the need to process personal data for lawful and other incidental purposes. The DPDP Act provides that personal data may be processed only for a lawful purpose after obtaining the consent of the individual. A notice must be given before seeking consent. It further imposes certain obligations on data fiduciaries including (i) make reasonable efforts to ensure the accuracy and completeness of data, (ii) build reasonable security safeguards to prevent a data breach, (iii) inform the Data Protection Board of India (the “**DPB**”) and affected persons in the event of a breach, and (iv) erase personal data as soon as the purpose has been met and retention is not necessary for legal purposes (storage limitation). In case of government entities, storage limitation and the right of the data principal to erasure will not apply. The Central Government will establish the DPB. Key functions of the DPB include: (i) monitoring compliance and imposing penalties, (ii) directing data fiduciaries to take necessary measures in the event of a data breach, and (iii) hearing grievances made by affected persons. The DPB members will be appointed for two years and will be eligible for re-appointment. The Central Government will prescribe details such as the number of members of the DPB and the selection process.

Transfer of Property Act, 1882 (“TP Act”)

The TP Act deals with the various methods in which transfer of property including transfer of immovable property or any interest in relation to that property, between individuals, firms and companies takes place. This mode of transfer between individuals, firms, etc. is governed by the provisions of the TP Act, as opposed to the transfer of property or interest by the operation of law. The transfer of property as provided under the TP Act, can be through the mode of sale, gift and exchange while an interest in the property can be transferred by way of a lease or mortgage.

The TP Act stipulates the general principles relating to the transfer of property including among other things identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property.

Registration Act, 1908 (“Registration Act”)

The Registration Act requires the compulsory registration of certain documents, including documents relating to the conveyance of immovable property. Subject to certain conditions as stipulated under the Registration Act, a document, other than a will, must be registered within four months from the date of its execution and must be registered with the sub-registrar, within whose sub-district the whole or some portion of the property is situated. A document will not affect the property comprised in it, nor be treated as evidence of any transaction affecting such property (except as evidence of a contract in a suit for specific performance or as evidence of part performance under the TP Act or as collateral), unless it has been registered.

Indian Stamp Act, 1899 (“Stamp Act”)

The Stamp Act requires stamp duty to be paid on all instruments specified in Scheduled 1 of the Stamp Act. The applicable

rates for stamp duty on instruments chargeable with duty vary from state to state. Instruments chargeable to duty under the Stamp Act, which are not duly stamped, are incapable of being admitted in a court of law as evidence of the transaction contained therein. The Stamp Act also provides for impounding of instruments that are not sufficiently stamped or not stamped at all by the collector, who may impose a penalty of the amount of the proper stamp duty, or the amount of deficient portion of the stamp duty payable.

Indian Easements Act, 1882 (“Easement Act”)

The Easement Act codifies easements in India, including the nature of easements as continuous or discontinuous and apparent or non-apparent. Under the Easement Act, an easement may be imposed by any person in the circumstances and to the extent to which he may transfer his interest in the property. Once an easement is obtained, a person may enjoy the property in respect of which it is granted. An easement is a right which the owner or occupier of land possesses for the beneficial enjoyment of that land and which permits him to do or to prevent something from being done, in or upon, other land not his own. Under the Easements Act, a license is defined as a right to use property without any interest in favour of the licensee. The period and incident may be revoked and grounds for the same may be provided in the license agreement entered in between the licensee and the licensor.

Haryana Development and Regulation of Urban Areas Act, 1975 (“HDRUA Act”)

The HDRUA Act was enacted to regulate the use of land in order to prevent ill-planned and haphazard urbanization in or around towns in the state of Haryana. The HDRUA Act stipulates that any owner desiring to convert his land into a colony shall, unless exempted under the said act, make an application to the director of town and city planning for the grant of license in the prescribed form and make payment of the prescribed fee amount. The licence granted for the said purpose shall be valid for a period of two years and is further renewable for a period of one year on payment of the prescribed fee. However, in relation to the licensed colony permitted as a special project by the government, such license is valid for a maximum period of five years and is renewable for a period as decided by the government. Furthermore, a license granted under the said act shall be liable to be cancelled by the director of the town and country planning if the colonizer contravenes any of the conditions of the licence or the provisions of the HDRUA Act or the rules made thereunder.

Indian Forest Act, 1927 (“Forest Act”)

The Forest Act consolidates the laws relating to forest, the transit of forest produce and the duty leviable on timber and other forest produce. Under Section 4 of the Forest Act, the state government is empowered to declare proprietary rights over forests or forest produce by issuing a notification in the official gazette. Further, pursuant to section 84 of the Forest Act, land so acquired by issuing such a notification in the official gazette, is deemed to be acquired for public purposes under the Land Acquisition Act, 1894, as amended. Further, the government may demarcate any portion of forest land as protected forest for special purposes under the Forest Act

Punjab Scheduled Roads and Controlled Areas Act, 1963 (“Punjab Scheduled Roads Act”)

The Punjab Scheduled Roads Act was enacted to prevent haphazard and sub-standard development along scheduled roads and in controlled areas in the state of Punjab. The Punjab Scheduled Roads Act imposes prohibition to erect and re-erect buildings along scheduled roads. Further, it empowers the government to declare certain areas as ‘controlled area’ for the purposes of the said act. The use of the controlled area is subject to notifications issued by the government in this regard. Additionally, the said act lays down procedure with respect to grievance redressal and appeal mechanism against the orders passed by the director of town and country planning.

The National Building Code of India, 2016 (“NBC”)

The National Building Code was first published in 1970 and then subsequently in 1983. However, due to changing construction practices and after receiving reports from various committees, the Code was published again in 2005. Subsequently, the NBC was published in two volumes again in 2016 and is currently in effect. It is a comprehensive building code for providing guidelines to regulate building construction activities across the country. It mainly serves as a model code for adoption by all agencies involved in building construction activities including private construction agencies. The NBC mainly contains administrative regulations, general building requirements, detailed fire safety requirements, stipulations regarding materials used for construction activities, structural design and construction, and detailed safety requirements on electrical and plumbing installations, among many other requirements.

Intellectual Property Laws

Intellectual Property in India enjoys protection under both common law and statutes. Under statutes, trademark protection is provided under Trademarks Act, 1999 (“**Trademarks Act**”), copyright protection is provided under Copyright Act, 1957, and patent protection is provided under the Patents Act, 1970. These statutes afford protection to intellectual property through

imposition of civil and criminal liability for infringement. The Trademarks Act governs the statutory protection of trademarks and prevention of the use of fraudulent marks in India. It provides for the application and registration of trademarks in India. It also provides for exclusive rights to marks such as brand, label, and heading and to obtain relief in case of infringement for commercial purposes as a trade description. A trademark registration is valid for 10 years unless cancelled, subsequent to which, it can be renewed. If not renewed, the mark lapses and the registration is required to be restored to gain protection under the provisions of the Trademarks Act. The Trademarks Act prohibits registration of deceptively similar trademarks and provides penalties for infringement, falsifying or falsely applying for trademarks.

STATE LEGISLATIONS

We develop real estate projects in National Capital Region and Haryana. Accordingly, legislations passed by the state governments are applicable to us for our projects in those states. These include legislations relating to *inter alia* classification of land use and development of agricultural land.

Further, we require several approvals from local authorities such as municipal bodies. The approvals required may vary depending on the state, the local area and the stage of completion of the project.

Affordable Housing Policy, 2013 (“AHP”)

AHP was notified under the provisions of section 9A of the Haryana Development and Regulation of Urban Areas Act, 1975. It was introduced with an aim to provide housing at affordable rates and to encourage the planning and completion of group housing projects, wherein apartments of pre-defined size are made available at pre-defined rates within a targeted time-frame as prescribed under the policy to ensure increased supply of affordable housing in the urban housing market to the deserving beneficiaries. All projects under AHP are required to be necessarily completed within four years from the approval of building plans or grant of environmental clearance, whichever is later. This date is referred to as the date of commencement of project for the purpose of this policy. AHP further provides detailed guidelines for construction of projects undertaken within the ambit of the policy.

Subsequently, AHP was amended vide Memo. No. PF-27 (VOL-III)/2023/ 23523 dated July 19, 2023 to increase the allotment rates prescribed under clause 5(i) of AHP. The allotment rate for the affordable housing units in Gurgaon, Faridabad, Panchkula and Pinjore-Kalka was increased to ₹5,000 per square feet. The additional recovery against balcony was increased to ₹1,200 per square feet against balcony area in a flat adding up to and limited to 100 square feet, as permitted in the approved building plans, but total cost not exceeding ₹0.12 million per flat. Further, vide Memo No. PF-27-III/2021/28851 dated November 16, 2021, clause 5(iii)(b) of AHP was amended to provide recovery of 75% of the total cost of the flat as per stages of construction as prescribed under the builder-buyer agreement. Also, a new clause 7 of the AHP was inserted to allow renewal of licenses beyond the period of four years from the date of commencement of project on payment of renewal fees at the rate prescribed for residential plotted colonies. In addition to this, clause 2(vi) of the AHP was amended to clarify that 30 acres area limit for affordable group housing colony in a residential sector shall be independent of the prescribed limit for grant of license for group housing and Deen Dayal Jan Awas Yojana colonies.

Deen Dayal Jan Awas Yojna (“DDJAY”)

“Affordable Plotted Housing Policy for Low and Medium Potential Towns”, also known as “Deen Dayal Jan Awas Yojana” was notified under the provisions of section 9A of the Haryana Development and Regulation of Urban Areas Act, 1975. It was introduced with the intention of encouraging the development of high density plotted colonies in low and medium potential towns of the state of Haryana wherein small plots are made available through a liberal policy framework. As per the policy, all projects are required to be necessarily completed within seven years from the date of grant of licence. DDJAY aims at encouraging development among middle strata of the society by providing housing at affordable prices. Under this policy, the development of colonies/societies is regulated by stringent provisions and guidelines with a view of providing better housing facilities in a targeted period of time at affordable rates. In order to incentivise the scheme, DDJAY provides for waiver of conversion and infrastructure development charges, and substantial reduction in the external development charges and license fees.

Further, as per the original policy, the developer was obligated to freeze 50% of the land until procurement of the completion certificate and was only allowed to sell 50% of the plotted land. However, the Government of Haryana has proposed to reduce the 50% ceiling to 20% in order to create higher availability of land at competitive prices. However, vide Memo No. PF-27 (VOL-IV)/2023/11382 dated April 20, 2023, the DDJAY was discontinued in the Final Development Plan 2031 AD of Gurugram Manesar Urban Complex and Final Development Plan-2031 AD of Faridabad.

BUSINESS RELATED ENVIRONMENT LEGISLATIONS

Environment Protection Act, 1986 (“Environment Act”), Environment (Protection) Rules, 1986 (“Environment Rules”) and

the Draft Environmental Impact Assessment Notification, 2020 (“Draft EIA”)

The Environment Act is an umbrella legislation designed to provide a framework for the Central Government to coordinate activities of various state and central authorities established under previous environmental laws. The Environment Act specifies that no person carrying on any industry, operation or process shall discharge or emit or permit to be discharged or emitted any environment pollutants in excess of such standards as may be prescribed. The Environment Act empowers the Central Government to make rules for various purposes including, to prescribe:

- (i) the standards of quality of air, water or soil for various areas;
- (ii) the maximum allowable limits of concentration of various environmental pollutants for different areas; and
- (iii) the procedures and safeguards for the prevention of accidents which may cause environmental pollution and remedial measures for such accidents.

The Environment Rules lay down specific provisions regarding standards for emission or discharge of environmental pollutants and prohibition on carrying out industrial activities in certain geographical locations. Pursuant to the Environment Rules, every person who carries on an industry, operation or process requiring consent under the Water (Prevention and Control of Pollution) Act, 1974 or Air (Prevention and Control of Pollution) Act, 1981 or shall submit to the concerned Pollution Control Board (“PCB”) an environmental statement for that financial year in the prescribed form.

Further, the Ministry of Environment, Forest and Climate Change has issued the Draft EIA, 2020 which proposes to replace the erstwhile Environment Impact Assessment Notification, 2006. The Draft EIA *inter alia* contemplates two kinds of approvals, being (i) prior environment clearance with the approval of expert committees; and (ii) prior environment permission from the regulatory authority, without the approval of expert committees. Certain projects including clay and sand extraction, digging well or foundations of buildings, solar thermal power plants and common effluent treatment plants have been exempted from such approvals. The Draft EIA is yet to be finalised and notified.

Air (Prevention and Control of Pollution) Act, 1981 (“Air Act”)

The Air Act requires any individual, industry or institution responsible for emitting smoke or gases by way of use as fuel or chemical reactions, to apply in a prescribed form and obtain consent from the state PCB prior to commencing any activity. The state PCB is required to grant, or refuse, consent within four months of receipt of the application. The consent may contain conditions relating to specifications of pollution control equipment to be installed. Within a period of four months after the receipt of the application for consent the PCB shall, by order in writing and for reasons to be recorded in the order, grant the consent applied for subject to such conditions and for such period as may be specified in the order, or refuse consent.

Water (Prevention and Control of Pollution) Act, 1974 (“Water Act”)

The Water Act aims at prevention and control of water pollution as well as restoration of water quality through the establishment of a central PCB and state PCBs. Under the provisions of the Water Act, any individual, industry or institution discharging industrial or domestic wastewater or establishing any treatment or disposal system or the user of any new or altered outlet for the discharge of sewage is required to obtain the consent of the applicable state PCB, which is empowered to establish standards and conditions that are required to be complied with. The consent to operate is granted for a specific period after which the conditions stipulated at the time of granting consent are reviewed by the state PCB. Even before the expiry of the consent period, the state PCB is authorized to carry out random checks on any industry to verify if the standards prescribed are being complied with by the industry. In the event of non-compliance, the state PCB after serving notice to the concerned industry may close the mine or withdraw water supply to the industry or cause magistrates to pass injunctions to restrain such *polluters*.

The Haryana Fire Services Act, 2009 (the “Haryana Fire Services Act”) and the Haryana Fire Services (Amendment) Act, 2020 (the “Amendment Act”)

The Haryana Fire Service Act and the Amendment Act provides for the establishment and maintenance of fire service in the state of Haryana. The Haryana Fire Service Act deals with the approval of firefighting scheme and issue of no-objection certificate to persons proposing to construct a building to be used for any purpose other than residential purpose or a residential building of more than 16.5 metres in height proposed on residential plot or proposed for other residential purposes of more than 15 metres in height such as group housing, multi-storeyed flats, walk-up apartments, etc. In accordance with the Act, such approvals are required to be applied before commencement of the construction in conformity with the National Building Code of India, 2016, the Disaster Management Act, 2005 and the Factories Act, 1948.

The Haryana Apartment Ownership Act, 1983 (the “Act”) and the Haryana Apartment Ownership Rules, 1987 (the “Rules”)

The Haryana Apartment Ownership Act, 1983 was enacted with an objective of providing for the ownership of an individual apartment in a building and making such apartment heritable and transferable property, and other matters connected therewith. The Act provides for the guidelines and procedure for the functioning of apartments constructed for residential purposes, integrated commercial complexes, flatted factors, information technology industrial units, cyber parks and cyber cities. It also provides for mandatory statutory approvals and filing of deed of declaration containing all information about the society. The Act covers various aspects for the functioning of societies including, among other things, common areas and facilities, bye-laws, deed of apartment and declaration, association of allottees, insurance, common profits and liabilities etc.

Haryana Urban Development Authority Act, 1977 (the “HUDA Act”)

The HUDA Act provides for the establishment of urban and local development authorities and other incidental matters in order to achieve rapid development of the urban estates in the state of Haryana. It provides for, among other things, policies and plans for systematic and planned development of urban areas, power of development authorities to acquire and sell and dispose of land for residential, industrial or commercial purposes, undertaking building works, and availing developed land to Haryana Housing Board and other government bodies for providing affordable housing to economically weaker sections of the society.

The Electricity Act, 2003 (the “Electricity Act”) and the Haryana Electricity Reform Act, 1997 (“HERA”)

The Electricity Act regulates and governs the generation, transmission and distribution of electricity in India, including by specification of safety standards in relation to electrical supply. The Electricity Act further controls the transmission and use of electricity, including by specifying action to be taken in relation to any electric line or appliance under the control of a consumer for the purpose of eliminating or reducing the risk of personal injury or damage to property or interference with its use. It also provides regulations for protecting the interest of consumers and supply of electricity to all areas, rationalization of electricity tariff ensuring transparent policies regarding subsidies, promotion and supply of electricity.

Further, the HREA provides for the constitution of an electricity regulatory commission, restructuring of the electricity industry, and rationalisation of the generation, transmission, distribution and supply of electricity avenues for participation of private sector entrepreneurs in the industry. It also provides for development and management of the electricity industry by means of establishing various bodies governing generation, supply and transmission of electricity in the state of Haryana.

The Haryana Lifts and Escalators Act, 2008 (the “HLE Act”) and the Haryana Lifts and Escalators Rules, 2009 (the “HLE Rules”)

The HLE Act read with the HLE Rules provides for regulation of construction, installation, maintenance and safe working of lifts and escalators and all machinery connected therewith in the state of Haryana. It provides for, among other things, the manner of inspection, period interval of inspection, certifications of lifts and escalators, appointment of inspection officers and qualification of such appointments, code of practice, safety standards, insurance etc.

Public Liability Insurance Act, 1991 (“Public Liability Act”)

The Public Liability Act imposes a liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of ‘hazardous substances’ covered by the legislation has been enumerated by the Government by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute towards the Environment Relief Fund, a sum equal to the premium paid on the insurance policies. This amount is payable to the insurer. Any party violating the provisions of the Public Liability Act can be imposed with a fine, imprisonment or both.

Labour Laws

In addition to the aforementioned material legislations which are applicable to our Company, other legislations that may be applicable to the operations of our Company include:

- Contract Labour (Regulation and Abolition) Act, 1970;
- Factories Act, 1948;
- Child Labour (Prohibition and Regulation) Act, 1986;
- Inter State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979;

In terms of the Investors Common Agreement, the HCARE IRA and the IFC IRA (collectively, the “**Investors’ Agreements**”), the Investors, have been provided with certain key rights such as the right to nominate directors on the Board, certain tag-along rights, pre-emptive rights and right to restrict our Company and the Promoters and certain members of the Promoter Group from issuing securities to restricted persons in accordance with the terms of the Investors Common Agreement. The parties, existing as on date, have entered into the amendment agreements to each of the Investors’ Agreements. In terms of such amendment agreements to the Investors’ Agreements, certain rights have been amended inter alia, in relation to transfer of securities and restricted transfers between the parties, change in management, sharing of information and voting rights. Further, the amendment agreement to the Investors Common Agreement also provides that other than i) listing fee, (ii) audit fee, not incurred for the purposes of the Offer, and (iii) any costs incurred in issuing corporate advertisements (i.e., any corporate advertisements consistent with past practices of our Company and not including expenses relating to marketing and advertisements undertaken in connection with the Offer) which shall be solely borne by our Company, all costs, fees and expenses with respect to the Offer will initially be paid by our Company, and to the extent such expenses are required to be borne by the Selling Shareholder in accordance with applicable law, shall be reimbursed to the Company by the Selling Shareholder on completion of the Offer. However, in the event that the Offer is withdrawn or not completed for any reason whatsoever, all Offer-related expenses will be borne by our Company unless specifically required otherwise by the relevant governmental authority. It is further stipulated that the Offer has to be undertaken as a qualified initial public offer that meets and complies with certain conditions including ensuring that the Offer comprises of (i) a fresh issue of up to ₹6,030 million and (ii) an offer for sale by the Selling Shareholder aggregating up to ₹1,270 million, subject to the Offer taking place at a pre-IPO money equity valuation of the Company of not less than ₹52 billion, failing which the prior consent of IFC would be required to be obtained. In relation to the above, IFC has by way of its letter dated September 11, 2023 granted its consent to the Company to proceed with the Offer at an agreed pre-IPO money equity valuation. The Investors’ Agreements shall automatically stand terminated upon the date on which listing, and trading of Equity Shares of our Company commences on the Stock Exchanges. Further, if the Equity Shares are not listed on the Stock Exchanges by November 23, 2023, or (b) if the Company and the Selling Shareholder, jointly, decide to not undertake the Offer at any time prior to November 23, 2023, the provisions of each of the amendment agreements to the Investors’ Agreements shall automatically stand terminated without any further act or deed required on the part of any Party.

As on the date of this RHP, the CCDs held by HCARE and IFC have been converted into Equity Shares.

Furthermore, pursuant to the amendments to the HCARE IRA, our Company, the Promoters and certain members of the Promoter Group, the Subsidiaries and HCARE have entered into a letter agreement dated July 9, 2022 (the “**HCARE Letter Agreement**”). In terms of the HCARE Letter Agreement, in case, the lower end of the final price band in relation to the Offer is 5% or more, below the lower end of the Indicative Price Band (as defined in the HCARE IRA), the Company shall obtain prior written consent of HCARE to proceed further in relation to the Offer and any conversion of HCARE CCDs pursuant to the Offer (including immediately prior to filing of the updated Draft Red Herring Prospectus) shall be subject to HCARE's satisfaction with the book building process being undertaken by the Company (and the Book Running Lead Managers appointed by the Company) in relation to the Offer.

Furthermore, pursuant to the amendments to the IFC IRA, our Company, the Promoters and certain members of the Promoter Group, the Subsidiaries and IFC have entered into a letter agreement dated July 9, 2022 and August 28, 2023 (the “**IFC Letter Agreement**”). In terms of the IFC Letter Agreement, in case, the lower end of the final price band in relation to the Offer is 5% or more, below the lower end of the Indicative Price Band (as defined in the IFC IRA), the Company shall obtain prior written consent of IFC to proceed further in relation to the Offer and any conversion of IFC CCDs pursuant to the Offer (including immediately prior to filing of the updated Draft Red Herring Prospectus) shall be subject to IFC's satisfaction with the book building process being undertaken by the Company (and the Book Running Lead Managers appointed by the Company) in relation to the Offer.

Put Option Agreements

The Company entered into termination agreements each dated July 9, 2022, in relation to each of, (i) the put option agreement

with IFC dated September 11, 2019, together with the amendment agreements dated July 14, 2021 and August 28, 2023 (“**IFC Put Option Agreement**”), and (ii) the put option agreement with HCARE dated July 14, 2021 (“**HCARE Put Option Agreement**”) (collectively, the “**Put Option Termination Agreements**”). In terms of the Put Option Termination Agreements, the IFC Put Option Agreement and the HCARE Put Option Agreement shall terminate with effect from the date of listing of the Equity Shares of the Company pursuant to the Offer.

Policy Rights Agreement

Further, the Company entered into a policy agreement with IFC dated July 9, 2022, containing (in substance) the same policy rights as contained in the IFC IRA, as a condition precedent to the consummation of the IPO and termination of the IFC IRA upon listing of the Equity Shares of the Company on the Stock Exchanges (“**IFC Policy Rights Agreement**”). The IFC Policy Rights Agreement shall become effective on and from the date of listing of the Equity Shares of the Company pursuant to the Offer.

Accounts have been prepared using accrual basis of accounting and going concern basis.

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

The Restated Consolidated Financial Information has been prepared by the Management of the Holding Company to comply in all material respects with the requirements of:

- a) Section 26 of Part I of Chapter III of the Companies Act, 2013 ('the Act');
- b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ('the SEBI ICDR Regulations'); and
- c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (ICAI), as amended (the "Guidance Note").

The Restated Consolidated Financial Information has been compiled by the management from:

- a) the Audited Consolidated Financial Statements of the Group as at and for the year ended 31 March 2023 prepared in accordance with the Ind AS, as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on 21 June 2023;
- b) the Audited Consolidated Ind AS Financial Statements of the Group and its associate as at and for the year ended 31 March 2022 prepared in accordance with the Ind AS, as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on 31 May 2022. The comparative information for the year ended 31 March 2021 included in such financial statements have been prepared by making Ind AS adjustments to the audited consolidated financial statements of the Company as at and for the year ended 31 March 2021, prepared in accordance with the accounting standards notified under the section 133 of the Act ("Indian GAAP") which was approved by the Board of directors at their meeting held on 29 July 2021.

The accounting policies have been consistently applied by the Holding Company in preparation of the Restated Consolidated Financial Information and are consistent with those adopted in the preparation of Restated Financial Statements for the year ended 31 March 2023. This Restated Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the date of the board meeting held for approval of the Consolidated Financial Statements as at 31 March 2023, 31 March 2022 and 31 March 2021, as mentioned above.

The Restated Consolidated Financial Information have been prepared so as to contain information/disclosures and incorporating adjustments set out below in accordance with the SEBI ICDR Regulations:

- a) Adjustments to the profits or losses of the earlier periods and of the period in which the change in the accounting policy has taken place is recomputed to reflect what the profits or losses of those periods would have been if a uniform accounting policy was followed in each of these periods, if any;
- b) Adjustments for reclassification of the corresponding items of income, expenses, assets and liabilities, in order to bring them in line with the groupings as per the audited Consolidated financial statements of the Group for the year ended 31 March 2023 and the requirements of the SEBI ICDR Regulations, if any; and
- c) The resultant impact of tax due to the aforesaid adjustments, if any.

4. Principles of consolidation

Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. The Group has power over the investee even if it owns less than majority voting rights i.e., rights arising from other contractual arrangements. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases. Statement of profit and loss (including other comprehensive income ('OCI')) of subsidiaries acquired or disposed of during the period are recognised from the effective date of acquisition, or up to the effective date of disposal, as applicable. All the consolidated subsidiaries have a consistent reporting date of the Holding Company.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Inter group transactions, balances and unrealised gains on transactions between group companies are eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

Non-controlling interests, presented as part of equity, represent the portion of a subsidiary's statement of profit and loss and net assets that is not held by the Group. Statement of profit and loss balance (including other comprehensive income ('OCI')) is attributed to the equity holders of the Holding Company and to the non-controlling interests, basis the respective ownership interests and such balance is attributed even if this results in controlling interests having a deficit balance.

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. Such a change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognized within equity.

Associates

The classification on an entity as associate depends on the contractual rights and obligations of each investor, rather than the legal structure. Based on contractual arrangement, the Group has classified one of its investments as an associate relationship.

Interest in associate company is accounted for using the equity method, after initially being recognised at cost. The carrying amount of the investment is adjusted thereafter for the post acquisition change in the share of net assets of the associate or impairment, if any, adjusted where necessary to ensure consistency with the accounting policies of the Group. The consolidated statement of profit and loss (including the other comprehensive income) includes the Group's share of the results of the operations of the associate. Dividends received or receivable from associate company is recognised as a reduction in the carrying amount of the investment.

5. Business combinations

The Group applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of an entity is calculated as the sum of the acquisition-date fair values of assets transferred and liabilities incurred. Acquisition costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their acquisition-date fair values. Goodwill is measured as excess of the aggregate of the fair value of the consideration transferred, the amount recognized for non-controlling interests and fair value of any previous interest held, over the fair value of the net of identifiable assets acquired and liabilities assumed. If the fair value of the net of identifiable assets acquired and liabilities assumed is in excess of the aggregate mentioned above, the resulting gain on bargain purchase is recognized in other comprehensive income and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognizes the gain directly in equity as capital reserve, without routing the same through other comprehensive income.

Business combinations involving entities or businesses under common control have been accounted for using the pooling of interest method. The assets and liabilities of the combining entities are reflected at their carrying amounts. No adjustments have been made to reflect fair values, or to recognise any new assets or liabilities.

6. Summary of significant accounting policies

The financial statements have been prepared using the significant accounting policies and measurement basis summarised below. These were used throughout all periods presented in the financial statements, except where the Group has applied certain accounting policies and exemptions upon transition to Ind AS.

(a) Historical cost basis

The consolidated financial statements have been prepared on historical cost basis except for certain financial assets and financial liabilities which are measured at fair value as explained in relevant accounting policies.

(b) Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per operating cycle and other criteria set-out in the Act. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

(c) Recent accounting pronouncement (As per (Indian Accounting Standards) Amendment Rules, 2023 Amendment to Ind AS 1, Presentation of Financial Statements

The Ministry of Corporate Affairs ("MCA") vide notification dated 31 March 2023, has issued an amendment to Ind AS 1 which requires entities to disclose material accounting policies instead of significant accounting policies. Accounting policy

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

information considered together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The amendment also clarifies that immaterial accounting policy information does not need to disclose. If it is disclosed, it should not obscure material accounting information. The Group is evaluating the requirement of the said amendment and its impact on these restated consolidated financial information.

Amendment to Ind AS 8, Accounting Policies, Change in Accounting Estimates and Errors

The Ministry of Corporate Affairs (“MCA”) vide notification dated 31 March 2023, has issued an amendment to Ind AS 8 which specifies an updated definition of an ‘accounting estimate’. As per the amendment, accounting estimates are monetary amounts in the financial statements that are subject to measurement uncertainty and measurement techniques and inputs are used to develop an accounting estimate. Measurement techniques include estimation techniques and valuation techniques. The Group is evaluating the requirement of the said amendment and its impact on these restated consolidated financial information .

Amendment to Ind AS 12, Income Taxes

The Ministry of Corporate Affairs (“MCA”) vide notification dated 31 March 2023, has issued an amendment to Ind AS 12, which requires entities to recognise deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences. This will typically apply to transactions such as leases of lessees and decommissioning obligations and will require recognition of additional deferred tax assets and liabilities. The Group is evaluating the requirement of the said amendment and its impact on these restated consolidated financial information .

(d) Property, plant and equipment (‘PPE’)

Recognition, measurement and de-recognition

PPE are stated at cost; net of tax or duty credits availed, less accumulated depreciation and impairment losses, if any. Cost includes original cost of acquisition, including incidental expenses related to such acquisition and installation.

Subsequent expenditure related to an item of PPE is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing PPE, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is de-recognised.

Subsequent measurement (depreciation and useful lives)

Depreciation on PPE is provided on the written down value method, computed on the basis of useful life prescribed in Schedule II to the Act (‘Schedule II’).

Considering the applicability of Schedule II as mentioned above, in respect of certain class of assets – the Management has assessed the useful lives (as mentioned in the table below) lower than as prescribed in the Schedule II, based on the technical assessment.

Assets category	Useful life estimated by the management based on technical assessment (years)	Useful Life as per Schedule II (years)
Plant and machinery other than Mivon	15 years	15 years
Plant and machinery – Mivon	8 years	
Office equipment	5 years	5 years
Computers	3-6 years	3-6 years
Furniture and fixture	10 years	10 years
Vehicle	8 years	8 years

Leasehold improvements are amortized on over the period of lease.

(e) Investment property

Recognition and initial measurement

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount

(All amounts are in Rs. millions, unless otherwise specified)

and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in Statement of Profit or Loss as incurred.

Subsequent measurement (depreciation and useful lives)

Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Depreciation on investment properties is provided on the straight-line method, computed on the basis of useful lives prescribed in Schedule II to the Act, as per below table:

Assets category	Useful life estimated by the management based on technical assessment (years)	Useful Life as per Schedule II (years)
Land	Not applicable	Not applicable
Building	60 years	60 years
Plant and machinery	15 years	15 years

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

Investment properties are de-recognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in Statement of Profit and Loss in the period of de-recognition.

(f) Intangible assets

Intangible assets comprise softwares including accounting software, related licences and implementation cost of accounting software and other assets like brands/ trademarks. Intangible assets are stated at cost of acquisition less impairment (if any) and include all attributable costs of bringing intangible assets to its working condition for its intended use. These are amortised over the estimated useful economic life, which are as follows:

Particulars	Life
Computer softwares	2-5 years
Brands/trademarks	4 years

Intangible asset is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the statement of profit and loss, when the asset is derecognised.

(g) Capital work-in-progress

Property plant and equipment under construction and cost of assets not ready for use before the year-end, are classified as capital work in progress.

(h) Intangible assets under development

Intangible assets under development represent expenditure incurred during development phase in respect of intangible asset under development and are carried at amortized cost. Cost includes computer software's cost and its related acquisition expenses.

(i) Impairment of non-financial assets

Goodwill

Goodwill is tested for impairment on annual basis. If on testing, any impairment exists, the carrying amount of goodwill is reduced to the extent of any impairment loss and such loss is recognized in the statement of profit and loss. For the purpose of assessing impairment, goodwill is allocated to a cash generating unit. After this, an estimate of the recoverable amount of the cash generating unit is made. If carrying value of cash generating unit exceeds their recoverable amount, are written down to the recoverable amount after impairment of related assets and goodwill. Recoverable amount is higher

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

of an cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from cash generating unit.

Other assets

At each balance sheet date, the Group assesses whether there is an indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit (i.e. properties under a single license are treated as a project which is considered as a cash generating unit by the Group) to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. The Group treats individual projects (properties under a single license are treated as a project) as separate cash generating units for assessment of impairment. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and impairment loss is accordingly reversed in the Statement of Profit and Loss.

(j) Leases

Group as a lessee – Right of use assets and lease liabilities

A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

Classification of leases

The Group enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/purchase etc.

Recognition and initial measurement of right of use assets

At lease commencement date, the Group recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

Subsequent measurement of right of use assets

The Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicators exist.

Lease liabilities

At lease commencement date, the Group measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Group's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Group has elected to account for short-term leases using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these short-term leases are recognised as an expense in statement of profit and loss on a straight-line basis over the lease term.

Further, the Group has also elected to apply another practical expedient whereby it has assessed all the rent concessions occurring as a direct consequence of the COVID-19 pandemic, basis the following conditions prescribed under the standard:

- a) the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- b) any reduction in lease payments affects only payments originally due on or before the 31 March 2023; and
- c) there is no substantive change to other terms and conditions of the lease.

If all the rent concessions meet the above conditions, then, the related rent concession has been recognised in statement of profit and loss.

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. The respective leased assets are included in the balance sheet based on their nature. Rental income is recognized on straight-line basis over the lease-term.

(k) Financial instruments

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value and also trade receivable which are recorded initially at transaction price.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the statement of profit and loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income ('FVTOCI').

Non-derivative financial assets

Subsequent measurement

Financial assets carried at amortised cost – a financial asset is measured at amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Investments in other equity instruments – Investments in equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Group makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVTOCI) or fair value through profit or loss (FVTPL). Amounts presented in other comprehensive income are not subsequently transferred to profit or loss. However, the Group transfers the cumulative gain or loss within equity. Dividends on such investments are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

Investments in mutual funds – Investments in mutual funds are measured at fair value through profit and loss (FVTPL).

De-recognition of financial assets

A financial asset is de-recognised when the contractual rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Non-derivative financial liabilities

Subsequent measurement

Subsequent to initial recognition, the measurement of financial liabilities depends on their classification, as described below:

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Derivative Contracts

Derivatives embedded in all host contract (except asset) are separated only if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

(l) Impairment of financial assets

The Group assesses, on a forward-looking basis, the expected credit losses associated with its financial assets and the impairment methodology depends on whether there has been a significant increase in credit risk.

Trade receivables

In respect of trade receivables, the Group applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets

In respect of its other financial assets, the Group assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Group measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Group uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Group compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Group assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

(m) Inventories

Inventories comprises of following: -

- i. Projects in progress represents cost incurred in respect of unsold area (including land) of the real estate development projects or cost incurred on projects, where revenue is yet to be recognised. Such project in progress includes cost of land/development cost of land, internal development costs, external development charges, construction costs, development/construction materials, overheads, borrowing costs and other directly attributable expenses and is valued at cost or net realisable value ('NRV'), whichever is lower.
- ii. Stock at site valued at cost or NRV, whichever is lower. Cost is determined on the basis of FIFO method. Cost includes purchase cost and expenses to bring it to current locations.
- iii. Traded goods are valued at lower of cost or NRV. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average basis.
- iv. Land received under collaboration arrangements is measured at fair value of consideration in case of revenue sharing arrangements and fair value of the estimated construction service rendered to the land owner in case of area sharing arrangement and is recognised as inventory at the time of the launch of the project. The non-refundable security deposit paid by the Company under the collaboration arrangements is classified as security deposit and presented in the balance sheet under the heading "other current assets". These deposits are reclassified to inventory once letter of intent for granting license on said land is received from the authorities and at the time of the launch of the project, such deposit is adjusted with fair value of the consideration.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(n) Borrowing costs

Borrowing costs directly attributable to the acquisition and/or construction/production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are charged to the statement of profit and loss as incurred. Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(All amounts are in Rs. millions, unless otherwise specified)

(o) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services is transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods and services before transferring them to the customers.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Revenue from sale of properties and developed plots

Revenue from sale of properties is recognized when the performance obligations are essentially complete and credit risks have been significantly eliminated. The performance obligations are considered to be complete when control over the property has been transferred to the buyer i.e., offer for possession (possession request letter) of properties have been issued to the customers and substantial sales consideration has been received from the customers.

The Group considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring property to a customer, excluding amounts collected on behalf of third parties (for example, indirect taxes). The consideration promised in a contract with a customer may include fixed consideration, variable consideration (if reversal is less likely in future), or both.

For each performance obligation identified, the Group determines at contract inception whether it satisfies the performance obligation over time or satisfies the performance obligation at a point in time. If an entity does not satisfy a performance obligation over time, the performance obligation is satisfied at a point in time. A receivable is recognised by the Group when the control is transferred as this is the case of point in time recognition where consideration is unconditional because only the passage of time is required.

When either party to a contract has performed, an entity shall present the contract in the balance sheet as a contract asset or a contract liability, depending on the relationship between the entity's performance and the customer's payment.

The costs estimates are reviewed periodically and effect of any change in such estimate is recognized in the period such changes are determined. However, when the total estimated cost exceeds total expected revenues from the contracts, the loss is recognized immediately.

For contracts involving sale of real estate unit, the Group receives the consideration in accordance with the terms of the contract in proportion to the percentage of completion of such real estate project and represents payments made by customers to secure performance obligation of the Group under the contract enforceable by customers. Such consideration is received and utilized for specific real estate projects in accordance with the requirements of the Real Estate (Regulation and Development) Act, 2016. Consequently, the Group has concluded that such contracts with customers do not involve any financing element since the same arises for reasons explained above, which is other than for provision of finance to/ from the customer.

Construction projects

Construction projects where the Group is acting as contractor, revenue is recognised in accordance with the terms of the construction agreements. Under such contracts, assets created do not have an alternative use and the Group has an enforceable right to payment. The estimated project cost includes construction cost, development and construction material and overheads of such project.

The Group uses cost based input method for measuring progress for performance obligation satisfied over time. Under this method, the Group recognises revenue in proportion to the actual project cost incurred as against the total estimated project cost. The management reviews and revises its measure of progress periodically and are considered as change in estimates and accordingly, the effect of such changes in estimates is recognised prospectively in the period in which such changes are determined. However, when the total project cost is estimated to exceed total revenues from the project, the loss is recognized immediately. As the outcome of the contracts cannot be measured reliably during the early stages of the project, contract revenue is recognised only to the extent of costs incurred in the statement of profit and loss.

Revenue from joint development agreements with area share arrangement –

For projects executed through joint development arrangements not being jointly controlled operations, wherein the land owner/possessor provides land and the Group undertakes to develop properties on such land and in lieu of land owner providing land, the Group has agreed to transfer certain constructed area, the revenue from the development and transfer of constructed area in exchange of such development rights/ land is accounted on gross basis. from launch of

the project. Revenue is recognised over time using input method, on the basis of the inputs to the satisfaction of a performance obligation relative to the total expected inputs to the satisfaction of that performance obligation.

The revenue is measured at the fair value of the land received, on the basis of fair value of the estimated construction service rendered to the land owner. Summary statement of significant accounting policies and other explanatory information

Sale of traded goods

Revenue from sale of goods is recognized when the control of goods is transferred to the buyer as per the terms of the contract, in an amount that reflects the consideration the Group expects to be entitled to in exchange for those goods. Control of goods refers to the ability to direct the use of and obtain substantially all of the remaining benefits from goods. The Group collects goods and services tax (GST) on behalf of the government and, therefore, they are excluded from revenue.

Royalty income and business support service income

Such income is recognized on an accrual basis in accordance with the terms of the relevant agreements.

Interest on delayed payments, forfeiture income, transfer fees and holding charges

Revenue is recognised as and when extent certainty of payments/realisation is established in relation to such income.

Dividend income

Dividend income is recognized when the Group's right to receive dividend is established by the reporting date.

Commission income

Commission income is recognized on accrual basis in accordance with the terms of the agreement.

Scrap sale

Scrap sales are recognised when control of scrap goods are transferred i.e. on dispatch of goods and are accounted for net of returns and rebates.

(p) Cost of sales in respect of properties and developed plots

Cost of constructed properties includes cost of land (including development rights), estimated internal development costs, external development charges, other related government charges, borrowing costs, overheads construction costs and development/construction materials, which is charged to the Statement of Profit and Loss proportionate to the revenue recognized, as per accounting policy on revenue from sale of properties and developed plots.

(q) Foreign currency transaction and balances

Functional and presentation currency

The consolidated financial statements are presented in Indian Rupee which is also the functional and presentation currency of the Holding Company.

Transactions and balances

Foreign currency transactions are recorded in the functional currency, by applying the exchange rate between the functional currency and the foreign currency at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transactions.

Exchange differences arising on settlement of monetary items, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

(r) Retirement and other employee benefits

i) Provident fund

The Group makes contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952, which is a defined contribution plan. The Group's contributions paid/payable under the scheme is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

ii) Gratuity

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method.

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

Actuarial gains/losses resulting from re-measurements of the liability are included in other comprehensive income in the period in which they occur and are not reclassified to profit or loss in subsequent periods.

iii) *Compensated absences*

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method. This is done in line with the leave policy as employees do not have unconditional right to avail leave at any time within next one year.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of profit and loss in the year in which such gains or losses are determined.

iv) *Other short-term benefits*

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

(s) **Initial public offer related transaction costs**

The expenses pertaining to Initial Public Offer ('IPO') includes expenses pertaining to fresh issue of equity shares and offer for sale by selling shareholders. Such expenses have been accounted for as follows:

- i. Incremental costs that are directly attributable to issuing new shares have been deferred until successful consummation of IPO upon which it shall be deducted from equity;
- ii. Incremental costs that are not directly attributable to issuing new shares or offer for sale by selling shareholders, has been recorded as an expense in the statement of profit and loss as and when incurred; and
- iii. Costs that relate to fresh issue of equity shares and offer for sale by selling shareholders has been allocated between those functions on a rational and consistent basis as per agreed terms.

(t) **Brokerage**

The brokerage cost incurred for obtaining the contract with customer is recognized as an asset as "Prepaid Expenses" under "Other current assets" and expensed off in the statement of profit and loss when the corresponding revenue for the contract is recognized and is presented under the head "Other Expenses".

(u) **Earnings per share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue, share split and any new equity issue. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(v) **Provisions, contingent assets and contingent liabilities**

Provisions are recognized only when there is a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of obligation can be made at the reporting date. Provisions are discounted to their present values, where the time value of money is material, using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Group; or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

(All amounts are in Rs. millions, unless otherwise specified)

(w) Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statements comprise cash at bank and in hand and short-term bank deposits with an original maturity of three months or less.

(x) Income taxes

Tax expense comprises current and deferred tax. Current and deferred tax is recognised in statement of profit and loss except to the extent that it relates to items recognised directly in equity or other comprehensive income.

The current income-tax charge is calculated on the basis of the tax laws enacted at the balance sheet date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided in full, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

In the situations where one or more entities in the group are entitled to a tax holiday under the Income-tax Act, 1961 enacted in India, no deferred tax (asset or liability) is recognized in respect of temporary differences which reverse during the tax holiday period, to the extent the concerned entity's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognized in the year in which the temporary differences originate. However, the group restricts recognition of deferred tax assets to the extent it is probable that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the temporary differences which originate first are considered to reverse first.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of profit and loss as current tax for the year. The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the respective entity will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the entity recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss and shown as part of deferred tax asset. The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

(y) Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ('CODM') of the Group. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Group.

(z) Critical estimates and judgements

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these judgements, assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Impairment of non-financial assets

The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

factors which could result in deterioration of recoverable amount of the assets.

Impairment of financial assets

The Group estimates the recoverable amount of trade receivables and other financial assets where collection of the full amount is expected to be no longer probable. For individually significant amounts, this estimation is performed on an individual basis considering the length of time past due, financial condition of the counter-party, impending legal disputes, if any and other relevant factors.

Recognition of deferred tax assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Group's future taxable income against which the deferred tax assets can be utilized.

Provisions

At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

Contingencies

In the normal course of business, contingent liabilities may arise from litigation, taxation and other claims against the Group. A tax provision is recognised when the Group has a present obligation as a result of a past event; it is probable that the Group will be required to settle that obligation. Where it is management's assessment that the outcome cannot be reliably quantified or is uncertain the claims are disclosed as contingent liabilities unless the likelihood of an adverse outcome is remote. Such liabilities are disclosed in the notes but are not provided for in the financial statements. When considering the classification of a legal or tax cases as probable, possible or remote there is judgement involved. This pertains to the application of the legislation, which in certain cases is based upon management's interpretation of country specific tax law, in particular India, and the likelihood of settlement. Management uses in-house and external legal professionals to inform their decision.

Although there can be no assurance regarding the final outcome of the legal proceedings, the Group does not expect them to have a materially adverse impact on the Group's financial position or profitability.

Leases

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

Revenue and inventories

The estimates around total budgeted cost i.e., outcomes of underlying construction and service contracts, which further require estimates to be made for changes in work scopes, claims (compensation, rebates, etc.), the cost of meeting other contractual obligations to the customers and other payments to the extent they are probable, and they are capable of being reliably measured. For the purpose of making these estimates, the Group used the available contractual and historical information and also its expectations of future costs. The estimates of the saleable area are also reviewed periodically and effect of any changes in such estimates is recognised in the period such changes are determined.

Estimation of net realisable value for inventory

Inventory is stated at the lower of cost and net realisable value (NRV). NRV for completed inventory is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Group, based on comparable transactions identified by the Group for properties in the same geographical market serving the same real estate segment. NRV in respect of inventory under construction is assessed with reference to market prices at the reporting date for similar completed property, less estimated costs to complete construction and an estimate of the time value of money to the date of completion.

Accounting for revenue and land cost for projects executed through joint development arrangements with revenue share arrangement

For projects executed through joint development arrangements with revenue share arrangement, the Group has evaluated that land owners are engaged in the same line of business as the Group and such contracts are not contracts with customers, but a transaction for purchase of land/development rights.

The revenue from the development and transfer of constructed area/revenue sharing arrangement and the corresponding land/ development rights received under joint development arrangement is measured at the fair value of the estimated consideration payable to the land owner and the same is accounted on launch of the project. The fair value is estimated with reference to the terms of the joint development arrangement. Such assessment is carried out at the launch of the real estate project and is reassessed at each reporting period. The management is of the view that the fair value method and estimates are reflective of the current market condition.

Accounting for revenue and land cost for projects executed through joint development arrangements with area share arrangement

For projects executed through joint development arrangements with area share arrangement, the Group has evaluated that land owners are not engaged in the same line of business as the Group and hence has concluded that such arrangements are contracts with customers. The revenue from the development and transfer of constructed area and the corresponding land/ development rights received under joint development arrangements is measured at the fair value of the estimated construction service rendered to the land owner and the same is accounted on launch of the project. The fair value is estimated with reference to the terms of the joint development arrangements and the related cost that is allocated to discharge the obligation of the Group under the joint development arrangements.

Fair value of the construction is considered to be the representative fair value of the revenue transaction and land so obtained. Such assessment is carried out at the launch of the real estate project and is reassessed at each reporting period. The management is of the view that the fair value method and estimates are reflective of the current market condition

Useful lives of depreciable/amortisable assets

Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utilisation of assets.

Fair value measurement

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Fair valuation of investment property

Investment property is stated at cost. However, as per Ind AS 40, there is a requirement to disclose fair value as at the balance sheet date. The Group engaged independent valuation specialists to determine the fair value of its investment property as at reporting date. The determination of the fair value of investment properties requires the use of estimates such as future cash flows from the assets (such as lettings, future revenue streams, capital values of fixtures and fittings, any environmental matters and the overall repair and condition of the property) and discount rates applicable to those assets. In addition, development risks (such as construction and letting risk) are also taken into consideration when determining the fair value of the properties under construction. Further, the independent valuation specialist also carried out purchase price allocation assigned value to the building and plant and machinery included in the investment property on the basis of estimates of construction cost and depreciation using useful life and age of the assets. The remaining value was allocated to freehold land. These estimates are based on local market conditions existing at the balance sheet date.

Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

#During the year ended 31 March 2021, the management conducted an operational efficiency technical review of Mivon Shuttering (included under the head Plant and Machinery) used in various projects, based on which, the management has revised the estimate of useful life of such assets from 4 years to 8 years. Had the useful life of Mivon Shuttering remained the same, the depreciation charged would have been higher by Rs. 87.34 millions with a corresponding impact on property plant and equipment and also an impact to retained earnings which would have been lower by Rs. 56.82 millions (net of tax impact of Rs. 30.52 millions) for the year ended 31 March 2021. Future impact of this revision was decrease in depreciation expense by Rs. 113.03 millions and Rs. 13.50 millions with corresponding increase in retained earnings (net of tax impact) by Rs. 80.12 millions and Rs. 9.57 millions on restated consolidated statement of profit and loss for the year ended 31 March 2022 and 31 March 2023 respectively.

The Group has appointed a registered valuer in accordance with rule 2 of Companies (Registered valuer and valuation) Rules, 2017) for the valuation of investment property. The fair value of investment property has been determined by external, independent property valuers, having appropriate qualifications and recent experience in the location and category of the property being valued. The Group obtains independent valuation for its investment property at least annually and are considered to be a fair representation at which such properties can be sold in an active market. The fair value measurement for all of the investment properties has been categorised as a Level 3 fair value based on the inputs to the valuation technique used. The Group follows Market approach for land valuation. Market approach for land valuation is applied, using sales comparison/market survey method. Cost of construction method under cost approach, is used to estimate Gross Current Replacement Value for valuation of building.

As at 31 March 2023	43.92	43.92

Note i:

Goodwill arising on Business Combination is carried at cost and tested annually for impairment. The goodwill amount of Rs. 307.77 millions pertains to the 'Real Estate' Segment on acquisition of two subsidiaries i.e. Sternal Buildcon Private Limited and Forever Buildtech Private Limited. Impairment testing for goodwill has been carried out considering their recoverable amounts (i.e. Rs. 166.71 millions for Forever Buildtech Private Limited and Rs. 136.51 millions for Sternal Buildcon Private Limited) which, inter-alia, includes estimation of their value-in-use based on management projections. The remaining goodwill pertains to acquisition of certain other entities. These projections have been made for the period of the respective real estate projects not exceeding period of five years, as applicable and consider various factors, such as market scenario and margin projections specific to the business. Since the real estate projects to which such goodwill pertains to are nearing completion, no long term growth rates have been assigned for computation of value in use. Based on the above assessment, an impairment loss of Rs. 263.85 millions has been recognised in the restated consolidated statement of profit and loss during the year ended 31 March 2023 to the extent of margin already realised from underlying projects in the aforementioned subsidiaries.

Notes:

- (a) During the year ended 31 March 2023, the Group has recognized incremental deferred tax assets (net) of Rs. 78.25 millions (year ended 31 March 2022: Rs.185.23 million and 31 March 2021: Rs.324.56 million). Deferred tax assets are recognised based on the business projections of taxable earnings in the near future. While recognizing such deferred tax assets, the Group has been cognizant enough to consider the history of losses they have, uncertainties of business in place and rising input costs. Carrying value of the deferred tax assets (net) is Rs.1,220.29 millions as at 31 March 2023 (31 March 2022: Rs.1,142.16 million and 31 March 2021: Rs.956.90 million).
- (b) Certain projects of the group are eligible for deduction under section 80IBA of Income-tax Act, 1961 (subject to compliance of conditions mentioned under that section) in respect of its profits and gains derived from the business of developing and building housing projects which meet the criteria for such deduction as per the provisions of the Income-tax Act, 1961. Hence, the Group has not created the deferred tax assets in respect of carry forward losses, unabsorbed depreciation and other timing differences with respect to such projects.
- (c) Details of unused tax losses and unabsorbed depreciation on which no deferred tax has been created, along with their expiry is as follows -

39 Earnings per share

Earnings per share ('EPS') is determined based on the net profit/(loss) attributable to the shareholders. Basic earnings per share is computed using the weighted average number of shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of common and dilutive common equivalent shares outstanding during the year, except where the result would be anti-dilutive.

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022	For the year ended 31 March 2021

*During the year ended 31 March 2022, the Board of Directors of the Holding Company had approved share split of equity shares from Rs. 10 per share to Rs. 1 per share and the same has been duly approved by the shareholders of the Holding Company. As prescribed under Ind AS 33, 'Earnings per Share', the Holding Company has presented basic and diluted earnings per share on considering the aforementioned share split for the current as well as previous years. Further, during the year ended 31 March 2022, the Holding Company had issued 56,879,400 bonus shares in the ratio of 1:1 to the existing shareholders as on 23 March 2022 by utilising the securities premium account.

[^]Compulsorily convertible debentures are considered to be potential equity shares. They have not been included in the determination of diluted earnings per share during financial years ended 31 March 2022 and 31 March 2021 as these were considered anti-dilutive. Such debenture have been converted into equity shares during the year ended 31 March 2023.

Book value is considered as the best estimate of fair value.

ii) Fair value hierarchy

Financial assets and financial liabilities are measured at fair value in the financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs). The input factors considered are Estimated cash flows and other assumptions.

iii) Financial assets measured at fair value - recurring fair value measurement

iv) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- Compulsorily Convertible Debentures (CCDs) were evaluated as hybrid financial instrument comprising of a host debt contract and an embedded derivative in form of conversion feature. At initial measurement, both the host debt contract and embedded derivative were measured at fair value separately. The host debt contract was subsequently measured as amortised cost financial liability and the embedded derivative was measured at fair value through profit and loss (using the discounted cash flow method).
- The use of Comparable Companies Multiples Method and Comparable Transactions Multiples Method for certain investments and Adjusted NAV for others.

v) The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements. See (iv) above for the valuation techniques adopted.

41 Financial risk management

The Group's activities expose it to credit risk, liquidity risk and market risk. The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Trade receivables, cash and cash equivalents, bank balances other than cash and cash equivalents, loans and other financial assets measured at amortised cost	Ageing analysis	Diversification of bank deposits and regular monitoring
Liquidity risk	Lease liabilities and other financial liabilities	Cash flow forecasts	Availability of funds and credit facilities.
Market risk - foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Fluctuation in foreign exchange rates	Monitoring of exposure levels at regular internal
Market risk – interest rate	Borrowings at variable rates	Sensitivity analysis	Diversification of borrowings

A) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial asset fails to meet its contractual obligations. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The carrying amounts of financial assets represent the maximum credit risk exposure. The Group monitors its exposure to credit risk on an ongoing basis.

a) Credit risk management

i) Credit risk rating

The Group assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. The Group assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Group provides for expected credit loss based on the following:

Asset groups	Basis of categorisation	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, bank balances other than cash and cash equivalents, loans, trade receivables and other financial assets	12 month or life time expected credit loss
High credit risk	Trade receivables, loans and other financial assets	Life time expected credit loss or fully provided for

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Group. The Group continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

Credit rating	Particulars	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021
Low credit risk	Cash and cash equivalents, bank balances other than cash and cash equivalents, trade receivables, loans and other financial assets	8,391.38	3,801.98	4,977.42
High credit risk	Trade receivables, loans and other financial assets	27.44	28.02	42.09

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

Trade receivables

The Group closely monitors the credit-worthiness of customers, thereby, limiting the credit risk. The Group uses a simplified approach (lifetime expected credit loss model) for the purpose of computation of expected credit loss for trade receivables.

Cash and cash equivalents and bank balances other than cash and cash equivalents

Credit risk related to cash and cash equivalents and bank deposits is managed by only diversifying bank deposits and accounts in different banks. Credit risk is considered low because the Group deals with reputed banks.

Loans (non NBFC business) and other financial assets

Loans and other financial assets measured at amortized cost includes security deposits and other receivables. Credit risk related to these financial assets is managed by monitoring the recoverability of such amounts continuously. Further, the Group creates provision by assessing individual financial asset for expectation of any credit loss basis expected credit loss model.

Loans from NBFC business

Stage 1 (not due - 29 days past due) – When a loan is originated or purchased, ECLs resulting from default events that are possible within the next 12 months are recognised (12-month ECL) and a loss allowance is established. On subsequent reporting dates, 12-month ECL also applies to existing loans with no significant increase in credit risk since their initial recognition. Interest revenue is calculated on the loan's gross carrying amount (that is, without deduction for ECLs).

Stage 2 (30 days - 89 days past due) – If a loan's credit risk has increased significantly since initial recognition and is not considered low, lifetime ECLs are recognised. The calculation of interest revenue is the same as for Stage 1.

Stage 3 (90 days past due) – If the loan's credit risk increases to the point where it is considered credit-impaired, interest revenue is calculated based on the loan's amortised cost (that is, the gross carrying amount less the loss allowance). Lifetime ECLs are recognised, as in Stage 2.

ii) Concentration of financial assets

Concentration of credit risk arise when a number of counterparties or exposures have comparable economic characteristics, or such counterparties are engaged in similar activities or operate in same geographical area or industry sector so that collective ability to meet contractual obligations is uniformly affected by changes in economic, political or other conditions. The Group primarily carries on the business as a real estate developer including construction services. Further, the Group also extends loans as part of it's non-banking financial business. Loans and other financial assets majorly represents loans to related parties and deposits given for business purposes. Concentration of credit risk is managed by the Group by diversifying it's loan portfolio of non-banking financial business.

b) Credit risk exposure

B) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

C) Market risk

Interest rate risk

i) Liabilities

The Group's policy is to minimise interest rate cash flow risk exposures on financing. At 31 March 2023, the Group is exposed to changes in market interest rates as Group has borrowings from banks, financial institutions and others.

The Group's variable rate borrowing is subject to interest rate risk. Below is the overall exposure of the borrowing:

Particulars	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021
Variable rate borrowing	6,865.37	2,095.20	2,978.74
Fixed rate borrowing	10,524.18	9,480.11	8,785.10
Total borrowings	17,389.56	11,575.31	11,763.84

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

Sensitivity

Profit or loss/retained earnings is sensitive to higher/lower interest expense from variable rate borrowings as a result of changes in interest rates (net of tax).

Particulars	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021
Interest rates – increase by 50 basis points	(24.33)	(7.43)	(9.69)
Interest rates – decrease by 50 basis points	24.33	7.43	9.69

ii) Assets

The Group's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

iii) Foreign exchange risk

The Group is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. Foreign exchange risk arises from recognised liabilities denominated in a currency that is not the functional currency of any of the Company. Considering the low volume of foreign currency transactions, the Group's exposure to foreign currency risk is limited.

Exposure to currency risk:

Particulars of unhedged foreign currency exposures as at year end:

Particulars	31 March 2023		31 March 2022		31 March 2021	
	INR (in millions)	USD (in millions)*	INR (in millions)	USD (in millions)*	INR (in millions)	USD (in millions)*
Import trade payables:						
Buyer's credit	(218.42)	(2.66)	(200.40)	(2.64)	(172.97)	(2.35)
Trade payables	-	-	-	-	(65.34)	(0.89)

*Conversion rate 1 USD = Rs. 82.21 (31 March 2022 - Rs. 75.81 and 31 March 2021 - Rs. 73.50)

Sensitivity

A reasonably possible strengthening (weakening) of the INR against all other currencies at 31 March 2023 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Particulars	Currency	Increase			Decrease		
		31 March 2023	31 March 2022	31 March 2021	31 March 2023	31 March 2022	31 March 2021
Financial assets							
3% movement	USD	4.64	4.26	4.51	(4.64)	(4.26)	(4.51)

iv) Price risk

The Group's exposure price risk arises from investments held and classified in the balance sheet either as fair value through other comprehensive income or at fair value through profit or loss. To manage the price risk arising from investments, the Group diversifies its portfolio of assets.

Particulars	31 March 2023	31 March 2022	31 March 2021
Quoted investments (carried at fair value through other comprehensive income)	0.44	50.91	549.44

45 Employee benefits

The Group has adopted Indian Accounting Standard (Ind AS) - 19 on Employee Benefit as under :

A. Defined contribution plans

Particulars	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021
The Group makes contribution towards employee's provident fund and employee's state insurance. The Group has recognised following as contribution towards these schemes.	12.47	10.23	7.67
Expected contribution towards employee's provident fund and employee's state insurance for next reporting year	13.97	11.45	8.21

B. Gratuity (unfunded)

The Group has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the Payment of Gratuity Act, 1972. The liability of Gratuity is recognized on the basis of actuarial valuation.

Salary increases	Actual salary increases will increase the plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
Investment risk	If plan is funded then assets liabilities mismatch and actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality & disability	Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact plan's liability.

Present value of defined benefit obligation at the end of the year	78.62	57.47	35.44

(v) For determination of the liability of the Group the following actuarial assumptions were used:

Particulars	31 March 2023	31 March 2022	31 March 2021
Discount rate	7.40%	6.90%	6.80%

From 31 to 44 years	6.60% - 11.15%	6.60% to 11.15%	6.60% to 11.15%
Above 44 years	1.00% - 6.25%	1.00% to 6.25%	1.00% to 6.25%
Weighted average duration of defined benefit obligations	11.00	12.00	8.00

Mortality rates inclusive of provision for disability -100% of IALM (2012 – 14) Ult.

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

(vi) Maturity profile of defined benefit obligation:

Particulars	31 March 2023	31 March 2022	31 March 2021
1 year	4.88	2.99	1.71
2 -5 years	17.46	11.60	7.83
6 - 10 years	33.79	23.02	15.44
10 years onwards	187.13	136.88	50.13

These assumptions were developed by management with the assistance of independent actuarial appraisers. Discount factors are determined close to each year-end by reference to government bonds of relevant economic markets and that have terms to maturity approximating to the terms of the related obligation. Other assumptions are based on management's historical experience.

(vii) Sensitivity analysis for gratuity liability:

Particulars	31 March 2023	31 March 2022	31 March 2021
a) Impact of the change in discount rate			
Present value of obligation at the end of the year			
Impact due to increase of 1 % (% change compared to base due to sensitivity)	69.97	50.74	31.93
Impact due to decrease of 1 % (% change compared to base due to sensitivity)	89.02	65.65	39.61
b) Impact of the change in salary increase			
Present value of obligation at the end of the year			
Impact due to increase of 1 % (% change compared to base due to sensitivity)	85.81	63.68	39.03
Impact due to decrease of 1 % (% change compared to base due to sensitivity)	71.75	51.91	32.33

The above sensitivity analysis is based on a change an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting year) has been applied which was applied while calculating the defined benefit obligation liability recognised in the consolidated balance sheet.

54 Leases

a) Group as a lessee

The Group has leases for office space and buildings. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. The Group has presented its right-of-use assets in the balance sheet separately from other assets.

Each lease generally imposes a restriction that, unless there is a contractual right for the Group to sublease the asset to another party, the right-of-use asset can only be used by the Group. The Group is prohibited from selling or pledging the underlying leased assets as security. Further, the Group is required to pay maintenance fees in accordance with the lease contracts.

i. Lease liabilities

56 Restatement adjustments

For periods up to and including the year ended 31 March 2021, the Group prepared its Consolidated financial statements in accordance with accounting standards referred to in paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP) notified under section 133 of the Companies Act, 2013. The Restated Consolidated Financial Information have been compiled from the Audited Consolidated Ind AS financial statements of the Group as at and for the year ended 31 March 2023 and 31 March 2022 (with comparatives of 31 March 2021). (refer basis of preparation para under Note 3).

There is no difference between Restated Consolidated Financial Information and Audited Consolidated Ind AS financial statements of the Group as at and for the year ended 31 March 2023 and 31 March 2022, other than reclassification adjustments disclosed in this note. Reconciliations between the Restated Consolidated Financial Information and Consolidated Audited Indian GAAP Financial Statements of the Group as at and for the year ended 31 March 2021 are set out in the following tables and notes.

In preparing the Restated Consolidated Financial Information, the Group has applied the below mentioned exemptions:

A Ind AS optional exemptions

1 Deemed cost for property, plant and equipment and intangible assets

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the Previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets. Accordingly, the Group has elected to measure all of its property, plant and equipment (including capital work in progress) and intangible assets (including intangible assets under development) at their Previous GAAP carrying value.

2 Business combination

Ind AS 101 provides the option to apply Ind AS 103 prospectively from the transition date or from a specific date prior to the transition date. This provides relief from full retrospective application that would require restatement of all business combinations prior to the transition date. The Group elected to apply Ind AS 103 prospectively to business combinations occurring after its transition date. Business combinations occurring prior to the transition date have not been restated.

B Ind AS mandatory exceptions

1 Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1 April 2020 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Group made estimates for impairment of financial assets based on expected credit loss model in accordance with Ind AS at the date of transition as these were not required under Previous GAAP.

2 Classification and measurement of financial assets and liabilities

Classification of financial asset is made on the basis of the facts and circumstances that exist at the date of transition to Ind AS. Further, if it is impracticable for the Group to apply retrospectively the effective interest method in Ind AS 109, the fair value of the financial asset or the financial liability at the date of transition to Ind AS shall be the new gross carrying amount of that financial asset or the new amortised cost of that financial liability at the date of transition to Ind AS.

Summary statement of significant accounting policies and other explanatory information

(All amounts are in Rs. millions, unless otherwise specified)

3 Impairment of financial assets

At the date of transition to Ind AS, determining whether there has been a significant increase in credit risk since the initial recognition of a financial asset would require undue cost or effort, the Group has recognised a loss allowance at an amount equal to lifetime expected credit losses at each reporting date until that financial instrument is derecognised.

D Notes

i Financial assets and liabilities at amortised cost

Under previous GAAP, financial assets (including security deposits) were recognized at transaction price. Under Ind AS, such financial instruments are initially recognized at fair value and subsequently carried at amortised cost determined using the effective interest rate. Any difference between transaction price and fair value affects profit and loss unless it qualifies for recognition as some other type of asset.

Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognized in the statement of profit and loss over the tenure of the borrowing as part of the finance cost by applying the effective interest method. Under previous GAAP, these transaction costs were charged to statement of profit and loss on straight-line basis over the period of loan.

ii Impact of depreciation on right on use assets and interest on lease liabilities

Under previous GAAP, lessees used to classify lease contracts as a finance lease or an operating lease at the inception of contract. Under operating lease, rent payments were recognised as an expense in the statement of profit and loss on a straight-line basis over the lease-term. Under Ind AS, the Group measures the lease liability at the present value of the outstanding lease payments from lease commencement date, discounted using the Group's incremental borrowing rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest expense. Further, the Group recognises a right-of-use asset which is made up of the initial measurement of the lease liability, including any initial direct costs incurred by the Group. Subsequently to initial measurement, the Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

iii Revenue from contract with customers

Under previous GAAP, revenue from real estate projects was recognised basis percentage of completion method in accordance with the 'Guidance note on Accounting for Real Estate Transactions (Revised 2012)', issued by The Institute of Chartered Accountants of India. Under Ind AS, the Group is recognising revenue at point in time whereby the Company's transfers control i.e., satisfies its performance obligation by offering possession to the customers and customer makes the substantial payment. Further, the cost associated with obtaining the contracts with customers is also deferred till the time revenue from such units is recorded.

iv Impact of fair valuation of the financial instruments

Under previous GAAP, investments in long-term equity instrument were carried at cost and tested for other than temporary diminution. Under Ind AS, such investments are carried at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI).

Under the previous GAAP, Compulsorily Convertible Debentures (CCDs) were classified as non-current borrowings carried at transaction value. Under Ind AS, these Compulsorily Convertible Debentures (CCDs) are evaluated as hybrid financial

instrument comprising of a host debt contract and an embedded derivative in form of conversion feature. At initial measurement, both the host debt contract and embedded derivative are measured at fair value separately. The host debt contract is subsequently measured as amortised cost financial liability and the embedded derivative is measured at fair value through profit and loss.

v Impact of expected credit losses

Under previous GAAP, provision for financial asset was recognized on specific identification method based on management assessment of recoverability of loans. Under Ind AS 109, the Group is required to apply expected credit loss model for recognizing the allowance for loans.

vi Inventory from joint development agreements under revenue share arrangement

Under previous GAAP, land received under collaboration agreement was recorded at the gross value of consideration payable. Non refundable security deposit was recognized as inventory and adjusted with the gross value of consideration. Under Ind AS, land received under collaboration arrangements is measured at fair value of consideration and is recognised as inventory at the time of the launch of the project. The non-refundable security deposit paid by the Group under the collaboration arrangements is classified as security deposit and presented in the balance sheet under the heading other current assets. This deposit is reclassified to inventory once letter of intent for granting license on said land is received from the authorities and at the time of the launch of the project, such deposit is adjusted with fair value of the consideration.

vii Impact on account of goodwill

Under the previous GAAP, the Goodwill on consolidation was amortised. Under Ind AS, Goodwill on consolidation is tested for impairment.

viii Others

Under the previous GAAP, certain expenses were recorded during the year 31 March 2021 which pertained to the year ended 31 March 2020 and accordingly, recorded in respective period.

ix Tax impact on adjustments

Retained earnings and statement of profit and loss has been adjusted consequent to the Ind AS transition adjustments with corresponding impact to deferred tax, wherever applicable.

x Other comprehensive income

Under Ind AS, all items of income and expense recognised in a period should be included in profit and loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised profit and loss but are shown in the statement of profit and loss as 'other comprehensive income' includes re-measurements of defined benefit plans and their corresponding income tax effects. The concept of other comprehensive income did not exist under previous GAAP.

This is the summary statement of significant accounting policies and other explanatory information referred to in our report of even date.

(1) *Basic and diluted earnings per Equity Share are computed in accordance with Indian Accounting Standard (Ind AS) 33 'Earnings per Share' prescribed under section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with the requirement of SEBI ICDR Regulations.*

(2) *The ratios have been computed as below:*

*Basic earnings per share (₹) = Restated profit after tax divided by weighted average number of shares considered for calculating basic EPS**
*Diluted earnings per share (₹) = Restated profit after tax divided by weighted average number of shares considered for calculating diluted EPS**

- *Weighted Average Number of Shares is the number of shares outstanding at the beginning of the year adjusted by the number of shares issued during the year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.*
- *The Weighted Average basic and diluted EPS is a product of basic and diluted EPS and respective assigned weight, dividing the resultant by total aggregate weight. Weights applied have been determined by the management of our Company.*
- *During the year, the Board of Directors of the Company has approved share split of equity shares from ₹ 10 per share to ₹ 1 per share and the same has been duly approved by the shareholders of the Company. As prescribed under Ind AS 33, 'Earnings per Share', the Company has presented basic and diluted earnings per share on considering the aforementioned share split for the current as well as previous years. Further, during the year ended 31 March 2022, the Holding Company has issued 56,879,400 bonus shares in the ratio of 1:1 to the existing shareholders as on 23 March 2022 by utilizing the securities premium account.*

(3) *"Net Asset Value per equity share" represents net worth divided by total number of shares adjusted for bonus shares and split of shares.*

(4) *Adjusted EBITDA refers to earnings before interest, taxes, depreciation, amortisation ("EBITDA"), plus Finance cost written off through cost of sales, adjustment of gain/loss on fair valuation of derivative instruments and impairment of goodwill.*

In accordance with the SEBI ICDR Regulations, the audited financial statements of our Company for the financial years ended March 31, 2023, March 31, 2022 and March 31, 2021, for the Company and for the financial years ended March 31, 2023, March 31, 2022, and March 31, 2021, for our Material Subsidiaries (collectively, the "Audited Financial Statements") are available on our website at <https://www.signatureglobal.in/investor.php>

Overview

We are the largest real estate development company in the National Capital Region of Delhi ("Delhi NCR") in the affordable and lower mid segment housing in terms of units supplied (in the below ₹ 8 million price category) between 2020 and the three months ended March 31, 2023, with a market share of 19%. (Source: Anarock Report)

We commenced operations in 2014 through our Subsidiary, Signature Builders Private Limited, with the launch of our Solera project on 6.13 acres of land in Gurugram, Haryana. We have grown our operations over the years and in less than a decade, and as of March 31, 2023, we had sold 27,965 residential and commercial units, all within the Delhi NCR region, with an aggregate Saleable Area of 18.90 million square feet. Our Sales (net of cancellation) have grown at a compounded annual growth rate ("CAGR") of 42.46%, from ₹ 16,902.74 million in Fiscal 2021 to ₹ 34,305.84 million in Fiscal 2023. As of March 31, 2023, we have sold 25,089 residential units with an average selling price of ₹ 3.60 million per unit.

We have strategically focused on the Affordable Housing ("AH") segment (below ₹ 4 million price category) and the Middle Income Housing ("MH") segment (between ₹ 4 million to ₹ 2.5 million price category) through GoI and state government policies. The state government of Haryana under its various policies allows development of AH and MH. For example, we have been extensively involved in developing projects specifically the Affordable Housing Policy, 2013 notified by the Town and Country Planning Department, Government of Haryana ("AHP") and the Affordable Plotted Housing Policy or the Deen Dayal Jan Awas Yojana ("DDJAY - APHP"). Each of the policies is focused on affordable and mid segment housing. The AHP aims to encourage planning and completion of group housing projects under which apartments of a pre-defined size are to be made available at pre-defined rates and completed within a targeted time-frame to ensure increased supply of affordable housing, while the DDJAY - APHP is intended to encourage the development of high density plotted colonies in the state of Haryana (Source: Anarock Report).

In addition, going forward we will also develop some of our Forthcoming Projects under the Haryana Group Housing Policy ("HGHP") and New Integrated Licensing Policy ("NILP"), combining them with the provisions of Transit Oriented

Development Policy and (“**TODP**”) and Transfer of Development Rights Policy (“**TDRP**”), which we believe will enable us to achieve higher FAR, hence higher developable area as well as higher density to target the MH segment. The TODP aims to encourage development around metro corridors for which extra FAR and higher density has been allowed. (Source: *Anarock Report*) The TDRP provides industry participants with FAR in lieu of land which goes into public use, and such FAR can be loaded by developers on to their projects along with an increased density. (Source: *Anarock Report*) Hence, with the utilisation of such policies, we believe we will be able to strategically target the MH segment.

Most of our Completed Projects, Ongoing Projects and Forthcoming Projects are located in Gurugram and Sohna in Haryana, with 88.61% of our Saleable Area located in this region as of March 31, 2023, and almost all of our projects have been, or are being, undertaken under the AHP or the DDJAY - APHP. In terms of sales in Gurugram, we had a market share of 31% in the affordable and lower mid segment, and a market share of 24% in all budget categories, in the period from 2020 to the three months ended March 31, 2023. (Source: *Anarock Report*)

The AHP permits for greater density, which is the number of persons per acre, that enables us to build smaller unit sizes leading to improved saleability. In addition, lower regulatory costs with waiver of license fee and infrastructural development charges for developers coupled with higher floor area ratio (“**FAR**”) for residential development and commercial development are some of the other benefits available under the AHP. Under the DDJAY - APHP as well, higher density, smaller plot sizes and higher FAR compared to that for a residential plotted colony enable us to offer units at competitive prices allowing us to expand our operations. In our experience, these benefits have made it viable for us to offer projects at affordable prices at premium locations while remaining profitable.

As of March 31, 2023, we were the largest real estate developer under the AHP in the Gurugram and Sohna region, with a market share of 18% in terms of total supply of units in the period from 2020 to the three months ended March 31, 2023. (Source: *Anarock Report*) We were also the largest real estate developer under the DDJAY – APHP in the Gurugram and Sohna region, with a market share of 42% of the total supply of units under DDJAY – APHP floors in the period from 2020 to the three months ended March 31, 2023. (Source: *Anarock Report*)

We provide “value homes” with attractive designs and amenities. We proactively seek to enhance the value of our projects by creating a better living environment through the provision of comprehensive community facilities and by engaging renowned architects. Our projects under the AHP, typically priced below ₹ 3.00 million per unit, includes amenities such as recreational areas, gardens, open spaces and community halls. Our projects under the DDJAY - APHP, typically priced between ₹ 4.00 million and ₹ 12.00 million per unit, provide facilities including gymnasiums, recreational spaces, entertainment centres, swimming pools and sporting facilities. All our AHP and DDJAY - APHP projects have a retail component within them which are intended to offer further convenience to residents, and these components have the effect of increasing the value of our projects owing to the absence of price ceilings. All our projects are located in the well-developed Delhi NCR region, with connectivity to other parts of Delhi NCR. In addition to the Gurugram area, we have also launched certain projects across key markets in Haryana such as Karnal, under the DDJAY – APHP policy. We also have one Ongoing Project being developed by our Subsidiary, Sternal Buildcon Private Limited, outside the AHP and DDJAY -APHP policies, namely Infinity Mall, which is located close to our Ongoing Projects under the DDJAY – APHP in Sohna and which we expect will serve our customers in the region.

Further, we believe that the *SignatureGlobal* brand is well-established in Gurugram, Haryana and the wider Delhi NCR region for affordable and mid segment housing projects. In our experience, the combination of our brand recognition, quality product offerings and competitive pricing has enabled us to sell a substantial portion of our inventory soon after the launch of our projects. Between Fiscal 2021 and Fiscal 2023, of the seven projects that we launched under the AHP (applications for which are open for a limited subscription period), six projects witnessed an oversubscription at launch. For the 5,388 units launched by us under the AHP between Fiscal 2021 and Fiscal 2022, we received 15,750 applications, amounting to an average oversubscription of 2.95 times the units on offer. Since we commenced operations, we have offered 17,673 units under the AHP, for which we have received 50,886 applications at launch, amounting to an oversubscription of 2.88 times the units on offer. Our project The Millennia IV, launched in January 2022, witnessed complete subscription of the 814 units on offer within 24 hours of launch while Imperial, launched in March 2022, witnessed subscription of all 1,141 units on offer within 12 hours of launch. The Millennia IV and Imperial also witnessed an oversubscription of 2.19 times and 3.15 times the units on offer, respectively. For projects that we have launched under the DDJAY – APHP in the Gurugram and Sohna region, we were able to sell 58.84% of the inventory within six months and for those projects that have completed a year since launch, 84.40% of the inventory has been sold within 12 months from launch.

As of March 31, 2023, we had completed an aggregate Developable Area of 7.64 million square feet in our Completed Projects and an additional 1.37 million square feet in our Ongoing Projects, comprising 11,427 residential units and 932 commercial units, for which we have received occupation certificates. We have sold 25,089 residential units, amounting to 88.81% of the total number of residential units launched in our Completed and Ongoing Projects as of March 31, 2023. In addition, brief details regarding our Completed, Ongoing and Forthcoming Projects, as of March 31, 2023, have been set out below:

Category	Number of projects	Land (in acres)	Saleable Area (in square feet)	Developable Area (in square)
Completed Projects	12	94.68	6,149,320	7,640,059
Ongoing Projects ⁽¹⁾	29	216.57	17,208,636	21,384,724
Forthcoming Projects	19	379.07	21,291,641 ⁽²⁾	24,506,650 ⁽²⁾

(1) As of March 31, 2023, our Ongoing Projects have additionally received occupation certificates for 1,369,903 square feet of Saleable Area and 1,374,075 square feet of Developable Area that consists of residential units.

(2) For our Forthcoming Projects, this is the estimated Saleable Area and estimated Developable Area

As of March 31, 2023, our Corporate Promoter, Sarvpriya Securities Private Limited, has also completed an aggregate Developable Area of 820,242 square feet and an aggregate Saleable Area of 597,610 square feet, in two projects.

Some of our key Completed Projects include Synera, Serenas and Sunrise, each located in Gurugram, Sohna and Karnal, respectively, in Haryana. Certain of our notable Ongoing Projects include City 37D and Prime, both of which are located in Gurugram, Haryana.

We have adopted an integrated real estate development model, with in-house capabilities and resources to execute projects from inception to completion which enables us to offer our projects at competitive prices. Among our core strengths is our ability to efficiently turnaround projects on land that we tie-up and we have typically launched projects within a period of 18 months from the date of acquisition of the land. Our high asset turnover has enabled us to generate positive cash flows in a relatively short period of time to support further developments. Our standardized business processes, technical specifications and layout plans have resulted in low design costs and faster replication resulting in shortening our development cycle and construction time. To reduce construction time significantly, we also deploy aluminium formwork technology in our projects, which also reduces costs. These factors have also resulted in us delivering projects ahead of their scheduled completion. For example, we completed our project, Solera within 3 years and 9 months, which is almost three months in advance of the period mandated for completion. The Department of Town and Country Planning, Government along with the Haryana Real Estate Regulatory Authority recognized the development of our projects at the Urban Development Conclave. For further information, please see the section entitled “*History and Certain Corporate Matters*” on page 216.

We have an extensive distribution network focussed on the customer segments we target, with 593 channel partners and an in-house team of 41 employees engaged in direct sales and 100 employees for indirect sales, as of March 31, 2023, that has helped us to achieve the current scale of our offerings. We have also been effectively leveraging technology for the sale of our inventory. Our AHP projects are sold exclusively through digital channels, as mandated by the Directorate of Town and Country Planning, Haryana (“DTCP”) and since January 2022, our entire project inventory under our AHP projects is being exclusively sold online, including on the government website. Since 2014, prior to the mandate by the DTCP, we had been selling our inventory through our website www.signatureglobal.in. Our technology initiatives as part of our customer interaction and sales channels have led to increased customer penetration and conversion, as well as operating and cost efficiencies.

As part of our development activities, we are focused on sustainable development and inculcate green concepts and techniques as part of our projects such as sustainable water management facilities and low flow fixtures that result in water saving, solid waste management and use of solar panels. The International Finance Corporation created the Excellence in Design for Greater Efficiencies (“EDGE”) to respond to the need for a measurable and credible solution to prove the business case for building green projects and unlock financial investment. As of March 31, 2023, all of our projects launched after Fiscal 2021 are either EDGE or IGBC certified or we are under process to apply for EDGE certification. Our efforts towards sustainability have been recognized through various awards and recognitions including the SignatureGlobal group being conferred the 8th IGBC Green Champion Award under the category of ‘Developer Leading the Green Affordable Housing Movement in India’. For further information, please see the section entitled “*History and Certain Corporate Matters*” on page 216.

We incorporate technology in all major aspects of our operations. Our customer relationship management system from Salesforce, broker portal, human resources, social media channels, customer mobile application, financials and management information systems and in-house sales are all integrated over a common platform. We have implemented an advanced enterprise resource planning platform, SAP, that has further strengthened our internal processes. We have also implemented an automated sales booking system and tools for pre and post-sales management which have resulted in increased lead generation.

We are led by our Chairman and Whole-time Director, Pradeep Kumar Aggarwal who has over eight years of experience in the real estate business. Lalit Kumar Aggarwal, our Vice Chairman and Whole-time Director, has more than seven years of experience in the real estate business and is responsible for the construction, marketing and human resources aspects of our business. Ravi Aggarwal, our Managing Director, has over nine years of experience and is responsible for the overall business development of our Company. Devender Aggarwal, our Joint Managing Director and Whole-time Director, has over eleven years of experience and plays a key role in formulation and implementation of our Company’s forward plans. Our senior management team includes experienced professionals with relevant functional expertise across different verticals in the real

estate industry and have been instrumental in our growth and implementing our business strategies.

Although our business operations were impacted during the first wave of the COVID-19 pandemic in April 2020 due to government-mandated lockdowns and migration of labour, our operations were not impacted by subsequent waves due to effective labour management and cost rationalization measures. For further information, please see the section entitled “Management’s Discussion and Analysis of Financial Condition and Results of Operations – Impact of COVID-19” on page 431.

The following table sets forth certain performance indicators of our operations for the periods indicated:

Notes:

- (1) Sales for any period refers to the value of residential and commercial units sold during a period where the booking amount has been received (net of any cancellations).
- (2) Gross Collections (net of cancellations) include collections towards residential and commercial units, other charges. Gross Collections do not include any indirect taxes.
- (3) Completed area refers to Developable Area where occupation certificate has been received.
- (4) Operating Surplus Before Land advance/ acquisition refers to net collections less construction spends less employee benefits expenses less admin and other overheads less taxes
- (5) Adjusted Gross Profit is calculated as revenue from real estate operations (comprises revenue from sale of real estate properties, forfeiture income/cancellation charges, compensation received on compulsory acquisition of land and other operating income related to real estate business) less cost of sales relating to real estate operations (i.e. cost of sales as reduced by finance cost written off through cost of sales and cost of sales relating to contracting business).
- (6) Adjusted Gross Profit Margin is calculated as Adjusted Gross Profit divided by revenue from real estate operations (comprises revenue from sale of real estate properties, forfeiture income/cancellation charges, compensation received on compulsory acquisition of land and other operating income related to real estate business).
- (7) Adjusted EBITDA refers to earnings before interest, taxes, depreciation, amortisation (“EBITDA”), plus finance cost written off through cost of sales, adjustment of gain/loss on fair valuation of derivative instruments and impairment of goodwill.
- (8) Adjusted EBITDA Margin is calculated as Adjusted EBITDA divided by revenue from operations.
- (9) Net Debt is calculated as short term Borrowing plus long term borrowing plus book overdraft less CCDs less cash and cash equivalents less margin money deposit less bank balances other than cash and cash equivalents.
- (10) Total sales and collections for the year ended March 31, 2022, includes sales amounting to ₹ 2,903.00 million and collections amounting to ₹ 140.05 million related to our project Imperial and sales amounting to ₹ 140.94 million and collections amounting to ₹ 6.81 million related to our project The Millennia IV. Such projects are under the AHP and were launched/sold prior to March 31, 2022. The collections pertaining to these projects was collected in the Director of Town and Country Planning, Haryana bank account as per the AHP as at March 31, 2022, and the Company received such amount subsequently, post allotment of units as per the process established by the Department of Town and Country Planning, Haryana.
- (11) Compounded Annual Growth Rate (as a %): $(\text{end year value} / \text{base Year Value})^{(1/\text{Number of years between base year and end year})} - 1$, where ^ denotes ‘raised to’.

Our Saleable Area, comprising our Completed Projects and Ongoing Projects, has witnessed an increase from 5.17 million square feet in Fiscal 2018, to 23.36 million square feet in Fiscal 2023. Further, as of March 31, 2023, our Corporate Promoter, Sarvpriya Securities Private Limited, has also completed an aggregate Developable Area of 820,242 square feet and an aggregate Saleable Area of 597,610 square feet, in two projects.

Significant Factors Affecting Our Results of Operations and Financial Condition

Regulatory framework

The real estate sector in India is highly regulated. Our operations, the acquisition of land development rights and land, in certain instances, and the implementation of our projects require us to obtain regulatory approvals and licenses and require us to comply with the land acquisition and conversion rules and regulations of a variety of regulatory authorities. We are also subject to local and municipal laws relating to real estate development activities and the relevant development control regulations. These require

approvals for construction and development of real estate projects including approvals for the ratio of built-up area to land area, plans for road access, community facilities, open spaces, water supply, sewage disposal systems, electricity supply, environmental suitability, zoning regulations and size of the project. Any delay or failure in getting any of these approvals for our Ongoing Projects and Forthcoming Projects may affect our business and result of operations.

We have strategically focused on GoI and state government policies supporting affordable housing and in particular the AHP and the DDJAY - APHP. As of March 31, 2023, we were the largest real estate developer under the AHP in the Gurugram and Sohna region, with a market share of 18% in terms of total supply of units in the period from 2020 to the three months ended March 31, 2023. (Source: Anarock Report) We were also the largest real estate developer under the DDJAY – APHP in the Gurugram and Sohna region, with a market share of 42% of the total supply of units under DDJAY – APHP floors in the period from 2020 to the three months ended March 31, 2023. (Source: Anarock Report) These policies, and others under which we may undertake development in future, contain certain stipulations and restrictions. The AHP permits for greater density, which is the number of persons per acre, that enables us to build smaller unit sizes leading to improved saleability. In addition, lower regulatory costs with waiver of license fee and infrastructural development charges for developers coupled with higher FAR for residential and commercial development are benefits available under the AHP. However, while the AHP has fast sales, the sale price of residential units has a ceiling, resulting in moderate margins. This is offset to some extent by the commercial sales under the AHP projects, as 8% of the FAR of the net planned area can be developed as commercial units under the AHP, which do not have a price ceiling. Similarly, the price of residential carpet area under the AHP, which is our Saleable Area, has increased from the initial price of ₹4,000 per square foot to ₹ 4,200 per square foot to a new price ₹ 5,000 per square foot and the price of balcony areas has increased from the initial price of ₹ 500 per square foot to ₹ 1,000 per square foot to a new price of ₹ 1,200 per square foot, with a cap of ₹ 100,000 per unit increased to ₹ 120,000 per unit

Under the DDJAY-APHP, higher density, smaller plot sizes and higher FAR compared to that for a residential plotted colony enable us to offer units at competitive prices allowing us to expand our operations. We are able to increase prices DDJAY – AHP in the absence of price ceilings on residential development. For further information, please see the sections entitled “Industry Overview – Support to Affordable Housing Policy by Haryana Government” and “Key Regulations and Policies” on pages 141 and 209, respectively. Accordingly, the number of projects we are able to complete under a particular scheme instead of the other may affect profitability. For instance, 86.89%, 33.22% and 56.20% of our Sales recognized in Fiscal 2021, 2022 and 2023 and, respectively are from projects launched under the AHP, which is moderate-margin but typically fast-selling, while there are 66.78%, 13.11% and 43.80% Sales recognized in our projects under the DDJAY – APHP (such launches having started only in 2019), which is a high-margin product owing to the absence of price ceilings. The DDJAY – APHP has been launched by the government in 2018, and our projects under this policy have not met revenue recognition criteria yet. Even within the AHP and DDJAY - APHP, commercial sales drive profitability of the projects overall. For instance, in one of our AHP projects where revenue has been recognized for both commercial and residential sales, commercial sales (which are regulatorily limited) contributed 64.53% to Gross Margins whereas residential sales contributed 24.97% of Gross Margin under such projects. Set forth are the revenue from operations and gross margins we have derived from our commercial and residential sales in each of the following periods:

Particulars	Fiscal 2021			Fiscal 2022			Fiscal 2023		
	Revenue from real estate operations ⁽¹⁾ (₹ million)	Adjusted Gross Profit ⁽²⁾ (₹ million)	Adjusted Gross Profit Margin ⁽³⁾ (%)	Revenue from real estate operations ⁽¹⁾ (₹ million)	Adjusted Gross Profit ⁽²⁾ (₹ million)	Adjusted Gross Profit Margin ⁽³⁾ (%)	Revenue from real estate operations ⁽¹⁾ (₹ million)	Adjusted Gross Profit ⁽²⁾ (₹ million)	Adjusted Gross Profit Margin ⁽³⁾ (%)

⁽¹⁾ Revenue from real estate operations includes revenue from sale of real estate properties, Forfeiture income/cancellation charges, Compensation received on compulsory acquisition of land and other operating income related to Real estate business.

⁽²⁾ Adjusted Gross Profit is calculated as revenue from real estate operations (revenue from sale of real estate properties, forfeiture income/cancellation charges, compensation received on compulsory acquisition of land and other operating income related to real estate business) less cost of sales relating to real estate operations (i.e. cost of sales as reduced by finance cost written off through cost of sales and cost of sales relating to contracting business).

⁽³⁾ Adjusted Gross Profit Margin is calculated as Adjusted Gross Profit, divided by revenue from real estate operations.

Amendments to policies, such as a reduction in the permissible commercial development, or reduction in price ceilings for residential units under the AHP, may impact our profitability and results of operations. Our profitability may also be affected by any price controls that may be imposed under the DDJAY - APHP.

For example, the Haryana government has recently amended the DDJAY-APHP pursuant to which the applicability of the DDJAY-AHP was discontinued for the final development plan of Gurugram Manesar Urban Complex and Faridabad. As per the directions dated April 20, 2023 (“**Directions**”), license applications received before December 8, 2022 that were pending before the relevant authority and in which no letter of intent was granted under DDJAY-APHP for Gurugram and Faridabad were to be returned along with the scrutiny fee and license fee paid by an applicant. Pursuant to the Directions, we received refunds for two of our five Forthcoming Projects under DDJAY-APHP, namely, City 37D Extension and City 81 Extension

with an estimated residential Saleable Area, estimated commercial Saleable Area and estimated Developable Area of 348,092 square feet, 13,437 square feet and 465,583 square feet, respectively, as of March 31, 2023. While we have made representations to the authorities to reconsider and withdraw the Directions, we cannot assure that such representation will be considered favourably. As on the date of this Red Herring Prospectus, we have not received any response from the relevant authorities. Whilst the applicability of the DDJAY-APHP has been discontinued from the final development plan of Gurugram and Faridabad, however, as on the date of this Red Herring Prospectus, the policy continues to remain applicable for Sohna and other parts of Haryana.

In addition, going forward we will also develop some of our Forthcoming Projects under the HGHP and NILP, combining them with the provisions of TODP and TDRP, which we believe will enable us to achieve higher FAR, hence higher developable area as well as higher density to target the MH segment. The TODP aims to encourage development around metro corridors for which extra FAR and higher density has been allowed. (Source: Anarock Report) The TDRP provides industry participants with FAR in lieu of land which goes into public use, and such FAR can be loaded by developers on to their projects along with an increased density. (Source: Anarock Report) Hence, with the utilisation of such policies, we believe we will be able to strategically target the MH segment.

In addition, with the introduction of RERA we will have to comply with specific legislations enacted by state governments in the NCR, where our Ongoing Projects, Forthcoming Projects are, or future projects may be located. RERA requires the mandatory registration of real estate projects and developers are not permitted to issue advertisements or accept advances unless real estate projects are registered. RERA also imposes restrictions on use of funds received from customers prior to project completion and taking customer approval for major changes in sanction plan. Our results of operation may, therefore, be impacted on account of the significant resources and management time we expend to ensure compliance with the RERA and other regulatory requirements. In addition, some of our affordable income housing real estate projects qualify for tax benefits. The continuation of these benefits cannot be assured and if they are disputed or terminated, there could be a material effect on our results of operations. The GST regime which took effect from July 1, 2017, and any new rules or regulations thereunder may also have a material effect on our results of operations.

Further, our Ongoing Projects are also subject to orders from courts and tribunals and in particular the National Green Tribunal (“NGT”). The NGT has, recent times imposed a number of restrictions on real estate developers and construction activities to curb pollution levels in the months of December and January in north India. These measures could result in a delay in completion of our projects, which could affect our profitability and results of operations.

Ability to increase our Sales and margins, and revenue recognition of our projects

We derive our revenues from sale of real estate development. In Fiscal 2021, 2022 and 2023, our Sales have been growing at a CAGR of 42.46% between Fiscal 2021 and 2023, and were ₹ 16,902.74 million, ₹ 25,900.38 million and ₹ 34,305.84 million, respectively, in Fiscal 2021, 2022 and 2023.

The volume of Sales depends on various factors including our ability to design projects that will meet customer preferences and market trends, to timely market our projects, the willingness of customers to pay for the projects or enter into sale agreements well in advance of receiving possession of the projects and general market conditions. We market and sell our projects in phases from the date of launch of the project after receiving requisite approvals, which is typically after acquisition of the land or land development rights and during the process of planning and designing the project, up until the time we complete our project.

On March 28, 2018, the MCA notified Ind AS 115, Revenue from Contracts with Customers, applicable from April 1, 2018. Ind AS 115 establishes a comprehensive framework for determining whether, how much and when revenue is recognized. Under Ind AS 115, the revenue from real estate projects is recognised only at a point in time upon our Company satisfying its performance obligation and the customer obtaining control of the underlying asset as compared to earlier percentage of completion method as per the Guidance Note on Accounting for Real Estate Transactions. Accordingly, revenue recognition for our projects occurs following the receipt of occupancy certificate and after a certain threshold of collections have been completed. In Fiscal 2021, 2022 and 2023, while our Sales were ₹ 16,902.74 million, ₹ 25,900.38 million and ₹ 34,305.84 million, respectively, our revenue from operations were ₹ 820.57 million, ₹ 9,012.98 million and ₹ 15,535.70 million, respectively in similar periods.

Further, our revenue and costs may fluctuate from period to period due to a combination of other factors beyond our control, including completion of the project or receipt of approvals on completion from relevant authorities in a particular period, volatility in expenses such as costs to acquire land or development rights and construction costs. Further, our revenues are also dependent on the nature of projects we undertake. Such fluctuations may be significant in a shorter period within a relevant fiscal owing to a decrease in revenues recognized as per Ind AS 115 and an increase in the cost of revenues, both of which may impact our profitability. Our offerings have been focussed on the affordable and mid segments in Delhi NCR. Our project construction also typically extends over a period of three to five years. We have a dedicated team that focuses on identification of land by selecting an appropriate and strategic area, which we believe suits our sector and business purposes. Detailed studies are then conducted based on market data on possible sites while selecting a particular location for development within that area. The team sources information from interactions with local brokers, landowners, customer calls and other databases available

for micro-markets. This is followed by conceptualizing the type and scale of property development to be undertaken on that particular land.

We cannot predict with certainty when our projects will be completed and sold as our project timetables are occasionally disrupted by and subject to unforeseen circumstances at different stages of planning and execution. For instance, our business operations were impacted during the first wave of the COVID-19 pandemic in April 2020 due to government-mandated lockdowns and migration of labour. Further, please see the section entitled, “ – *Impact of COVID-19*” on page 431. Incidents such as this may lead to large fluctuation in financial result for any financial period depending on work completed in that period and possessions given during that period. Therefore, as a result of the factors mentioned above and the nature of our business and operations, we may have certain projects that contribute significantly to our revenue in a particular period on account of completion of the said projects, including obtaining the necessary approvals from relevant authorities for the same.

Further, in terms of the applicable provisions of Ind AS, we are required to conduct fair valuation of our commitments with financial institutions, irrespective of whether these costs crystallize. Accordingly, while such unrealised losses have been accounted for, these may differ from the actual pay-outs upon redemption.

Finance costs and availability of financing on favourable terms

We fund our property development activities through a combination of medium and long-term debt and internal accruals. Accordingly, our ability to obtain financing, as well as the cost of such financing, affects our business. Though we believe we are able to obtain funding at competitive interest rates, cost of financing is material for us. Our total outstanding borrowings (including current and non-current borrowings) were ₹ 17,097.49 million as of March 31, 2023, and our finance costs (including interest capitalized) were ₹ 1,861.35 million, ₹ 2,200.55 million and ₹ 2,625.75 million in Fiscal 2021, 2022 and 2023, respectively.

Among the major factors that drive the growth of demand for housing units is rising disposable income and availability of housing loans at affordable interest rates. Changes in interest rates also affect the ability and willingness of our prospective real estate customers to obtain financing for their purchase of our developments. For instance, as a result of the COVID-19 pandemic and its effect on the economy, the Reserve Bank of India has successively reduced the benchmark repo rate to revive economic activity. The RBI has reduced the repo rate and had previously mandated all scheduled commercial banks to link all new floating interest rates on personal or retail loans (including housing loans) to the external benchmarks, in order to ease transmission of rate cuts. Accordingly, as a result of reductions in repo rates, housing mortgage rates have correspondingly reduced, driving affordability of home ownership. Accordingly, cost of borrowing for customers will also correspondingly increase. The interest rate at which our real estate customers may borrow funds for the purchase of our properties affects the affordability and purchasing power of, and hence the market demand for, our residential real estate developments. Our Net Debt as of March 31, 2021, 2022 and 2023, was ₹ 5,573.24 million, ₹ 5,173.43 million and ₹ 10,938.92 million, respectively.

Further, we execute various projects through our Subsidiaries, and have invested ₹ 1,561.68 million as on March 31, 2023, in the share capital of our Subsidiaries. While these Subsidiaries are exclusively engaged in development of real estate projects, as per the applicable accounting standards, the finance cost in relation to the investments made by our Company in the share capital of our Subsidiaries are charged to our profit and loss accounts in the standalone and consolidated financial statements, affecting the record of profits accrued by our Company.

Cost and availability of land and acquisition of development rights

Our operations and growth are dependent on the availability of land at appropriate locations for our developments, the terms of sharing of revenues, profits or Saleable Areas for our collaboration agreements, and, in some cases, the cost of acquisition of land.

The effective cost of development rights in the case of collaboration agreements and the cost of acquisition of freehold or leasehold land are significant factors for real estate developers, including us. We typically develop our projects through two main development models including (i) where land is owned for developments; and (ii) collaboration agreements with landowners, where collaboration agreements require lower upfront capital expenditure compared to direct acquisition of land parcels. We enter into collaboration agreements instead of acquiring freehold or leasehold interests in land. However, on occasion we acquire the land we intend to develop. Entering into collaboration agreements eliminates the large upfront costs of acquiring land and also reduces our financing costs. Typically, such agreements require us to make certain payments to the collaboration partner prior to the commencement of the project and we obtain the right to construct and develop the property from the owner of land in exchange for the land-owner either sharing a pre-determined portion of developed property or revenues from such development. For such developments, we generally incur all of the construction and development costs. The fair value of the probable obligations towards landowners are immediately accounted for as project costs on the date of launch under inventory and the corresponding amounts are accrued as liability towards payment to the land collaborators, in the form of trade payables. As of March 31, 2023, 23.07% of the Saleable Area of our Ongoing Projects and 44.40% of the estimated Saleable Area of our Forthcoming Projects, respectively, were based on the collaboration model. Subsequent to March 31, 2023, we have also entered into collaboration agreements for 5.44 acres of land and have also entered into a term sheet for

a collaboration agreement for 4.26 acres of land in Gurugram, Haryana.

Additionally, any government regulations, policies or other developments that restrict the acquisition of land or increase competition for land will affect our operations. The cost of acquiring land, which includes the amounts paid for freehold rights, leasehold rights, the cost of registration and stamp duty, represents a substantial part of our project cost, and may sometimes determine whether we acquire certain parcels of land. Delays in acquiring clean title, conversion of land for development purposes and other requisite approvals may delay the project development schedule and associated costs and affect our operations. Land used in a specific project is assigned to such project and is included in the cost of construction and development of such project. Such costs of land, together with costs of construction and development, are expensed for projects as and when the project is completed or receipt of approvals on completion from relevant authorities or intimation to the customer of the completion of the project.

Impact of COVID-19

The COVID-19 pandemic has had, significant repercussions across local, national and global economies and financial markets. The global impact of the COVID-19 pandemic has evolved over time and public health officials and governmental authorities responded by taking measures, such as prohibiting people from assembling in large numbers, instituting quarantines, restricting travel, issuing “stay-at-home” orders and restricting the types of businesses that may continue to operate, among many others.

Initially, the COVID-19 pandemic resulted in construction delays at our project sites due to several factors such as lockdowns enforced by the government agencies, work-stoppage orders, disruptions in the supply of materials and shortage of labour. The pandemic also resulted in a mass migration of contract labour involved in construction activities during such period. We undertook various measures to ensure continuity of construction at certain project sites, including transit camps for construction workers where clean food, water and shelter was available.

While we have made a detailed assessment of our liquidity position and believe that there is no material impact foreseeable on our revenues and operating cash flows, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration. The eventual outcome of the impact of the COVID-19 pandemic on our business may be different from that estimated.

To the extent, the COVID-19 pandemic adversely affects us, it may also significantly increase the effect of the below mentioned factors affecting our results of operations. Please see the section entitled “*Risk Factors - The COVID-19 pandemic adversely affects our business, financial condition, results of operations, cash flows, liquidity and performance, and it may reduce the demand for our projects in future.*” on page 33.

Presentation of Financial Information

Our restated consolidated statement of assets and liabilities as at March 31, 2021, March 31, 2022 and March 31, 2023, and the restated consolidated statement of profit and loss (including other comprehensive income), the restated consolidated statement of changes in equity, the restated consolidated cash flow statement for the years ended March 31, 2021, March 31, 2022 and March 31, 2023, and the summary statement of significant accounting policies and other explanatory information, collectively referred to as “**Restated Consolidated Financial Information**”.

The Restated Consolidated Financial Information have been compiled by the management basis the audited consolidated Ind AS financial statements as at and for the year ended March 31, 2023, March 31, 2022 and March 31, 2021 prepared in accordance with the Ind AS, as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other recognised accounting practices and policies generally accepted in India including the requirements of the Companies Act.

Critical Estimates and Judgments

The preparation of the Restated Consolidated Financial Information requires the use of accounting estimates which, by definition, will seldom equal the actual results. The below is an overview of the areas that involve a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different that those originally assessed:

Impairment of non-financial assets

The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Impairment of financial assets

We estimate the recoverable amount of trade receivables and other financial assets where collection of the full amount is expected to be no longer probable. For individually significant amounts, this estimation is performed on an individual basis

considering the length of time past due, financial condition of the counter-party, impending legal disputes, if any and other relevant factors.

Recognition of deferred tax assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of our future taxable income against which the deferred tax assets can be utilized.

Provisions

At each balance sheet date basis the management judgment, changes in facts and legal aspects, we assess the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

Contingencies

In the normal course of business, contingent liabilities may arise from litigation, taxation and other claims against us. A tax provision is recognised when we have a present obligation as a result of a past event and it is probable that we will be required to settle that obligation. Where it is our management's assessment that the outcome cannot be reliably quantified or is uncertain, the claims are disclosed as contingent liabilities, unless the likelihood of an adverse outcome is remote. Such liabilities are disclosed in the notes but are not provided for in the financial statements. When considering the classification of a legal or tax case as probable, possible or remote there is judgement involved. This pertains to the application of the legislation, which in certain cases is based upon management's interpretation of country-specific tax law, in particular India, and the likelihood of settlement. We use in-house and external legal professionals to inform our decision. Although there can be no assurance regarding the final outcome of the legal proceedings, we do not expect them to have a materially adverse impact on our financial position or profitability.

Leases

We evaluate if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. We use significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. We determine the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if we are reasonably certain about exercising that option; and periods covered by an option to terminate the lease if we are reasonably certain that we will not exercise that option. In assessing whether we are reasonably certain of exercising an option to extend a lease, or not to exercise an option to terminate a lease, we consider all relevant facts and circumstances that create an economic incentive for us to exercise the option to extend the lease, or not to exercise the option to terminate the lease. We revise the lease term if there is a change in the non-cancellable period of a lease.

Revenue and inventories

The estimates around total budgeted cost i.e., outcomes of underlying construction and service contracts, which further require estimates to be made for changes in work scopes, claims (compensation, rebates, etc.), the cost of meeting other contractual obligations to the customers and other payments to the extent they are probable, and they are capable of being reliably measured. For the purpose of making these estimates, we use the available contractual and historical information and also its expectations of future costs. The estimates of the saleable area are also reviewed periodically and the effect of any changes in such estimates is recognised in the period such changes are determined.

Accounting for revenue and land cost for projects executed through joint development arrangements

For projects executed through joint development arrangements, we have evaluated that landowner are engaged in the same line of business as us.

The revenue from the development and transfer of constructed area/ revenue sharing arrangement and the corresponding land/ development rights received under joint development arrangement is measured at the fair value of the estimated consideration payable to the landowner and the same is accounted on launch of the project. The fair value is estimated with reference to the terms of the joint development arrangement. Such assessment is carried out at the launch of the real estate project and is reassessed at each reporting period. Our management is of the view that the fair value method and estimates are reflective of the current market condition.

Useful lives of depreciable/amortisable assets

We review estimates of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utilisation of assets.

Fair value measurement

We apply valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Fair valuation of investment property

Investment property is stated at cost. However, as per Ind AS 40, there is a requirement to disclose fair value as at the balance sheet date. We have engaged independent valuation specialists to determine the fair value of our investment property as at reporting date. The determination of the fair value of investment properties requires the use of estimates such as future cash flows from the assets (such as lettings, future revenue streams, capital values of fixtures and fittings, any environmental matters and the overall repair and condition of the property) and discount rates applicable to those assets. In addition, development risks (such as construction and letting risk) are also taken into consideration when determining the fair value of the properties under construction. Further, the independent valuation specialist also carried out purchase price allocation assigned value to the building and plant and machinery included in the investment property on the basis of estimates of construction cost and depreciation using useful life and age of the assets. The remaining value was allocated to freehold land. These estimates are based on local market conditions existing at the balance sheet date.

Defined benefit obligation (“DBO”)

Our management’s estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Significant Accounting Policies

The financial statements have been prepared using the significant accounting policies and measurement basis summarised below. These were used throughout all periods presented in the financial statements, except where the Company and its Subsidiaries (the “**Group**”) has applied certain accounting policies and exemptions upon transition to Ind AS.

Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods and services before transferring them to the customers.

Revenue from sale of properties and developed plots

Revenue from sale of properties is recognized when the performance obligations are essentially complete and credit risks have been significantly eliminated. The performance obligations are considered to be complete when control over the property has been transferred to the buyer, *i.e.*, offer for possession (possession request letter) of properties have been issued to the customers and substantial sales consideration is received from the customers.

The terms of the contract and its customary business practices are considered to determine the transaction price. The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring property to a customer, excluding amounts collected on behalf of third parties (for example, indirect taxes). The consideration promised in a contract with a customer may include fixed consideration, variable consideration (if reversal is less likely in future), or both.

For each performance obligation identified, the Group determines at contract inception whether it satisfies the performance obligation over time or satisfies the performance obligation at a point in time. If an entity does not satisfy a performance obligation over time, the performance obligation is satisfied at a point in time. A receivable is recognised by the Group when the control is transferred as this is the case of point in time recognition where consideration is unconditional because only the passage of time is required.

When either party to a contract has performed, an entity shall present the contract in the balance sheet as a contract asset or a contract liability, depending on the relationship between the entity’s performance and the customer’s payment. The costs estimates are reviewed periodically and effect of any change in such estimate is recognized in the period such changes are determined. However, when the total estimated cost exceeds total expected revenues from the contracts, the loss is recognized immediately.

Construction projects

Construction projects where the Group is acting as contractor, revenue is recognised in accordance with the terms of the

construction agreements. Under such contracts, assets created does not have an alternative use and the Group has an enforceable right to payment. The estimated project cost includes construction cost, development and construction material and overheads of such project.

The Group uses cost based input method for measuring progress for performance obligation satisfied over time. Under this method, the Group recognises revenue in proportion to the actual project cost incurred as against the total estimated project cost. The management reviews and revises its measure of progress periodically and are considered as change in estimates and accordingly, the effect of such changes in estimates is recognised prospectively in the period in which such changes are determined. However, when the total project cost is estimated to exceed total revenues from the project, the loss is recognized immediately. As the outcome of the contracts cannot be measured reliably during the early stages of the project, contract revenue is recognised only to the extent of costs incurred in the statement of profit and loss.

Sale of traded goods

Revenue from sale of goods is recognized when the control of goods is transferred to the buyer as per the terms of the contract, in an amount that reflects the consideration the Group expects to be entitled to in exchange for those goods. Control of goods refers to the ability to direct the use of and obtain substantially all of the remaining benefits from goods. The Group collects goods and services tax (GST) on behalf of the government and, therefore, they are excluded from revenue.

Royalty income and business support service income

Such income is recognized on an accrual basis in accordance with the terms of the relevant agreements.

Interest on delayed payments, forfeiture income, transfer fees and holding charges

Revenue is recognised as and when extent certainty of payments/realisation is established in relation to such income.

Dividend income

Dividend income is recognized when the Group's right to receive dividend is established by the reporting date.

Commission income

Commission income is recognized on accrual basis in accordance with the terms of the agreement.

Scrap sale

Scrap sales are recognised when control of scrap goods are transferred i.e. on dispatch of goods and are accounted for net of returns and rebates.

Cost of sales in respect of properties and developed plots

Cost of constructed properties includes cost of land (including development rights), estimated internal development costs, external development charges, other related government charges, borrowing costs, overheads construction costs and development/construction materials, which is charged to the Statement of Profit and Loss proportionate to the revenue recognised as per accounting policy on revenue from sale of properties and developed plots.

Historical cost basis

The consolidated financial statements have been prepared on historical cost basis except for certain financial assets and financial liabilities which are measured at fair value as explained in relevant accounting policies.

Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per operating cycle and other criteria set-out in the Act. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

Property, plant and equipment ("PPE")

Recognition, measurement and de-recognition

PPE are stated at cost; net of tax or duty credits availed, less accumulated depreciation and impairment losses, if any. Cost includes original cost of acquisition, including incidental expenses related to such acquisition and installation.

Subsequent expenditure related to an item of PPE is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing PPE, including day-to-

day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is de-recognised.

Subsequent measurement (depreciation and useful lives)

Depreciation on PPE is provided on the written down value method, computed on the basis of useful life prescribed in Schedule II to the Act (“**Schedule II**”).

Considering the applicability of Schedule II as mentioned above, in respect of certain class of assets – the Management has assessed the useful lives (as mentioned in the table below) lower than as prescribed in the Schedule II, based on the technical assessment.

Assets category	Useful life estimated by the management based on technical assessment (years)	Useful Life as per Schedule II (years)
Plant and machinery other than Mivon	15 years	15 years
Plant and machinery – Mivon	8 years	
Office equipment	5 years	5 years
Computers	3-6 years	3-6 years
Furniture and fixture	10 years	10 years
Vehicle	8 years	8 years

Leasehold improvements are amortized on over the period of lease.

Investment property

Recognition and initial measurement

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in Statement of Profit or Loss as incurred.

Considering the applicability of Schedule II as mentioned above, in respect of certain class of assets – the Management has assessed the remaining useful lives (as mentioned in the table below) lower than as prescribed in the Schedule II, based on the assessment of useful life of assets purchased.

Assets category	Useful life estimated by the management based on technical assessment (years)	Useful Life as per Schedule II (years)
Land	Not applicable	Not applicable
Building	60 years	60 years
Plant and machinery	15 years	15 years

Subsequent measurement (depreciation and useful lives)

Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Depreciation on investment properties is provided on the straight-line method, computed on the basis of useful lives prescribed in Schedule II to the Act.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

Investment properties are de-recognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in Statement of Profit and Loss in the period of de-recognition.

Intangible assets

Intangible assets comprise softwares including accounting software, related licences and implementation cost of accounting

software. Intangible assets are stated at cost of acquisition less impairment (if any) and include all attributable costs of bringing intangible assets to its working condition for its intended use. These are amortised over the estimated useful economic life, which are as follows:

Particulars	Life
Computer softwares	2-5 years
Brands/trademarks	4 years

Intangible asset is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the statement of profit and loss when the asset is derecognised.

Capital work-in-progress

Property plant and equipment under construction and cost of assets not ready for use before the year-end, are classified as capital work in progress.

Intangible assets under development

Intangible assets under development represent expenditure incurred during development phase in respect of intangible asset under development and are carried at amortized cost. Cost includes computer software's cost and its related acquisition expenses.

Impairment of non-financial assets

Goodwill

Goodwill is tested for impairment on annual basis. If on testing, any impairment exists, the carrying amount of goodwill is reduced to the extent of any impairment loss and such loss is recognized in the statement of profit and loss.

Other assets

At each balance sheet date, the Group assesses whether there is an indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and impairment loss is accordingly reversed in the Statement of Profit and Loss.

Leases

Group as a lessee – Right of use assets and lease liabilities

A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

Classification of leases

The Group enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/purchase etc.

Recognition and initial measurement of right of use assets

At lease commencement date, the Group recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

Subsequent measurement of right of use assets

The Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicators exist.

Lease liabilities

At lease commencement date, the Group measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Group's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Group has elected to account for short-term leases using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these short-term leases are recognised as an expense in statement of profit and loss on a straight-line basis over the lease term. Further, the Group has also elected to apply another practical expedient whereby it has assessed all the rent concessions occurring as a direct consequence of the COVID-19 pandemic, basis the following conditions prescribed under the standard: (i) the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change; (ii) any reduction in lease payments affects only payments originally due on or before September 30, 2022; and (iii) there is no substantive change to other terms and conditions of the lease.

If all the rent concessions meet the above conditions, then, the related rent concession has been recognised in statement of profit and loss.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. The respective leased assets are included in the balance sheet based on their nature. Rental income is recognized on straight-line basis over the lease-term.

Financial instruments

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the statement of profit and loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Non-derivative financial assets

Subsequent measurement

Financial assets carried at amortised cost – a financial asset is measured at amortised cost if both the following conditions are met: (i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and (ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Investments in other equity instruments – Investments in equity instruments which are held for trading are classified as at fair value through profit or loss. For all other equity instruments, the Group makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income or fair value through profit or loss. Amounts presented in other comprehensive income are not subsequently transferred to profit or loss. However, the Group transfers the cumulative gain or loss within equity. Dividends on such investments are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

Investments in mutual funds – Investments in mutual funds are measured at fair value through profit and loss.

De-recognition of financial assets

A financial asset is de-recognised when the contractual rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Non-derivative financial liabilities

Subsequent measurement

Subsequent to initial recognition, the measurement of financial liabilities depends on their classification, as described below:

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

Derivative Contracts

Derivatives embedded in all host contract (except asset) are separated only if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

Impairment of financial assets

The Group assesses on a forward-looking basis the expected credit losses associated with its financial assets and the impairment methodology depends on whether there has been a significant increase in credit risk.

Trade receivables

In respect of trade receivables, the Group applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets

In respect of its other financial assets, the Group assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Group measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Group uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Group compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Group assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

Inventories

Inventories comprises of following: (i) Projects in progress includes cost of land/development cost of land, internal development costs, external development charges, construction costs, development/construction materials, overheads, borrowing costs and other directly attributable expenses and is valued at cost or net realisable value (“**NRV**”), whichever is lower; (ii) Stock at site valued at cost or NRV, whichever is lower. Cost is determined on the basis of FIFO method. Cost includes purchase cost and expenses to bring it to current locations; (iii) Traded goods are valued at lower of cost or NRV. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average basis; (iv) Land received under collaboration arrangements is measured at fair value of consideration and is recognised as inventory at the time of the launch of the project. The non-refundable security deposit paid by the Company under the collaboration arrangements is classified as security deposit and presented in the balance sheet under the heading other current assets. These deposits are reclassified to inventory once letter of intent for granting license on said land is received from the authorities and at the time of the launch of the project, such deposit is adjusted with fair value of the consideration.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Borrowing costs

Borrowing costs directly attributable to the acquisition and/or construction/production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are charged to the statement of profit and loss as incurred. Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Foreign currency transaction and balances

Functional and presentation currency

The consolidated financial statements are presented in Indian Rupee which is also the functional and presentation currency of the Holding Company.

Transactions and balances

Foreign currency transactions are recorded in the functional currency, by applying the exchange rate between the functional currency and the foreign currency at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transactions.

Exchange differences arising on settlement of monetary items, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

Retirement and other employee benefits

Provident fund

The Group makes contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952, which is a defined contribution plan. The Group’s contributions paid/payable under the scheme is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Gratuity

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method.

Actuarial gains/losses resulting from re-measurements of the liability are included in other comprehensive income in the period in which they occur and are not reclassified to profit or loss in subsequent periods.

Compensated absences

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet

date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of profit and loss in the year in which such gains or losses are determined.

Other short-term benefits

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

Initial public offer related transaction costs

The expenses pertaining to initial public offer (“**IPO**”) includes expenses pertaining to fresh issue of equity shares and offer for sale by selling shareholders and has been accounted for as follows: (i) incremental costs that are directly attributable to issuing new shares has been deferred until successful consummation of IPO upon which it shall be deducted from equity; (ii) incremental costs that are not directly attributable to issuing new shares or offer for sale by selling shareholders, has been recorded as an expense in the statement of profit and loss as and when incurred; and (iii) costs that relate to fresh issue of equity shares and offer for sale by selling shareholders has been allocated between those functions on a rational and consistent basis as per agreed terms.

Brokerage

The brokerage cost incurred for obtaining the contract with customer is recognized as an asset as “*Prepaid Expenses*” under “*Other current assets*” and expensed off in the statement of profit and loss when the corresponding revenue for the contract is recognized and is presented under the head “*Other Expenses*”.

Provisions, contingent assets and contingent liabilities

Provisions are recognized only when there is a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of obligation can be made at the reporting date. Provisions are discounted to their present values, where the time value of money is material, using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liability is disclosed for (i) Possible obligations which will be confirmed only by future events not wholly within the control of the Group; or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

Income taxes

Tax expense comprises current and deferred tax. Current and deferred tax is recognised in statement of profit and loss except to the extent that it relates to items recognised directly in equity or other comprehensive income.

The current income-tax charge is calculated on the basis of the tax laws enacted at the balance sheet date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided in full, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to

the same taxation authority.

Minimum Alternate Tax (“MAT”) paid in a year is charged to the statement of profit and loss as current tax for the year. The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the respective entity will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the entity recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss and shown as part of deferred tax asset. The Group reviews the “MAT credit entitlement” asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

Recent accounting pronouncement

Amendment to Ind AS 16, Property, Plant and Equipment

The Ministry of Corporate Affairs (“MCA”) vide notification dated March 23, 2022, has issued an amendment to Ind AS 16 which specifies that an entity shall deduct from the cost of an item of property, plant and equipment any proceeds received from selling items produced while the entity is preparing the asset for its intended use (for example, the proceeds from selling samples produced when testing a machine to see if it is functioning properly). The Group is evaluating the requirement of the said amendment and its impact on these consolidated financial statements.

Amendments to Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets

The MCA vide notification dated March 23, 2022, has issued an amendment to Ind AS 37 which specifies that the cost of fulfilling a contract comprises: the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts. The Group is evaluating the requirement of the said amendment and its impact on these consolidated financial statements.

Amendments to Ind AS 103, Business Combinations

The MCA vide notification dated March 23, 2022, has issued an amendment to Ind AS 103 and has added a new exception in the standard for liabilities and contingent liabilities. The Group is evaluating the requirement of the said amendment and its impact on these consolidated financial statements.

Amendments to Ind AS 109, Financial Instruments

The MCA vide notification dated March 23, 2022, has issued an amendment to Ind AS 109 which clarifies the fees an entity should include when it applies the ‘10%’ test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other’s behalf. The Group is evaluating the requirement of the said amendment and its impact on these consolidated financial statements.

Non-GAAP Measures

EBITDA, Compounded Annual Growth Rate (“CAGR”), Adjusted Gross Profit, Adjusted Gross Profit Margin (%), Adjusted EBITDA, Adjusted EBITDA Margin (%), capital employed and assets turnover ratio, (collectively, “Non-GAAP Measures”), presented in this Red Herring Prospectus is a supplemental measure of our performance and liquidity that is not required by, or presented in accordance with, Ind AS, Indian GAAP, IFRS, US GAAP or any other GAAP. Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS, Indian GAAP, IFRS, US GAAP or any other GAAP and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the years/ period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, IFRS, US GAAP or any other GAAP. In addition, these Non-GAAP Measures are not standardised terms, hence a direct comparison of these Non-GAAP Measures between companies may not be possible. Other companies may calculate these Non-GAAP Measures differently from us, limiting its usefulness as a comparative measure. Although such Non-GAAP Measures are not a measure of performance calculated in accordance with applicable accounting standards, our Company’s management believes that they are useful to an investor in evaluating us as they are widely used measures to evaluate a company’s operating performance.

Reconciliation from GAAP to Non-GAAP

Reconciliation of EBITDA, Adjusted EBITDA and Adjusted EBITDA Margin to (Loss) After Tax

The table below reconciles (loss) after tax to EBITDA and Adjusted EBITDA. EBITDA is calculated as loss after tax plus tax expense, finance cost, depreciation and amortization expenses while Adjusted EBITDA Margin is the percentage of Adjusted EBITDA divided by revenue from operations.

Adjusted Gross Profit (3)	96.90	1,278.32	4,078.58	548.77%

- (1) Sales for any period refers to the value of residential and commercial units sold during a period where the booking amount has been received (net of any cancellations).
- (2) Gross Collections (net of cancellations) include collections towards residential and commercial units, other charges. Gross Collections do not include any indirect taxes.
- (3) Adjusted Gross Profit is calculated as revenue from real estate operations (comprises revenue from sale of real estate properties, forfeiture income/cancellation charges, compensation received on compulsory acquisition of land and other operating income related to real estate business)

less cost of sales relating to real estate operations (i.e. cost of sales as reduced by finance cost written off through cost of sales and cost of sales relating to contracting business).

Total Income

Total income increased by 68.78% from ₹ 9,396.00 million in Fiscal 2022 to ₹ 15,858.78 million in Fiscal 2023 primarily due to an increase in revenue from operations.

Revenue from Operations

Revenue from operations increased by 72.37% from ₹ 9,012.98 million in Fiscal 2022 to ₹ 15,535.70 million in Fiscal 2023 mainly attributable to increase in revenue recognized in real estate projects as per Ind AS 115.

Revenue from sale of real estate properties

Revenue from sale of real estate properties increased from ₹ 8,509.98 million in Fiscal 2022 to ₹ 15,190.02 million in Fiscal 2023 primarily due to revenue recognized in multiple real estate projects where occupancy certificate was received, whereas in Fiscal 2022 revenue was recognized in respect of certain real estate projects as per Ind AS 115.

Other Operating Revenue

Other operating revenue decreased by to ₹ 81.13 million in Fiscal 2023 compared to ₹ 182.77 million in Fiscal 2022 primarily on account of a decrease in (i) scrap sale by 16.61% to ₹ 26.96 million in Fiscal 2023 compared to ₹ 32.33 million in Fiscal 2022, and (ii) forfeiture income / cancellation charges / other service charges to ₹ 41.16 million in Fiscal 2023 compared to ₹ 137.63 million in Fiscal 2022 on account of possession and allied revenue from real estate projects.

Other Income

Other income decreased by 15.65% to ₹ 323.08 million in Fiscal 2023 compared to ₹ 383.02 million in Fiscal 2022, mainly on account of a decrease in gain on extinguishment of financial liability to nil in Fiscal 2023 compared to ₹ 131.39 million in Fiscal 2022 and decrease in provision no longer required written back to ₹ 8.95 million in Fiscal 2023 compared to ₹ 53.46 million in Fiscal 2022. This was partially offset by increase in interest income on bank deposits from ₹ 63.01 million in Fiscal 2022 to ₹ 143.82 million in Fiscal 2023 and interest income on delay in payment by customers from ₹ 78.01 million in Fiscal 2022 to ₹ 118.81 million in Fiscal 2023.

Expenses

Total expenses increased by 52.66% from ₹ 10,760.17 million in Fiscal 2022 to ₹ 16,426.28 million in Fiscal 2023, primarily due to increase in cost of revenue, employee benefits expense, finance costs, depreciation and amortization expense, impairment of goodwill and other expenses.

Cost of Revenue

Cost of revenue increased from ₹ 8,198.69 million in Fiscal 2022 to ₹ 12,551.42 million in Fiscal 2023, primarily due to cost recognition in proportion to increase in the revenue from real estate projects recognized during the year under Ind AS 115.

Employee Benefits Expenses

Employee benefits expenses charged to profit and loss account increased by 38.16% from ₹ 640.45 million in Fiscal 2022 to ₹ 884.85 million in Fiscal 2023 to net of allocation to project costs of ₹ 180.07 million in Fiscal 2023 in comparison to ₹ 146.78 million in Fiscal 2022. The amount of ₹ 180.07 million in Fiscal 2023 and ₹ 146.78 million in Fiscal 2022 were directly related to the construction of projects, and were accordingly transferred to project costs, and the rest has been charged to the profit and loss account. The total employee benefits expense has increased by 35.27% from ₹ 787.23 million in Fiscal 2022 to ₹ 1,064.92 million in Fiscal 2023, mainly due to an increase in salaries, wages and bonus by 33.90% from ₹ 754.86 million in Fiscal 2022 to ₹ 1,010.72 million in Fiscal 2023 on account of increase in employee count, salary increments corresponding to increase in business operations and consequent increase in contribution to provident and other funds by 21.90% from ₹ 10.23 million in Fiscal 2022 to ₹ 12.47 million in Fiscal 2023. Staff welfare expenses increased by 88.48% from ₹ 22.14 million in Fiscal 2022 to ₹ 41.73 million in Fiscal 2023, which is consequential to increase in employee count.

Finance Costs

Finance costs charged to profit and loss account increased by 5.50% from ₹ 691.25 million in Fiscal 2022 to ₹ 729.24 million in Fiscal 2023 due to higher allocation to project costs of ₹ 1,896.51 million in Fiscal 2023 compared to ₹ 1,509.30 million in Fiscal 2022. There was an increase in the interest expense on borrowings by 26.33% from ₹ 2,021.04 million in Fiscal 2022 to ₹ 2,553.13 million in Fiscal 2023 which was offset by a decrease in other borrowing costs to ₹ 49.96 million in Fiscal 2023 compared to ₹ 158.07 million in Fiscal 2022, on account of fresh borrowing made during the year.

Depreciation and Amortization Expense

Depreciation and amortization expense charged to profit and loss account increased by 7.03% from ₹ 207.26 million in Fiscal 2022 to ₹ 221.84 million in Fiscal 2023 net of allocation to project costs of ₹ 53.16 million in Fiscal 2023 in comparison to ₹ 64.91 million in Fiscal 2022. The total depreciation and amortization expense has increased marginally from ₹ 272.17 million in Fiscal 2022 to ₹ 275.00 million in Fiscal 2023 primarily due to (i) increase in depreciation on property, plant and equipment from ₹ 244.42 million in Fiscal 2022 to ₹ 244.81 million in Fiscal 2023, and (ii) an increase in depreciation on right of use assets from ₹ 21.06 million in Fiscal 2022 to ₹ 22.91 million in Fiscal 2023, on account of new leases executed during the year.

Loss on Fair Value of Valuation/extinguishment of Derivative Instruments

Loss on fair value change increased significantly from loss of ₹ 141.89 million in Fiscal 2022 to loss of ₹ 332.30 million in Fiscal 2023 primarily on account of fair valuation of CCDs in accordance with applicable provisions under Ind As.

Impairment Losses

Impairment losses on financial assets decreased significantly to ₹ 0.39 million in Fiscal 2023 compared to ₹ 12.54 million in Fiscal 2022 on account of a decrease allowance for expected credit loss toward non-banking financial company and others.

Other Expenses

Other expenses increased by 65.60% from ₹ 865.79 million in Fiscal 2022 to ₹ 1,433.73 million in Fiscal 2023, primarily on account of (i) increase in advertisement and publicity expenses by 10.17% from ₹ 334.80 million in Fiscal 2022 to ₹ 368.86 million in Fiscal 2023, on account of increase in business operations, (ii) increase in rates taxes from ₹ 60.48 million in Fiscal 2022 to ₹ 137.33 million in Fiscal 2023 on account of reversal of GST input credit on Completed Projects, (iii) increase in customer incentive charges from nil in Fiscal 2022 to ₹ 37.32 million in Fiscal 2023 account of amount paid/payable to customers on Completed Projects, (iv) increase in software implementation and services charges from ₹ 21.62 million in Fiscal 2022 to ₹ 54.52 million in Fiscal 2023 on account increase software implementation in our operations, and (v) commission and brokerage from ₹ 129.90 million in Fiscal 2022 to ₹ 465.36 million in Fiscal 2023 on account of brokerage recognized in proportion to increase in the revenue from real estate projects recognized during the year under Ind AS 115.

Loss before Tax

For the reasons discussed above, loss before tax and share of loss in associate was ₹ 567.50 million in Fiscal 2023 compared to loss before tax of ₹ 1,364.17 million in Fiscal 2022.

Tax Expense

Current tax - for the year increased from ₹ 1.65 million in Fiscal 2022 to ₹ 148.42 million in Fiscal 2023 while current tax - for earlier year increased from ₹ (16.31) million in Fiscal 2022 to ₹ 0.48 million in Fiscal 2023. Deferred tax credit increased from ₹ (194.51) million in Fiscal 2022 to ₹ (79.25) million in Fiscal 2023. As a result, total tax expense amounted to ₹ 69.65 million in Fiscal 2023 compared to total tax credit of ₹ 209.17 million in Fiscal 2022.

Loss after Tax

Our loss after tax was ₹ 637.15 million in Fiscal 2023 compared to a loss after tax of ₹ 1,155.00 million in Fiscal 2022.

Adjusted Earnings before Interest, Taxes, Depreciation and Amortization (Adjusted EBITDA)

Changes in Accounting Policies

There have been no changes in our accounting policies during Fiscals 2021, 2022 and 2023.

Quantitative and Qualitative Disclosures about Market Risk

Our principal financial liabilities comprise of trade payables, borrowings, lease liabilities and other financial liabilities. These financial liabilities are directly derived from its operations. Our principal financial assets include loans, other bank balances, other financial assets, trade receivables and cash and cash equivalents.

We are exposed to credit risk, liquidity risk and market risk. Our senior management oversees the management of these risks. Our senior management ensures that our financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with our policies and risk objectives.

Credit Risk

Credit risk is the risk of financial loss to our Company if a customer or counterparty to a financial asset fails to meet its contractual obligations. Our exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The carrying amounts of financial assets represent the maximum credit risk exposure. We monitor our exposure to credit risk on an ongoing basis. We assess and manage credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. We assign the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets being low credit risk; moderate credit risk; and high credit risk.

Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Our approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

Market Risk

Interest rate risk

Liabilities

Our focus is to minimise interest rate cash flow risk exposures on financing and interest rates are driven by loan documents signed with lenders.

Assets

Our fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

For further information, please see the section entitled “*Financial Statements - Restated Consolidated Financial Information – Note 41(C)-Financial risk management-Market risk*” on page 358.

Unusual or Infrequent Events or Transactions

Except as described in this Red Herring Prospectus, to our knowledge, there have been no unusual or infrequent events or transactions that have in the past or may in the future affect our business operations or future financial performance.

Significant Economic Changes that Materially Affect or are Likely to Affect Income from Continuing Operations

Our business has been subject, and we expect it to continue to be subject, to significant economic changes that materially affect or are likely to affect income from continuing operations identified above in the sections entitled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Significant Factors Affecting our Results of Operations and Financial Condition*” and the uncertainties described in “*Risk Factors*” on pages 427 and 30, respectively.

Known Trends or Uncertainties

Our business has been subject, and we expect it to continue to be subject, to significant economic changes arising from the trends identified above in the sections entitled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Significant Factors Affecting our Results of Operations and Financial Condition*” and the uncertainties described in “*Risk Factors*” on pages 427 and 30, respectively. To our knowledge, except as discussed in this Red Herring Prospectus, there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on revenues or income of our Company from continuing operations.

Future Relationship Between Cost and Income

Other than as described in the sections entitled “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 30, 174 and 424, respectively, to our knowledge there are no known factors that may adversely affect our business prospects, results of operations and financial condition.

New Products or Business Segments

Except as set out in this Red Herring Prospectus, we have not announced and do not expect to announce in the near future any new business segments.

Competitive Conditions

We operate in a competitive environment. Please see the section entitled “*Risk Factors*”, “*Industry Overview*”, “*Our Business*” and on pages 30, 132 and 174, respectively, for further details on competitive conditions that we face across our various business segments.

Segment Reporting

We are principally engaged in only one segment, ‘real estate and allied activities’ whereas we have three segments as per Ind AS 108 – (i) Real Estate; (ii) NBFC; and (iii) Others. We have operations only within India. Accordingly, the segment revenue, segment results, total carrying amount of segment assets and segment liability, total cost incurred to acquire segment assets and total amount of charge for depreciation during the period, is as reflected in the Restated Consolidated Financial Information.

For further information, please see the section entitled “*Financial Statements - Restated Consolidated Financial Information – Note 55-Segment information*” on page 413.

Significant Dependence on Single or Few Customers or Suppliers

Given the nature of our business operations, we do not believe our business is dependent on any single or a few customers or suppliers.

Seasonality/ Cyclicity of Business

Our sales depend on the launches of projects, and we do not believe that our business is seasonal. For further information, please see the sections entitled “*Industry Overview*” and “*Our Business*” on pages 132 and 174, respectively.

Significant Developments after March 31, 2023, that May Affect our Future Results of Operations

There have been no significant developments after March 31, 2023, that may affect our (i) tradability or profitability; (ii) value of assets; or (iii) our ability to pay our liabilities, except as disclosed below:

Recent Developments

Due to no new projects being launched during the quarter ended June 30 2023, the corresponding sales of units during the quarter ended June 30, 2023, may be lower than our sales in the quarter ended March 31, 2023. However, we expect our gross collections in the quarter ended June 30, 2023 to be higher than gross collections in the quarter ended March 31, 2023.

Further, we had not received any occupancy certificates for our real estate projects during the quarter ended June 30, 2023, compared with the quarter ended March 31, 2023. Accordingly, revenue recognition from our projects as per Ind-AS 115 is likely to be lower in the quarter ended June 30, 2023, than revenue recognition from our projects in the quarter ended March 31, 2023.

Though our revenue recognition from projects may be lower as per Ind-AS 115, however, owing to better product mix in revenue recognition, we expect to incur lower loss after tax in the quarter and three months ended June 30, 2023 compared with the loss after tax experienced in the quarter ended March 31, 2023. For further details, please refer to the section entitled “*Risk Factors – It is difficult to predict our future performance, or compare our historical performance between periods, as our revenue fluctuates significantly from period to period*” on page 40.

CAPITALISATION STATEMENT

The following table sets forth our capitalisation as of March 31, 2023, derived from our Restated Consolidated Financial Information, and as adjusted for the Issue. This table should be read in conjunction with the sections entitled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*”, “*Financial Statements*” and “*Risk Factors*” on pages 424, 268 and 30, respectively.

SECTION VI: LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated in this section, there are no outstanding (i) criminal proceedings; (ii) actions taken by statutory or regulatory authorities; (iii) claims related to direct and indirect taxes; and (iv) pending material litigation, in each case involving our Company, Directors, Promoters or Subsidiaries (“**Relevant Parties**”). Further, there are no disciplinary actions including penalty imposed by SEBI or stock exchanges against the Promoters in the last five Financial Years including outstanding action.

In relation to (iv) above, our Board in its meeting held on August 24, 2023, has considered and adopted a policy of materiality for identification of material civil litigation involving Relevant Parties (“**Materiality Policy**”).

In terms of the Materiality Policy:

- (i) any outstanding litigation involving Relevant Parties where the claim or dispute amount to the extent quantifiable, exceeds 1% of the consolidated revenue of our Company for Fiscal 2023 would be considered ‘material’ for disclosure in this Red Herring Prospectus.
- (ii) outstanding dues to any creditor of our Company having monetary value which exceeds 5% of the consolidated trade payables of our Company as per the latest Restated Financial Information shall be considered as ‘material’.

Our consolidated revenue for Fiscal 2023 as per the Restated Financial Information is ₹15,535.70 million. For details of our net worth, please see the section entitled “Other Financial Information” on page 423.

For the purposes of this Red Herring Prospectus, the following types of litigation involving the Relevant Parties have been disclosed as pending material litigation:

- (a) such matters where the claim / dispute amount exceeds ₹ 155.36 million, being 1% of the consolidated revenue of our Company for Fiscal 2023.
- (b) such matters where the claim / dispute amount does not exceed 1% of the consolidated revenue but where an adverse outcome would materially and adversely affect the business, operations or financial position or reputation of our Company and our Subsidiaries.
- (c) all outstanding civil litigation against the promoters and directors of our Company where the claim / dispute amount exceeds 1% of the consolidated revenue of the Company or where an adverse outcome would materially and adversely affect the Company.

It is clarified that for the purposes of the above, pre-litigation notices received by the Relevant Parties from third parties (excluding those notices issued by statutory, regulatory, taxation authorities or notices threatening criminal action) shall not, unless otherwise decided by our Board, be considered material until such time that any of the Relevant Parties, as applicable, is impleaded as a defendant in litigation before any judicial or arbitral forum.

We have also disclosed matters relating to direct and indirect taxes involving the Relevant Parties in a consolidated manner giving details of number of cases and total amount involved in such claims.

All terms defined in a particular litigation disclosure pertain to that litigation only. Unless stated to the contrary, the information provided below is as of the date of this Red Herring Prospectus.

I. Litigation involving our Company

Litigation against our Company

Civil proceedings

1. Dhanwant (“**Plaintiff**”) filed a suit against our Company (“**Defendant**”) before the Court of Civil Judge, Senior Division, Gurugram in relation to the title right over the property located at Village Kadarapur, Gurugram. The Plaintiff pleaded to be the rightful owner of the land and claimed that the transfer of land to the Defendant was undertaken fraudulently. Additionally, the Plaintiff prayed for declaration of ownership in its favour and interim injunction on construction activities undertaken by the Defendant on the property. In response to the above suit, the Defendant filed a written statement arguing that the suit filed by the Plaintiff is false, frivolous, vexatious, malafide, actuated with ulterior motives, devoid of any merits and without any cause of action as the plaintiff had already preferred an application under Order

VII Rule 11 of the Code of Civil Procedure, 1908. Further, the Defendant objected that the Plaintiff did not approach the court with clean hands and is guilty of suppression of truth. Also, the Defendant argued that the Plaintiff is disentitled from claiming injunction by virtue of his conduct and the relief is barred by the provisions of section 41(i) of the Specific Relief Act, 1963. Hence, the Defendant has prayed for the dismissal of the suit and grant of compensatory costs against the Plaintiff. The amount involved in the matter is ₹ 37.39 million. The matter is currently pending.

Consumer related matters

2. There are a total of 12 consumer related proceedings currently pending against our Company before various adjudicating authorities such as district consumer disputes redressal forum or consumer courts, wherein third party complainants (excluding those notices issued by statutory/ regulatory/ governmental/ tax authorities) have made allegations against our Company in relation to, among others, deficiency in providing proper and defects-free services, refund of booking amount upon cancellation of allotment, delay in refund of booking amount, and cancellation of allotments owing to default in payment of instalments by complainants. The aggregate amount involved in the matters is ₹ 11.92 million.

Real estate related matters

3. There are currently 39 real estate related proceedings pending before the Real Estate Regulatory Authority (“**RERA**”), wherein third party complainants (excluding those notices issued by statutory or regulatory or governmental or tax authorities) have made allegations against our Company in relation to, among others, cancellation of allotments, claim of interest on deposits owing to delayed possession, delay in completion of the relevant project and compensation in respect of such delay in completion of the project and possession of real estate units. The aggregate amount involved in the matters is ₹10.64 million.

Further, two complaints have been filed before the RERA against our Company by a third party complainant wherein no notice or intimation has been issued by the regulatory authority or third party complainant to us. The matter is currently pending.

Material Tax Matters

Litigation against our Company

1. Our company received a notice dated August 19, 2017, under section 143(2) of the Income Tax Act, 1961 (“**Income Tax Act**”) as the return of income filed by our Company for the assessment year 2016-2017 was selected for scrutiny under the Computer Assisted Scrutiny Selection (“**CASS**”). In order to verify the genuineness of the share capital and unsecured loans, show cause notice dated December 8, 2018, was issued to our Company seeking explanation for the identity, genuineness and creditworthiness of the shareholders and lenders. During the course of assessment proceedings, our Company was further asked to furnish the response in relation to the exempted income and expenses incurred with respect to the increase in share capital. Further, the Assessing Officer, New Delhi passed an order dated December 31, 2018, for adding an amount of ₹ 248.32 million to the total income of our Company on the basis of the assessment made under section 143(3) of the Income Tax Act. Additionally, penalty proceeding was initiated under section 271(1)(c) of the Income Tax Act as per the order. Our Company filed an appeal before the commissioner of income tax against the assessment order dated December 31, 2018, which was partly allowed pursuant to order dated September 16, 2019. Subsequently, the Assessing Officer, New Delhi filed an appeal dated October 25, 2019, before the Income Tax Appellate Tribunal, Delhi against the order dated September 16, 2019. The matter is currently pending.

VI. Material developments

Other than as stated in “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 424, there have not arisen, since the date of the last financial information disclosed in this Red Herring Prospectus, any circumstances which materially and adversely affect, or are likely to affect, our operations, our profitability or losses taken as a whole or the value of our consolidated assets or our ability to pay our liabilities within the next 12 months.

GOVERNMENT AND OTHER APPROVALS

We are required to obtain approvals at various stages of each of our projects, including upon completion of the respective projects or phases thereof. Bidders will be required to confirm and will be deemed to have represented to our Company, the Promoters, the Selling Shareholder, the Underwriters and their respective directors, officers, agents, affiliates, and representatives that they are eligible under all applicable laws, rules, regulations, guidelines and approvals to acquire the Equity Shares and will not issue, sell, pledge, or transfer the Equity Shares to any person who is not eligible under any applicable laws, rules, regulations, guidelines and approvals to acquire the Equity Shares. Our Company, the Selling Shareholder, the Underwriters and their respective directors, officers, agents, affiliates, and representatives accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire the Equity Shares.

The Book Running Lead Managers and their respective associates and affiliates in their capacity as principals or agents may engage in transactions with, and perform services for, our Company, its Subsidiaries, the Selling Shareholder, the Group Companies, affiliates or associates or third parties in the ordinary course of business and have engaged, or may in the future engage, in commercial banking and investment banking transactions with our Company, the Selling Shareholder, and their respective group companies, affiliates or associates or third parties, for which they have received, and may in the future receive, compensation.

Disclaimer in respect of Jurisdiction

This Offer is being made in India to persons resident in India (who are competent to contract under the Indian Contract Act, 1872, as amended, including Indian nationals resident in India, HUFs, companies, other corporate bodies and societies registered under the applicable laws in India and authorised to invest in shares, domestic Mutual Funds, Indian financial institutions, commercial banks, regional rural banks, co-operative banks (subject to RBI permission), or trusts under applicable trust law and who are authorised under their constitution to hold and invest in equity shares, multilateral and bilateral development financial institutions, state industrial development corporations, insurance companies registered with IRDAI, provident funds (subject to applicable law) and pension funds, National Investment Fund, insurance funds set up and managed by army, navy or air force of Union of India, insurance funds set up and managed by the Department of Posts, GoI, systemically important NBFCs registered with the RBI) and permitted Non-Residents including FPIs and Eligible NRIs, AIFs and all other eligible foreign investors, if any, provided that they are eligible under all applicable laws and regulations to purchase the Equity Shares. This Red Herring Prospectus does not constitute an offer to sell or an invitation to subscribe to Equity Shares offered hereby, in any jurisdiction to any person to whom it is unlawful to make an offer or invitation in such jurisdiction. Any person into whose possession this Red Herring Prospectus comes is required to inform him or herself about, and to observe, any such restrictions. Any dispute arising out of this Offer will be subject to the jurisdiction of appropriate court(s) in New Delhi only. This Red Herring Prospectus does not constitute an invitation to subscribe to or purchase the Equity Shares in the Offer in any jurisdiction, including India. Invitations to subscribe to or purchase the Equity Shares in the Offer will be made only pursuant to the Red Herring Prospectus if the recipient is in India or the preliminary offering memorandum for the Offer, which comprises the Red Herring Prospectus and the preliminary international wrap for the Offer, if the recipient is outside India.

No person outside India is eligible to Bid for Equity Shares in the Offer unless that person has received the preliminary offering memorandum for the Offer, which contains the selling restrictions for the Offer outside India.

Eligibility and Transfer Restrictions

The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States, and unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and in accordance with any applicable U.S. state securities laws. Accordingly, the Equity Shares are being offered and sold outside the United States in ‘offshore transactions’ in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where such offers and sales are made.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Until the expiry of 40 days after the commencement of this Offer, an offer or sale of Equity Shares within the United States by a dealer (whether or not it is participating in this Offer) may violate the registration requirements of the U.S. Securities Act if such an offer for sale is made otherwise than in compliance with the available exemptions from registration under the U.S. Securities Act.

All Equity Shares Offered and Sold in this Offer

Each purchaser that is acquiring the Equity Shares offered pursuant to this Offer outside the United States, by its acceptance of this Red Herring Prospectus and of the Equity Shares offered pursuant to this Offer, will be deemed to have acknowledged, represented to and agreed with our Company and the BRLMs that it has received a copy of this Red Herring Prospectus and such other information as it deems necessary to make an informed investment decision and that:

1. each of the acknowledgements, representations and agreements under the heading “- ***Eligibility and transfer restrictions***” on page 476;
2. the purchaser is purchasing the Equity Shares offered pursuant to this Offer in an offshore transaction meeting the requirements of Regulation S under the U.S. Securities Act;
3. the purchaser and the person, if any, for whose account or benefit the purchaser is acquiring the Equity Shares offered pursuant to this Offer, was located outside the United States at the time (i) the offer for such Equity Shares was made to it and (ii) when the buy order for such Equity Shares was originated and continues to be located outside the United States and has not purchased such Equity Shares for the account or benefit of any person in the United States or entered into any arrangement for the transfer of such Equity Shares or any economic interest therein to any person in the United States;

4. the purchaser agrees that no offer or sale of the Equity Shares to the purchaser is the result of any “directed selling efforts” in the United States (as such term is defined in Regulation S under the U.S. Securities Act) and neither the purchaser, nor any of its affiliates, nor any person acting on behalf of the purchaser or any of its affiliates, will make any “directed selling efforts” in the United States with respect to the Equity Shares;
5. the purchaser, and each account for which it is acting, satisfies (i) all suitability standards for investors in investments in the Equity Shares imposed by the jurisdiction of its residence, and (ii) is eligible to subscribe and is subscribing for the Equity Shares in compliance with applicable securities and other laws of their jurisdiction of residence;
6. our Company will not recognise any offer, sale, pledge or other transfer of such Equity Shares made other than in compliance with the above-stated restrictions; and
7. the purchaser acknowledges that our Company, the Selling Shareholder, the BRLMs, their respective affiliates and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that, if any of such acknowledgements, representations and agreements deemed to have been made by virtue of its purchase of such Equity Shares are no longer accurate, it will promptly notify our Company, and if it is acquiring any of such Equity Shares as a fiduciary or agent for one or more accounts, it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of such account.

Further, each Bidder where required must agree in the Allotment Advice that such Bidder will not sell or transfer any Equity Shares or any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares or any similar security, other than pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act.

European Economic Area

In relation to each European Economic Area State that has implemented the Prospectus Directive (Directive 2003/71/EC) and amendments thereto, including Directive 2010/73/EU and to the extent applicable, Prospectus Regulation (EU) 2017/1129 (each, a “**Relevant Member State**”), an offer to the public of any Equity Shares may be made at any time under the following exemptions under the Prospectus Regulations, if they have been implemented in that Relevant Member State:

- a. to any legal entity which is a qualified investor as defined under the Prospectus Regulations;
- b. to fewer than 150 natural or legal persons (other than qualified investors as defined under the Prospectus Directive), subject to obtaining the prior consent of the BRLMs; or
- c. in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Equity Shares shall result in a requirement for our Company or any BRLM to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 23 of the Prospectus Directive.

For the purposes of this paragraph, the expression an “offer to the public” in relation to the Equity Shares in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and any Equity Shares to be offered so as to enable an investor to decide to purchase or subscribe for any Equity Shares, and the expression “Prospectus Directive” means Regulation (EU) 2017/1129.

United Kingdom

No Equity Shares have been offered or will be offered pursuant to the Offer to the public in the United Kingdom prior to the publication of a prospectus in relation to the Equity Shares which has been approved by the Financial Conduct Authority or is to be treated as if it had been approved by the Financial Conduct Authority in accordance with the transitional provisions in Article 74 (transitional provisions) of the Prospectus Amendment etc. (EU Exit) Regulations 2019/1234, except that it may make an offer to the public in the United Kingdom of any Equity Shares at any time:

- (a) to any legal entity which is a qualified investor as defined under the UK Prospectus Regulation;
- (b) to fewer than 150 natural or legal persons (other than qualified investors as defined under Article 2 of the UK Prospectus Regulation), subject to obtaining the prior consent of BRLMs for any such offer; or
- (c) in any other circumstances falling within Section 86 of the FSMA.

Provided that no such offer of Equity Shares shall result in a requirement for our Company or any BRLM to publish a prospectus pursuant to Section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression an “offer to the public” in relation to the Equity Shares in the United Kingdom means the communication in any form and by any means of sufficient information on the terms of the offer and any Equity Shares to be offered so as to enable an investor to decide to purchase or subscribe for any Equity Shares and the expression “UK Prospectus Regulation” means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018.

Bidders are advised to ensure that any Bid from them does not exceed investment limits or the maximum number of Equity Shares that can be held by them under applicable law. Further, each Bidder where required must agree in the Allotment Advice that such Bidder will not sell or transfer any Equity Shares or any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares or any similar security, other than in accordance with applicable laws.

Mechanism for Redressal of Investor Grievances

The Registrar Agreement provides for the retention of records with the Registrar to the Offer for a period of at least eight years from the date of listing and commencement of trading of the Equity Shares on the Stock Exchanges, to enable the investors to approach the Registrar to the Offer for redressal of their grievances.

All grievances other than of Anchor Investors may be addressed to the Registrar to the Offer with a copy to the relevant Designated Intermediary to whom the ASBA Form was submitted. The Bidder should give full details such as name of the sole or first Bidder, ASBA Form number, Bidder DP ID, Client ID, PAN, address of the Bidder, number of the Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount through the UPI Mechanism), date of ASBA Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Offer.

All grievances of the Anchor Investors may be addressed to the Registrar to the Offer, giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders' DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the Managers where the Bid cum Application Form was submitted by the Anchor Investor.

In terms SEBI master circular SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023 and SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs at the rate higher of ₹100 or 15% per annum of the application amount in the events of delayed or withdrawal of applications, blocking of multiple accounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for the stipulated period. In an event there is a delay in redressal of the investor grievance, the Managers shall compensate the investors at a rate higher than ₹100 or 15% per annum of the application amount for the period of such delay. Further, in terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the Book Running Lead Managers, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

The Selling Shareholder has authorised our Company Secretary and Compliance Officer and the Registrar to the Offer to redress any complaints received from Bidders in respect of the Offer for Sale.

The Registrar to the Offer shall obtain the required information from the SCSBs and Sponsor Bank(s) for addressing any clarifications or grievances of ASBA Bidders. Our Company, the Book Running Lead Managers and the Registrar to the Offer accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI ICDR Regulations. Investors can contact our Company Secretary and Compliance Officer,

the Book Running Lead Managers or the Registrar to the Offer in case of any pre-Offer or post-Offer related problems such as non-receipt of letters of Allotment, non-credit of allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

Anchor Investors are required to address all grievances in relation to the Offer to the Book Running Lead Managers.

Disposal of Investor Grievances by our Company

Our Company has obtained authentication on the SCORES in terms of the SEBI circular no. CIR/OIAE/1/2013 dated April 17, 2013 and shall comply with the SEBI circular (CIR/OIAE/1/2014) dated December 18, 2014, SEBI circular SEBI/HO.OIAE/IGRD/CIR/P/2021/642 dated October 14, 2021, and SEBI circular SEBI/HO/OIAE/IGRD/P/CIR/2022/0150 dated November 7, 2022 in relation to redressal of investor grievances through SCORES.

Our Company estimates that the average time required by our Company or the Registrar to the Offer or the SCSB in case of ASBA Bidders, for the redressal of routine investor grievances shall be 10 Working Days from the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, our Company will seek to redress these complaints as expeditiously as possible.

Our Company has not received any investor grievances in the three-preceding date of the filing of this Red Herring Prospectus. As at the date of this Red Herring Prospectus there are no outstanding investor grievances.

Our Company has also appointed Meghraj Bothra, as the Company Secretary and Compliance Officer for the Offer. For details, please see the section entitled “*General Information*” on page 73.

Our Company has constituted a Stakeholders’ Relationship Committee comprising of Chandra Wadhwa, Pradeep Kumar Aggarwal and Ravi Aggarwal. For details, please see the section entitled “*Our Management - Stakeholders’ Relationship Committee*” on page 250.

Other confirmations

No person connected with the Offer, except for fees or commission for services rendered in relation to the Offer, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid.

Exemption from complying with any provisions of securities laws, if any, granted by SEBI

Our Company has not obtained any exemption from complying with any provisions of securities laws by SEBI.

SECTION VII: OFFER INFORMATION

TERMS OF THE OFFER

The Equity Shares being offered and Allotted pursuant to the Offer shall be subject to the provisions of the Companies Act, SEBI ICDR Regulations, SCRA, SCRR, the Memorandum of Association, Articles of Association, Listing Regulations, the terms of the Red Herring Prospectus, the Prospectus, the abridged prospectus, Bid cum Application Form, the Revision Form, the CAN/Allotment Advice and other terms and conditions as may be incorporated in other documents/certificates that may be executed in respect of the Offer. The Equity Shares shall also be subject to laws as applicable, guidelines, rules, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, the Government of India, the Stock Exchanges, the RBI, RoC and/or other authorities, as in force on the date of the Offer and to the extent applicable or such other conditions as may be prescribed by the SEBI, the Government of India, the Stock Exchanges, the RoC and/or any other authorities while granting its approval for the Offer.

The Offer

The Offer comprises a Fresh Issue by our Company and an Offer for Sale by the Selling Shareholder. Expenses for the Offer shall be shared amongst our Company and the Selling Shareholder in the manner specified in the section entitled “*Objects of the Offer - Offer Expenses*” on page 112 .

Ranking of Equity Shares

The Equity Shares being offered/Allotted and transferred pursuant to the Offer shall be subject to the provisions of the Companies Act, our Memorandum of Association and Articles of Association and shall rank *pari passu* in all respects with the existing Equity Shares including in respect of the right to receive dividend, voting and other corporate benefits, if any, declared by our Company after the date of Allotment. For further details, please see the section entitled “*Main Provisions of the Articles of Association*” on page 513.

Mode of Payment of Dividend

Our Company shall pay dividends, if declared, to the Shareholders in accordance with the provisions of the Companies Act, our Articles of Association and provisions of the SEBI Listing Regulations and any other guidelines or directions which may be issued by the Government in this regard. Dividends, if any, declared by our Company after the date of Allotment (pursuant to the transfer of Equity Shares from the Offer for Sale), will be payable to the Bidders who have been Allotted Equity Shares in the Offer, for the entire year, in accordance with applicable laws. For further details in relation to dividends, please see the sections entitled “*Dividend Policy*” and “*Main Provisions of the Articles of Association*” on pages 267 and 513, respectively.

Face Value, Offer Price and Price Band

The face value of each Equity Share is ₹1 and the Offer Price is ₹[●] per Equity Share. The Floor Price is ₹[●] per Equity Share and at the Cap Price is ₹[●] per Equity Share, being the Price Band. The Anchor Investor Offer Price is ₹[●] per Equity Share.

The Price Band and the minimum Bid Lot will be decided by our Company in consultation with the Book Running Lead Managers and advertised in all editions of Financial Express, an English national daily newspaper, and all editions of Jansatta, a Hindi national daily newspaper (Hindi also being the regional language of National Capital Territory of Delhi and Haryana, where our Registered Office is located) each with wide circulation, at least two Working Days prior to the Bid/Offer Opening Date and shall be made available to the Stock Exchanges for the purpose of uploading the same on their websites. The Price Band, along with the relevant financial ratios calculated at the Floor Price and at the Cap Price, shall be pre-filled in the Bid cum Application Forms available on the websites of the Stock Exchanges. The Offer Price shall be determined by our Company in consultation with the Book Running Lead Managers, after the Bid/Offer Closing Date.

At any given point of time there shall be only one denomination of Equity Shares.

Compliance with disclosure and accounting norms

Our Company shall comply with all disclosure and accounting norms as specified by SEBI from time to time.

Rights of the Equity Shareholders

Subject to applicable laws, rules, regulations and guidelines and our Articles of Association, our Shareholders shall have the following rights:

- Right to receive dividends, if declared;
- Right to attend general meetings and exercise voting rights, unless prohibited by law;
- Right to vote on a poll either in person or by proxy and “e-voting”, in accordance with the provisions of the Companies Act;
- Right to receive offers for rights shares and be allotted bonus shares, if announced;
- Right to receive surplus on liquidation, subject to any statutory and preferential claim being satisfied;
- Right of free transferability of Equity Shares;
- Right of free transferability of Equity Shares, subject to applicable laws; and
- Such other rights, as may be available to a shareholder of a listed public company under the Companies Act, the Listing Regulations, our Articles of Association and other applicable laws.

For a detailed description of the main provisions of the Articles of Association of our Company relating to voting rights, dividend, forfeiture and lien, transfer, transmission, consolidation or sub-division, please see the section entitled “*Main Provisions of the Articles of Association*” on page 513.

Allotment only in Dematerialised Form

Pursuant to Section 29 of the Companies Act and the SEBI ICDR Regulations, the Equity Shares shall be Allotted only in dematerialised form. As per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form. In this context, two agreements have been signed amongst our Company, the respective Depositories and the Registrar to the Offer:

- Tripartite agreement dated May 6, 2022, amongst our Company, CDSL and the Registrar to the Offer; and
- Tripartite agreement dated May 10, 2022, between our Company, NSDL and the Registrar to the Offer.

Market Lot and Trading Lot

Since trading of the Equity Shares is in dematerialised form, the tradable lot is one Equity Share. Allotment in the Offer will be only in electronic form in multiples of one Equity Share subject to a minimum Allotment of [●] Equity Shares. For further details, please see the section entitled “*Offer Procedure*” on page 495.

Jurisdiction

Exclusive jurisdiction for the purpose of the Offer is with the competent courts/authorities in New Delhi, India.

Joint Holders

Subject to the provisions contained in our Articles of Association, where two or more persons are registered as the holders of the Equity Shares, they shall be entitled to hold the same as joint holders with benefits of survivorship.

Nomination facility to Bidders

In accordance with Section 72 of the Companies Act read with the Companies (Share Capital and Debentures) Rules, 2014, as amended, the sole Bidder, or the first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale, transfer or alienation of Equity Share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon the production of such evidence as may be required by our Board, elect either:

- (a) to register himself or herself as the holder of the Equity Shares; or
- (b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, our Board may thereafter withhold payment of all dividends, interests, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialised mode there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Bidder would prevail. If the Bidder wants to change their nomination, they are requested to inform their respective Depository Participant.

Withdrawal of the Offer

Our Company in consultation with the Book Running Lead Managers, reserve the right not to proceed with the Fresh Issue, and the Selling Shareholder reserve the right to not proceed with the Offer for Sale, in whole or in part thereof, after the Bid/Offer Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Offer advertisements were published, within two days of the Bid/Offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer. The Book Running Lead Managers through the Registrar to the Offer, shall notify the SCSBs and the Sponsor Bank(s), in case of UPI Bidders using the UPI Mechanism, to unblock the bank accounts of the ASBA Bidders and shall notify the Escrow Banks to release the Bid Amounts to the Anchor Investors, within one Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, the Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment, and (ii) the final RoC approval of the Prospectus after it is filed with the RoC. If our Company in consultation with the Book Running Lead Managers, withdraw the Offer after the Bid/Offer Closing Date and thereafter determine that they will proceed with a public offering of the Equity Shares, our Company shall file a fresh draft red herring prospectus with SEBI and the Stock Exchanges.

1. UPI mandate end time and date shall be at 5.00 pm on the Bid/ Offer Closing Date i.e. September 22, 2023.

* In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding three Working Days from the Bid/Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding three Working Days from the Bid/Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLMs shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. The Bidder shall be compensated in the manner specified in the master circular bearing no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI Circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI Circular No: SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/76 dated May 30, 2022, which for the avoidance of doubt, shall be deemed to be incorporated in the deemed agreement of the Company with the SCSBs, to the extent applicable.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, read with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.

The above timetable is indicative and does not constitute any obligation or liability on our Company or the Selling Shareholder or the Book Running Lead Managers.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within such time as prescribed by SEBI, the timetable may be subject to change due to various factors, such as extension of the Bid/Offer Period by our Company, in consultation with the Book Running Lead Managers, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchanges or delay in receipt of final certificates from SCSBs, etc. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws. The Selling Shareholder confirms that it shall extend reasonable co-operation to the extent of its respective portion of the Offered Shares as may be required by our Company and the Book Running Lead Managers to facilitate the completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchanges within such time as may be prescribed by SEBI.

Any circulars or notifications from the SEBI after the date of this Red Herring Prospectus may result in changes to the listing timelines. Further, the offer procedure is subject to change to any revised circulars issued by the SEBI to this effect.

In terms of the UPI Circulars, in relation to the Offer, the Book Running Lead Managers will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding three Working Days from the Bid/Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding three Working Days from the Bid/Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The Book Running Lead Managers shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

Submission of Bids (other than Bids from Anchor Investors):

Bid/Offer Period (except the Bid/Offer Closing Date)	
Submission and Revision in Bids	Only between 10.00 a.m. and 5.00 p.m. IST
Bid/Offer Closing Date*	
Submission and Revision in Bids	Only between 10.00 a.m. and 3.00 p.m. IST

* UPI mandate end time and date shall be at 5.00 pm on the Bid/ Offer Closing Date.

On the Bid/Offer Closing Date, the Bids shall be uploaded until:

- (i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- (ii) 5.00 p.m. IST or such extended time as permitted by the Stock Exchanges, in case of Bids by RIBs.

On Bid/Offer Closing Date, extension of time will be granted by Stock Exchanges only for uploading Bids received by RIBs after taking into account the total number of Bids received and as reported by the Book Running Lead Managers to the Stock Exchanges.

The Registrar to the Offer shall submit the details of cancelled/withdrawn/deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/Offer Opening Date till the Bid/Offer Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the Book Running Lead Managers and the RTA on a daily basis.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Offer Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Offer Closing Date. Any time mentioned in this Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Offer Closing Date, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Offer. Bids will be accepted only during Monday to Friday (excluding any public holiday).

None of our Company, the Selling Shareholder or any member of the Syndicate is liable for any failure in uploading the Bids due to faults in any software or hardware system or blocking of application amount by SCSBs on receipt of instructions from the Sponsor Bank(s) due to any errors, omissions, or otherwise non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid cum Application Form, for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

Our Company in consultation with the Book Running Lead Managers, reserve the right to revise the Price Band during the Bid/Offer Period in accordance with the SEBI ICDR Regulations. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly, but the Floor Price shall not be less than the Face Value of the Equity Shares. In all circumstances, the Cap Price shall be less than or equal to 120% of the Floor Price. Provided that the Cap Price shall be at least 105 % of the Floor Price.

In case of any revision to the Price Band, the Bid/Offer Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Offer Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company may, for reasons to be recorded in writing, extend the Bid/Offer Period for a minimum of three Working Days, subject to the Bid/Offer Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Offer Period, if applicable, will be widely disseminated by notification to the Stock Exchanges, by issuing a public notice, and also by indicating the change on the respective websites of the Book Running Lead Managers and at the terminals of the Syndicate Members and by intimation to Self-Certified Syndicate Banks (“SCSBs”), other Designated Intermediaries and the Sponsor Bank(s), as applicable.

Minimum Subscription

If our Company does not receive the minimum subscription in the Offer as specified under Rule 19(2)(b) of the SCRR or the minimum subscription of 90% of the Fresh Issue on the Bid/Offer Closing Date; or subscription level falls below aforesaid minimum subscription after the Bid/Offer Closing Date due to withdrawal of Bids or technical rejections or any other reason; or in case of devolvement of Underwriting, aforesaid minimum subscription is not received within such period as prescribed under applicable law or if the listing or trading permission is not obtained from the Stock Exchanges for the Equity Shares in the Offer, our Company shall forthwith refund the entire subscription amount received in accordance with applicable law including the SEBI master circular bearing no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023. If there is a delay beyond four days after our Company becomes liable to pay the amount, our Company and every Director of our Company, who are officers in default, shall pay interest at the rate of 15% per annum.

The requirement for minimum subscription is not applicable to the Offer for Sale. In case of under-subscription in the Offer, after meeting the minimum subscription requirement of 90% of the Fresh Issue, the balance subscription in the Offer will be met in the following order of priority: (i) through the sale of Offered Shares being offered by the Selling Shareholder in the Offer for Sale; and (ii) through the issuance of balance part of the Fresh Issue.

Undersubscription, if any, in any category except the QIB portion, would be met with spill-over from the other categories at the discretion of our Company in consultation with the Book Running Lead Managers, and the Designated Stock Exchange.

Further, our Company shall ensure that the number of prospective Allottees to whom the Equity Shares will be Allotted shall not be less than 1,000 in compliance with Regulation 49(1) of SEBI ICDR Regulations.

Arrangements for Disposal of Odd Lots

Since the Equity Shares will be traded in dematerialised form only, and the market lot for our Equity Shares will be one Equity Share, no arrangements for disposal of odd lots are required.

New Financial Instruments

Our Company is not issuing any new financial instruments through this Offer.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for the lock-in of the pre-Offer Equity Share capital of our Company, lock-in of the Promoter’s minimum contribution and the Anchor Investor lock-in as provided in the section entitled “*Capital Structure*” on page 81 and except as provided in the Articles of Association, there are no restrictions on transfer or transmission of Equity Shares and their consolidation or sub-

division. For details please see the section entitled “*Main Provisions of the Articles of Association*” on page 513.

* Assuming full subscription in the Offer

Our Company in consultation with the Book Running Lead Managers may allocate up to 60% of the QIB Category to Anchor Investors at the Anchor Investor Offer Price, on a discretionary basis, subject to there being (i) a maximum of two Anchor Investors, where allocation in the Anchor Investor Portion is up to ₹100 million, (ii) minimum of two and maximum of 15 Anchor Investors, where the allocation under the Anchor Investor Portion is more than ₹100 million but up to ₹2,500 million under the Anchor Investor Portion, subject to a minimum Allotment of ₹50 million per Anchor Investor, and

(iii) in case of allocation above ₹2,500 million under the Anchor Investor Portion, a minimum of five such investors and a maximum of 15 Anchor Investors for allocation up to ₹2,500 million, and an additional 10 Anchor Investors for every additional ₹2,500 million or part thereof will be permitted, subject to minimum allotment of ₹50 million per Anchor Investor. An Anchor Investor will make a minimum Bid of such number of Equity Shares, that the Bid Amount is at least ₹100 million. One-third of the Anchor Investor Portion will be reserved for domestic Mutual Funds, subject to valid Bids being received at or above the price at which allocation is made to Anchor Investors.

- (1) Subject to valid Bids being received at or above the Offer Price. This Offer is made in accordance with the Rule 19(2)(b) of the SCRR and is being made through the Book Building Process, in compliance with Regulation 6(2) of the SEBI ICDR Regulations wherein not less than 75% of the Offer shall be allocated on a proportionate basis to QIBs, provided that our Company in consultation with the Book Running Lead Managers, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allotment in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis only to Mutual Funds, and spill-over from the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. Further, not more than 15% of the Offer shall be available for allocation on a proportionate basis to Non-Institutional Investors and not more than 10% of the Offer shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Offer Price.
- (2) Anchor Investors are not permitted to use the ASBA process.
- (3) In case of joint Bids, the Bid cum Application Form should contain only the name of the first Bidder whose name should also appear as the first holder of the beneficiary account held in joint names. The signature of only such first Bidder would be required in the Bid cum Application Form and such first Bidder would be deemed to have signed on behalf of the joint holders.
- (4) Full Bid Amount shall be payable by the Anchor Investors at the time of submission of the Anchor Investor Application Forms provided that any difference between the Anchor Investor Allocation Price and the Anchor Investor Offer Price shall be payable by the Anchor Investor Pay-In Date as indicated in the CAN.
- (5) The Bids by FPIs with certain structures as described under "Offer Procedure - Bids by FPIs" on page 500 and having same PAN may be collated and identified as a single Bid in the Bidding process. The Equity Shares Allocated and Allotted to such successful Bidders (with same PAN) may be proportionately distributed.

Bidders will be required to confirm and will be deemed to have represented to our Company, the Selling Shareholder, the Underwriters, their respective directors, officers, agents, affiliates and representatives that they are eligible under applicable law, rules, regulations, guidelines and approvals to acquire the Equity Shares.

Subject to valid Bids being received at or above the Offer Price, undersubscription, if any, in any category except the QIB Portion, would be met with spill-over from the other categories or a combination of categories at the discretion of our Company, in consultation with the Book Running Lead Managers, and the Designated Stock Exchange, on a proportionate basis. For further details, please see the section entitled "Terms of the Offer" on page 486.

All Bidders should read the General Information Document, which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations, and is part of the abridged prospectus accompanying the Bid cum Application Form. The General Information Document is available on the websites of the Stock Exchanges and the Book Running Lead Managers. Please refer to the relevant provisions of the General Information Document which are applicable to the Offer.

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Offer; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Bidders/Applicants; (v) issuance of CAN and Allotment in the Offer; (vi) general instructions (limited to instructions for completing the Bid cum Application Form); (vii) submission of Bid cum Application Form; (viii) designated date; (ix) disposal of applications; (x) submission of Bid cum Application Form; (xi) other instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds); (xii) applicable provisions of the Companies Act, 2013 relating to punishment for fictitious applications; (xiii) mode of making refunds; and (xiv) interest in case of delay in allotment or refund.

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018, read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIBs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, had decided to continue with the UPI Phase II till further notice. The final reduced timeline was notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 and made effective on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023. The Offer will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and the provisions of this circular, as amended, are deemed to form part of this Red Herring Prospectus. Further, the processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

Pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories). Accordingly, Stock Exchanges shall, for all categories of investors viz. Retail, QIB, NII and other reserved categories and also for all modes through which the applications are processed, accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked.

Our Company, the Selling Shareholder and the members of the Syndicate are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Red Herring Prospectus and the Prospectus. SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, has introduced certain additional measures for streamlining the process of initial public offers with UPI and ASBA and redress investor grievances. This circular shall come into force for initial public offers opening on/after May 1, 2021, and the provisions of this circular are deemed to form part of this red herring prospectus.

Further, our Company, the Selling Shareholder and the Syndicate are not liable for any adverse occurrences consequent to the

implementation of the UPI Mechanism for application in this Offer.

Book Building Procedure

The Offer is being made through the Book Building Process in accordance with Regulation 6(2) of the SEBI ICDR Regulations wherein not less than 75% of the Offer shall be allocated on a proportionate basis to QIBs, provided that our Company in consultation with the Book Running Lead Managers, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allotment in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis only to Mutual Funds, and spill-over from the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. Further, not more than 15% of the Offer shall be available for allocation on a proportionate basis to Non-Institutional Investors (out of which one third shall be reserved for Bidders with Bids exceeding ₹ 0.2 million up to ₹ 1 million and two-thirds shall be reserved for Bidders with Bids exceeding ₹ 1 million) however the unsubscribed portion in either of the sub-categories mentioned herein may be allocated to applicants in the other sub-category of Non-Institutional Investors and not more than 10% of the Offer shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Offer Price.

Subject to valid Bids being received at or above the Offer Price, under-subscription, if any, in any category except in the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories, at the discretion of our Company in consultation with the Book Running Lead Managers, and the Designated Stock Exchange and subject to applicable laws. Under-subscription, if any, in the QIB Portion, would not be allowed to be met with spill-over from any other category or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialised segment of the Stock Exchanges.

Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms, which do not have the details of the Bidders' depository account, including DP ID, Client ID, UPI ID (in case of UPI Bidders using the UPI Mechanism) and PAN, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialised subsequent to Allotment of the Equity Shares in the Offer, subject to applicable laws.

Phased implementation of UPI for Bids by RIBs as per the UPI Circulars

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles by introducing an alternate payment mechanism using UPI. Pursuant to the UPI Circulars, UPI has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced and implemented the UPI payment mechanism in three phases in the following manner:

- (a) **Phase I:** This phase was applicable from January 1, 2019, until March 31, 2019, or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended until June 30, 2019. Under this phase, a RIB also had the option to submit the ASBA Form with any of the intermediary and use his /her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing would continue to be six Working Days.
- (b) **Phase II:** This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, pursuant to SEBI circular dated March 30, 2020, this phase was extended till further notice. Under this phase, submission of the ASBA Form without UPI by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds was discontinued and replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continued to be six Working Days during this phase.
- (c) **Phase III:** This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023. In this phase, the time duration from public issue closure to listing has been reduced to three Working Days.

Pursuant to the UPI Circulars, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circulars include appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law.

Additionally, if there is any delay in the redressal of investors' complaints, the relevant SCSB as well as the post-Offer BRLM will be required to compensate the concerned investor.

The Offer will be made under UPI Phase II of the UPI Circular.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI. The issuers will be required to appoint one of the SCSBs as a sponsor bank(s) to act as conduits between the Stock Exchanges and NPCI in order to facilitate collection of requests and /or payment instructions of the UPI Bidders using the UPI.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Book Running Lead Managers.

Bid cum Application Form

Copies of the Bid cum Application Form (other than for Anchor Investors) and the abridged prospectus will be available with the Designated Intermediaries at the relevant Bidding Centres, and at our Registered Office. An electronic copy of the Bid cum Application Form will also be available for download on the websites of NSE (www.nseindia.com) and BSE (www.bseindia.com) at least one day prior to the Bid /Offer Opening Date.

All Bidders (other than Anchor Investors) shall mandatorily participate in the Offer only through the ASBA process. ASBA Bidders must provide either (i) the bank account details and authorisation to block funds in their respective ASBA Form, or (ii) the UPI ID (in case of UPI Bidders), as applicable, in the relevant space provided in the ASBA Form. The ASBA Forms that do not contain such details will be rejected. Applications made by the RIBs using third party bank account or using third party linked bank account UPI ID are liable for rejection. Anchor Investors are not permitted to participate in the Offer through the ASBA process. The ASBA Bidders shall ensure that they have sufficient balance in their bank accounts to be blocked through ASBA for their respective Bid as the application made by a Bidder shall only be processed after the Bid amount is blocked in the ASBA account of the Bidder pursuant to SEBI circular number SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022.

ASBA Bidders shall ensure that the Bids are made on ASBA Forms bearing the stamp of the Designated Intermediary, submitted at the Bidding Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp are liable to be rejected. UPI Bidders using UPI Mechanism, shall submit their ASBA Forms with Syndicate Members, Registered Brokers, RTA or Depository Participants. ASBA Bidders are also required to ensure that the ASBA Account has sufficient credit balance as an amount equivalent to the full Bid Amount which can be blocked by the SCSB.

For Anchor Investor, the Anchor Investor Application Form will be available at the offices of the Book Running Lead Managers.

The prescribed colour of the Bid cum Application Form for the various categories is as follows:

Category	Colour of Bid cum Application Form*
Resident Indians, including QIBs, Non-institutional Investors and Retail Individual Investors, each resident in India and Eligible NRIs applying on a non-repatriation basis	White
Non-Residents including Eligible NRIs, their sub-accounts (other than sub-accounts which are foreign corporates or foreign individuals under the QIB Portion), FPIs or FVCIs registered multilateral and bilateral development financial institutions applying on a repatriation basis	Blue
Anchor Investors	White**

* Excluding electronic Bid cum Application Form.

** Bid cum Application Forms for Anchor Investors will be made available at the office of the Book Running Lead Managers.

Electronic Bid cum Application forms will also be available for download on the website of NSE (www.nseindia.com) and BSE (www.bseindia.com).

In case of ASBA forms, the relevant Designated Intermediaries shall upload the relevant bid details in the electronic bidding system of the Stock Exchanges. For UPI Bidders using UPI Mechanism, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank(s) on a continuous basis to enable the Sponsor Bank(s) to initiate UPI Mandate

Request to UPI Bidders for blocking of funds. For ASBA Forms (other than UPI Bidders using UPI Mechanism) Designated Intermediaries (other than SCSBs) shall submit/deliver the ASBA Forms to the respective SCSB where the Bidder has an ASBA bank account and shall not submit it to any non-SCSB bank or any Escrow Collection Bank.

For ensuring timely information to investors, SCSBs shall send SMS alerts for mandate block and unblock including details specified in SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.

The Sponsor Bank(s) shall host a web portal for intermediaries (closed user group) from the date of Bid/Offer Opening Date till the date of listing of the Equity Shares with details of statistics of mandate blocks/unblocks, performance of apps and UPI handles, down-time/network latency (if any) across intermediaries and any such processes having an impact/bearing on the Offer Bidding process.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such banks provide a written confirmation on compliance with SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and such payment of processing fees to the SCSBs shall be made in compliance with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.

For all pending UPI Mandate Requests, the Sponsor Bank shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 5:00 pm on the Bid/Issue Closing Date (“**Cut-Off Time**”). Accordingly, UPI Bidders should accept UPI Mandate Requests for blocking off funds prior to the Cut-Off Time and all pending UPI Mandate Requests at the Cut-Off Time shall lapse.

Electronic registration of Bids

- (a) The Designated Intermediary may register the Bids using the on-line facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Bids, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Book Building on a regular basis before the closure of the Offer.
- (b) On the Bid/Offer Closing Date, the Designated Intermediaries may upload the Bids till such time as may be permitted by the Stock Exchanges and as disclosed in the Red Herring Prospectus.
- (c) Only Bids that are uploaded on the Stock Exchanges Platform are considered for allocation/Allotment. The Designated Intermediaries shall modify select fields uploaded in the Stock Exchange Platform during the Bid/Offer Period till 5.00 pm on the Bid/Offer Closing Date after which the Stock Exchange(s) send the bid information to the Registrar to the Offer for further processing

- (iv) FPIs sponsored by the entities which are associate of the Book Running Lead Managers.

Further, the Promoter and members of the Promoter Group shall not participate by applying for Equity Shares in the Offer. Further, persons related to the Promoter and Promoter Group shall not apply in the Offer under the Anchor Investor Portion.

However, a qualified institutional buyer who has any of the following rights in relation to the Company shall be deemed to be a person related to the Promoter or Promoter Group of our Company:

- (i) rights under a shareholders' agreement or voting agreement entered into with the Promoter or Promoter Group of our Company;
- (ii) veto rights; or
- (iii) right to appoint any nominee director on our Board.

Further, an Anchor Investor shall be deemed to be an "associate of the Book Running Lead Manager" if:

- (i) either of them controls, directly or indirectly through its subsidiary or holding company, not less than 15% of the voting rights in the other; or
- (ii) either of them, directly or indirectly, by itself or in combination with other persons, exercises control over the other; or
- (iii) there is a common director, excluding nominee director, amongst the Anchor Investors and the Book Running Lead Managers.

Bids by Mutual Funds

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Managers, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which such Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its NAV in equity shares or equity-related instruments of any single company, provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

Bids by Eligible NRIs

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (white in colour). Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents (blue in colour).

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders Bidding through the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorize their respective SCSBs (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders Bidding through the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Offer shall be subject to the FEMA Rules.

NRIs will be permitted to apply in the Offer through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Offer, provided the UPI facility is enabled for their NRE/NRO accounts.

For details of restrictions on investment by NRIs, please see the section entitled "*Restrictions on Foreign Ownership of Indian Securities*" on page 512.

Participation of Eligible NRIs in the Offer shall be subject to the FEMA Rules.

Bids by HUFs

Hindu Undivided Families or HUFs, in the individual name of the *Karta*. The Bidder/applicant should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or first Bidder/applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the *Karta*”. Bids/Applications by HUFs may be considered at par with Bids/Applications from individuals.

Bids by FPIs

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our total paid-up Equity Share capital on a fully diluted basis. Further, in terms of the FEMA Rules, the total holding by each FPI shall be less than 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Offer are advised to use the Bid cum Application Form for Non-Residents (blue in colour).

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

Bids by following FPIs, submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids:

As specified in 4.1.4.2 (b)(i) and 4.1.4.2 (c)(iv) of the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Bids from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of SEBI FPI Regulations (“**MIM Structure**”), provided such Bids have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Bids received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Bids are liable to be rejected. Further, in the following cases, the bids by FPIs will not be considered as multiple Bids: involving (i) the MIM Structure and indicating the name of their respective investment managers in such confirmation; (ii) offshore derivative instruments (“**ODI**”) which have obtained separate FPI registration for ODI and proprietary derivative investments; (iii) sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration; (iv) FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager; (v) multiple branches in different jurisdictions of foreign bank registered as FPIs; (vi) Government and Government related investors registered as Category 1 FPIs; and (vii) Entities registered as Collective Investment Scheme having multiple share classes.

FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to *inter alia* the following conditions:

- (a) such offshore derivative instruments are transferred only to persons in accordance with Regulation 22(1) of the SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Participation of FPIs in the Offer shall be subject to the FEMA Rules.

Bids under Power of Attorney

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, eligible FPIs, AIFs, Mutual Funds, insurance companies, insurance funds set up by the army, navy or air force of India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of ₹250 million and pension funds with a minimum corpus of ₹250 million (in each case, subject to applicable law and in accordance with their respective constitutional documents), a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws, as applicable must be lodged along with the Bid cum Application Form. Failing this, our Company and Selling Shareholder reserve the right to accept or reject any Bid in whole or in part, in either case, without assigning any reasons thereof.

Our Company in consultation with the Book Running Lead Managers in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form.

Bids by SEBI registered VCFs, AIFs and FVCIs

The SEBI FVCI Regulations, *inter alia*, prescribe the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Accordingly, the holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds in various prescribed instruments, including in public offerings.

Category I AIFs and Category II AIFs cannot invest more than 25% of the investible funds in one investee company. A category III AIF cannot invest more than 10% of the investible funds in one investee company. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Pursuant to the repeal of the SEBI VCF Regulations, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. Our Company, the Selling Shareholder, and the Book Running Lead Managers will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Participation of VCFs, AIFs or FVCIs in the Offer shall be subject to the FEMA Rules.

All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

Bids by Limited Liability Partnerships

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Managers, reserve the right to reject any Bid without assigning any reason thereof.

Bids by Banking Companies

In case of Bids made by banking companies registered with the RBI, certified copies of (i) the certificate of registration issued by the RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Managers, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended, (the "**Banking Regulation Act**"), and the Master Directions - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the bank's own paid-up share capital and reserves, whichever is lower. Further,

the aggregate investment by a banking company in subsidiaries and other entities engaged in financial services company cannot exceed 20% of the investee company's paid up share capital and reserves. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt/corporate debt restructuring/strategic debt restructuring, or to protect the bank's interest on loans/investments made to a company; or (iii) hold along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, such limits shall not apply to categorised covered in (i) and (ii) above. The bank is required to submit a time-bound action plan for disposal of such shares within a specified period to the RBI. A banking company would require a prior approval of the RBI to make (i) investment in excess of 30% of the paid-up share capital of the investee company, (ii) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exceptions prescribed), and (iii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended.

Bids by SCSBs

SCSBs participating in the Offer are required to comply with the terms of the circulars bearing numbers CIR/CFD/DIL/12/2012 and CIR/CFD/DIL/1/2013 dated September 13, 2012, and January 2, 2013, respectively, issued by SEBI. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

For more information, please read the General Information Document.

The information set out above is given for the benefit of the Bidders. Our Company, the Selling Shareholder, and the Book Running Lead Managers are not liable for any amendments or modification or changes to applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulations, or as specified in the Draft Red Herring Prospectus or as will be specified in the Red Herring Prospectus and the Prospectus.

Information for Bidders

The relevant Designated Intermediary will enter a maximum of three Bids at different price levels opted in the Bid cum Application Form and such options are not considered as multiple Bids. It is the Bidder's responsibility to obtain the acknowledgment slip from the relevant Designated Intermediary. The registration of the Bid by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated/Allotted. Such Acknowledgement Slip will be non-negotiable and by itself will not create any obligation of any kind. When a Bidder revises his or her Bid, he/she shall surrender the earlier Acknowledgement Slip and may request for a revised acknowledgment slip from the relevant Designated Intermediary as proof of his or her having revised the previous Bid.

In relation to electronic registration of Bids, the permission given by the Stock Exchanges to use their network and software of

the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company and/or the Managers are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of the Draft Red Herring Prospectus or the Red Herring Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

General Instructions

Please note that QIBs and Non-Institutional Bidders are not permitted to withdraw their Bid(s) or lower the size of their Bid(s) (in terms of quantity of Equity Shares or the Bid Amount) at any stage. RIBs can revise their Bid(s) during the Bid/Offer Period and withdraw or lower the size of their Bid(s) until Bid/Offer Closing Date. Anchor Investors are not allowed to withdraw their Bids after the Anchor Investor Bid/Offer Period.

- it shall not have recourse to the Offer Proceeds which shall be held in escrow in its favour until the final listing and trading approvals from the Stock Exchanges have been obtained.

The statements and undertakings provided above, in relation to the Selling Shareholder, are statements which are specifically confirmed or undertaken by the Selling Shareholder in relation to itself and the Offered Shares. All other statements or undertakings or both in this Red Herring Prospectus in relation to the Selling Shareholder, shall be statements made by our Company, even if the same relate to the Selling Shareholder.

Utilisation of Net Proceeds

The Company declares that:

- all monies received out of the Fresh Issue shall be credited/transferred to a separate bank account other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act;
- details of all monies utilized out of the Fresh Issue shall be disclosed, and continue to be disclosed till the time any part of the Net Proceeds remains unutilized, under an appropriate separate head in the balance sheet of our Company indicating the purpose for which such monies have been utilized; and
- details of all unutilized monies out of the Fresh Issue, if any shall be disclosed under an appropriate separate head in the balance sheet of our Company indicating the form in which such unutilized monies have been invested.

Impersonation

Attention of the Bidders is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who—

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,*

shall be liable for action under Section 447.”

The liability prescribed under Section 447 of the Companies Act, 2013 for fraud involving an amount of at least ₹1 million or 1% of the turnover of the company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years and fine of an amount not less than the amount involved in the fraud, extending up to three times such amount (provided that where the fraud involves public interest, such term shall not be less than three years.) Further, where the fraud involves an amount less than ₹1 million or one per cent of the turnover of the company, whichever is lower, and does not involve public interest, any person guilty of such fraud shall be punishable with imprisonment for a term which may extend to five years or with fine which may extend to ₹5 million or with both.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on foreign direct investment (“**FDI**”) through press notes and press releases. The DPIIT, issued the Consolidated FDI Policy Circular of 2020 (“**FDI Policy**”), which, with effect from October 15, 2020, consolidated and superseded all previous FDI policies, press notes, press releases and clarifications on FDI that were in force and effect prior to October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the FDI policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer.

Foreign Exchange Laws

The foreign investment in our Company is governed by *inter alia* the FEMA, as amended, the FEMA Rules, the FDI Policy issued and amended by way of press notes.

Our Company is engaged in the business of construction and development. Currently, foreign direct investment up to 100% under the automatic route is permitted for our Company, in terms of the FDI Policy. In terms of the FEMA Rules, a person resident outside India may make investments into India, subject to certain terms and conditions, and provided that an entity of a country, which shares land border with India or the beneficial owner of an investment into India who is situated in or is a citizen of any such country, shall invest only with government approval.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“**Restricted Investors**”), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Offer Period.

The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States, and unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and in accordance with any applicable U.S. state securities laws. Accordingly, the Equity Shares are being offered and sold outside the United States in ‘offshore transactions’ in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where such offers and sales are made.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

For further details, see the section entitled “*Offer Procedure*” beginning on page 495.

The above information is given for the benefit of the Bidders. Our Company and the Managers are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares Bid for do not exceed the applicable limits under laws or regulations.

SECTION VIII: MAIN PROVISIONS OF THE ARTICLES OF ASSOCIATION

Capitalised terms used in this section have the meaning that has been given to such terms in the Articles of Association of our Company. Pursuant to Schedule I of the Companies Act and the SEBI ICDR Regulations, the main provisions of the Articles of Association of our Company are detailed below.

Share Capital and Variation of Rights

The shares shall be under the control of the Directors who may allot or otherwise dispose of the same to such persons, on such terms and conditions and at such time, as the Directors think fit, and with full power to issue either at par or at premium or in consideration of services rendered for company. Further, if at any time the share capital is divided into different classes of shares, the rights and privileges attached to any class of shares may be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class, as prescribed by the Act and subject to the terms of issue of the shares of that class.

Lien

The Company, subject to applicable law, shall have a first and paramount lien upon all shares that are not fully paid-up shares of the Company and upon the proceeds of sale thereof for all monies called or payable at a fixed time in respect to that share. The Company may enforce the lien by selling any shares on which the Company has a lien provided that a sum in respect of which the lien exists is payable at the time and a written notice demanding payment has been served on the registered holder or the person entitled thereto by reason of his death or insolvency 14 (fourteen) days prior to such sale.

Calls on Shares

The Directors may from time to time, make calls as they think fit upon the members in respect of all moneys unpaid on the shares held by them respectively, and not by the conditions of allotment thereof made payable at fixed times. A call may be made payable in instalments. The Board may, at their discretion, revoke or postpone a call on shares. If a member fails to pay any call in respect of any share, on the day appointed for the payment of the same, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at a rate that the Board may determine.

Transfer of Shares

The shares or other securities of the Company may be transferred by way of an instrument of transfer that is executed by or on behalf of both the transferor and the transferee, in the form as prescribed in the Rules made under this Act. The transferor shall be deemed to remain a holder of the transferred share until the transferee's name is entered in the register of members. The Board may decline to register the transfer of a share is partly paid-up to a person of whom they do not approve or a share on which the Company has a lien.

Transmission of Shares

On the death of a member, the survivor or survivors of the deceased member, where the member was a joint member or the nominees or legal representatives of the deceased member, where the member was a sole holder, shall be the only person whom the Company shall recognize as having any title to his interest in the shares. Nothing herein contained shall be taken to release the estate of a deceased joint- holder from any liability on shares held by him jointly with any other person.

A person becoming entitled to a share as a consequence of the death or insolvency of a registered member, may, upon such evidence being produced as may from time to time properly be required by the Board, elect to be registered as the holder of the share or make such transfer of the share or other security as the deceased or insolvent member could have made. Such person shall be entitled to the same dividends and other advantages to which he would be entitled if he was the registered holder of the share. However, such person shall not be entitled to exercise any right conferred by membership in relation to meetings of the Company before being registered as a member.

The Board shall have the same right to decline or suspend the registration of the transmission as it would have had, if the deceased or insolvent member had transferred the share or security before death or insolvency.

Forfeiture of Shares

If a member fails to pay any call, instalment or any money due in respect of any share, on the day appointed for the payment of the same, the Board may at any time thereafter, during such time as the call or instalment remains unpaid, serve notice on such member requiring him to pay the same together with any interest that may have accrued. If the requirements of such notice are not complied with any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.

A person whose shares have been forfeited shall cease to be a member of the Company in respect of the forfeited shares. However, the person whose shares have been forfeited shall remain liable to pay all monies, that were payable by him to the Company in respect of the forfeited shares, at the date of forfeiture. A forfeited share may be sold or otherwise disposed of by the Company on such terms and in such manner as the Board thinks fit.

Alteration of Capital

Subject to the provisions of the Act, the Company may, by ordinary resolution, from time to time, alter its share capital as follows:

- (a) increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution;
- (b) consolidate and divide all or any its share capital into shares of larger amount than its existing shares;
- (c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by Memorandum of Association;
- (d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person; and

The Company may, by passing a special resolution, reduce any or all of the following:

- (a) its share capital;
- (b) any capital redemption reserve account; or
- (c) any securities premium account.

Capitalisation of Profits

The Company, on recommendation of the Board, may resolve to capitalise any part of the amount standing to the credit of any of the Company's reserve accounts or to the credit of the profit and loss account, or otherwise available for distribution. The Company may resolve to set such sum free for distribution amongst members who would have been entitled if the sum was distributed by way of dividends and in the same proportions. The sum aforesaid shall not be paid in cash but shall be applied towards:

- (a) paying up amounts that are, for the time being unpaid on any shares held by the members; or
- (b) paying up in full, the unissued shares or other securities of the Company to be allotted and distributed, credited as fully paid-up to and amongst such members; and
- (c) partly in the way specified in point (a) above and partly in the way specified in point (b) above.

A securities premium account and a capital redemption reserve account may be applied in the paying up of unissued shares to the members of the Company as fully paid up bonus shares.

General Meetings

All general meetings of the Company other than the Annual General Meeting shall be called an extraordinary general meeting. The quorum for the general meeting shall be as provided in the Act and the Chairperson of the Board shall preside as Chairperson at every general meeting of the Company. In the absence of the Chairman, Vice Chairman or in the absence of both, the Managing Director of the Company will Chair the meeting. The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so, directed by the meeting, adjourn the meeting from time to time and from place to place. The Board may, whenever they think fit, call an extra ordinary general meeting in accordance with the Companies Act.

Voting Rights

Subject to any restrictions attached to any class or classes of shares at the time:

- (a) on a show of hands, every member present in person shall have one vote; and
- (b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the Company.

A member may exercise his vote at a meeting by electronic means in accordance with the Companies Act and shall vote only once. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid. Further, in the case of joint holders, the vote of the first holder who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.

A member may vote through a proxy subject to the instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarized copy of that power or authority, being deposited at the Registered Office of the

Company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.

Board Of Directors

The Board shall have the power to appoint, at any time, additional directors to the Board subject to the maximum strength of the Board as determined by the Articles. Such person shall hold office only up to the date of the next annual general meeting of the Company but shall be eligible for appointment by the Company as a director at that meeting subject to the provisions of the Act.

The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day. The directors may additionally be paid all travelling, hotel and other expenses properly incurred by them in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the Company; or in connection with the business of the Company.

Proceedings of the Board

The Directors may meet for the conduct of business, adjourn and regulate their meetings as they think fit. A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board. A meeting of the Board of Directors at which a quorum is present shall be competent to exercise all or any of the authorities, powers and discretion which by or under the Act or these Articles of Association or the regulations for the time being of the Company are vested in or exercisable by the Board of Directors generally. The Board may elect a chairperson of its meetings and determine the period for which he is to hold office.

Subject to anything in the Act, any questions arising at any meeting of the Board shall be decided by a majority of votes and in case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.

Further, the Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body or any person as it thinks fit. Any committee so formed or any person so authorized or appointed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.

Dividends and Reserve

The Company in general meeting may declare the dividend which shall not exceed the amount recommended by the Board. The Board, before declaring the dividend, may set aside from the profits such sums as it seems fit as reserves which shall be applied for any purpose to which the profits of the Company may be properly applied including provision for meeting contingencies or for equalizing dividends, at the discretion of the Board, The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

Subject to the provisions of the Act, the Board may, from time to time, pay interim dividends to the members as appear to it to be justified by the profits of the Company. Subject to rights of members entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares. If and so long as nothing is paid upon any of the shares in the Company, dividend may be declared and paid according to the amounts of the shares. All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid up on the shares during any portion or portions of the period in respect of which dividend is paid unless any share is issued on terms providing that it shall rank for dividend as from a particular date. Such share shall rank for dividend accordingly. Further, no dividend shall bear interest as against the Company.

Where the Company has declared a dividend but which has not been paid or claimed within 30 (Thirty) days from the date of declaration, the Company shall transfer such unclaimed or unpaid amount to a special account maintained by the Company in a scheduled bank, to be called the 'Unpaid Dividend/ Interim Dividend Account of Signatureglobal (India) Limited –Unpaid Dividend/Interim Dividend Account' within 7 (Seven) days from the date of expiry of the said period of 30 (Thirty) days. The Board shall not forfeit any unpaid or unclaimed dividend.

Winding up

Subject to the provisions of the Act and Rules, if the Company is wound up, the liquidator may, with the sanction of a special resolution of the Company and any other sanction required by law, divide amongst the members, in specie or in kind, the whole or part of the assets whether they consist of property of the same kind or not. The liquidator may set such value that he deems as fair upon the property and may determine how the division shall be carried out amongst the members or different classes of members. The liquidator also may vest the whole or part of the assets in trusts for the benefit of the contributories.

Indemnity

Every officer of the Company shall be indemnified out of the assets of the Company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the Court.
